LONGBOW & RECURVE EXPERTS

Meet the Karch Family. Johnny, Jenn, and the girls

## THE TRADITION CARRIES ON

Traditional archery is our passion. For nearly 40 years we have been dedicated to the love and growth of traditional archery.

Within these pages we have gathered the world's largest, and best, selection of traditional archery gear. We have 1,000s of in-stock items ready to ship the same day. What you cannot find here you'll find on our web site. We are continuously adding more products, detailed information, helpful videos, reviews from fellow archers, and more.

Our team prides ourselves on being the longbow and recurve experts. We are committed to being your best source of service & information on all things traditional archery. If you have questions please call, email, chat, or stop by the shop. We are here to help you throughout your journey in traditional archery.

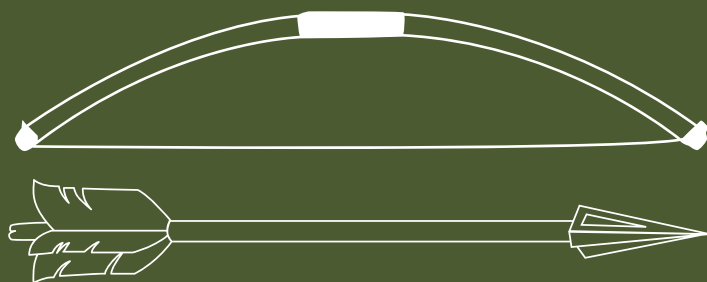

As a small, family-owned business we are so thankful for being able to make a living doing something we love so dearly. From our entire team, we want to thank you, our customer and fellow archer, for making it all possible.

**Pursue Your Target™**

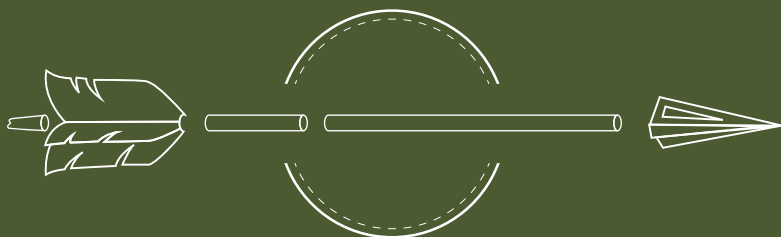

# FINE TUNE YOUR

## SPINE

We use a mathematical algorithm to help you match your bow and arrows' dynamic spines to achieve maximum performance. Easy and Fun to use!

[3RiversArchery.com/Spine-](http://3RiversArchery.com/Spine-)

## ARROW

Personalize your arrows without spending lots of time or money. Our interactive tool shows you instantly how they will look as you build-a-long, plus its smart tech lets you add components that work with your arrows, so no 'guesswork.'

# Tomahawk Bows®

## BEST OF THE BEST™

Tomahawk Bows® began with the creativity and ingenuity of Dale Karch, owner of 3Rivers Archery, and his passion to create a bow that was elegantly simple, yet would hold up to the rigorous demands of bowhunting. Dale used his expertise as a tool and die maker to create a traditional bow that does precisely that.

All Tomahawk Bows® feature a unique “trapped” deflex/reflex limb profile, paired with beautiful woods and flawless workmanship, all culminating into an impressive combination of speed, smoothness, and stability.

Truly making our Tomahawk Bows® the “Best of the Best.™”

## Tomahawk® Kiska SS Longbow

Drawing on the rich bowhunting heritage of Wisconsin, the Kiska SS will make its own mark in history with its flawless beauty and design. Created and designed by master bowyer Dale Karch, and made by the world-renowned craftsmen of Blacktail Bow Company, LLC, using precision CNC and the finest materials. **Riser:** Black Phenolic surrounds Cocobolo Dymondwood® and Maple and Purpleheart inlaid stripe accents. Capped with Cocobolo Dymondwood®. **Limbs:** Belly is hand selected Pacific Yew and the back is stained Bamboo. Rock maple and Stabil-Kore™ core. Red and black tips. One-piece only. **Options:** right or left hand, 62" or 64", and weight of 35-65#.

#3738X Kiska SS 1-Piece **\$1,099.99** 🇺🇸

*Every Tomahawk® Kiska SS includes a hard travel case, stringer, and limited lifetime warranty.*

# DAS BOVS™

IT'S ALL ABOUT THE FINE TUNING

Dalaa® 21"

HT-21

**NEW** Dalaa® 19"

Dalaa® 17"

DX5 15"

## DAS™ RISERS

Offering maximum versatility in a modern traditional bow, with limitless tuning for perfect arrow flight. Featuring a machined 6061-T6 aircraft aluminum alloy to withstand crucial stresses with zero flex and adjustable draw weight (±5%) and tiller.

- **DAS™ DX5 15" Longbow Riser** - Same versatility as our Dalaa® risers, but in a sleek longbow design. Only offered in our proprietary DAS™ limb connection, accepting recurve and longbow limbs. Arrow shelf is cut 1/4" past center with an adjustable side plate, and radiused shelf. Sight window is 3" tall. Tapped with ATA accessory, dual plunger, and front stabilizer holes. Left hand black is powder coat finish, others are anodized.

#8147 Black (no grip) - DAS™ **\$539.99** Sniper Green **\$589.99** 🇺🇸

- **17" Dalaa® Recurve Riser** - Engineered for the recurve bowhunter with perfect hunting lengths and natural point-ability. - Features a scribed center line on the shelf and belly that aid with limb alignment and tuning centershot. The arrow shelf is cut 3/8" past center with an adjustable side plate, and high-radiused shelf. Tapped with ATA accessory and plunger holes and stainless steel bushing in front stabilizer hole. Matte Black is offered in an extremely durable Type III Hard Coat Anodize that won't wear, while Sniper Green is finished with DuraCoat® for increased impact resistance, that protects from corrosion and age.

#8147 Black Anodized (no grip) - DAS™ **\$499.99** ILF **\$549.99** +\$50 for Sniper Green 🇺🇸

- **NEW Dalaa® 19" Riser** - We've taken the popular 19" riser length and added a variety of features to give you more flexibility in customizing your Dalaa® to your preferences. The removable 4.48 oz. brass weight gives you extreme riser balance where you need it. Dual stainless steel bushings have been added to the back and belly, below the grip for stabilizers or barebow weights, as well as dual plunger holes for elevated or shooting off-the-shelf options, and ATA accessory holes for mounting sights, quivers, or other accessories.

#814819X (no grip) Black Anodized - DAS™ **\$549.99** ILF **\$599.99** +\$50 for Sniper Green 🇺🇸

- **21" Dalaa® Recurve Riser** - Same as the 17" Dalaa® but geared towards an archer who enjoys more mass weight, solid balance, and a larger sight window. Those with longer draw lengths will also fully appreciate the smooth shooting they get from a longer bow. Also tapped with triple plunger holes for shooting off the shelf or using an elevated rest.

#8147 Black Anodized (no grip) - DAS™ **\$499.99** ILF **\$549.99** +\$50 for Sniper Green 🇺🇸

- **HT-21 Riser** - a collaboration with The Push Archery and TradLab. Together we designed, tested, and tweaked every inch of the 21" Dalaa® to build the ultimate riser for the modern bowhunter who wants to extend their shooting into the competitive realm. We've added a 2<sup>nd</sup> recessed plunger hole along with modifying and optimizing the plunger holes positioning for increased shootability, tunability, and accuracy. The radiused shelf has been extended for more off-the-shelf tuning. A stabilizer bushing has been added on the belly in-line with the front bushing, and a thicker scribed center line. The limb pad attachment has been reinforced and limb butt clearance has been increased. It has even gained some deflex to the profile. The largest modification is the innovative barebow weight system for customizing your riser for precision balancing. Included with every riser are two 4.8 oz brass side plates, wrenches, and adjustable strike button. Options: right or left hand, matte black anodized finish or DuraCoat® sniper green finish, and ILF or DAS™ limb connection.

#81461X Black Anodized (no grip) - DAS™ **\$599.99** ILF **\$649.99** +\$50 for Sniper Green 🇺🇸

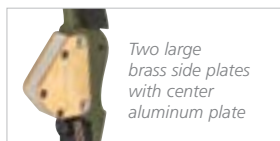

### HT-21 Riser Barebow Weights

Use any combination of these weights and still be able to pass the riser through the 12.2 cm barebow ring. Large Side Plate fits right and left sides. Center Plate requires at least one large side plate (mount screws included). Weight measurement approx.

#81811X (sold by the each) 🇺🇸

Large Side Plate Brass (11 oz) **\$49.99** Aluminum (4.5 oz) **\$34.99**

Center Plate Brass (13 oz) **\$49.99** Aluminum (4.5 oz) **\$234.99**

**DAS™ Complete Bow-** Includes riser, set of limbs, bow string, case with riser/limb sleeves, bow set-up by 3Rivers Tech, DAS bow grip, bow stringer, owner's manual, and wrench set.

# RECURVE BOWS

## A. Bear Kodiak 60" Recurve

Turns out they do make 'em like they used to! Modeled after the ever famous 1959 Bear Kodiak. Ask around and you're certain to hear tales of this legendary bow! In the past it was considered the bow of choice for many bowhunters. Today this bow is certain to be your choice for a bowhunting bow as well. Features a satin finish, large profile leather strike plate, and a forgiving feather arrow rest. **Riser:** Radiused, cut-past center shelf with medium grip. I-Beam construction of purple heart with Shedua on the sides. Capped with green and white fiberglass. **Limbs:** Action maple core surrounded by green fiberglass. D97 Flemish twist string. **Options:** Right or left hand in 35-60#.

#209224X **\$729.99** 🇺🇸

## B. Bear Super Kodiak 60" Recurve

Fred Bear's main bow for many years of adventures, It is a real smooth, yet powerful shooter due to its 60" AMO length. If Fred Bear trusted it on his hunts, shouldn't you? **Riser:** Radiused, cut-on center shelf with high grip. Shedua with black accent stripe. **Limbs:** Clear maple and black fiberglass. D97 Flemish twist string. **Options:** Right hand in 30-65#, or left in 45-55#.

#20201X **\$599.99** 🇺🇸

## C. Bear Kodiak Magnum 52" Recurve

Takes the classic Bear Kodiak designed by Fred Bear himself and adds the beauty of "Arctic Gray" fiberglass. **Riser:** Radiused, cut-on center shelf with medium grip. Shedua with a black stripe accent. Capped with white and black fiberglass. **Limbs:** Clear maple and "Arctic Gray" fiberglass. D97 Flemish twist string. **Options:** Right hand only in 35-60#.

#203021X **\$529.99** 🇺🇸

## D. Bear Kodiak Hunter 60" Recurve

Originally introduced in 1967, it quickly became know for its smooth draw and blistering performance. This fan favorite is back with a new look. **Riser:** Radiused, cut-on center shelf with medium grip. Shedua two-piece with a black stripe accent. Capped with white and black fiberglass. **Limbs:** Clear maple and "Arctic Gray" fiberglass. D97 Flemish twist string. **Options:** Right hand in 35-60#, or left in 40 or 45#.

#20927X **\$559.99** 🇺🇸

#### E. Bear Supermag 48" Recurve

Designed by Fed Bear in 1966 for bowhunters who travels in the brush and those who hunt from treestands. This is a compact hunting bow that delivers serious performance. Easy to maneuver in any bow hunting condition and hard hitting on big game. Featuring short length for TOP performance. Not recommended for draw lengths longer than 28". **Riser:** Radiused, cut-on center shelf with high grip. Solid Bubinga. **Limbs:** Clear maple core and black fiberglass. D97 Flemish twist string. **Options:** Right hand in 35-55#, or left in 40-50#.

#20341X **\$449.99**

#### F. Bear Grizzly 58" Recurve

Our most popular 1-piece recurve bow. Same design since 1964. Priced to fit anyone's budget, yet delivers smooth shooting with big performance. The perfect length to make it smooth, but still versatile enough to navigate the woods and get the shots longer bows won't let you take. **Riser:** Radiused, cut-on center shelf with medium grip. Solid Shedua. **Limbs:** Clear maple and black fiberglass. Dacron Flemish twist string (no high performance strings). **Options:** Right hand in 30-60#, or left in 35-55#.

#2085X **\$459.99**

#### G. Bear Super Grizzly 58" Recurve

Reintroduced in 2011, it was originally manufactured from 1973 to 1976. Featuring extraordinary performance that is worth every penny, with two layers of limb core laminations for smoother shooting and no handshock. **Riser:** Radiused, cut-on center shelf with medium grip Shedua with black maple. **Limbs:** Maple and black fiberglass. D97 Flemish twist string. **Options:** Right hand in 35-65#, or left in 40-55#.

#20861SX **\$549.99**

#### H. Bear Cheyenne 55" Recurve

Impressing and inspiring traditional archers since 2002 with its swept back style limbs and half-moon style grip reminiscent of Fred Bear's favorite bows of the early 60's. **Riser:** Radiused, cut-past center shelf with medium grip. Two-piece construction of Shedua with black maple. **Limbs:** Maple and black fiberglass. D97 Flemish twist string. **Options:** Right hand only in 40, 45, or 50#.

#20322X **\$629.99**

# LONGBOWS

## A. **NEW LOOK** Bear AuSable 64" Longbow

Meet your new 'favorite bow.' Set apart by its reflex/deflex design, larger sight window, radiused grip, and bamboo laminations. You will love how smooth drawing and quiet it is, but you'll be blown away at how accurate and hard hitting it shoots. **Riser:** Radiused, cut-on center shelf and low grip. Bubinga and accent stripe with inlaid bear medallion. Includes black leather saddle grip and arrow rest. **Limbs:** Maple core surrounded with hard-hitting bamboo, and finished with clear fiberglass. Black and white tips. D97 Flemish twist string. **Options:** Right hand 35-60#, or left in 35-50#.

#20953X **\$699.99**

## B. **NEW MODEL** Bear Montana 64" Longbow

Smooth, stable, and fast. A slightly reflexed design with tapered limbs and slim tips to really add to the performance of this classic. Maple lams and black (or gray) glass are brought together with attention to detail creating an elegant blend of beauty, performance, and tradition. Perfect match for those just getting into shooting the longbow due to its lower cost, but still packs a punch and is smooth shooting. **Riser:** Radiused, cut-on center shelf and low grip. Black maple with inlaid Bear medallion. Includes black leather grip and arrow rest. **Limbs:** Clear white maple core and fiberglass. D97 Flemish twist string. **Options:** right hand in 30-60#, or left in 45-55#.

#20937X (B1) **NEW** Clear Glass **\$459.99** (B2) #20935X Gray Glass **\$459.99** (B3) #20931X Black Glass **\$459.99**

## C. **Fleetwood Timber Ridge 60" Takedown Longbow**

Featuring plenty of grain patterns for an amazing look at an unbelievable price. A classic design that shoots very smooth. **Riser:** Highly radiused, cut-to-center shelf with medium grip. Features exotic hardwoods with vibrant accent stripe. Arrow rest sold separately (page 50-51). **Limbs:** Exotic woods under clear fiberglass. Limb bolt and alignment pin attachment. Dacron string, high performance compatible. **Options:** Right hand only in 35-55#.

#2555X **\$329.99**

## D. **Striker RK1 60" Takedown Longbow**

The perfect blend of modern and traditional designs. Uses a torque free grip modern archers will feel at home with, and reflex/deflex longbow limbs for nail driving accuracy. Lightweight at 2 lbs. **Riser:** Highly radiused, deep cut-past center shelf with an extra low grip. Machined aircraft grade 6061-T6 aluminum in Cerekote brown. 16" length with large sight window. Includes strike plate and centershot adjustment shims. Shoot off-the-shelf or with an elevated rest. Tapped with ATA accessory holes and a stainless steel stabilizer bushing. **Limbs:** Black limba with action bamboo cores and maple/wenge overlays. Limb bolt and dual alignment pin attachment. High performance string, string silencers, and bow sock. **Options:** Right or left hand in 35-60#.

#22982X Complete Bow **\$1,019.99** 22983X Limbs ONLY **\$559.99** --See Curly Etimoe online--

#### E. Farmington Apache 68" Longbow

The wide limbs and slight reflex-deflex design promotes stable performance and quick arrow flight. **Riser:** Radius cut-on center shelf and low grip. Black walnut with cherry and maple accent stripes. Arrow rest sold separately (see page 50-51). **Limbs:** Black fiberglass with maple core. Dacron string included, high performance compatible. **Options:** Right or left hand in 35-55#.

#2104X **\$259.99**

#### F. PSE Terra 64" Longbow

A great starter longbow for beginners. **Riser:** Radius shelf cut 1/8" before center and a low grip. Laminated hand-selected woods for strength. **Limbs:** Black fiberglass **String:** Dacron Flemish twist. **Options:** Right hand in 30-55# or left hand in 45-55#.

#2612X **\$259.99**

#### G. Fleetwood Yukon 62" Longbow

Fleetwood's smooth shooting recurve (page 11) now in a longbow model. **Riser:** Zebra wood construction with a durable satin matte finish. Features a medium grip that offers minimal hand shock, with a radius shelf cut to center. Arrow rest installed. **Limbs:** Made with maple core between fiberglass with reinforced tips with Mycarta overlays. **String:** Dacron Flemish twist. Padded nylon bow case included. **Options:** Right hand only in 40-55#.

#2558X **\$329.99**

#### H. Traditional Only® Mesa 60" or 64" Longbow [SEE VIDEO ONLINE](#)

A 3Rivers Exclusive! Featuring a stunning combination of exotic hardwoods, you'll want to show off as much as you'll want to shoot. The perfect blend of beauty, value, and performance. **Riser:** Radius cut-before center shelf and medium grip. Arrow rest included. **Limbs:** Clear fiberglass with a bamboo core. Includes a high performance Flemish twist string. **Options:** Right or left hand in 60" or 64" and 29, 35-60#.

#868401X **\$329.99**

#### I. **NEW** Traditional Only® Oberon 62" Longbow

An exquisite pairing of strength and beauty to be the king of the forest. Perfect length for shooting in hunting conditions, yet the long limb profile offers a smooth draw without stacking. **Riser:** Cut to center, radius shelf with a medium grip. Black and light walnut stained stabilized action wood with accent stripes and caps. Includes bow sock and pre-cut arrow rest. **Limbs:** Bamboo and uni-carbon core, finished with stained birdseye veneer fiberglass. Layered tips for style and strength. High performance Flemish twist string included. **Options:** Right or left hand in 29, 35-60#.

#868411X **\$399.99**- See Recurve model on page 11.

# BOW RISERS

## A. NEW COLOR Fred Eichler Signature Series Riser

A legend of yesterday meets a legend of today.

Fred Bear joins with Fred Eichler to create the new Eichler Signature Riser from Bear Archery. Bear has designed this aluminum takedown riser at 17", giving it just the right size between their popular A and B riser models.

See more info and other Eichler gear on page 112.

Bacote surrounding Charcoal Actionwood, with maple accent stripes. Radius shelf cut 1/8" past-center. Rug rest and leather plate are installed. The 19" model features a front stabilizer insert. **Options:** right or left hand in 15", 17", or 19".

#19120X **\$699.99**

# BOW LIMBS

## DAS™ 3K Carbon Bamboo Core Recurve Limbs

Combining the power of bamboo and carbon.  
3K carbon is lightweight and relative stiffer than other carbons. Bamboo offers strength and elasticity. Reinforced tips.  
**Options:** limb connection (ILF or DAS™), length (medium or long), and weight (29, 35-60# rated on a 17" riser).

#816833X **\$369.99**

## DAS™ 3K Carbon Foam Core Recurve Limbs

Featuring a lightweight foam core surrounded by 3K carbon and reinforced tips, giving you more stability and less vibration.  
**Options:** limb connection (ILF or DAS™), length (short, medium, or long), and weight (29, 35-60# rated on a 17" riser).

#816835X **\$419.99**

## NEW SIZE DAS™ Bamboo Core Limbs - Longbow / Recurve

Featuring three laminations of bamboo surrounded by black fiberglass. The brown and black reinforcing tip overlays let you use high performance strings. Longbow lengths are long or x-long. and Recurve are **NEW** short, medium, or long.  
**Options:** ILF or DAS™, length, and weight (29, 35-60# rated on a 17" riser).

#816826X Longbow **\$219.99** #816830X Recurve **\$219.99**

## JAVA MAN LIMBS

### A. Java Man Double Carbon Longbow Limbs

Double carbon layered back for increased speed and stability. Belly constructed of Stabil-Kore™ under clear fiberglass. Stacked Stabil-Kore™ tips for high performance strings. Core features two laminations of carbonized action bamboo. DAS™ connection.  
**Options:** length (long or x-long), and weight (30-60# rated on a 15" riser).

#82261X **\$649.99**

### B. Java Man Double Carbon Assyrian Recurve Limbs

Same build as their longbow limbs, but with a solid maple core. DAS™ connection in x-long length only. **Options:** 30-55# (rated on a 15" riser).

#82262X **\$649.99**

## SAMICK LIMBS

### A. Samick Discovery 45T ILF Recurve Limbs

Dual bamboo laminations provide strength and elasticity for quicker recovery and superior power. While the carbon layer is lightweight and strong. **Length:** short, medium, long and weight: 30-60# (rated on a 17" riser)

#82274X **\$329.99**

### B. Samick Discovery R1 Wood Core Recurve Limbs

A blending of wood and carbon performance. Two laminations of maple, supported with uni-carbon, and finished with black fiberglass. **Options:** limb connection (ILF or DAS™), length (medium or long), and weight 30-55# (rated on a 17" riser).

#82272X **\$249.99**

### C. Samick Discovery R3 Foam Core Recurve Limbs

Lighter and more uniform than wood, and weather has no impact on shooting. Paired with a unidirectional carbon lamination for a lightweight material. **Options:** ILF or DAS™, length (medium or long), and weight 30-55# (rated on a 17" riser).

#82270X **\$279.99**

## Fleetwood Hunter ILF Recurve Limbs

Choose from Hunter Deluxe (wood core) for a silent, smooth shooting limb, or the Hunter Supreme (foam core) for high performance and stability. Medium length only. **Weight:** 35-55# (rated on a 19" riser).

#2563X Deluxe **\$159.99** Supreme **\$299.99**

## HOYT LIMBS

### Hoyt Satori ILF Recurve Limbs

Taking their high performance target limbs and adapting them for the modern bowhunter. Combining hard rock maple core and aerospace carbon under fiberglass. Includes groove silencers, limb sleeves, and manual. **Options:** Weight of 35-65# (rated on a 21" riser). Length of Short, Medium, or Long. Color of Maple, Blackout, Realtree® Edge™, Kuiu Verde 2.0™, **NEW** Gore® Optifade® Subalpine, or **NEW** Gore® Optifade® Elevated II.

#25417X **\$479.99** -see new limbs online

### Hoyt XAKT ILF Recurve Limbs

Featuring a dual maple core with carbon, surrounded by black fiberglass. **Options:** short, medium, or long length and weights of 20-38# in 2# increments (rated on a 25" riser)

#25220X **\$459.99**

### **NEW** Bear 90<sup>th</sup> Anniversary Green Glass Takedown #1 Recurve Limbs

Green fiberglass back and belly over a maple core with a phenolic wedge, and reinforced green tips. These 3Rivers exclusive limbs feature "3RA" in each set's serial number and the Bear 90<sup>th</sup> anniversary logo. Measures 56" on A riser, 58" on Eichler riser, and 60" on B riser. **Options:** Weight of 35-55# (rated on a B riser).

#207880X **\$399.99**

### **NEW** Bear Takedown #2 Longbow Limbs

Uses the classic, time tested Bear Latch system and adds a modern reflex-deflex longbow profile for smooth drawing and precision shooting. Maple core, phenolic wedge, and reinforced black tips. Measures 58" on A riser, 60" on Eichler riser, and 62" on B riser. **Options:** Weight of 30-70# (rated on a B riser).

#207881X **\$429.99**

## UUKHA LIMBS

Made with their patented Evo<sup>2</sup> Monolith Carbon. This unique manufacturing process and the high carbon content offers amazing strength (no delaminations), improved torsional stability, reduced vibrations, and 20% smoother drawing compared to "standard constructed" limbs. Plus, performance remains constant in all weather conditions. Matt finish with minimum decals. ILF connection only. **Options:** length (short, medium, or long) and weight 30-55# (rated on a 19" riser).

#### A. Uukha Uureg 100% Carbon ILF Recurve Limbs

Made from 100% Evo<sup>2</sup> Monolith Carbon. No core fillers, just pure carbon strength and performance. The newly enhanced "S-Curve" profile offers a smooth, easy draw. The stored energy remains high, while the overall design and quality construction offer increased speed and stability.

#816904X **\$949.99**

#### B. Uukha Selenga ILF Recurve Limbs

Featuring a blend of 80% Evo<sup>2</sup> Monolith Carbon, and 20% glass fiber, to be lighter and faster. The "S-Curve" profile stores more energy while offering a smooth draw.

#816905X **\$699.99**

#### C. Uukha Gobi ILF Recurve Limbs

The 50% Evo<sup>2</sup> Monolith Carbon, and 50% glass fiber, matched with the "S-Curve" profile produces a smooth drawing limb that shoots beautifully.

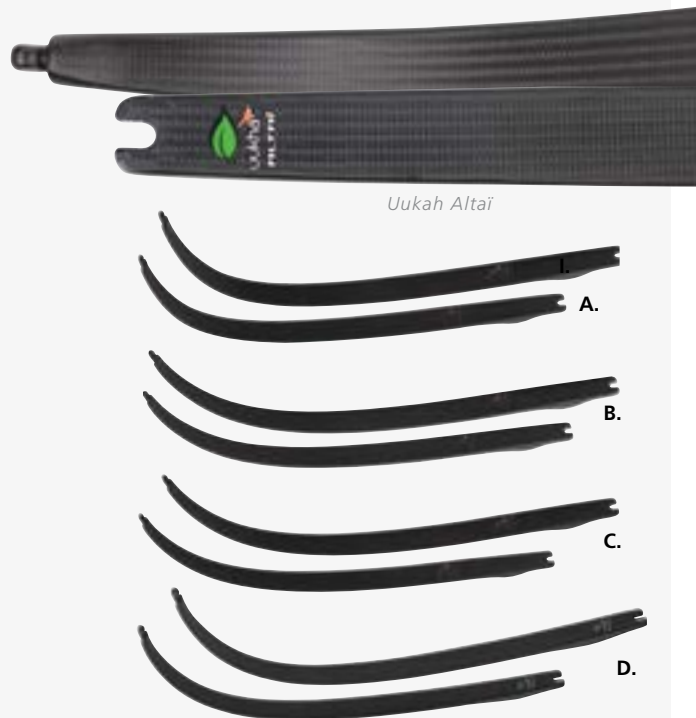

#816906X **\$499.99**

#### D. Uukha Altaï ILF Recurve Limbs

"The Ultimate Limb" due to their 100% carbon construction, new extensively optimized structure, and enhanced S-Curve profile. Features, highly refined lay-up with thinner carbon plies made from Uukha's special patented Evo<sup>2</sup> Monolith Carbon. Offering superb strength, higher torsion resistance, and reduced vibrations.

Measure 32" untapered. **Spine:** 30-35 (5/16"), 35-40, 40-45, 45-50, 50-55, 55-60, 60-65, and 65-70#. #8322X (6-pack) **\$119.99**

## B. 3Rivers Firefly Wood Arrows

Featuring bright, colorful fletchings, stunning crestring, and quality 11/32" Port Orford cedar. Gasket lacquer sealed to preserve the natural beauty of the Port Orford cedar. Hand dipped and hand crested. Fletched with three 5" left wing shield cut lime turkey feathers, two solid and a barred. Finished with Bohning Classic fl-green nocks for even more otherworldly beauty. Measure 32" untapered. **Spine:** 30-35 (5/16"), 35-40, 40-45, 45-50, 50-55, 55-60, 60-65, and 65-70#. #8324X (6-pack) **\$119.99**

## C. 3Rivers Tapered Saxton Elite Wood Arrows

Each arrow is made using our 11/32" diameter Port Orford cedar shafts with a 10" taper at the nock end. Individually hand-spined and straightened and weight matched to 10 grains per pack. Stained a golden oak color with a dark walnut cap, and sealed with a durable polyurethane finish. Finished with a 5/16" yellow Bohning Classic Index nock, and 3-fletched with 5" shield cut left wing TrueFlight feathers consisting of one brown barred and two solid yellow. Measure 32" untapered. **Spines:** 40-45, 45-50, 50-55, 55-60, and 60-65#. #8327X (6-pack) **\$149.99**

## D. 3Rivers Harvester Wood Arrows

Each shaft is hand-selected 11/32" Port Orford cedar. The clear cap dip and special royal walnut stain is accented by the handcrafted crestring. Finished with black Bohning Classic nocks and fletched with three 5" shield cut turkey feathers, a mini-barred and two autumn brown. 30-35 and 35-40 spines are fletched with 4" feathers. Weight matched to 20 grain groups. Measure 32" untapered. **Spine:** 30-35 (5/16"), 35-40, 40-45, 45-50, 50-55, 55-60, 60-65, or 65-70#. #8318X (6-pack) **\$119.99**

### 3Rivers Stalker Wood Arrows

Four fletched (4x90°) to be stable and stealthy in-flight with its combination of 5" left wing shield cut white and wild barred turkey feathers atop a premium 11/32" Port Orford cedar shafting with black crestring. Black Bohning Classic nocks installed. Measure 32" untapered. **Spine:** 40-45, 45-50, 50-55, 55-60, 60-65, or 65-70#. #40713X (6-pack) **\$89.99** 

### 3Rivers Sherwood Wood Arrows

Load up your quiver and hit the range with these quality 11/32" Port Orford cedar arrows. Measure 30" with 125 grains field points and fl-green Bohning Classic nocks mounted. Gasket lacquer finish. Fletched with two lime and one white 4" left wing shield cut TrueFlight feathers. **Spine:** 35-40, 40-45, 45-50, 50-55, 55-60, or 60-65#. #40732X (6-pack) **\$69.99** 

### 3Rivers Trailwalker Wood Arrows

Offering a unique, rustic touch to your archery set-up. Featuring a southern pecan stained hand-spined 11/32" Port Orford cedar. Sealed with gasket lacquer. Fletched with two solid white and one traditional barred 5½" high back shield cut left wing TrueFlight feathers for improved arrow flight. Classy style with no-nonsense, accurate, and hard hitting performance. Measure 32" untapered. **Spine:** 45-50, 50-55, 55-60, 60-65, or 65-70#. #40712X (dozen) **\$135.99** 

### 3Rivers Flu Flu Wood Arrows

Perfect for aerial and small game shooting. The larger feathers slow the arrow down within 20-40 yards. Same shaft as Hunter Arrows (above left), but 4-fletched with 4" Flu Flu cut left wing solid color (yellow, white, red, or lime - same per pack) TrueFlight feathers. Measure 32" untapered. **Diameter (Spine):** 5/16" (30-35 ) or 11/32"( 35-40, 40-45, 45-50, 50-55, 55-60, or 60-65#) 23/64"(65-70, 70-75, 75-80, or 80-85#).

#5347X (6-pack) **\$69.99** 

### 3Rivers Self Nocked Wood Arrows

A great way to embrace tradition, while also embracing quality. Handmade from 11/32" Port Orford cedar. Weight matched to 10 grain groups. Light walnut stained and sealed. Fletched with three 5" traditional cut wild turkey feathers artificial sinew wrapped for extra strength and an elegant, primitive look. The self nock is reinforced with artificial sinew for durability. Measure 31½" untapered. **Spine:** 30-35, 35-40, 40-45, 45-50, 50-55, 55-60, or 60-65#.

#8314X (3-pack) **\$99.99** 

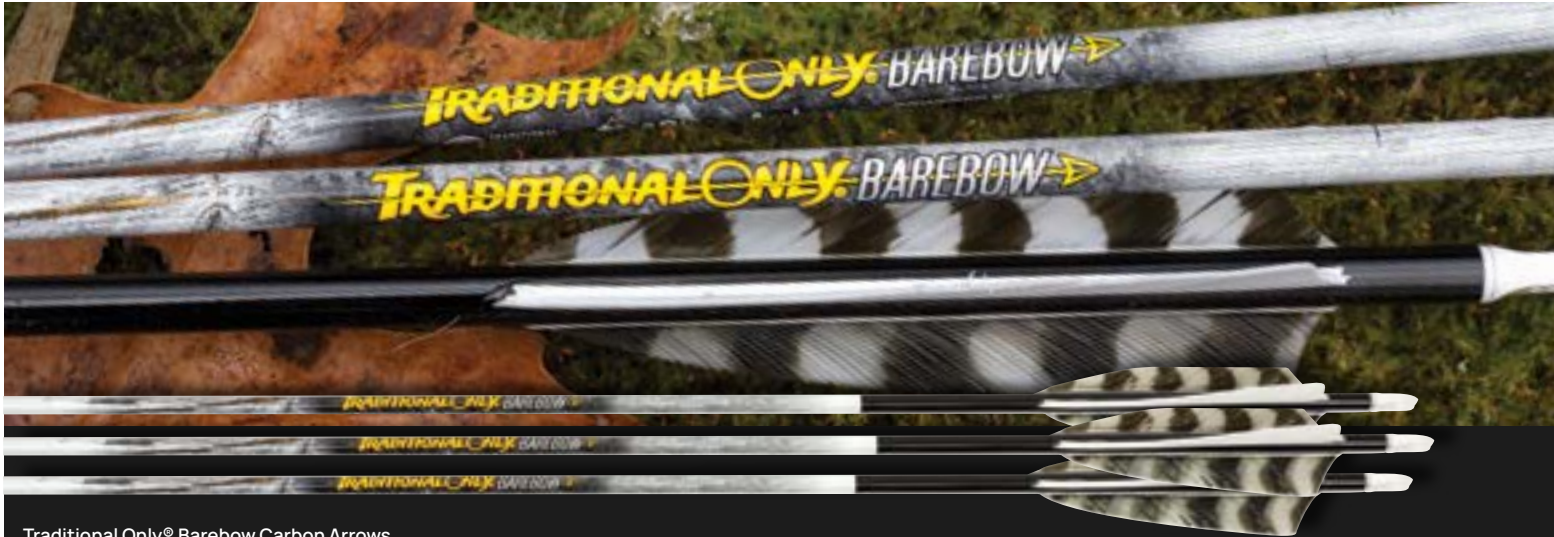

### Finished Bamboo Arrows

These fully finished, handcrafted bamboo arrows are not only unique looking, but are sturdy and accurate. Each comes pre-fletched (color may vary) with nocks and points installed. Nocks are made of white bone or black water buffalo horn (varies). Feathers and nocks are tied off with silk thread. Approx 33" long. **Options:** natural barred or solid color fletchings.

#6333 A) Solid fletchings (3-pack) **\$109.99** #6333-1 B) Natural Barred fletchings (3-pack) **\$109.99** 

# CARBON ARROWS

## TRADITIONAL ONLY® ARROWS

### Traditional Only® Barebow Carbon Arrows

We partnered with Traditional Vision Quest and Easton Archery to produce a Traditional Only® arrow with a .204" inside diameter. Features a solid white no-glare PhotoFusion™ finish that will not wear or chip off with heavy use. The high visibility is great for shot placement and easy arrow retrieval. The white finish makes this a particularly good arrow for "gap" shooters, allowing for better focus on the end of the shaft at full draw. Fletched with three 4" shield cut left wing turkey feathers (solid white and two traditional barred) on a black wrap. White X nocks installed and half-out inserts (25 grains) included. Straightness:  $\pm .006"$  Weight:  $\pm 1$  gr. Field Point: 5/16". Spine: 700, 600, 500, 400, 340, 300, or 260.

#67481X (6-pack) **\$119.99** (12-pack) **\$229.99** 🇺🇸

### Victory Carbon Trad Carbon Arrows

Small-diameter carbon core with an infused natural, woven linen fiber outer layer for the look and feel of natural wood, but with the durability, accuracy, and precision of carbon. The ICE nano ceramic coating is the slickest arrow coating available for improved penetration (none under the fletching for the best glue adhesion). Every pack is spine aligned and weight matched to  $\pm 1$  grain for consistent shooting. All spines measure 31 1/4". Inside diameter of .204". Installed with Bohning A nocks and includes 80 grains stainless steel outserts. Fletched with three 4" shield cut right wing turkey feathers. Color combinations will vary of either green barred or orange barred hen feathers with a gray barred cock feather.

**Straightness: Gamer  $\pm .003"$  OR Sport  $\pm .006"$  Recommended field point: 5/16". Spine: 650, 550, 450, or 350.**

#681502X Sport (6-pack) **\$85.99** Gamer (6-pack) **\$99.99**

### Fleetwood Woodgrain Carbon Arrows

Natural woodgrain design appears realistic, yet has the strength of carbon. Made of a multi-layer rolled carbon construction for added strength and durability. Fletched with three 5" left wing shield cut feathers. The cock feather is traditional barred, hen feather colors vary, but are the same color per pack. Inserts installed with 125 grain field points included.

**Straightness:  $\pm .006"$  Weight:  $\pm 2$  grains. Recommended Field point: 5/16". Spine: 340, 400, or 500.**

#6825X (6-pack) **\$75.99**

### Fleetwood Carbon Arrows

Ready to shoot when you are. The 350, 400, and 500 spines are 3-fletched with 5" shield cut feathers. The 600, 700, and 800 spines use 3" shield cut feathers.

Inside diameter of .2445". Nocks and inserts installed, 100 grains field points and extra inserts included. Colors may vary. The length varies from 31" to 28"

(call or go online for lengths). **Straightness:  $\pm .006"$  Weight:  $\pm 2$  grains. Field point: 5/16". Spine: 800, 700, 600, 500, 400, or 350.**

#6788X (6-pack) **\$69.99**

# CARBON ARROWS

## EASTON ARROWS

### Easton Carbon Legacy™ Carbon Arrows

Featuring a traditional look and state-of-the-art performance. ### NEW 3Rivers

#### Mini Leather Bow Quiver

Compact, lightweight (10 oz) and fits all longbows and recurves. Holds 4 arrows from 9/32" to 11/32" in diameter. Both hood and gripper sections feature a hand-stitching accent for a classic, eye grabbing look. Uses non-marring, rock solid, adjustable rubber snap-straps for a secure fit on all bows. Easy-on/off with no unstrapping. Fits right and left hand.

#681810X **\$79.99**

### Hoyt SuperLite Double Gripper Bow Quiver

A lightweight yet extremely tough carbon quiver made for your hoyt bow. Features Hoyt's special In-Line™ Accessory System with adjustable mounting positions that allow you to mount the quiver as close to your bow as possible. Mounts directly to the upper quiver location on your Hoyt bow. Giving you a better balanced set-up by keeping your quiver closer to the bow.

Options: 4 or 6 arrow, in buckskin, wilderness green, or black out.

#2528X **\$189.99**

## GREAT NORTHERN QUIVERS

### Great Northern Adjustable Bow Quiver

Features a leather hood stamped with the Great Northern logo and hand-stitched with artificial sinew for style. The Limb Mount's rubber straps fit all bows. The Riser Insert has screws for installing to 1/4"-20 and #10-24 quiver inserts. The Limb Bolt fits on all takedown bows. All models weigh 8 oz, hold 5 arrows, and offer easy-on/off with no unstringing. Wires feature a lifetime warranty. Options: connection, color, and right or left hand.

#5074X Limb Mount - Brown or Black with Brown Accent **\$125.99**

#3195X Riser Insert - Brown or Black **\$125.99**

#5073X Limb Bolt - Brown only, Standard or ILF **\$125.99** Hoyt **\$130.99**

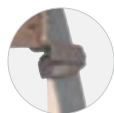

### Great Northern Kickback Bow Quiver

Same construction as above, but designed to angle the arrows back towards the archer for a lower profile and easier access for a quicker second shot. Distressed brown only. Options: right or left hand.

### Apex Reactor™ XL 5-Arrow Bow Quiver

Features adjustable angles, TRU-TOUCH™ Soft-Feel technical coating and rubber hood liner to dampen vibrations and reduce noise. Mounts to ATA accessory holes. Fits right and left hand.

#814220 **\$79.99**

### Alpine Bear Claw 3-Arrow Bow Quiver

Made from a durable ABS plastic (OD green) or rugged polypropylene (black). Offers a wide range of vertical adjustment for optimal positioning of your quiver. Bracket mounts to ATA accessory holes. Fits right and left hand. Color: black or OD green.

#6037X **\$39.99**

### Alpine Power Loc 4-Arrow Bow Quiver

Bracketed mounting system for quick and easy on and off. Urethane foam lined hood keeps noise to a minimum. Hang loop for gear hooks or tree limbs. Color: black or OD green.

#6038X **\$54.99**

### Trophy Ridge Hex Light 5-Arrow Bow Quiver

Features four glowing green LED lights (three on top of the hood and one inside). The soft-touch hood is precision designed, reducing vibration and eliminating noise. Features 15" long, fully adjustable, low profile design that fits tight to your bow. Mounts to ATA accessory holes. Fits right and left hand bows.

#81941 **\$89.99**

### G5 Head-Loc Air 4-Arrow Bow Quiver

Features a unique mounting system that decreases noise and reduces vibration using rubber compression technology. The low profile design means the quiver sits closer to the bow, allowing for improved shot balance. Mounts to ATA accessory holes using the included mounting screws. Tree mount included.

#81423 **\$45.99**

### Bohning Lynx 4-Arrow Bow Quiver

The wrap-around hood style features a sound-dampening liner and a durable, lightweight composite stem. The dual gripper securely holds four standard 5/16" carbon arrows with fixed broadheads. Includes Lever-Lock mounting system with mounting screws. Weighs 6 oz and measures 12" long.

#77814 **\$35.99**

### Kwikkee Kwiver 3-Arrow Bow Quiver

Once mounting bracket is installed to your bows ATA Accessory (AMO sight) inserts, the quiver is easy-on/off without removing arrows. Dual arrow grippers are designed to stay pliable in a wide range of temperatures. The included Ultra-Lock® screw is designed to reduce vibration and to securely hold the quiver in place. 12" long, weighs 5.6 oz.

#3225 **\$47.99**

### Eagle's Flight Bow Quivers

Stitched and riveted leather hoods with heavy duty Velcro® straps and rubber padding for a non-slip grip. Weigh just 5 oz. Holds 4 arrows (mini holds 3).

A super water repellent and conditioner. Unique blend of pine pitch, mink oil, and beeswax. No chemical or petroleum odor.

#4050 (4 oz) **\$12.50** 🇺🇸

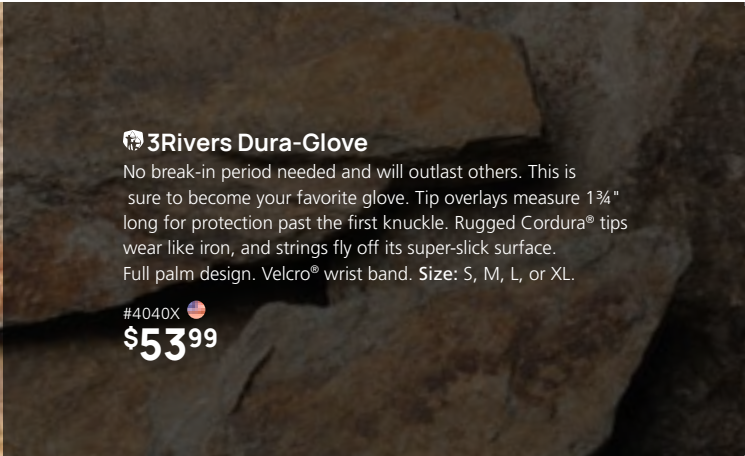

# SHOOTING GLOVES

## 3Rivers Dura-Glove

No break-in period needed and will outlast others. This is sure to become your favorite glove. Tip overlays measure 1 3/4" long for protection past the first knuckle. Rugged Cordura® tips wear like iron, and strings fly off its super-slick surface. Full palm design. Velcro® wrist band. **Size:** S, M, L, or XL.

#4040X   
**\$53.99**

### Damascus Glove

Full palm design. Doeskin leather with reinforced tips. Thinner leather for a better 'feel' of the string. Not for heavyweight bows (55+ lbs). Velcro® wrist band. **Size:** S, M, L, or XL.  
#4036X **\$17.99**

### 3Rivers Deerskin Berlin Glove

The most comfortable glove on the market due to its soft deerskin construction in full palm design. Reinforced tips for protection. Velcro® wrist band. **Size:** S, M, L, or XL.  
#4425X **\$53.99** 

### Full Finger Glove

Soft leather backing, long lasting Mega Hide tips, a proprietary blend of synthetic material formulated to be durable, yet flexible. Velcro® wrist strap. **Size:** S, M, L, or XL.  
#4042X **\$23.99**

### Bearpaw Deerskin Glove

Made from thick deerskin. Features reinforced fingertips for a quick release of the string. Great protection even at heavier draw weights. **Size:** S, M, L, or XL.  
#40442X **\$35.99**

### Bear Archery Leather Glove

Handcrafted from 100% full grain leather. It's tough and a great price. Velcro® wrist strap. **Size:** medium, large, or x-large.  
#65251X **\$17.99**

### Suede Leather Glove

The suede body is soft, smooth, and supple. Breaks in well and the leather finger stalls are sturdy and allow a slick release. Elastic wrist band with Velcro® closure. **Size:** S, M, L, or XL.  
#40422X **\$19.99**

### Genuine Cowhide Glove

Cowhide is durable, comfortable, and long-lasting. Reinforced fingertips for extra protection. Velcro® strap. **Size:** S, M, L, or XL.  
#40423X **\$18.99**

### Bearpaw Summer Glove

Breathable mesh construction offers the best comfort on those long, hot days on the shooting range. **Size:** M, L, or XL.  
#4039X **\$22.99**

### Bearpaw Black Glove

Proprietary water repellent and windproof material that allows for a smooth release even in rain, snow. Warm fleece interior lining. **Size:** M, L, or XL.  
#4043X **\$25.99**

#### Bearpaw Bodnik Speed Glove

Made with water buffalo, designed to stand up to the most strenuous rigors of shooting. Fingertips are reinforced with X8 textile. Velcro® wrist band. Size: S, M, L, or XL.

#4044X **\$35.99**

#### American Leathers Big Shot Gloves

Over-knuckle design with neoprene knuckles for total comfort. Nylon webbing overlays and neoprene inserts on the finger stalls for the ultimate protection and smooth release while decreasing grooving and abrasion. Velcro® wrist band. Comes in Elk hide, premium Buffalo hide, or Crossover (premium buffalo, but the fingerstalls have a plastic insert between two layers of leather for added support and slick release for even the heaviest weight bows). Size: S, M, L, or XL.

# ARROW CASES

## MTM Arrow Case

Made of high density polypropylene. Pad lockable, dual snap latch system. Two pre-cut foam arrow holders hold 12 arrows (not included).

#5020 (36" x 7½" x 3") **\$49.99**

## MTM Ultra Compact Arrow Case

Compact, lightweight case. Holds up to eight arrows (not included). Lockable snap-lock latch system. Made of high density polypropylene to last.

#5022 (33" x 5¾" x 3") **\$45.99**

## MTM Arrow-Plus Case

Made of high density polypropylene. Holds 36 arrows (not included), and four compartments for accessories. Pad lockable, cross vector latch system.

#5021 (36" x 10½" x 5¼") **\$59.99**

## MTM Traveler Arrow Case

Holds six arrows (not included) up to 34". Dual latches and ridged, semi-transparent polypropylene plastic. Weighs approx 1 lb 5 oz.

#50210 (34½" x 4¾" x 2") **\$43.99**

## Easton Arrow Tote

Locking adjustment of 22" to 35" length (¾" width). Adjustable shoulder strap. Holds 12 arrows. Fits inside most bow cases. Smoke color.

#5024 **\$26.99**

## OMP Arrow-Guard Arrow Tube

12-arrow holder keeps arrows and fletchings safe. Adjustable 25-47" length (½" width). Fits in most bow cases on the market. Black.

#6029 **\$20.99**

# BOW CASES

## 3Rivers Archery Hard Travel Cases

Featuring a durable Cordura® nylon outer casing, padded end caps, soft cloth interiors, and hand carrying strap. The hard impact resistant inner shell holds up to serious abuse. The Recurve has a removable shoulder strap, a cloth divider for added protection and carry capacity, and dual zippers, which allow locking (no lock included). The Longbow has a single zipper and no shoulder strap.

#5132X (A) Recurve Travel Case - (59" x 6") or (62" x 6½") **\$199.99**

#8422 (B) Longbow Travel Case - (69" x 4") **\$99.99**

#5136 (see online) Takedown Recurve Travel Case - (32" x 6") **\$184.99**

## 3Rivers Arrow Travel Case

Same quality features as our recurve travel cases. Foam divider holds 12 arrows up to 36" long. 37" x 6" outside dimension.

#5129 **\$159.99**

## Bear Archery Traditional Bow Case

A soft shell exterior with 3/4" of padding for protection. Full length access with single zipper closure. Features nylon handles and an ID sleeve. Options: longbow (approx 69½" x 5½") or recurve (approx 60" x 7").

#9651X **\$59.99**

## Bearpaw Recurve Bow Bag

Made from high quality, thick cotton with 1/2" foam padding. Full length access with dual zipper closure. Large external pocket measures 36" x 7½". Water-resistant. Forest green with leather trim. Measures approx 65" x 8".

#69224 **\$89.99**

Broadhead Combat Patch

## 30-06 Outdoors 68" Longbow / Recurve Bow Case

Features a single zipper with full length access, rugged nylon construction, reinforced stitching and seams, and a 3/8" thick padding. Moisture wicking material. Includes a Velcro® backed broadhead Combat Patch and zippered accessory pouch. Approx 66" x 8".

#9664 **\$49.99**

## Bearpaw Bow Sleeve

Made from water-resistant nylon with a inner felt lining. Features a removable shoulder strap and a 15½" x 6¼" accessories pocket. Longbow measures 5½" x (78" or 66") long. Recurve measures 8" x 66".

#69226X Longbow Short (up to 60" bow) **\$29.99** Longbow Standard (up to 72") **\$35.99**

#69228 Recurve (up to 60") **\$35.99**

## STRUNG BOW CASES

## NEW 3Rivers Strung Bow with Bow Quiver Soft Case

Features a tough and durable exterior with a padded internal lining. Fits a strung recurve or longbow. Arrow case pocket on back (fits #5020 MTM case, page 41, sold separately).

#1154-65 **\$79.99**

## NEW 3Rivers LITE Strung Case

Durable outer shell and an internal felt layer. Fits a strung recurve or longbow (even with an attached bow quiver). Arrow case pocket on back (fits #5022 MTM ultra compact case, see page 41, sold separately) and zippered pocket on front. Packs down for easy storage.

#114101 **\$79.99**

## Little Ax R2 Recurve Bow Case

Made from reinforced military grade Cordura® fabric. Padded, nylon lined interior with dual-access zipper allows for a mounted bow quiver. Additional accessory pocket. Fletching cover included. Made for strung/unstrung recurves (including super curves) up to 63".

#69230 **\$199.99**

## Safari Tuff Transformer 62" Bow Case

Adjusts for a takedown bow or a strung bow. Includes MILSPEC (military specification) hardware, webbing, and edge binding. Features a thick 3/4" padded interior. Measures approx 31" (folded) / 62" x 12" (inside). Full length access with dual zipper closure, with two zippered openings for allowing a mounted bow quiver.

#80312 **\$159.99**

## TAKEDOWN BOW CASES

### Lakewood Takedown Bow & Arrow Hard Case

Constructed with a hardboard paneling interior, padded black Cordura® exterior, and carrying strap. The bow side is convoluted foam with Velcro® straps to keep a riser, limbs, and accessories secure. 10 year manufacturer's warranty. Airline approved.

#6233 **\$279.99**

### NEW Easton Bowtruk Travel Roller Bowcase Gen 2

The most durable, reliable travel bow case on the market. Offering high abrasion and tear resistance outer shell with oversized wheels, seat belt style bow straps, and thick 360° padding. The inside has an arrow compartment and five accessory pockets along the large fleece-lined main compartment to fit a takedown bow. Packs down to 10" thick. See more dimensions online. Size: 40" or 36".

#16992X **\$499.99**

### Traveler Takedown Bow & Arrow Hard Case

A hard composite material for protection and weather resistance for 3-piece recurves (19" riser, and 25" limbs). Foam cutouts keep limbs, riser, and bolts secure and protected. Holds six arrows up to 33".

#5034 **\$89.99**

### 3Rivers Takedown Bow Case

A compact roll up case with a rugged dark brown shell for protecting your takedown bow against bumps and scratches. Includes sleeves for riser and each limb, and an interior zippered pocket. Measures 30" x 10".

#1151 **\$59.99**

### Safari Tuff Takedown Bow Case

Fleece lining and limb sleeves. FLOATS on water. Zippered accessory pouch. Options: 3-piece Recurve (26" x 9"), 3-piece Longbow (31" x 7"), or 2-piece Longbow (26" x 9"), and Color: Black or Strata (3-piece recurve or longbow) camo.

#6220X **\$71.99**

### Hoyt Recurve Takedown Case

Sturdy nylon construction and dual adjustable snap closures. Two soft, felt sleeves for your recurve limbs with loops to hold the limb tips in place and a felt riser sleeve. Also features an accessories pocket.

#1139 **\$41.99**

## BOW BACKPACKS

### Samick Target Archer's Backpack

Tons of compartments and pockets to hold your bow, arrows, and everything else you could need for a day at the range. Main zippered compartment features a 25" removable padded case for your takedown bow. The case is secured inside with Velcro®. Includes a 25" arrow tube with draw string opening in the pack for easy access. Made from durable ripstop polyester. Rubber cleats on the bottom for standing upright.

#5319 **\$85.99**

### Easton Club XT Recurve Pack

Constructed from a high-denier with a reinforced bottom. Features a large 25" x 14" interior pocket and includes a takedown recurve bow case big enough to fit up to a 25" riser and long limbs. Includes a 26" adjustable length arrow tote. Color: red, blue, or black.

#16991X **\$99.99**

## BOW SOCKS

### 3Rivers Bow Sock

Poly/cotton blend stretches to fit all longbows and recurves. Great for light traveling. 71" x 3¼".

#4051 **\$17.99**

### 3Rivers Polar Fleece Bow Sock

Quality fleece in tan color that protects from scratches while traveling. String tie closure. 78" x 4½".

#KRLS **\$25.99**

### Safari Tuff 1-Piece Bow Sock

Constructed with USA made Amerisuede™ material in Strata camo. It is soft and quiet. Water resistant finish.

#6240X Longbow (68" x 4¾") **\$39.99**

Recurve (66" x 6½") **\$39.99**

# BOW STRINGS

## FLEMISH TWIST STRINGS

Made from several bundles of strands twisted upon themselves. Designed to adjust the length by twisting the string tighter as the string stretches. They are also rounder and easier to install silencers on than other types of strings.

- It's possible for the area by the string loops to appear to be fraying. This is common and is not damaging to the string. To remove the fraying rub your hand on the strands to lay them down. The wax in the string will hold the strands down. It is not recommended to trim fraying strands.

### Tomahawk Bows® Custom Flemish Twist Bow String

Each one is hand twisted from 15 strands of D97 string material and tightly served with BCY .021" PolyGrip serving. **Options:** black/red or black/tan/green in longbow AMO length of 62", 64", or 66".

#3295X **\$34.99**

Order strings by actual string length, 1" increments - Check with Bowyer before using high performance string material.

### B55 Flemish Twist Bow String

Easier on limb tips with more stretch.

Three-bundle style with 15 strands to be rounder, stronger, abrasion resistant, and better fit for glue-on arrow nocks. Center served with black nylon serving. Strand colors are tan and yellow. For bow weights up to 70#. **Options:** Recurve in 44", 46", 48", 50-63", or 65", or Longbow in 55-68".

#1515X **\$21.99**

### Traditional B55 Flemish Twist Bow String

Featuring 16 strands of quality tan and black BCY B55 string material that is center served with black nylon serving. B55 offers more stretch to be gentler on a bow's tips. **Options:** longbow (55-64") or recurve (48, 50, 52, 54, or 56-64").

#42423X **\$22.99**

### BCYX-99 Flemish Twist Bow String

Constructed from the latest high performance material. Featuring no creep, excellent arrow speeds, and high abrasion resistance. Served with black .024" Halo serving for durability and nock fit. Made in 3-bundle style with 15 strands of colors orange, black, and dark green. **Options:** Longbow 57-63", or Recurve 52-62".

#1522X **\$39.99**

### Bearpaw Whisper Flemish Twist Bow String

A proprietary blend of different string materials, in a 3-bundle style. Using only 10 strands makes it lightweight, with padded endloops for bow tip protection. For bows that can handle high performance strings. Colors may vary. **Options:** Longbow (55", 57", or 59") or Recurve (54", 56", or 58").

#4512X **\$29.99**

### Rogue Spectra Flemish Twist Bow String

For bows that can accept low-stretch, high performance string material. Made with 18 strands of pre-stretched Spectra in 2-bundle style in colors black and tan. Center served with black .024" Halo. **Options:** Longbow in 54-68", or Recurve in 44-68".

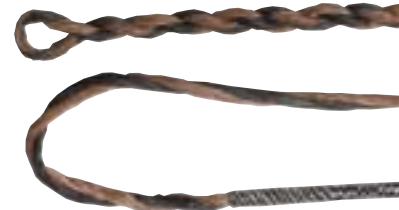

#4245X **\$34.99**

### Timberhawk D97 Flemish Twist Bow String

Perfect for high performance bows. Features adjustable end loops, making them adaptable to any size bow tips. Made in 2-bundle style with 16 strands of black and tan. Served with black nylon. **Options:** length of 48", 50", 52", 54", or 56-64".

#4510X **\$25.99**

### Traditional D97 Flemish Recurve Bow String

Dynaflight (D97) is a high strength, extremely durable string material with very low creep. Uses 16 strands of brown and black with a black nylon center serving. **Options:** longbow (55-64") or recurve (48", 50", 52", or 54-64").

#42421X **\$24.99**

### Timberhawk B55 Flemish Twist Bow String

Safe to shoot on all bows, and the adjustable end loops adapt to any size bow tips. Made in 2-bundle style with 16 strands of black and white. Served with black nylon. **Options:** string length of 48", 50", 52", 54", or 56-64".

#4511X **\$21.99**

### DAS™ 8125 Flemish Twist String

Made from 15 strands of BCY's 8125 miracle material. Features a .021" Polygrip center serving. **Options:** black/tan/buckskin or kiwi/black. Recurve in bow AMO length of 58-68", 2" increments, and Longbow in bow AMO lengths of 60" or 62".

#3299X Recurve **\$34.99** 🇺🇸 #32980X Longbow **\$34.99** 🇺🇸

### BCYX-99 Skinny Flemish Twist Bow String

Made in 3-bundle style of colors brown, tan, and red. Uses only 12 strands to be lightweight for added performance, with the endloops padded to 15 strands. Served with black .024" BCY Halo. **Options:** Longbow 57-63", or Recurve 52-62".

#1524X **\$39.99** 🇺🇸

### Fred Bear Takedown D97 Flemish Twist Bow String

Official string of the Bear Takedown. High performance material in black and white and center served with black nylon. **Options:** recurve bow AMO length of 56", 58", 60", 62", or 64".

#20789X **\$29.99** 🇺🇸

### BCY B55 Endless Loop Bow String

Slightly faster than a Flemish twist, and has extra protection on loops for increased strength. Safe to shoot on all bows, especially older models. Ends served with braided nylon for longevity, and center served with bonded nylon for abrasion resistance. Available in 14 strands (for bows up to 50#), and 16 strands (bows 50#-70#). **Options:** 14 or 16 strands in 42-68".

#4243X **\$15.99** 🇺🇸

### 3Rivers Dacron Endless Loop Bow String

Sharp looking and built to last. Featuring 16 strands of the finest, high-quality B55 Dacron material. The end loops and center are served with red nylon for abrasion resistance. **Options:** 54-62" long.

#44491X **\$12.99** 🇺🇸

### Timber Hitch Adjustable Bow String

Made of BCY B55 to use on any bow. Built using a single end loop with an adjustable timber hitch knot on the other end. Offers extra long center serving. In a pinch it doubles as a tillering string. For bows of finished length of 68-72". Perfect for selfbows, English longbows, and other extra-long bows.

#6608 **\$28.99** 🇺🇸

### 3Rivers 8125 Recurve Endless Loop Bow String

100% SK75 Dyneema® fiber gives 8125 the highest speed, and increased durability. The end loops and center serving are reinforced with nylon for extra protection and strength. **Options:** brown or fl-green in length of 54-68", 2" increments.

#44490X **\$28.99** 🇺🇸

### 3Rivers Explorer Flemish Twist Bow String

High quality and high performance string that is ideal for your high performance recurve bows. Made from 16 strands of tan and black D97 string material with a nylon center serving. Choose 58" (for 62" recurves) or 56" (for 60" recurves).

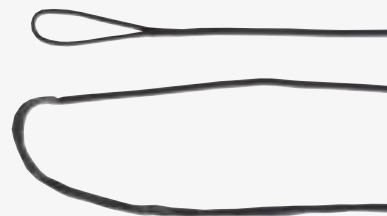

#42471X **\$21.99** 🇺🇸

### Hoyt Recurve Endless Loop Bow String

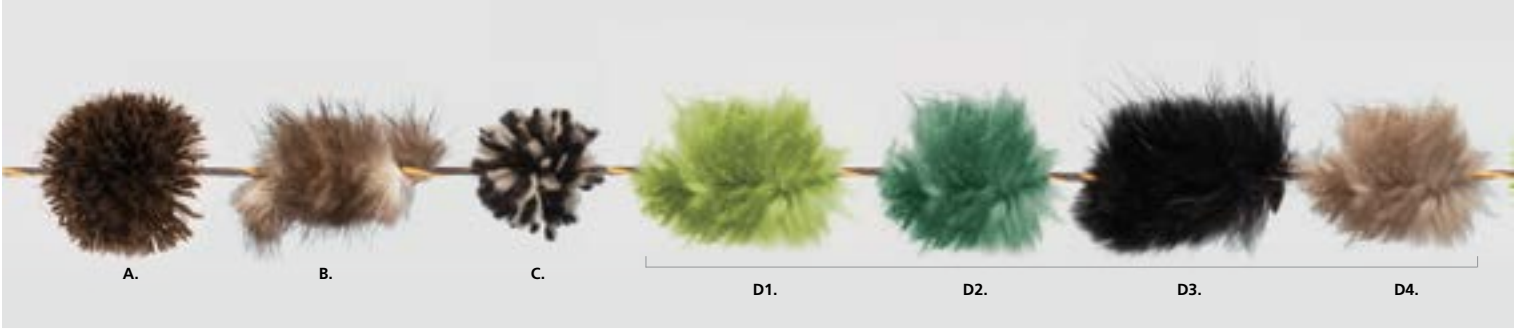

An endless loop design made for Hoyt's target recurve bows. Black BCY string material. The loops and center are served with nylon. **Options:** 66", 68", or 70" AMO length.

#25424X **\$27.99** 🇺🇸

# BOW STRING ACCESSORIES

## STRING SILENCERS

### A. **NEW** Alpaca Wool String Silencers

Handcrafted with 100% premium alpaca wool fibers. Naturally water resistant and delivers the ultimate in noise reduction and longevity.

#74810X (pair) **\$15.99**

### B. Otter Fur String Silencers

Thick under-fur and dark guard hairs quiet bow strings fast without taking away from bow performance.

#9105 (pair) **\$9.50**

### C. Navajo Wool String Silencers

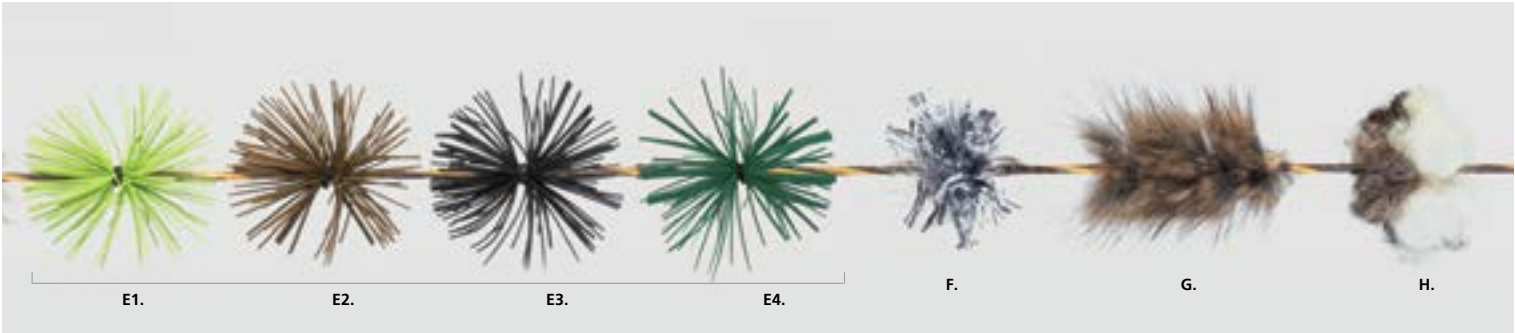

Ultra-lightweight. Long lasting and waterproof. Retain performance and dampen vibrations.

#4404 (pair) **\$23.50**

### D. Beaver Fur String Silencers

Made from tanned beaver hide. Naturally water repellent. Color: D1) green, D2) dark green, D3) black, or D4) brown.

#5107X (pair) **\$7.99**

### E. Cat Whiskers String Silencers

Lightweight rubber. 100% waterproof. Color: E1) bright green, E2) brown, E3) black, or E4) dark green.

#4251X (pair) **\$4.99**

### F. Dynapuff String Silencers

Waterproof synthetic material. Approx 32 grains per pair. Includes thread and instructions.

#9104 (4-pack) **\$13.99**

### G. Muskrat Fur String Silencers

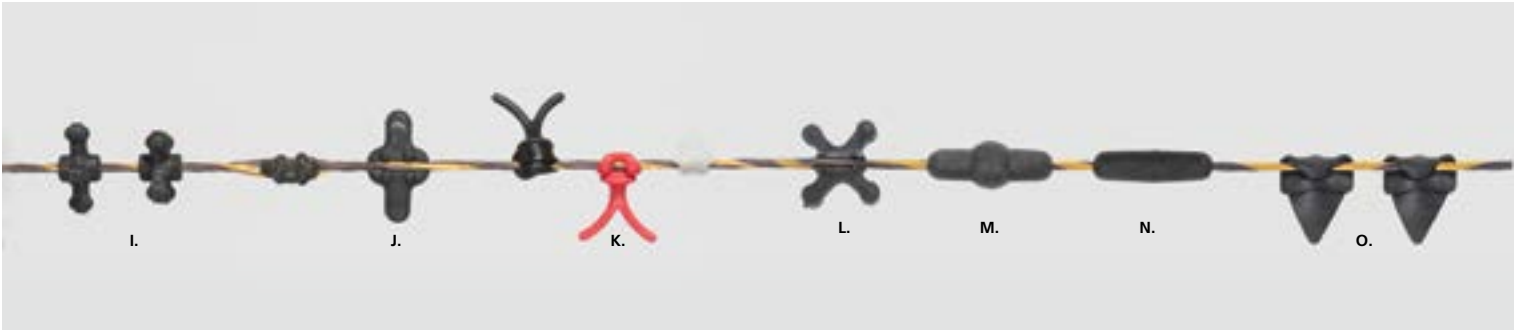

Naturally water repellent, and resists matting better than other fur silencers.

#9106 (pair) **\$7.50**

### H. Wooly Whispers String Silencers

Light, durable, and water resistant. Naturally camouflaged. Colors vary.

#7839 (pair) **\$11.50**

### I. BowJax Ultra Jax II String Silencers

Long-lasting, surrounds the string with dampening material. Your bow won't lose velocity. 19 grains each.

#3050 (4-pack) **\$8.99**

### J. Super String Leeches™ String Silencers

For absolute performance. Minimal to no speed loss. Incorporates a string wedge to resist string cutting.

#3007-1 (4-pack) **\$15.99**

### K. Pine Ridge Wishbone String Silencers

Reduces string vibration and noise. Wraps around string. 14 grains each. Color: black, red, or clear.

#3070X (pair) **\$5.99**

### L. BowJax SlipJax String Silencers

Designed to be lighter, stronger, and more effective at dampening vibrations. 22 grains each.

#3057 (pair) **\$4.50**

### M. BowJax Speed String Sleeve Silencers

Compact and lightweight at 25 grains each. Won't slow down your bow like bulkier silencers.

#3056 (pair) **\$4.50**

### N. BowJax String Sleeve Silencers

Won't hamper speed and performance. Great on endless loop strings. 15 grains.

#3055 (pair) **\$4.50**

### O. Silent Ridge String Silencers

High quality rubber won't snag on brush. Super easy to install on any bow string.

#9151 (pair) **\$5.99**

## Bow Start Up Kit

All the essentials you need to get started. Just add the bow and arrows. Includes an arrow rest, five string nocks, bow stringer, bow square, nock pliers, and string silencers. Substitutions without notice.

#2496 Start Up Kit **\$54.99**

## BOW SILENCERS

### A. Stiktamer Bow Silencers

Keeps brush from slowing you down, and kills noise. Made of a hybrid foam rubber material. Even works as a cushion when hanging bow on a peg. Water resistant.

#3017 (pair) **\$19.99**

### B. OMP Remedy™ Bow Silencers

Reduces string oscillation, noise, and hand shock. Increases the string groove length for improved accuracy. Adhesive backed.

#6032-01 (pair) **\$14.99**

### C. String Groove Silencers

Perfect for dampening string-slap noise on recurves. Padding right where the bow string meets the recurve limb. Adhesive backed, pre-cut calf hair.

#3559 (pair) **\$8.99**

### D. String Groove Pads

Durable hybrid foam rubber reduces string slap on a recurve. Zero loss of speed and kinetic energy. Easy install and adjustment.

#3562 (4-pack) **\$9.99**

### E. BowJax Slimjax Limb Dampeners

Designed to be used on thin limb recurve and longbows. Four flexible arms attach to your limbs to absorb excess noise and vibration.

#3052 (pair) **\$14.99**

### F. Mini Limbsavers® Limb Dampeners

No other bow dampener shuts down noise and vibration faster or performs better. Adhesive backed. 7/8" diameter each.

#3005 (4-pack) **\$14.99**

D.

E.

F.

### Super Pad Silencer Pad

Use for grips, sight windows, and arrow shelves. Durable micro fiber weave. Adhesive backed. 3¾" x 9½". Color: black, brown, or green.

#3555X (each) **\$8.25**

### Silence-illator Silent Pads

Made from high tech non-glare neoprene foam to dampen noise, insulate, and protect your gear. Adhesive backed. Measures 3½" x 7".

#35710 (2-pack) **\$8.50**

### Micro Fleece Bow Silencing Material

Made of sound absorbing properties to help keep your bow quiet as you stalk the woods. Even insulates against the cold. True Timber® camo to help conceal. Adhesive backed. Measures 3¾" wide.

#35711X Pad (10¾") **\$8.50** Roll (36") **\$12.75**

### Brass String Nocks

Size: Small (8-12 strand), Medium (12-16 strand), or Large (16-18 strand).

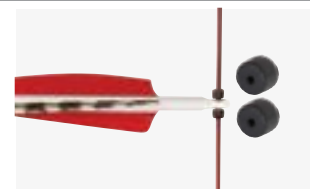

#4151X (5-pack) **\$2.99** (100) **\$35.99**

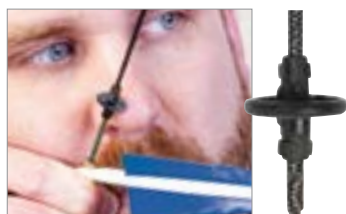

### Nitro Button Speed Nocks

Increase overall speed by eliminating nock pinch. Slide over string to install with included cotter pin.

#40984 (6-pack) **\$5.99**

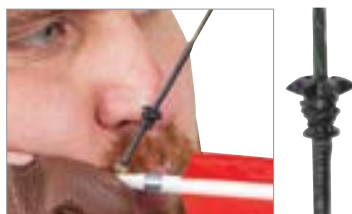

## SHOOTING ANCHORS

### Super Flex Kisser Button

Helps build a consistent anchor point. Unique slotted construction for quick and easy installation. Plastic clamps included.

#40986 **\$4.25**

### Bowmar Nose Buttons

Touches your nose when at full draw giving you a consistent anchor point. Leads to improved form and accuracy. Includes a small (1/4") and large (3/8") button, and two installation strands.

#40985 **\$18.99**

### Soft Kisser Button

A simple way to develop the proper draw. Contacts the corner of your mouth or the tip/side of your nose when at full draw, adding an anchor point to your shot routine.

#40982 **\$8.50**

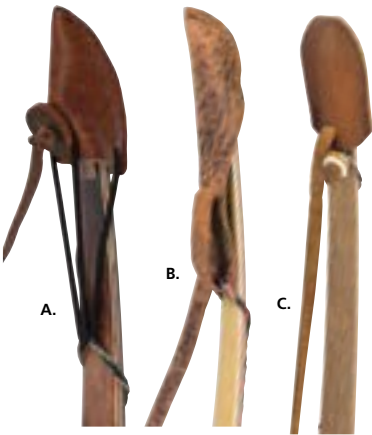

### No-More-Glove 2

Made from a single piece of semi-rigid, pliable rubber. The built-in kisser button is great for developing consistent draw and form. Includes an installation pin.

#40983 **\$7.99**

# BOW ACCESSORIES

## STRING KEEPERS

**A. Bison Leather String Keeper**  
Stylish and functional. Bison leather cup and button, with elastic cord.  
#409602 **\$13.50**

**B. Leather String Keeper**

Snap clip attaches it to your belt. Great for competitive shooting when you need your hands free.  
#7659 **\$14.50**

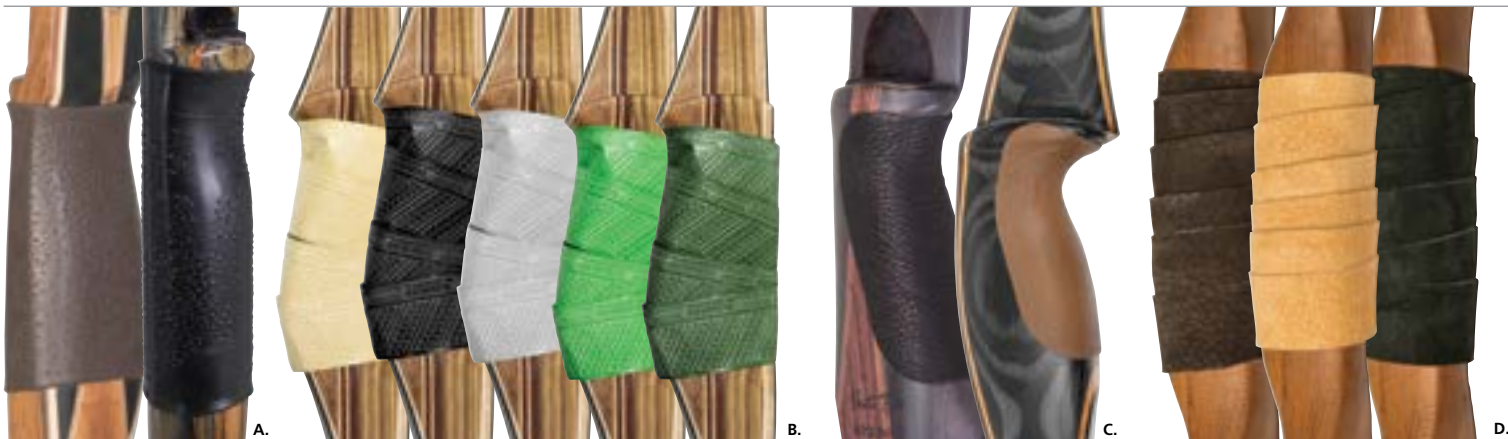

**Leather Traditional Bow Holster**  
Keep your bow close at all times. Made of all-weather leather. Adjustable length and leg tie for the perfect fit. A belt is required.  
#6095 **\$34.99**

**NEW Arrowhead Toe Tip Protector**  
Snap attachment to your shoelace and the stitched leather groove cradles your bow tip.  
#62110 **\$11.50**

## BOW GRIPS

### A. Posi-Grip

Covered in small dimples for superior traction. Good even in wet conditions. 4½" long. Made from quality EPDM rubber. Color: brown or black.

#7258X **\$18.99**

### B. Bowmar Grip Tape

Specialized grip pattern that reduces lateral and vertical hand movement. Adhesive backed. 42" x 1¼". Color: tan, black, white, green, or moss green.

#60981X **\$16.99**

### C. Wyandotte Leather Bow Saddle

Made from glove leather to be smooth and form fitting in grip area. Adhesive backed. Approx 3¾" x 2½". Color: black or tan.

#5048X **\$6.50**

### D. Suede Bow Wraps

Soft, supple suede leather follows the contours of your bow for a comfortable grip. Adhesive backed. Approx 1" x 30". Color: brown, buckskin, or black.

#6101X **\$19.99**

E.

F.

G.

H.

I.

### E. Form-A-Grip® Bow Grip Kit

Form the grip precisely to your unique hand and fingers. Make an entire grip, or build up areas of your existing grip.

#7725 **\$49.99**

### F. NEW Beaver Tail Grip Material

Natural water resistant material. Recommend staining before use. Sizing approximate. Size: medium (10" x 4½") or large (11" x 5½").

#61013X med **\$57.99** large **\$79.99**

### G. Adhesive Backed Leather

Make custom bow grips or arrow rests. Adhesive backed. 4½" x 6" x 1/8" thick. Color: black or brown.

#6097X **\$19.99**

### H. Leather Grip Material

Medium-brown lightweight handle leather. Not adhesive backed. Approx 5" x 7".

#6212 **\$14.50**

### I. Shur-Grip Non-Slip Grip

Dampens bow vibrations and offers a no-slip grip even when wet. Roll it on, roll it off, no glue required. Fits nearly all longbows and recurves with slim risers.

#3600 **\$10.99**

## ARROW HOLDERS

### Arrow Anchor

Simple to install, adjustable tension, holds an arrow firmly, and looks great. Will not harm your fletching or shaft. Flip out of the way when ready to shoot. Adhesive backed. Fits right and left hand.

#7724 **\$15.99**

### Aro Holder

Keeps a firm grip on your arrow as you wait for the shot of a lifetime. Releases arrow when drawing bow. Adhesive backed. 1⅞" long arm. Fits right and left hand.

#1042 **\$5.50**

### Kwik-Lok Arrow Holder

Keeps a snug hold on your arrow as it sits on the rest. Releases arrow when drawing bow. Adhesive backed. 1½" long arm. Fits right and left hand.

#7723 **\$13.99**

### NEW Stic-Tite Arrow Holder

Comes in three sizes to accommodate a range of bow sizes. Mounts to your riser with an industrial strength hook-and-loop system. Size: S, M, or L.

#80317X **\$18.99**

# BOW ACCESSORIES

## ELEVATED ARROW RESTS & PLUNGERS

### Springy Arrow Rest

Precision tune your shot! Combine the minimalist contact and proper "spring" to absorb any imperfections with your release. See weight chart online for help picking the proper Spring Arm. Mount to a plunger hole. The (A) Micro-Adjust model includes wrench for fine tuning centershot adjustments. Includes a spacer washer. The (B) Original model is a more simplistic design, but dependable. **Options:** Original or Micro-Adjust base and arm weight (10, 15, 20, 25, 30, or 35 ounce ) in right or left hand.

#35591X Rest (base and arm) Original **\$30.98** Micro-Adjust **\$69.99** 🇺🇸

#35592X Spring Arm Only (each) **\$4.99** Kit (one of each) **\$23.99** 🇺🇸

#35594-01 Additional Spacer Washer **\$2.99** 🇺🇸

### AAE Super T-300™ Hunter Rest

Stainless steel spine point that can be removed to use with a plunger. Adhesive backed. **Options:** right or left hand.

#8190X **\$17.99** 🇺🇸

### AAE Super-Flyte Rest

Great for deep center cut bows. Removable side plate, and Teflon® coated support arm. Mounts to plunger hole. **Options:** right or left hand.

#8203X **\$35.99** 🇺🇸

### AAE Free Flyte Micro Rest

Adjustable to use as a flipper rest or fold away rest. Features horizontal micro-adjustments. Mounts to plunger hole. Includes Teflon® tubing and mounting bolt. **Options:** right or left hand.

#82041X **\$59.99** 🇺🇸

### AAE Champion II Magnetic Rest

Uses opposing magnets for very light tension and elevation adjustments. Constructed of anodized aluminum. Use with a plunger. Adhesive backed. **Options:** right or left hand.

#8192X **\$44.99** 🇺🇸

### Bear Weatherrest

The flexible, small arm provides minimum contact for the best arrow flight. Adhesive backed. **Options:** right or left hand.

#3545X **\$7.99** 🇺🇸

### Spartan Flipper Arrow Rest

Simplicity perfected. Made from durable nylon filled polymer for years of reliable use. Mounts to plunger hole. Right hand only.

#3233 **\$9.99**

### Magnetic Arrow Rest

Offers vertical adjustment, and a magnetic return arm. Adhesive backed. Includes shrink tubing. Right hand only.

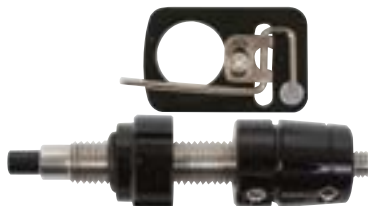

#81931 **\$20.99**

### Cartel X-Pert Magnetic Arrow Rest

Magnetic arm moves away then returns for your next shot. Adhesive backed. Right hand only.

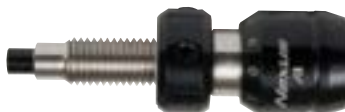

#81932X **\$13.99**

### Cushion Plunger & Elevated Rest Kit

A simple magnetic elevated rest and torque free cushion plunger. Plunger mounts to plunger hole. **Options:** right or left hand.

#2518X **\$36.99**

### Infitec Nexus A1 Plunger

Uses a positive click stop modification. Scale and graduated numbers for slight changes and precise settings. Machined aluminum.

#8208-02 **\$39.99**

### AAE Stinger Arrow Rest

Features a dual bushing and internal spring for a "no-play" arrow rest. Mounts to plunger hole. **Options:** right or left hand.

#82042X **\$44.99** 🇺🇸

### Saunders Express Rest™

Folds down when shooting for a clean release. Adhesive backed. Fits right or left hand.

#8209 **\$7.99** 🇺🇸

## SHELF & PLATE MATERIAL

### Rug Rest

3" x 1", Adhesive backed.  
Color: black or brown (shown).

#4249X Arrow Rest **\$3.25**

### Bear Style Calf Hair Rest

3" x 1", Adhesive backed.  
Color: white or black.

#3561X Arrow Rest **\$5.99**

### Leather Side Arrow Rest

3" x 1", Adhesive backed.  
Color: black or brown.

#5403X Arrow Rest **\$3.25**

### Bear Archery Rest and Plate

Same rest and plate that comes on most Bear recurve bows. Carpet style arrow rest paired with smooth leather side plate. Adhesive backed.

#3572 **\$10.99**

### Rug Side Plate

1 1/8" x 1 7/8", adhesive backed.  
Color: black or brown.

#4250X Side Plate **\$3.25**

### Bear Style Calf Hair Side Plate

1 1/2" x 7/8", adhesive backed.  
Options: right or left hand in white or black.

#3560X Side Plate **\$5.50**

### Leather Side Plate

1 1/8" x 1 1/8", Adhesive backed.  
Color: black or brown.

#5404X Side Plate **\$3.25**

### Rest and Plate Material

A. Beaver - 2" x 2" extra slick hair that is quieter and more durable than calf hair. Not adhesive backed. Recommend Barge Cement (page 89).

#6080 **\$15.99**

B.,C. Calf Hair- Same as our popular Calf Hair Rest and Plate (#4256X right). 2 1/2" x 2 1/2". Adhesive backed. Color: (B) black or (C) light brown.

#6089X **\$12.50**

### Leather Rest & Plate w/ Spacer

Spacer to create a small radius on the shelf and plate for less contact with the arrow. Adhesive backed. 1 3/8" x 1 1/8".  
Color: black or brown.

#3550X **\$4.99**

### Calf Hair Rest and Plate

One of the most popular arrow rests. Clipped calf hair with adhesive back. 1 7/8" x 1 7/8". Incredibly thin at 1/16".  
Options: right or left hand.

#4256X **\$4.99**

### Double Sided Mounting Tape

All-weather, ultra sticky. Perfect for use with bow grips, arrow holders, or arrow rests and plates that don't come with their own adhesive backings. Approx 3 1/2" x 5".

#5963 **\$5.99**

### Super Pad Silencer Pads

Use for arrow rest silencing, grips, sight windows, and arrow shelves. Long lasting, durable micro fiber weave. Adhesive backed. 3 3/4" x 9 1/2".  
Color: black, brown, or green.

#3555X **\$8.25**

### Wild Turkey Feather Rest

A time-tested tool for improving arrow flight and accuracy. For many decades, bowhunters and archers would take leftover fletchings to make feather arrow rests. This wasn't simply an economical solution. Feather Rests are effective tools for improving your accuracy. With natural give, they allow for bows to tune more easily, and provide cleaner arrow flight. Adhesive backed for easy installing. Options: right or left hand.

#3562X **\$20.99**

# BOW ACCESSORIES

## BOW SIGHTS

### Level 1 Bow Sight

Perfect for entry level competitive shooters. No-tools adjustment. Great for shooting long distances. Mounts to ATA accessory holes.

#5703 **\$18.99**

### Level 2 Bow Sight

For beginner and intermediate competition shooters. No-tools adjustment for elevation and windage. Mounts to ATA accessory holes. Right hand only.

#5703-01 **\$25.99**

### Single Pin Screw-On/Tape-On Bow Sight

"Old school" feel. Mounts using screws, or with tape (not included). Features no-tools easy adjustment.

#5702 **\$10.50**

## BOW SLINGS

### DHP Barebow Finger Sling

Less bulky than a wrist sling. Allows you to have a relaxed grip on your bow. Get less torque and twisting for improved accuracy. Adjustable loops fit all size fingers.

#531700 **\$8.50**

### 3Rivers Camo Wrist Sling

No bow installation required, attaches to wrist and thumb. Allows for a loose grip on a bow without worrying about dropping. A looser grip reduces torque and twisting for improved accuracy.

#5316 **\$4.99**

### .30-06 Outdoors Boa Wrist Sling

Made from a comfortable, long lasting rubber silicone to be lightweight, easily adjustable, quiet, and scent free. An ideal choice for bowhunters and target shooters who demand precision shooting from their equipment. Mounts behind a stabilizer.

#1174 **\$15.99**

## BOW STABILIZERS

### NEW DAS™ Brass Barebow Weights

The larger diameter keeps the weight closer to your riser. The 4.3 and 10.25 oz are stackable for more customization. Offset gives ultimate precision.

#81815X (4.3 oz) **\$24.99** (10.25 oz) **\$49.99** (14.5 oz) **\$54.99**  
#81816-01 Offset Weight (14.5 oz) **\$54.99**

### .30-06 Outdoors K3 Stabilizer

Extreme vibration dampening and full draw counter balance. Made from aluminum. Weighs approx 6 oz.

#82321X K3 Stabilizer **\$39.99**

### Limbsaver® S-Coil Stabilizer

Made from proprietary NAVCOM® for maximum noise reduction. The 2½" is tapped to work as an extender. and weighs 3.1 oz (other sizes weigh 3.58 oz). Length: 2½", 3½", or 4½".

#8230X (2½") **\$18.99** (3½") **\$20.99** (4½") **\$22.99**

### NEW Trad Tracker Game String Tracker

The smallest, most efficient game recovery device. Super simple hook-and-loop attachment to your bow. 1.5 oz. Includes mounting pads, and 4 replacement spools.

#59900 **\$29.99**

### Omnivore String Tracker

Hand-crafted leather case is hand-stitched with a convenient closure. A full spool of approximately 1,700 feet (1/3 of a mile) 17 lb string is included. Mounts solidly to the limb of your traditional bow using the adjustable Velcro® strap.

#59192 **\$89.99**

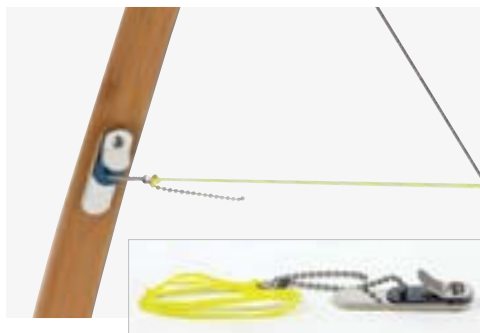

## DRAW CHECKS

### Bohning Anchor Knot

For quick adjustment of your string mounted draw check, this serveless string attachment saves you time and hassle by allowing you to easily position to the correct length.

#40987 **\$16.99**

### Clickety-Klicker

Helps combat target panic. Adjustable for all draw lengths. Easily muted with tape for use while hunting (see our blog post online). Adhesive backed.

#4099 **\$17.99**

### Klickit Drawcheck

Mounts to the upper limb and makes a 'click' sound at full draw, signaling that you are at the proper draw to make an accurate shot. Instructions included.

#40993 **\$19.99**

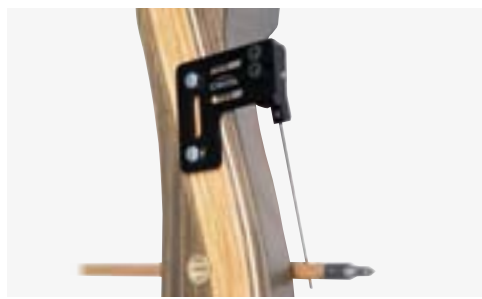

### Sideclick Draw Check

Uses a magnet to produce a "click" when a metal point is in its path. Mounts to plunger hole, use adjustable mounting bracket to set outside of the sight window.

#3558 **\$32.99**

[SEE VIDEO ONLINE](#)

### Cartel Magnetic Clicker

Always get to full draw. Rides next to your arrow and when the arrow fully passes the clicker bar the magnet pulls the bar until it "clicks" with the bow riser. Mounts to ATA accessory holes. Right hand only.

#3557 **\$21.99**

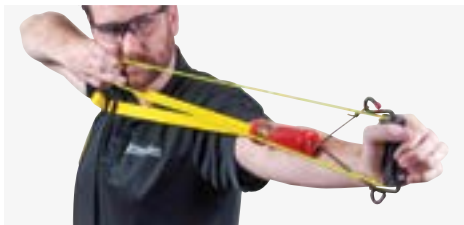

### AAE Gold Micro Clicker

Precise in-the-field micro adjustment indexes of .005" (.12 mm) per click. Adjustable up and down in straight or 15° off-set. Mounts to ATA accessory holes. Mounting screws not included. Options: right or left hand.

#35581X **\$69.99**

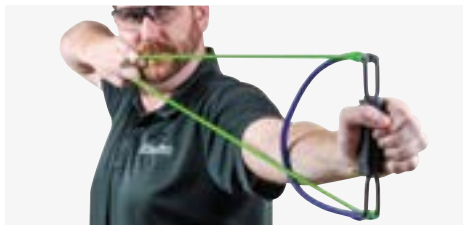

## BOW TRAINING

### Saunders Trap Builder

The trapezius muscle is vital for good archery form. Get yours in shape to improve your shooting. Easy to use, adjustable, and compact. Instructions included. Options: Standard (10-60#) or Heavy (20-85#).

#7987X Trap Builder **\$54.99**

### Saunders Power Pull

With regular use you will strengthen your back, draw arm, and chest muscles. All vital to any archer. Includes two bands for customizing your workout.

#7988 Power Pull **\$39.99**

#7989 Replacement Bands **\$16.99**

### Astra Shot Trainer

Maintain back tension strength and direction through the shot. Sizing: Measure the circumference of your drawing arm at its widest point. Options: Size 1 (less than 12") or Size 2 (greater than 12").

#8128X Shot Trainer **\$65.99**

### Archer's Fingers Release Trainer

Helps you focus on form and proper release. Great for combating target panic. Lets you isolate and correct problems. Options: 10 or 20#.

#7992X Release Trainer **\$39.99**

### Archer's Shot Saver

Keep in shape by exercising the same muscles you use when you draw your bow. Take it with you everywhere. Great to keep at home, the office, or in your vehicle. Made from quality latex tubing with solid aluminum inserts on each end. It's built to last. Options: Black (22#), Red (27#), or Green (32#).

#7991X Shot Saver **\$29.99**

# STRING BUILDING

## STRING MATERIAL

A) Black, B) White, C) Red, D) Green, E) Tan, F) OD Green, G) Yellow, H) Brown, I) Blue, J) Fl Yellow, K) Fl Orange, L) Fl Green, M) Gold, N) Purple, O) Pink, or P) Kiwi

### BCY DynaFLIGHT 97 String Material

100% SK75 Dyneema®. Very durable with low creep. Recommend 14-16 strands for most traditional bows. Approx 837 feet per spool. Options: 1 lb in black, red, tan, or brown, or 1/8 lb (all colors).

#8623X (1/8 lb) **\$26.99** (1 lb) **\$149.99**

### BCY B55 String Material

100% Polyester, similar to original Dacron®, but better durability with very low stretch. Recommend 12-16 strands. Approx 1,100 feet per 1/4 lb spool, approx 4,300 ft per 1# spool.

#8624X (1/4 lb) All Colors **\$11.99**

(1 lb) Black or White **\$26.99** Colors- C, E, F, G, H, I, J, or K **\$29.99**

### BCY 8125 String Material

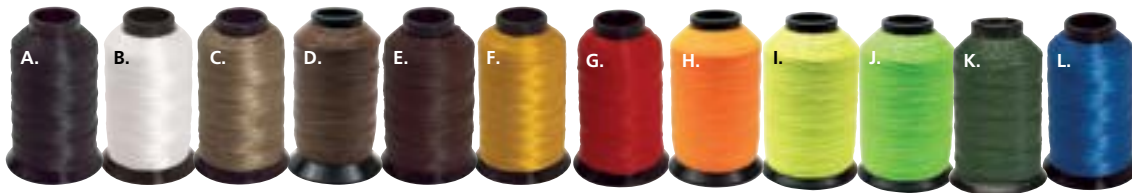

Incredibly durable 92% SK75 Dyneema®. UV, chemical, and abrasion resistant. Smaller diameter. Recommend 18-22 strands. Approx 1,025 feet per spool. Colors: black, white, red, tan, orange, yellow blue, fl-yellow, fl-orange, or fl-green.

#86241X (1/8 lb) **\$42.99**

### BCY 652 Spectra String Material

The same material as the original Fast Flight™. Recommend 18-22 strands. Approx 2,050 feet per spool. Colors: black, white, red, green, tan, OD green, yellow, or Brown.

#86242X (1/4 lb) **\$40.99**

A) Black, B) White, C) Bronze, D) Med Brown, E) Dark Brown, F) Golden Yellow, G) Red, H) Flo-Orange, I) Flo-Yellow, J) Flo-Green, K) Hunter Green, L) Blue.

### Brownell Fast Flight™ Plus String Material

Minimal stretch with superior strength. Measures 0.014" diameter with approx 2,043 feet per spool. Options: black, white, bronze, med brown, dark brown, golden yellow, red, flo-orange, flo-yellow, flo-green, hunter green, or blue.

#4445X (1/4# spool) **\$47.99**

### Brownell B-50 String Material

100% polyester. For older bows that cannot use modern materials. Measures 0.018" diameter with approx 1,115 feet per spool. Options: black, white, bronze, med brown, dark brown, golden yellow, red, flo-orange, flo-yellow, fl-green, hunter green, or blue.

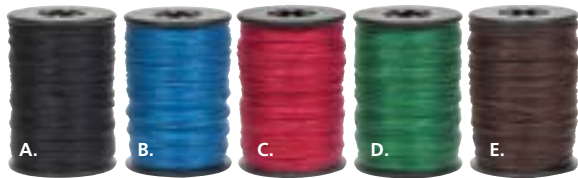

#4144X (1/4# spool) **\$14.99**

### Brownell #4 Nylon Serving Material

A standard of string builders everywhere. Measures 0.021" diameter with approx 300 feet per 1 oz spool. Options: black, dark brown, golden yellow, red, or blue.

#4146X (1 oz spool) **\$7.99**

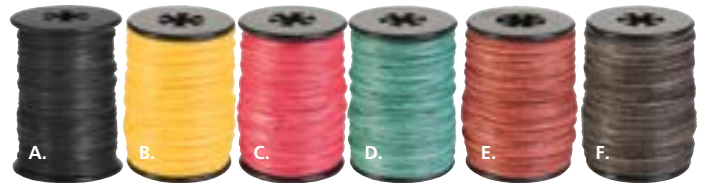

## STRING SERVING

### BCY 400 Nylon Serving

Nylon is the most common serving material, recognized for its durability. .020" diameter, approx 100 yard spool. Colors: A) black, B) royal blue, C) red, D) green, or E) dark brown.

#8628X **\$9.99**

### BCY Halo Serving

Tightly braided Spectra. Black only in .014", .019", and .030". For .021" and .024" Colors: A) black, B) yellow, C) red, D) green, E) root beer, or F) dark brown.

#8626X .030" (40 yds) **\$29.99** .024" (45 yd) **\$30.99** .021" (75 yds) **\$31.99**  
.019" (75 yd) **\$32.99** .014" (125 yds) **\$42.99**

### BCY Nock Point Thread

100% high tenacity nylon. 75 yard spool, .020" diameter. Colors: red or black.

#8629X **\$11.50**

### BCY Powergrip Serving

Braided spectra and nylon with a smooth resin coat. Options: .014" diameter (approx 120 yards) or .021" (approx 75 yards).

#8627X **\$30.99**

### BCY #62 Braided Center Serving

Blend of Spectra/Dyneema® with polyester. Approx 75 yards a spool. Options: diameter of .018", .021", or .025".

#8625X **\$22.99**

### 3Rivers Flemish Twist String Board

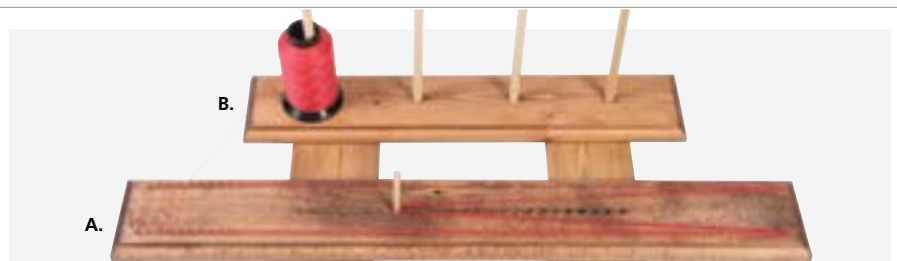

Build nearly any length Flemish twist string with this handmade jig. Add spool attachment to allow free flow of string. Directions included.

#5325 (A) Board **\$29.99** #5325-1 (B) Spool attachment **\$21.99**

### 3Rivers Flemish Twist String Jig Blueprint Kit

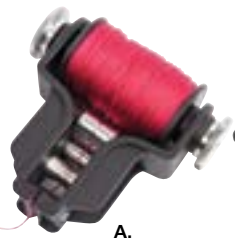

Includes instructions, blueprints, peg, nails, and Flemish twist string making instructions.

#5325-2 **\$10.99**

## STRING TOOLS

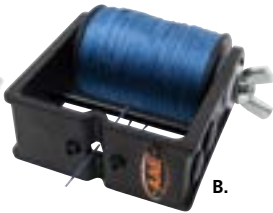

A.

### A. Bearpaw Deluxe String Serving Jig

Adjustable tension bar for fine adjustment of pre-tension. Fits all size serving, sold separately.

#32053 **\$29.99**

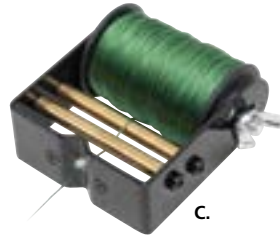

B.

### B. AAE Pro String Server

Double-bar tension system. Self-centering washers. No-fray thread guide. Serving sold separately.

#3205 **\$24.99**

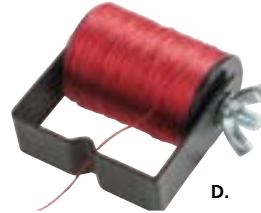

C.

### C. 3Rivers Essential String Serving Jig

Double bar adjustable tension guide. Works with all serving diameters, sold separately.

#3231 **\$11.99**

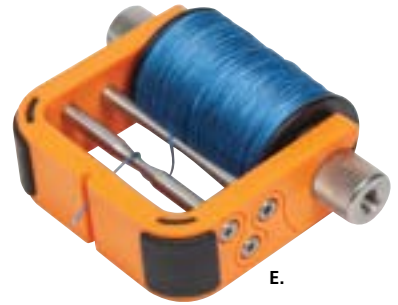

D.

### D. Tornado Pro Serving Tool

Features adjustable tension. Self centering washer and axle system. Serving sold separately.

#3202 **\$17.99**

E.

### E. OMP Revolution Serving Jig

Snap-in spool rods. Adjustable tension. Serving sold separately. Includes two spool rods.

#32051 Serving Jig **\$35.99** #32052 Quick Change Spool **\$13.99**

### Bow Medic Multi Square

Measures brace height from 6-12". Features 3 broadhead wrenches, 3 nock aligning wrenches, and a string separator.

#69071 **\$10.99**

### Aluminum Bow Square

Measures 6-12" for brace height, and up to 5/8" height for nock point set. Color varies.

#6907 **\$15.99**

### 3Rivers Bow Square

Easily clips tight to your string for measuring a brace height from 6-12", and up to 5/8" height for a nock point set. Color Varies.

#3230 **\$11.99**

### Saunders Nok-Set® Pliers

Self-opening jaws are non-marring and thin enough to see alignment on string. Installs and removes string nocks.

#4150 **\$16.99**

### K'netix Nocking Pliers

Extra wide self-opening crimping surface sets string nocks. Polymer coated handles, steel construction.

#7732 **\$13.99**

### Nock Setting Pliers

Smooth, self-opening spring jaws are non-marring. Cushioned grip for comfort.

#4550 **\$14.99**

### OMP TruCrimp Nocking Pliers

Interfacing teeth for a burr free crimp. Nock removal tool. Stainless steel body with rubber dipped handles.

#7733 **\$20.99**

## STRING WAX

### Bohning String Shield

Protects your string from freezing and help it remain supple.

#418601 (1.2 oz) **\$13.99**

### String Snot

Blend of grease, wax, and oil to enhance performance and protect.

1173 (0.9 oz) **\$8.99**

### Scorpion Venom Polymeric Wax

Reduce friction between string strands. Odor free and waterproofing.

#1170 **\$13.99**

### 3Rivers String Makers Wax

Best all-purpose string wax available. Tacky and perfect for holding strands together.

#4192 (1 oz) **\$6.99**

### BCYX-Wax String Wax

Weatherlock technology, making it water repellent and abrasion resistant.

#8631 **\$11.99**

### Bohning Tex-Tite String Wax

Natural petroleum wax. Designed for synthetic fiber bow strings.

#4187 (1 oz) **\$5.75**

### Bohning Seal-Tite® Wax

Silicone-based wax preserves your string and helps protect against the elements.

#418602 (1 oz) **\$7.50**

### U-V-Killer Bow String Wax

Made from beeswax, eliminates glow from ultraviolet brightening dyes used in strings.

#4328 (1.25 oz.) **\$8.75**

# BOW BUILDING

## BOW BLANKS

### A. TimberHawk Bows Accented Laminated Longbow Blank

An excellent intro to building your own longbow. Comes floor-tillered, just need to shape the grip and sight window, finish the tips, and apply a finish. Three laminations of tapered action bamboo, American walnut riser with maple accents, and black fiberglass. Comes 66" and tillered to weight. It can be cut to 64" which will increase weight by 5 pounds. Make right or left hand. **Weight:** 30, 35, 40, 45, or 50# @ 28".

#1912X **\$329.99**

### B. Grayvn Bows Floor-Tillered Hickory Stave

Learn basic bow building. String grooves are cut-in, but final tillering and pull weight is up to you. Hickory takes stain and finish very well. Cutting in a shelf is optional. Can be right or left hand. No warranty, and string is not included. Should produce a bow in the 40-50# @ 28" range. **Options:** 72" or 65" length.

#85909X **\$149.99**

### C. Grayvn Bows U-Finish Classic Hickory Bow Blank

Enjoy the challenge of bow building, but without a lot of the hassles. Solid sapwood hickory. The tillering is done, final sanding and finish needed. String grooves and shelf are cut-in. No warranty, do not draw past 28". String included. Approx 72". **Options:** right or left hand in 35-40, 40-45, 45-50, or 50-55# @ 28".

#85911X **\$259.99**

### D. Grayvn Bows Youth U-Finish Longbow Blank

Entry level for the young bow builder. Same bow as above, but should produce a bow less than 25# @ 26". Not recommended for longer draw lengths. Measures approx 65". **Options:** right or left hand.

#85910X **\$169.99**

### E. 72" Unfinished Bamboo Backed Ipe Longbow Blank

Much of the difficult work is already done for you, including gluing the bamboo backing. The shelf has already been cut. All that's left for you to do is sand, install bow tips, set the final tiller, and add a finish. Flemish twist bow string included. **Options:** Right or left hand in weights of 30-35, 35-40, 40-45, or 45-50# @ 28".

#86002X **\$289.99**

### F. 72" Tri-Lam Unfinished Hickory Ipe Longbow

The belly and backing are made from quality hickory, while the core is reliable ipe. The blank already has a shelf cut in. Just sand, install bow tips, set the final tiller, and add a finish. Flemish twist bow string included. **Options:** Right or left hand in weights of 30-35, 35-40, 40-45, or 45-50# @ 28".

#86001X **\$299.99**

### G. Roughed out Ipe Bow Floor Tillered Stave

Single piece floor-tillered ipe stave has been roughed out and ready for you to finish shaping, sanding, and add backing to your liking. Comes in lengths varying between 68" and 72".

#86006 **\$129.99**

### H. 72" Unfinished Hickory English Longbow

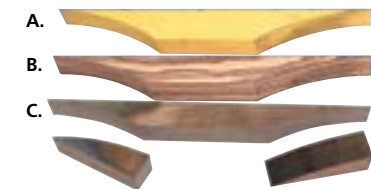

Pre-tillered, All that's left for you to do is sand, install bow tips, set the final tiller, and add a finish. Flemish twist bow string included. **Weight:** 20-25, 25-30, 30-35, 35-40, 40-45, or 45-50# @ 28".

#86003X **\$169.99**

### I. 72" Hickory Bow Kit with Riser Block and Tip Overlays

Only the basic form is roughed out for you. Comes with a hickory belly, hickory backing, riser block, tip overlays, and Flemish twist bow string. Just sand, install bow tips, set the final tiller, and add a finish.

#86004 **\$169.99**

### Longbow Riser Blanks

Build a longbow of your own with these beautiful, quality riser blanks. Precision cut with paper thin fade-outs. Use cut-outs for tip overlays. Approx 17"x 1 1/2"x 1 1/2". **Options:** (A) Osage, (B) Zebra Wood, (C) Green Mountain Camo Action Wood, (D) Bubinga, (E) Granadillo, or (F) Bacote.

#4480X Osage, Zebra Wood, Green Mtn. Camo **\$47.99**

Bubinga, Granadillo, Bacote **\$49.99**

**PLEASE NOTE:** Sometimes even Master Bowyers miss their target weight. We can help you choose the laminations and the fiberglass for you bow building project, however, we cannot accept responsibility for your project.

## BOW LAMINATIONS

### Gordon's Bo-Tuff® Fiberglass

A great backing material due to its continuous unidirectional laminate. 72" length. Sanded on one side for a gluing surface, other side is smooth. 1½" width for longbows and 1¾" for recurves. Thickness: .040" or .050".

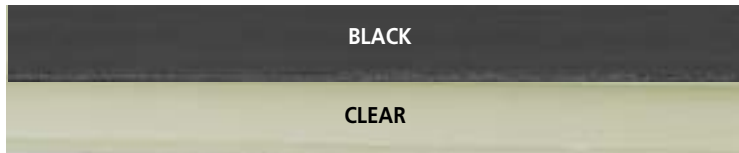

#4475X Clear (each) - 1½" **\$39.99** 1¾" **\$41.99**  
 #4474X Black (each) - 1½" **\$25.99** 1¾" **\$27.99**

### Stabil-Kore™ Lamination

A lightweight proprietary composite core material. Perfect as a substitute for carbon. Adds lateral and torsion rigidity. Sanded on both sides for strong gluing surfaces. 72" x 2" x .015".

#447702 **\$19.99**

### Bearpaw Powerglass

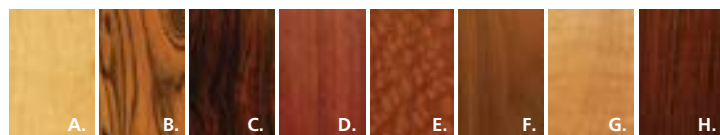

No streaks or blemishes. Experience crystal clear transparency with top performance and stability. One side roughed, other smooth. 72" long.

**Options:** 1½" (.040" or 0.50") or 1¾" (.040").

#44771X Black 1½" or 1¾" - .040" **\$29.99**

#4477X Clear 1½" (.040" & .050") 1¾" (.040") **\$29.99**

See 328 ft rolls online (#447666X & #447665X)

### Exotic Tapered Bow Laminations

Exotic hardwood laminations from around the world. Approx 36" x 1½". Butt thickness of .065", taper .001" per inch. Sold by the pair. More woods online.

A. #4500-16 Bird's Eye Maple **\$37.99** B. #4500-03 Bacote **\$45.99**  
 C. #4500-09 Cocobolo **\$59.99** D. #4500-20 Purpleheart **\$35.99**  
 E. #4500-14 Leopardwood **\$35.99** F. #4500-01 Walnut **\$31.99**  
 G. #4500-17 Curly Maple **\$37.99** H. #4500-21 Rosewood **\$49.99**

### Artificial Snakeskin Backing

72" x 2" cloth strip. Add a coat of finish for real snakeskin look. **Options:** A) Rattlesnake or B) Copperhead.

#7049X **\$39.99**

### 3Rivers Rawhide Backing

Forms to the natural shape of a wood bow to add strength without adding draw weight. Do NOT use hot water. Color varies. Measures 2" wide. Length: 30" or 36".

#6121X (pair) 36" **\$39.99** 30" **\$23.99**

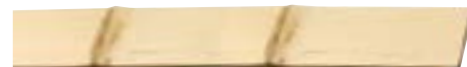

### Precision Ground Tapered Bow Laminations

For building longbows. 1½" x 36", .001" per inch taper. **Options:** A) Osage, B) Red Elm (edge grain), C) Red Elm (flat grain), D) Zebra Wood, or E) Action Bamboo in butt thickness .060"-.095", per .005". Sold by the pair.

#447001X Osage **\$35.99** Red Elm - Flat, or Edge **\$31.99**

Zebra Wood **\$35.99** Bamboo - Action **\$37.99**

### Bamboo Backing Strip

Greatly improves strength. Must be planed before use. Measures approx 2" x 68-72". 1⅜-1½" wide for pre-planed board.

#4432 Bamboo Backing (each) **\$64.99**

#8568 Planed Bamboo Backing (each) **\$69.99**

Find sinew backing on page 114

### Ipe Wood

Premium Ipe Lumber - Single piece of 68" to 72" wood. (#86007) **\$119.99**

Floor Tiller Stave - Lumber roughed out to a stave. (#86005) **\$179.99**

Ipe Center Lamination - Extremely strong and compression resistant wood, making it ideal on the belly of a longbow, or as the core for a multi-laminate bow. 68-72" x 1½" x 1/8". (#44282) **\$51.99**

Ipe Handle Blank - Add strength and weight to your riser.

14" x 2" x 3/4" (#44291) **\$18.99**

### Osage Wood

Osage Lumber - Single piece of 72" x 1½" x 5/8" wood. (#4428) **\$79.99**

Osage Slats - For building laminated bow bows. Does not follow growth rings and a backing of some sort is required. Pieces must be 'fish tail' spliced together for bow building. 38" x 1½" x 5/8" by pair. (#4428-1) **\$54.99**

Osage Handle Blank - Add strength and weight to your handle.

14" x 1½" x 3/4" (#4429) **\$13.99**

### Hickory Wood

Hickory Slats - For building a laminated bow. Does not follow growth rings so a backing material is required. Must be 'fish tail' spliced together for bow building. 36¼" x 2" x 1" by pair. (#4429-1) **\$41.99**

Hickory Backing - Add strength and durability. Grain varies.

68-72" x 1½" x 1/8" (#4431) **\$37.99**

# BOW BUILDING

## BOW BUILDING TOOLS

### Bow Building Tool Kit

Starter kit includes everything you need to start building your own bow. Includes low-stretch tillering rope, 3-piece scraper set, Farrier's rasp, tillering stick, nock file, and Rattlestick bow building DVD by Gary S. Davis. Some components are imported.

#6305

**\$114<sup>99</sup>**

### Burnishing Tool

Put a perfect edge on your scrapers. Works for all size and shape scrapers.

#5616 **\$25.99**

### Farrier's 14" Rasp

Aggressive rasp on one side, double cut file on the other for controlled stock removal. Measures 1 3/4" wide.

#6312-1 **\$31.99**

### Nicholson 10" Rasps

#49 for an aggressive cut, or #50 for creating a smoother surface.

#9949X (each) #49 **\$74.99** #50 **\$99.99**  
(Set) **\$185.98 \$159.99**

### 8" Nock Round File

5/32" diameter file. Cuts wood, fiberglass, and metal.

#6311 Handle **\$5.99**

#6310 Round File 8" **\$3.99**

### NEW Tooth Plane Blade

For roughing your bow stave before gluing. Heavy duty steel construction. 45 MM thick, 7 3/8" long, 1 3/4" wide.

#59813 **\$54.99**

### NEW Scraper Set with Leather Case

Includes concave/convex, rectangle, and gooseneck. Each measures 6" x 0.8 MM.

#59814 (3-Piece) **\$69.99**

### Wood Scrapers

Made of high-carbon steel, approx .04 mm thick. Includes gooseneck, flat, and curved scrapers.

#5980 (3-Piece) **\$24.99**

### NEW Pyramid Scraper

Six sides for tough to reach areas. Made from high carbon steel, 0.031" thick.

#598001 **\$5.99**

### Pine Hollow Scraper

Tempered stainless steel 1 1/8" x 10 1/4" x 1/16". Rolled top edge for comfort and added control. No burnishing needed.

#63012 **\$39.99**

### NEW Two Cherries Drawknives

Handcrafted German quality. Blades measure 10" x 1 1/4". Handles 4" long.

A. #59811 Curved **\$139.99**

B. #59812 Straight **\$99.99**

### NEW Beavercraft Drawknives

4 3/4" x 1/8" steel blade. For removing longer pieces. Includes leather sheath.

C. #59817 Ash Handles **\$24.99**

D. #59816 Oak Handles **\$24.99**

C.

D.

E.

### E. Stanley Spoke Shave

Cast iron body with double set screw adjustment. Steel 2 1/8" blade.

#6306 **\$59.99**

### StavePress

Conforms to the shape of your work piece, holds firmly, and will not crush wood fibers. Lumber and tools not included.

#6303 **\$189.99**

### Traditional Shaving Bow Horse

Uses leg pressure to securely hold bow stave in place while you work. 24" seat height. Assembly required.

#6300 **\$299.99**

### NEW 3Rivers

#### Bow Building Center Finder

Mark center on your stave to get your bow building project started right.

#59790 **\$9.99**

### 3Rivers Tillering Board

Made of quality pine. Measures 35". Top notch is approx 3"x 1 1/2" and 28 side-notches at 1" intervals cut to 1/2".

#8499 **\$21.99**

### 3Rivers Tillering Boot

Heavy duty leather and rope. For checking the bend of your limbs before cutting string grooves.

#6118 **\$25.99**

### 3Rivers Tillering Rope

76" long, 18 strands thick. Bottom tied in bowyer's knot.

#424676 B-50 **\$21.99**

#8496-1 Fast Flight **\$21.99**

## BOW SEALERS & FINISH

### Polyurethane Bow Finish

Fast drying spray finish. An easy way to protect your selfbows from moisture.

#5611 (11.5 oz) **\$21.99** 🇺🇸

### Tru-Oil® Finish

Natural wood oil finish protects and enhances the wood's beauty. Durable gloss finish. Easy to apply by hand.

#5688 (3 oz) **\$11.99** 🇺🇸

### Pine Hollow Bow Sealer

Made natural ingredients. Gives your bow a nice, natural looking finish. Simply apply a liberal amount of the sealer to your bow using a cloth. Then gently heat the bow using a heat gun or other source of controllable heat. Buff with a soft cloth when the bow has cooled.

#7249 (6 oz) **\$12.99** 🇺🇸

## BOW BUILDING ACCESSORIES

### Wolf Paw Takedown Limb Bezel Washer Set

Lay flat against the limbs allowing for even distribution of the weight. Use with standard 5/16" limb bolts.

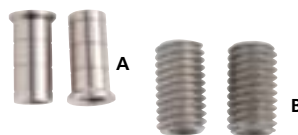

#53394-05 (2-pack) **\$13.99**

### Wolf Paw ILF Tiller Bezel Set

Allows you to install limb bolts on your ILF riser. Includes a pair of bolts, set screws, and bevels.

#53394-02 **\$29.99**

### Wolf Paw Tiller Bolt Inserts

For building takedown bows, standard or ILF style. **Options:** flanged or threaded mount. 5/16"-18 size.

A) #53394-03 Flanged (pair) **\$15.99**

B) #53394-04 Threaded (pair) **\$9.99**

### NEW 3Rivers Takedown Bow Brass Hardware Kit

Make your next 3-piece bow "pop" with brass. Includes two of each: riser inserts, limb bolts, limb bezels, washers, and alignment pins. Sold separately online.

#53397-06 Kit **\$34.99** 🇺🇸

### Front Stabilizer Insert

Industry standard 5/16"-24 insert. Allows attachment of bow accessories like stabilizers and bowfishing reels. Use 29/64" drill bit.

#5341 (each) **\$4.50** 🇺🇸

### Bear Riser Quiver Inserts

Two 1/4"-20 inserts. Standard size for riser mounted bow quivers. Use 5/16" drill bit.

#5342 (pair) **\$11.50** 🇺🇸

### ATA Accessory (AMO Sight) Inserts

Two inserts with two sets of 10#-24 screws. Use 1/4" drill bit.

#5340 (pair) **\$7.99** 🇺🇸

### Bearpaw Plunger Bushing

Industry standard 5/16"-24 insert for adding a plunger hole to your bow.

#53393 (each) **\$6.99**

### Wolf Paw Dovetail Shoe Set

Made of strong and reliable 6061-T6 aluminum. Includes dovetail shoes and mounting screws.

#53394-01 (pair) **\$21.99**

### NEW Large Primitive Horn Bow Tips

Oversized tips (3½" x 1") for plenty of stock to remove for a custom look.

#63389 (pair) **\$19.99** **\$12.99**

### Horn Bow Nocks

Require a finish sanding and seal. Top tip measures approx 3", bottom tip approx 2½" long.

#6356 (pair) **\$49.99**

### 3Rivers Phenolic Tip Overlays

Reinforces a bow to accept high performance strings Two 1/8" black and two 1/16" red. All cut to approx 2" x 1".

#4481 (pair) **\$7.99** 🇺🇸

## BOW SCALES

### 3Rivers Takedown Bow Sleeves

Classic 'D' brass sleeve slides into steel handle. **Small:** 4" x 1½", mild steel handle. **Large:** 4" x 1¾", stainless steel handle.

#4461X (Small) **\$51.99** (Large) **\$53.99** 🇺🇸

#4459 MT-13 Bow Sleeve Glue **\$25.99** 🇺🇸

### 4KJT Handheld Digital Bow Scale

Weights bows up to 100#. Place bow string in hook and draw the string. Digital display gives measurement in grams, kilograms, ounces, and pounds.

#0192 **\$25.99**

### Digital Bow Scale

Weights bows up to 100#, .05 lb increments. Features two modes, peak weight and holding weight. Measures in lbs, oz, and kg. Batteries included. Color varies.

#5950 **\$15.99**

### K'Netix Newton Digital Bow Scale

Weights bows up to 220#, and can display measurements in pounds, kilograms, and Newtons. Auto shut-off conserves battery life.

#5952 **\$40.99**

Barred Full Length (6-pack) **\$15.75** (12) **\$27.99** (50) **\$79.99**

**18-FEATHER COMBO PACK** - Combine and save. Pick six barred feathers of one color and 12 solid feathers of another single color in a combo pack, enough to 3-fletch six arrows. Options: PARABOLIC - **3111X** or SHIELD - **3110X** In 4", 5" or 5½", left or right wing.

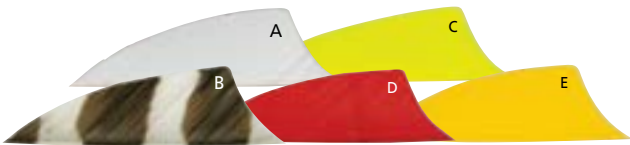

4" Combo Pack **\$30.00** 5" Combo Pack **\$32.74** 5½" (shield only) Combo Pack **\$33.75**

### TrueFlight Shield Mini-Barred Feathers

Twice as many bars as standard barred TrueFlight feathers. Options: right or left wing.

#01L1X Shield 5" (6-pack) **\$15.75** (12) **\$27.99** (50) **\$79.99** (100) **\$159.98**  
Shield 4" (12) **\$26.99** (100) **\$149.98**

### TrueFlight 2" Shield Cut Feathers

Smaller fletchings offer better accuracy. Options: right or left wing in A) white, B) traditional barred, C) chartreuse, D) red, or E) yellow.

#50L1X Solid (12) **\$8.25** (100) **\$39.99**  
Trad Barred (12) **\$16.75** (100) **\$89.98**

### Spliced TrueFlight Full Length Feathers

Quality Truflight® Spliced feathers approx 7½". Colors: A) Lime/Black/White, B) White/Black/Lime, C) Lime/White/Black, D) Black/White/Lime, E) Red/Black/White, and F) White/Black/Red. Options: right or left wing.

#39L1X (6-pack) **\$19.99**

### TrueFlight 4" Flu Flu Feathers

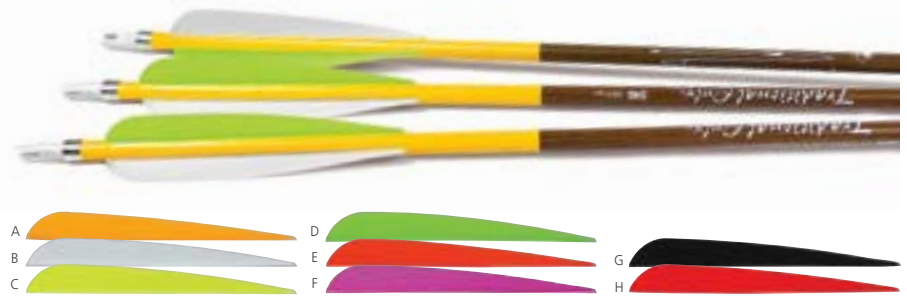

Great for aerial target shooting or bird hunting. Slows arrow after approx 30-40 yards. Options: left or right wing in black, white, yellow, red, blue, orange, fl-lime, or pink.

#14L1X (12) **\$14.75** (100) **\$73.99**

## AAE Trad Vanes

AAE's proprietary Plastifletch material, can be shot off the shelf and have the same flight characteristics as feather fletchings. Shoot in all weather conditions. Fletch with AAE Max Bond Adhesive (#44606, page 88). **Options:** A) sunset gold, B) white, C) fl-yellow, D) bright green, E) orange, F) hot pink, G) black, or H) red. Sizes of 3" or 4" (actual size is 1/4" less).

#8890X (12-pack) **\$7.50** (50-pack) **\$24.50** 🇺🇸

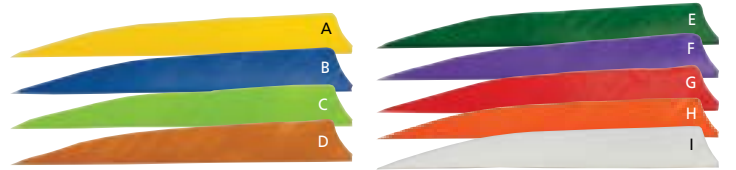

## GATEWAY FEATHERS

### Gateway Shield Cut Solid Color Feathers

**Options:** 4" or 5" length, left or right wing, in A) yellow, B) denim, C) chartreuse, D) brown, E) green, F) purple, G) red, H) tangerine, or I) white.

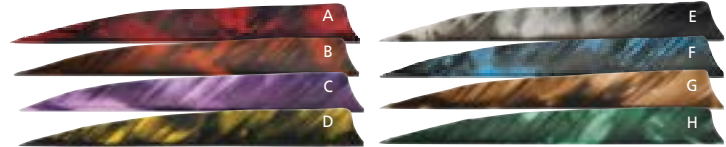

#49L1X Shield Cut 4" (dozen) **\$11.99** (50-pack) **\$31.99**  
5" (dozen) **\$14.75** (50-pack) **\$39.99**

### Gateway Tre Color Feathers

**Options:** shield cut (4" or 5") or full length (11" X 1 1/4" uncut), left or right wing, in A) tre red, B) tre orange, C) tre purple, D) tre yellow, E) tre bark, F) tre blue, G) tre brown, or H) tre green.

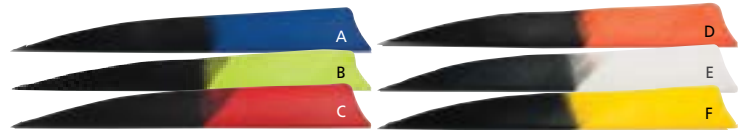

#44L1X (dozen) 4" **\$12.50** 5" **\$14.75**

### Gateway Hann-Bun Kuro Shield Cut Feathers

**Options:** 4" or 5" length, left or right wing, in A) denim, B) lemon/lime, C) red, D) tangerine, E) white, or F) yellow.

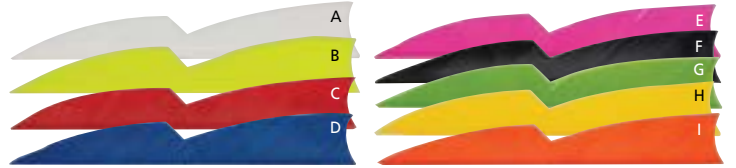

#45L1X (dozen) 4" **\$15.75** 5" **\$18.50**

### Gateway Batwing Cut Feathers

Right wing only. **Options:** 3 1/2" or 4 1/2" length, in A) white, B) fl-yellow, C) red, D) denim, E) pink, F) black, G) chartreuse, H) yellow, or I) tangerine.

#46R1X Batwing 2" (dozen) **\$9.75** (50-pack) **\$25.99**  
3 1/2" (dozen) **\$11.25** (50-pack) **\$29.99**  
4 1/2" (dozen) **\$12.50** (50-pack) **\$34.99**

### Gateway Tre Color 2" Rayzr Cut Feathers

Just 1/2" tall and 1.2 grains each. **Options:** left or right wing, in A) tre bark, B) tre brown, C) tre red, or D) tre yellow.

#47R1X (dozen) **\$10.75** (50-pack) **\$28.99**

## NATURAL FEATHERS

### Natural Wild Turkey Feathers

Sturdier and more water resistant than farm-raised turkey feathers. Untreated in order to retain their natural oils. Primary are stronger and longer feathers. Secondary are shorter. **Options:** left or right wing.

#21LX Full Length (dozen) Primary **\$31.99** Secondary **\$22.99** 🇺🇸  
#21L3X Shield cut (dozen) Primary (4") **\$23.99** (5") **\$24.99** 🇺🇸  
Secondary (4") **\$18.50** (5") **\$19.50** 🇺🇸

### Bearpaw Natural Barred Feathers

These are primary flight feathers from farm-raised turkeys. Being non-dyed they not only look great, but they retain more of their natural oils, making them water resistant. Supplies limited. **Options:** left or right wing in shield cut (4" or 5") or full length (varies 6 1/2"-8 1/2").

#37L1X Full Length (dozen) **\$21.99** (50) **\$79.99** (100) **\$139.99**  
#37L2X Shield Cut (dozen) **\$18.99** (50) **\$59.99** (100) **\$99.99**

### Wild Fletching Feather Dye

Turn feathers from turkeys you've hunted to make vibrant fletchings for your next arrows. Easy to use and very potent (will stain hands and surfaces). Each bottle will dye approx 1 lb. of material (~150 raw feathers). **Colors:** A) red, B) orange, C) yellow, D) chartreuse, E) neon green, F) lime, G) green, H) blue, I) bright purple, or J) hot pink.

#50851X (each) **\$6.99** 🇺🇸

# FLETCHING JIGS

feathers not

## Bitzenburger Dial-O-Fletcher

Precision die cast body with clamp. Built to last a lifetime! Graduated scale for accurate feather spacing. 3-fletch at 120°, or 4-fletch at 90°, or 75° x 105°. Complete control on fletching offset (degree is limited only by size of shaft). Clamp, indexer, and full instructions included. Different clamp requires matching indexer. **Options:** left wing, right wing, or straight.

#4168X Dial-O-Fletcher Complete Fletcher **\$99.99**

#4169X Replacement Clamp **\$39.99** #4170X Replacement Indexer **\$24.99**

See All Replacement Parts Online

## NEW Bohning Frontier Fletching Jig and Clamp Kit

A portable fletcher that incorporates Bohning's clamp style inserts. Folds flat for easy transport or storage, ideal for arrow builders who spend a lot of time on the road, at shows, or at 3D shoots. Includes a 3 degree right helical clamp insert. Has the option of three or four-fletch. Clamp Insert Kit features one each of gray straight insert, red 1 degree right insert, purple 3 degree left insert, and orange 1 degree left insert.

#40834X Fletching Jig ONLY **\$69.99** Clamp Kit **\$21.99**

Jig & Clamp Kit **\$89.99**

## Bearpaw Deluxe Fletching Jig

Adjustable for micro diameter up to 23/64" arrow shafts. Fletch 3, 4, or 6-fletch.

**Options:** left wing, right wing, or straight.

#53871X Jig **\$69.99**

#53872X Replacement Clamp **\$13.99**

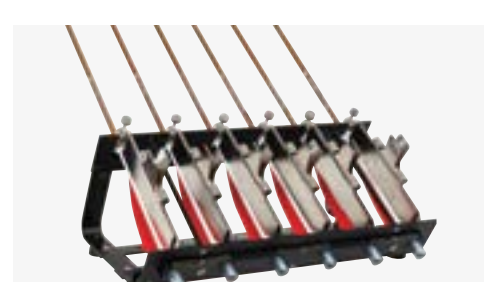

## Bohning Pro-Class Fletching Jig

3-fletch at 120° or 4-fletch at 90°. Complete with clamp and indexer. **Options:** left wing, right wing, or straight.

#4081X Jig **\$47.99**

#4082X Replacement Clamp **\$15.50**

## Avalon Hexagon Multi Fletching Jig

Fletch six arrows at a time. Includes six straight spring clamps. Will fletch right or left offset with up to three degrees of adjustment.

#415700 **\$119.99**

## Arizona E-Z Fletch Pro

Fletches three feathers or vanes (up to 5" in length) at a time. Straight is a 1° right offset, LW and RW are 8° offsets. Fletches shafts 5/16" up to 26/64" diameter. **Options:** left wing, right wing, or straight.

#3990X **\$64.99**

## Arizona E-Z Fletch Mini Max Fletcher

Fletch smaller fletchings (up to 3/4") on your carbon and aluminum arrow shafts. **Options:** left or right wing.

#3990-04X **\$64.99**

## AAE Fletch III Jig

Straight 3-fletch with 1° right offset. Works with all diameter shafts. Complete with clamp and jig. Breaks down top take anywhere. All of this for an unbelievably low price!

#4079 Fletch III Jig **\$35.99**

#40791 Nock Receiver 4-Fletch (4 x 90°) **\$14.99**

# FEATHER TOOLS

## 3Rivers Little Chopper Feather Die Cutter

Chop your own feathers into one of the profiles you select below.

High quality construction that will last for years of use. Requires a full length pre-ground feather and a rubber mallet. Call our tech line to ask about custom made choppers. Banana chops both left and right wing feathers. **Options:** Shield (3", 4", 5", 5½"), Parabolic (3", 4", 5", 5½"), Traditional (5"), Pope & Young (5"), Banana (5½" high arc, 5¾" low-profile), Swift (5½"), or T-Hawk (5½") in left or right wing.

#4398X (each) **\$49.99**

## SALE Bearpaw Shark Feather Cutter

100% German engineering and craftsmanship. The highest quality wood and steel are used in its construction. Features a foam-lined blade to protect the feather even as it cuts the perfect profile. The built-in ruler allows for precise measurements. **Options:** shield, parabolic, and banana profile, in right wing or left wing, and in sizes of 3", 4", or 5" long.

#4499X **\$59.99** **\$49.99**

## Saunders Feather Stripper

Removes feathers and cap wraps from aluminum and carbon arrows. Dual steel blade and pre-set angle.

#4374 Feather Stripper **\$20.99**

#4375 Spare Blades (3-pack) **\$18.50**

## Allen Company Fletch Remover

Removes fletchings and glue easily, so you can re-fletch to make nearly new arrows. Not for wood arrows. Includes two replacement blades.

#4336 **\$13.99**

## Bohning Fletch Dri Waterproofing

Easy to apply and has no scent. Treats 100+ arrows. Adds no stiffness to fletching. Includes application bag.

#5086 (9 gram) **\$14.75**

## Ozark Water "Poof"

Protects feathers against moisture. Quick drying, lasts all season. Does not add weight. Treats roughly 40 feathers. Brush included. Non-toxic. 10 ml.

#5069 **\$16.50**

## 3Rivers Jig Release Tape

Mount on your fletching clamp to prevent glue from sticking. Two 6½" Teflon® laminated strips per package.

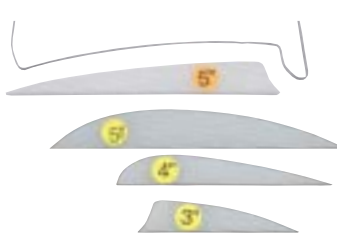

#4181 (pair) **\$4.25**

## Bohning Jig Release Tape

Keep your fletching jig clamps free of glue and adhesive build-up. Three 5½" peel-and-stick strips.

#418604 (3-pack) **\$5.99**

## Feather Profiles for Young Burner

Bend feather burner ribbons. Includes 3" Shield, 3" Parabolic, 4" Shield, 4" Parabolic, 5" Shield, 5" Parabolic, 5½" Shield, 5½" Parabolic, 5¾" Banana high arc.

#4174 **\$21.99**

## AAE Bitz Knob Fletch Indexer

Upgrade your Bitzenburger jig for more fletching options. **Options:** 3 & 4 knob for fletching 120°, 90°, and 75° x 105° or 4 & 5 knob for fletching 60°, 72°, and 90°.

#417007X **\$30.99**

SEE FLETCHING GLUE ON PAGE 88

# ARROW INSERTS & ADAPTERS

## Heavyweight (Brass) Inserts

Increase FOC weight to your arrow for tighter groups and deeper penetration on game. **Options:** 5/16" (50 or 100 grains, specify .246" or .244" ID), Axis/Barebow (100 gr or 75/50 Break-off), Arrow Dynamics (100 gr), Gamegetter II (100 gr), Easton HP break-off (75-50 gr) or Gold Tip (aluminum 50 or brass 100 gr, threaded to accept Gold Tip screw-in weights #6693X).

#0255X Brass Inserts 5/16" - 50 or 100 grains (dozen) **\$19.99**

Arrow Dynamics, Axis/Barebow, Gamegetter II (dozen) - 100 grains **\$23.99**

#6692-04X Gold Tip (dozen) - 50 grains **\$19.99** - 100 grains **\$21.99**

#6759-3 Easton HP Break-off (dozen) - 75-50 grains **\$31.99**

#6757-1 Axis HIT 75-50 grains (dozen, includes tool & chamfer stone) **\$28.99**

## 3Rivers Thread-In Weight Adapters

Screw in-between your point and insert. Adds 1/2" to arrow length, 5/16" in diameter. Made of aluminum (25 gr) or steel. **Options:** 25, 50, 75, or 100 grains.

#42270X (6-pack) **\$10.99** (test kit 2,ea) **\$13.99**

## Aluminum Inserts

Available in most aluminum shaft sizes and all carbon shaft sizes we offer. Some work with insert weight systems. Find insert weights and sizes by calling or going online.

#InsertDX (dozen) **\$10.99** (100) **\$47.99**

## Gold Tip Accu-Lite Inserts

Fit all 5/16" Gold Tip and Easton shafts. Compatible with Gold Tip weight system. Weigh 11.4 grains.

#6692-01 (dozen) **\$13.50**

## Black Eagle Brass Inserts

Weigh 100 grains and tapped to accept insert weights (#681205X below). Fit .2445" inside diameter.

681203-02 (dozen) **\$23.99**

## Easton Axis HIT Insert Kit

Dozen aluminum or brass break-off (75-50 grains) HIT inserts with insert tool, chamfer stone, and epoxy.

#6756 Kit **\$18.99** #6757 Inserts & Tool **\$15.99**

#6757-1 Brass 75-50 Kit (no epoxy) **\$28.99**

## Easton ST 6 MM RPS Inserts

For Easton 6 MM (H diameter) arrows, or any .231" ID. Use with 9/32" points. Weigh 18 grains.

#6745 (dozen) **\$10.99**

## Easton 6.5 MM CB RPS Inserts

The orange anodized finish reduces corrosion. Tapped on the backend to accept insert weights. Weigh 26 grains and fit a .246" inside diameter.

#67592X (12) **\$10.99** (100) **\$47.99**

## OUTSERTS

## Ethics Adjustable Outserts

Peak reinforcement for your .204" ID carbon arrows. Consists of post and sleeve, stainless steel or aluminum (varies per weight). **Options:** arrow OD of .262", .267", .272", .276", .281", or .287". Weight ranges of 55-85, 85-115, 90-120, 95-185, 125-215, and 130-220 grains.

#49151X (3-pack) **\$22.99** (6-pack) **\$34.99** (12-pack) **\$54.99**

## Limited Supply Black Eagle F.O.C.O.S. Outserts

Consists of three parts: a stainless steel outsert, an aluminum retention post, and a 3/32" allen head retention screw. Weigh 100 grains. **Options:** Black Eagle arrow model and spine; Instinct or X-Impact.

#681207X Instinct (6-pack) **\$25.99**

#681217X X-Impact (6-pack) **\$25.99**

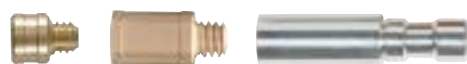

## Easton 5MM Half Out Inserts

Use with .204" ID. Tapers out to a 5/16" diameter, adding 1/2" to the length of an arrow. **Options:** material and size of #1 or #2. Dozen pack.

#67591X Aluminum (25 grains) **\$28.99**

Steel (75 grains) **\$34.99**

## WEIGHT SYSTEMS

## Gold Tip F.A.C.T. Weight System

Use with inside diameter of .246", .204", or .166". Nock Adapters fit 5/16" diameter (.246" ID) shafting with Gold Tip nocks, Easton Super/S nocks, or Bohning Signature nocks. Weigh approx 20 grains.

#6693X Weights .246" (dozen) 10, 20, or 50 grains **\$15.50**

#6696X Weights .204" (dozen) 10 or 20 grains **\$19.99**

Weights .166" (dozen) 10 or 20 grains **\$27.99**

#6692-02 Nock Adapters (dozen) **\$17.50**

#6692-03X Adjustment Wrench (.204"/.246" or .116") **\$13.50**

## Black Eagle Screw-In Brass Insert Weights

For tuning FOC. Designed to be stackable. Vintage for arrows with an inside diameter of .2445" or more, and FOCOS for .166" ID. Vintage in 30, 50, or 75 grains. FOCOS in 10, 20, or 30 grains.

#681205X Vintage Insert Weights (dozen) **\$17.99**

#681206 Vintage Weight Install Tool **\$15.99**

#681208X FOCOS Insert Weights (dozen) **\$17.99**

#681209 FOCOS Weight Install Tool **\$15.99**

## Victory Back Weights

Add weight for your Victory arrows. Tapped in the back to allow you to stack any combination of weights for experimenting with FOC and fine tuning your arrows. Made from stainless steel. **Options:** .204" or .245" inside diameter in 10, 20, or 50 grains.

#681711X Diameter .204" (dozen) **\$9.99**

#681712X Diameter .245" (dozen) **\$9.99**

#681713 Install Wrench Tool **\$14.50**

### Limited Supply Woodyweights®

Add front-of-center weight to wood arrows. Fit 11/32" and 23/64". Mount on 5° point taper. Options: 75, 100, 125, 150, 175, or 200 grains. #4945X (6-pack) **\$17.99** 🇺🇸  
Test kits available online.

### 3Rivers Brass Weight Washers

Mount behind points or nocks. Weigh 5 grains each. Recommend no more than three weights per grouping. Options: 9/32", 5/16", or 11/32". #5208X (dozen) **\$7.50** (100) **\$37.50** 🇺🇸

### 3Rivers Weight Tubes

Add weight to your arrow without affecting arrow spine. Options: weight of 3, 5, or 8 grains per inch in OD of 5/16" (ID of .2445-.246") or 9/32" (ID of .204"). #6731X (dozen) **\$17.50** 🇺🇸

### 3Rivers Nock Collars

Keeps push-in nocks from popping out on hard impacts and protects carbon arrows from nock end hits. Weigh approx 5 grains. Only offered in sizes A, B, C, or D in chart (right). #4921X (dozen) **\$15.99** 🇺🇸

Collar Size	Collar ID	Collar Size	Collar ID
A	.275"	H	.277"
B	.293"	I	.344"
C	.300"	J	.352"
D	.305"	K	.370"
E	.260"	L	.287"
F	.271"	M	.384"
G	.273"	N	.313"

### 3Rivers Carbon Collars

Aluminum footings to protect carbon arrows from shattering on hard impacts. Mount between arrow shaft and insert. Weigh approx 5 grains. Made for 5/16" or 9/32" outside diameter (OD) shafting. Offered in all sizes shown in chart (left). #4920X (dozen) **\$15.99** 🇺🇸

## NOCK ADAPTERS

### Gold Tip Nock Bushings

Protects from nock end impacts, and centers a .166" nock for accuracy. The .246" fits arrows with .246" ID (like GT Traditional), and weighs 12 grains. The .204" fits arrows with .204" ID, and weighs 7.4 grains. Options: For .204" large (400/340 spine) or small (600/500). #6691X .204" (dozen) **\$17.99**  
#6691-01 .246" (dozen) **\$17.99**

### TopHat® Wood Arrow Nock Adapters

Use push-in nocks on your wood arrows, no taper needed. Use with .244" nocks. Fine tune your arrow with your nocks. Made of aluminum for low weight and corrosion-resistance. Weigh 15 grains. Options: 5/16" or 11/32". #0925X (6-pack) **\$6.75**

### 3Rivers Nock Adapters

Use with glue-on nocks for carbon arrows. Adds durability and centers the nock on the shaft. 5/16" fit shafts with a .244" to .246" inside diameter. Use 5/16" nocks. 12 grains. Arrow Dynamics Fit all older model Arrow Dynamics shafts. Use 1/4" nocks. 8 grains. #0149X 5/16" (12) **\$14.99** (100) **\$79.99** 🇺🇸  
#CS90-1 Arrow Dynamics (dozen) **\$9.99** 🇺🇸

### UNI Bushings

Precision alignment of nocks for improved accuracy and strength. Allows use of a .166" nock in carbon shaft models and a .246" nock in aluminum shaft models. Specify shaft make, model, and size when ordering. Weigh 5 grains. #0150X G-UNI - Carbon (dozen) **\$14.99** 🇺🇸  
S or X-UNI - Aluminum (dozen) **\$16.99** 🇺🇸

## POINT ADAPTERS

### 3Rivers Premium Woodscrew Point Adapters

Open your wood arrows up to the world of screw-in points. Weigh 50 grains each, 1 1/2" long. Requires a 5° point taper on shaft. Precision CNC machined 11/32" diameter only. #4364X (each) **\$2.99** (6-pack) **\$11.99** (100) **\$99.99** 🇺🇸

### TopHat® Woodscrew Point Adapters

Add screw-in points to your wood arrows. No taper required, screw-on to shaft with no glue needed. Made of aluminum for low weight and corrosion-resistance. Weigh 40 grains. Options: 5/16" or 11/32". #0932X (each) **\$2.99** (6-pack) **\$11.99**

### 3Rivers Brass Glue-In/Glue-On Broadhead Adapters

Solid brass ferrule for added strength and increase your FOC weight. Solid brass 11/32" ferrule. Weigh 100 grains. Options: shaft diameter of 5/16" or 9/32". #4930X (6-pack) **\$17.99** 🇺🇸

### 3Rivers Steel Broadhead Adapters

Perfect for increasing FOC weight for harder hitting, more accurate arrows. Solid steel with a 11/32" ferrule to mount any glue-on broadhead. Options: 75, 100, or 125 grains. #4226X (6-pack) **\$11.99** (100) **\$109.99** 🇺🇸  
#4226-3 Test Kit (3 of each) **\$16.99** 🇺🇸

### Glue-In/Glue-On Broadhead Adapters

Use glue-on points on carbon and aluminum arrows. Stronger than the regular screw-in system commonly used. Weigh 26 grains. Options: Aluminum (2216, 6-pack only), Carbon (.2445"), or Arrow Dynamics. #BA-X (6-pack) **\$8.99** (100) **\$89.99** 🇺🇸

### 3Rivers Aluminum Broadhead Adapters

Use glue-on broadheads on carbon or aluminum arrows. Short adapters are best used for 4-blade broadheads with bleeder blades. Options: point OD and Short or Long. Short: 11/32" (32 gr) or 5/16" (31 gr). Long: 5/16" (32 gr) or 11/32" (34 gr). #4196X (6-pack) **\$8.99** (100) **\$79.99** 🇺🇸

### Limited Supply Easton Broadhead Adapter Rings

Designed to provide a smooth transition between Easton carbon shafts and 11/32" broadheads. Also gives you a wider and more secure base for improved shaft to broadhead connection strength. Sizing chart online. Weigh approx two grains each. #6758X Easton BAR (dozen) **\$19.99** 🇺🇸

### 3Rivers Point / Broadhead Rubber Washers

Use with any screw-in point or broadhead. Installs between point and insert to prevent points from loosening and rattling. #6698X (dozen) **\$4.75** (100) **\$24.99** 🇺🇸

FOC = Front-of-Center OD = Outside Diameter ID = Inside Diameter

ARROW FIELD POINTS

3Rivers Screw-In Field Points

Our machined steel points are extremely durable and made with precision in mind to help with accurate arrow flight. Designed to fit all carbon and aluminum arrows. Stamped with diameter and grain weight for easy identification. The 9/32" (100 grains) are bullet nose design, while others are standard concave tip design. The 200 grains and up feature a chamfered back that tapers down to a 5/16" diameter. See chart (below left) for available diameters and weights.

A & B - #CF511X Screw-in Standard Weights 200 gr Only (dozen) \$9.99 (100) \$54.99 9/32" 200 grains (dozen) \$11.99 (100) \$63.99

**A.**

**B.**

**NEW Bohning Screw-In Field Points**

Precision machined stainless steel. Weight accuracy within quarter of a grain. **Options:** Bullet 5/16" (150 or 200 gr) or 9/32" (85, 100, 125, or 150 gr). Concave 5/16" or 9/32" (85, 100, or 125 gr).

A. #851010X Bullet (6-pack) \$10.99 B. #85108X Concave (6-pack) \$10.99

**NEW Easton Match Grade Screw-In Field Points**

Precision machined using hardened 4/16 alloy stainless steel. Weight accuracy within half a grain. **Options:** Weight of 100, 125, or 150 (11/32" only) grains, in diameter of 17/64", 9/32", 19/64", 5/16", or 11/32".

#67391X (6-pack) \$12.99

**3Rivers Black Nickel Glue-On Field Points**

Easier to see than standard black oxide points. Great for gap shooting.

#FE5-100X 5/16" - 100 or 125 grains (dozen) \$10.99 (100) \$59.99

#FE11X 11/32" - 125 grains only (dozen) \$10.99 (100-pack) \$59.99

**3Rivers Bullet Nose Brass Points**

Screw-ons screw onto the 5° point taper of a wood shaft. 125 grains only. **Options:** Glue-on or Screw-on in 5/16" (glue-on only), 11/32", or 23/64".

#GB11-X (6-pack) \$15.99 (100) \$154.99

**3Rivers Glue-In Target Points**

Precision alignment and more gluing surface. Fits .2445" to .246" inside diameter (5/16" OD). 125 grains.

#715-1 Glue-In Points (6-pack) \$7.50

**3Rivers Youth Parallel Glue-On Points**

5/16" Requires a tenon taper. Approx 20 grains. **Options:** 1/4" or 5/16".

#1400X (dozen) \$3.75 (100) \$18.99

**Whistling Points**

A great novelty item. Made from brass with aluminum ferrules. **Options:** screw-in (145 grains) or 5/16" glue-on (120 grains).

#63304X (each) \$4.50

Bullet

Classic

#### TopHat® Screw-On Brass Field Points

Classic 3D enter targets more aggressively, offer less resistance in-flight, and prevent rebound on a target's surface. The Bullet Nose are easier to remove from targets due to the convex shape. Both models are wider in diameter than the arrow for easier removal from targets. Screw-on, no taper needed. **Options:** 5/16" in 70, 100, or 125 grains, or 11/32" in 80 (bullet only), 100, or 125 grains.

#0933X Classic 3D (6-pack) **\$13.99** #0934X Bullet Nose (6-pack) **\$13.99**

Apex

Convex

#### TopHat® 3D Screw-In Points

Precision machined stainless steel. O-ring to prevent from rattling loose. The Convex shape is wider to be gentler on targets and easier to pull out. The Apex shape penetrates deeper to avoid bounce-outs. **Options:** 9/32" or 5/16" diameter in Convex weights of 85, 105, 125, or 145 (5/16" only) grains, or Apex in weights of 85 (9/32" only), 100, 125, 150 (5/16" only), 175 (5/16" only), or (5/16" only): 200, 225, or 250 grains.

#0942X (6-pack) **\$15.99**

#### TopHat® Thread Cutting Tool

Prepares wood arrows for TopHat® points. Even works on heavier spines and hardwoods. Recommended to use in conjunction with the TopHat® Assembly Tool (right). Made from stainless steel. **Options:** 5/16" or 11/32".

#0927X (each) **\$4.75**

#### TopHat® Shaft Shaper Tool

Compresses a wood shaft to receive TopHat® points. Use with TopHat® Assembly Tool (right) or an electric drill (neither included). Made from stainless steel. Includes base and two size attachments of 5/16" and 11/32".

#0926-3 **\$20.99**

#### TopHat® Assembly Tool

The perfect way to install and remove screw-on points. Measures 5½" x 1½". You can feel when the cone of the arrowhead stays fixed and centered on the shaft.

#0926-2 **\$37.99**

**Please note:** It is recommended that you use the TopHat® Thread Cutting Tool, TopHat® Shaft Shaper, and TopHat® Assembly Tool to use with these points. The TopHat® Shaft Shaper is for compressing down an oversized shaft so the finish will not be marred when installing points, and to allow the points to go on easier. The TopHat® Thread Cutting Tool is for starting a thread onto the shaft to make it easier to install screw-on points. The TopHat® Assembly Tool is for gripping the point, the Thread Cutting Tool, or the Shaft Shaper without marring them for easy tightening and removal of TopHat® points.

#### Tip JAM Thread Bond

Keeps screw-in points and broadheads from vibrating loose. Non-permanent bond.

#1172 (.35 oz stick) **\$7.99**

#### Arrow-Fix Screw-In Arrow Tips

The 5° tapered design. Works as a broadhead adapter. 5/16" diameter. **Options:** 100, 125, or 145 grains.

#0960X (6-pack) **\$19.99**

#### Arrow-Fix Break-Off Glue-in Points

Pair with the Arrow-Fix Drill Guide (page 93) for your 5/16" wood arrows. Weighing 125 grains with a 25 grain break-off. 5° tapered works as a broadhead adapter.

#0953-01 (6-pack) **\$15.99**

### MEDIEVAL POINTS - SEE PAGE 131 FOR MORE MEDIEVAL GEAR

#### 3Rivers Replica Medieval Glue-On Bodkins

Short bodkins historically were mass produced for target practice while the long bodkins were used for piercing through armor in battles. Functional and rugged look. 11/32" diameter.

#4912 Short 125 grains (3-pack) **\$14.99**

#4913 Long 190 grains (3-pack) **\$17.99**

#### Ace Classic Glue-On Points

Styled after points used in medieval times. Rugged and classic look. 11/32" diameter. Requires a 5° point taper to mount on. 125 grains.

#4923 (6-pack) **\$16.99**

#### 3Rivers Round Medieval Glue-On Bodkins

These round points will give your medieval arrows a great look and durability for your next renaissance faire. 11/32" diameter, weigh 145 grains.

#716-1 (6-pack) **\$14.99**

# ARROW NOCKS

## PRESS-IN NOCKS

### Gold Tip GT Series Nocks

Features an indexer and recessed groove. Fit arrows with a .246" inside diameter, like the Gold Tip Traditional. 11.5 grains. Colors: black, ruby, yellow, fl-orange, fl-green, or white. #6694X (dozen) **\$14.99**

### Gold Tip Accu-Tough Nocks

Fit smaller .204" inside diameter arrows, like the Gold Tip Traditional Classic. Weigh 12 grains. Colors: black, ruby, fl-orange, yellow, fl-green, pink, or white. #6682X (dozen) **\$14.99**

### Easton 3D Super Nocks™ / 6.5 MM

Fit .246" inside diameter. 13 grains. Solid colors: white or black. Translucent colors: smoke, red, orange, lemon-lime, green, blue, or pink. #67553X (dozen) **\$14.99**

### Easton MicroLite™ Nocks / 6.5 MM

Fit .246" inside diameter. 8 grains. Solid white, or translucent colors: smoke, red, fl-yellow, emerald, or blaze. #67552X (dozen) **\$14.99**

### Easton H Nocks™ / 6 MM

Fit .231" inside diameter. 9 grains. Solid white, or translucent colors: fl-orange, yellow, fl-green, or smoke. #6751X (dozen) **\$14.99**

### Easton X Nocks™ / 5 MM

Fit .204" inside diameter. 9 grains. Red, fl-orange, fl-yellow, fl-green, smoke, or white. #6755X (dozen) **\$14.99**

### Easton MicroLite™ G Nocks / 4 MM

Fit .166" inside diameter. 6 grains. Smoke, red, yellow, orange, green, blue, pink or white. #6754X (dozen) **\$14.99**

### NEW AAE Platinocks

Single click snap for consistent release. Options: Size #4 (0.166"), #5 (0.204"), and #6 (0.246") in red, orange, fl-o yellow, black, or white. #01745X (dozen) **\$11.99**

### Black Eagle R Nocks

Fit arrows with a .204" inside diameter, like the Black Eagle Rampage. 9 grains. Translucent colors. Colors: (A) smoke, (B) orange, (C) yellow, (D) green, (F) blue, or (I) clear. #681200X (dozen) **\$14.99**

### Black Eagle M Nocks

Made of 100% Polycarbonate. Fit arrows with a .165" inside diameter, like the Black Eagle Instinct. 8 grains. Translucent colors. Colors: (A) smoke, (B) orange, (C) yellow, (D) green, (E) red, (F) blue, or (I) clear. #681201X (dozen) **\$14.99**

### Black Eagle Standard Nocks

Fit arrows with a .2445" inside diameter. 12 grains. Translucent colors. Colors: (A) smoke, (B) orange, (C) yellow, (D) green, (F) blue, (G) purple, (H) pink, or (I) clear. #681202X (dozen) **\$14.99**

### Bohning Smooth Release Nocks

Fit .246" inside diameter. Single click design. Weigh 7 grains. White, black, red, neon green, neon orange, or neon yellow. #0156X (12-pack) **\$9.50** (100-pack) **\$33.50**

### Bohning A Nocks

Indexer and recessed groove for perfect string fit. For arrows with a .204" inside diameter (same as Easton 4 MM). 7 grains. Colors: neon orange, apricot, neon yellow, neon green, kiwi, or white. #01801X (dozen) **\$9.50**

### Bohning H.E. Nocks

Double lock throat, recessed indexer. Fit arrows with a .231" inside diameter (same as Easton 6 MM). 10 grains. Colors: apricot, kiwi, or electric blue. #0180X (dozen) **\$9.99**

### Bohning Signature Nocks

Features an indexer and recessed groove for perfect string fit. They fit 5/16" outside diameter arrows (.2445" and .246" inside diameter). 12 grains. Colors: rose, orange, neon fl-orange, fl-green, electric blue, black, or white. #0145X (dozen) **\$9.50** (100) **\$33.50**

## GLUE-ON NOCKS

### AAE Plastinocks

Features a double snap design for a positive string fit. Angled throat and longer ears. **Options:** diameter of 1/4" (6 grains), 9/32" (6 grains), 5/16" (11 grains), or 11/32" (14 grains), and color of red, fl-orange, fl-green, black, or white.

#01741X (dozen) **\$4.50** (100-pack) **\$17.99**

### Bohning Classic Index Nocks

Offers just enough pinch and the indexer (not on 1/4") is the perfect size for arrow alignment without looking. Innovative, Precise, and Consistent. These glue-on nocks have it all. **Options:** red, orange, fl-orange, yellow, fl-green, navy blue, purple, rose, brown, black, pearl, or white in 5/16" (11 grains), 11/32" (14 grains), or 1/4" (6 grains, white only).

#0135X (dozen) **\$4.99** (100) **\$25.99**

### Arrow-Fix Glue-On Hardwood Nocks

Give your wood arrows a complete traditional look and feel. Combines fine German craftsmanship and sturdy all-natural hardwoods. A great alternative to self nocks. Mount to a standard 11° taper. Color and grain patterns will vary. **Options:** 5/16" or 11/32".

#5589X (dozen) **\$18.50**

### Bohning T Nocks

Sleek body and no index for clean releases when shooting. Choose apricot, lime, rose, white, or yellow in 1/4" (6 grains), 9/32" (8 grains), 5/16" (14 grains), or 11/32" (15 grains).

#01931X (dozen) **\$4.99** (100) **\$25.99**

## LIGHTED NOCKS

### Nockturnal FIT

#### Universal Lighted Nocks

Use by itself for X (.204" inside diameter), or using the included bushings, it fits GT (.246"), S (.2445"), and H (.231") arrow shafts as well. 20 hour battery life. Weigh 25 grains. Colors: blue, or Strobing red/green.

#6729X (3-pack) Blue **\$35.99**

(2-pack) Strobing **\$35.99**

#6728 Install/Turn-off Tool **\$10.99**

### NOCKturnal™ Lighted Push-In Nocks

Featuring a string activated linear switch that is protected deep within the nock. They will not turn on or off inadvertently. No glue, magnets, or assembly required. Battery last 20+ hours. Ultra-light design at only 20 grains. Sizes: GT (.246"), S (.244"), X (.204"), or G (.165"). Colors: Red or green.

#6725X (3-pack) GT, S, or X **\$32.99** G **\$39.99**

### Burt Coyote

#### Lumenok® Lighted Nocks

30% brighter light than its competitors. No magnets, glue, or any moving parts to activate. The Lithium battery has a five year shelf life, and will stay lit for 40 hours. **Options:** nock model of Signature (26 grains), GT (28 grains), H (24 grain), or X (22 grains).

#6720X Lumenok® (3-pack) **\$31.99**

#6724 Replacement Batteries (2-pack) **\$6.50**

### NEW 3Rivers LED Lighted Nocks

Default size G Nock (0.165" inside diameter), with bushings included to adapt for X nocks (0.204" ID) and S nocks (0.244"/0.246" ID). The innovative design ensures a secure fit while remaining lightweight to preserve performance. Colors: green, red, blue, or strobe (RGB).

#0188X (3-pack) **\$24.99**

### Vermil Arrow Nocks

Made from a durable modern polycarbonate plastic, yet they are accurately modeled after the historic nocks used in ancient Asian and Eastern horse archery. The Y Nock is the more slender design with a flared opening and surprising durability. The V Nock features a wider mouth opening and shorter groove, for swifter nocking of an arrow. The U Nock is inspired by the traditional Turkish nock and features a slope interior designs for easy, hassle-free nocking. The M Nock is inspired by the arrows used during the Qing Dynasty in China. The press-in models fit arrows with an inside diameter of .246", to fit most standard size carbon arrows. **Options:** press-in or glue-on and model.

#63415X Vermil Nocks (6-pack) Press-in (V, Y, M, or U) Glue-on (V in 11/32" or 5/16") **\$6.99**

## NOCK TOOLS

### Lumenok® F.A.S.T. Squaring Tool

Squares arrow and cleans nonconductive material from the end of an arrow.

#46152 **\$47.99**

### Easton Universal Nock Tool

For removing all nock sizes. Includes a threaded shank for removing broken press-in nocks.

#0148-01 **\$11.25**

SEE VIDEO ONLINE

# CARBON ARROW SHAFTS

## MICRO DIAMETER SHAFTS - 9/32" outside diameter or less

.165" & .166" Inside Diameter Shafts

### Victory VAP SS Gamer Carbon Shafts

A .166" inside diameter with a 90° carbon fiber weave infused with layers of stainless steel. Pairing high FOC and a light and fast design for sledge-hammer momentum that plows through anything in its path. The advanced 3K carbon weave offers less torque and faster recovery in-flight for better accuracy and shot to shot consistency. ICE nano ceramic coating is the slickest coating available. Nocks installed, outserts included.

#68301X (dozen) **\$239.99**

Spine	Point	GPI	Length	Outsert	Nock	Collar
400	5/16"	8.6	31"	50 gr	IP4	--
350	5/16"	8.8	31"	50 gr	IP4	--
300	5/16"	9.9	31"	50 gr	IP4	--
250	5/16"	10.8	31"	50 gr	IP4	--
Straightness ±.003"				Weight ±0.5 gr		

### Victory VAP TKO Sport Carbon Shafts

Features Victory's most advanced carbon engineering, with a .166" inside diameter. The high modulus 100% carbon fiber construction means durability and long life. High FOC balance and dramatically reduced down range crosswind deflection. The advanced 3K carbon weave provides less torque and faster recovery in-flight for better accuracy and shot to shot consistency. ICE nano ceramic coating is the slickest coating available. Nocks installed, outserts included.

#68311X (dozen) **\$179.99**

Spine	Point	GPI	Length	Outsert	Nock	Collar
400	5/16"	7.9	31"	50 gr	IP4	--
350	5/16"	8.7	31"	50 gr	IP4	--

250	5/16"	12.3	33"	50 gr	G	--
Straightness ±.003"						

### Gold Tip Kinetic Pierce™ Carbon Shafts

Features an ultra-micro diameter (.166" inside diameter) to maximize penetration. The insert tapers up to a 5/16" diameter. Get pinpoint accuracy as they sit close to center on your bow, and wind drift has a minimized impact. The point end is reinforced with ballistic collars (23 grains, add 1" to overall length) for incredible durability on hard impacts.

#67093X (dozen) **\$139.99**

350	5/16"	10.6	34"	100 gr	M	D
Straightness ±.005"				Weight ±1 gr		

### Black Eagle X-Impact Carbon Shafts

Made from 100% high-mod carbon, an extremely light material, which allows for more FOC (front of center) weight. They sit closer to center on your bow for easier tuning, and wind drift has little impact during flight. .165" nano inside diameter. Included black anodized 7075 T6 aluminum alloy outserts add 1" to the overall length of the shaft.

#681400X (6-pack) Spines 500, 400, 350, 300 **\$104.99** 250 spine **\$107.99** 200 spine **\$109.99** #681218X Replacement Outserts - (dozen) **\$25.99**

### Traditional Only® Barebow Carbon Shafts

3Rivers Archery has partnered with Traditional Vision Quest and Easton Archery to produce a Traditional Only® arrow with a .204" inside diameter. Features a solid white no-glare PhotoFusion™ finish that will not wear down or chip off with heavy use. The high visibility is great for shot placement and easy arrow retrieval. The white finish makes this a particularly good arrow for "gap" shooters, allowing for better focus on the end of the shaft when at full draw. White Easton X nocks installed, and half-out inserts included (compatible with HIT inserts).

#67480X Barebow Carbon Shafts (6-pack) **\$72.99** (12-pack) **\$135.99**

#67482X Barebow Bare Shaft Test Kit A (one each: 700,600,500), Kit B (500,400,340), Kit C (340,300,260) **\$32.99**

### Easton Carbon Legacy™ - 5MM Fred Eichler Edition Carbon Shafts

### Victory RIP TKO Gamer Carbon Shafts

Designed to be the perfect combination of penetration, speed, and durability. The small (.204" ID) diameter and high modulus 100% carbon fiber reduces wind drift while increasing penetration. MaxxKe™ technology pumps up the kinetic energy for harder hitting shots and quicker recovery in flight. The ICE nano ceramic coating is the slickest arrow coating available. Nocks installed, SHOK® inserts included.

## ARROW DYNAMICS TAPERED SHAFTS

### Arrow Dynamics Carbon Shafts

Redesigned to accept today's most popular nocks (same inserts though). Featuring a parallel-to-taper design for easier tuning, faster shot recovery, less wind drag, and great FOC (front of center) weight. One of the most realistic woodgrain finishes with a non-glare durable finish that won't wear off. Nocks installed, inserts included.

**Nitro-X** - Same classic design, but nock end is a .204" inside diameter.

#68071X Woodgrain (6-pack) **\$74.99** (12-pack) **\$139.99** #68072X Black (6-pack) **\$64.99** (12-pack) **\$119.99**

**Hammer Head Woodgrain** - The first 11" of the point end are twice as thick for incredible FOC weight and extra durability. Nock end is a .204" inside diameter.

#68073X (6-pack) **\$79.99** (12-pack) **\$149.99**

**Stinger** - Ultra micro nock end (.165" inside diameter) for Extreme FOC weight. Uses a Bohning F or Easton G nock. Point end is .246" inside diameter for first 13".

#67871X Woodgrain (6-pack) **\$67.50** (12-pack) **\$124.99**

#67872X Black (6-pack) **\$59.99** (12-pack) **\$109.99**

## ALUMINUM ARROW SHAFTS

### NEW Traditional Only® Autumn Orange XX75 Aluminum Shafts

Extruded from a super strong 96,000 psi 7075-T9 alloy and features a hard anodized classic Autumn Orange finish. You'll not only enjoy a sturdier, more attractive arrow, but you'll also notice easier arrow removal. Aluminum UNI bushings and nocks installed, inserts included.

#67750X Autumn Orange Shafts (6-pack) **\$31.99** (dozen) **\$57.99**

### Easton XX75 Gamegetter® II Aluminum Shafts

The blending of strength, flexibility, and affordability in the most popular spines. Made of super strong 96,000 psi 7075-T9 alloy with hard-anodized black finish. Uses super UNI Bushing for indexable, high-precision nock alignment and protection from nock end impacts. Super nocks and composite UNI bushings installed, inserts included.

#6776X Shafts (dozen) **\$59.99** #6790-5 Test Kit (one of each spine) **\$20.99**

### Easton XX75 Jazz™ Aluminum Shafts

Made from a sturdy 7075 aerospace aluminum alloy coated with a hard-anodized finish. These tough shafts are ready to take on any challenge, whether you're an experienced shooter or a beginner. Includes inserts and white Bohning F nocks.

#68060X (6-pack) **\$34.99**

### Easton XX75 Camo Hunter® Aluminum Shafts

A classic camo style with precision and strength, in a long list of available spines. Super strong 96,000 psi 7075-T9 alloy with hard-anodized 4-tone camo and easy draw finish. UNI bushings and nocks installed, inserts included.

# WOOD ARROW SHAFTS

## 3Rivers Pre-Finished Wood Shafting

Walnut stained and sealed with Gasket Lacquer. Made from Port Orford cedar. Nock end is precision tapered. Stock length of 31". Outside diameter and spines: 5/16" 30-35# or 35-40#. 11/32" 40-45# to 60-65#. 23/64" 65-70# to 80-85#.

#4074X (dozen) **\$67.99** 

### A. 3Rivers Port Orford Cedar

Hand spined and sorted for consistency. Moderate weight and easy to hand straighten. Smooth burnished finish. From the Western US coast. See online for availability of additional heavier weight spines, limited quantity. Outside diameter and spines: 5/16" 30-35# to 40-45#. 11/32" 40-45# to 65-70#. 23/64" 45-50# to 80-85#.

#1112X (dozen) **\$54.99** (100) **\$399.99** 

See online for heavier spines.

### A. 3Rivers Weight Matched Parallel Port Orford Cedar

Same POC shafts as above, but they are grouped in 20 grain groups for greater consistency. Outside diameter and spines: 11/32" 40-45# to 60-65# (see online for heavier). 23/64" 60-65# to 75-80#.

#1213X Weight Matched 11/32" (dozen) **\$61.99** #1313X Weight Matched 23/64" (dozen) **\$61.99** 70-75# and up **\$64.99** 

### A. **NEW** 3Rivers Port Orford Cedar Raw Youth Shafts

Unspined 5/16" quality wood shafting for building your own youth arrows. Options: 24½", 26½", or 28½".

#4294-100X (100-pack) - 24½" **\$39.99** 26½" **\$79.99** 28½" **\$109.99** 

### B. 3Rivers Weight Matched Tapered Port Orford Cedar

Same great POC as above, but with a 10" taper to 5/16" on the nock end for faster shot recovery. Weight matched to 20 grain groups. They are spined before they are tapered. See online for additional spines. Outside diameter and spines: 11/32" 40-45# to 65-70#. 23/64" 50-55# to 60-65#.

#0442X (dozen) **\$71.99** 

### C. 3Rivers Western Larch (Tamarack)

Very easy to work with, readily hand straightens, and accepts stains and sealers well. The grain is tight and straight, it is an extremely durable softwood with a heavy mass weight and looks that are similar to Douglas Fir. Weight matched to 20 grain groups. Outside diameter and spines: 11/32" 40-45# to 70-75#.

#07311X (dozen) **\$52.99** 

### D. 3Rivers Ash

Known for its straight prominent grain lines and Extreme Durability. Ash makes excellent arrows. A moderate to heavy mass weight white wood that stains easily. Use heat to straighten. Weight matched to 20 grain groups. Outside diameter and spines: 11/32" 40-45# to 70-75#.

#8051X (dozen) **\$52.99** 

### E. Select Bamboo Shafting

Spine-matched 33" natural bamboo shafting that come ready to work on, just check for straightness. Bamboo gives you the natural look of wood in a shaft that's as strong as carbon. Spines: 35-40# to 60-65#.

#63303X (6-pack) **\$32.99** 

A.

B.

C.

D.

E.

#### Arrow-Fix Selfnock Cutter

Make authentic primitive and medieval style arrows. The saw groove ensures that the nock groove is always centered on the shaft. Fits up to 3/8" diameter.

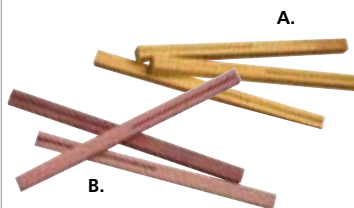

#5597X Cutter **\$45.99** With File **\$59.99**

#### Bearpaw Self Nock Jig

Cut precise self nock and reinforcement slot on wood arrows. Cuts 1" for the reinforcement, and 1/2" for the nock. Fits 5/16", 11/32", and 23/64" shafts.

#5635 **\$79.99**  [SEE VIDEO ONLINE](#)

A.

B.

#### 3Rivers Hardwood Foot Blanks

Ready to glue into pre-cut arrow shafts. Approx 8" x 1/2" x 1/2" with 4" wing cuts. Options: A) Osage or B) Purple Heart.

#4438X 4-Wing (dozen) **\$16.99** 

#4436X 2-Wing (dozen) **\$16.99** 

#4435-1X Blanks (no wing cuts, dz) **\$10.75** 

#### 3Rivers 4-Point Arrow Footing Jig

For prepping shafts to take a 4-wing foot blank (left). Requires a drill press or router (not included). Instructions and router bit included.

#5598 **\$89.99**

## How To Find The Right Spine For You

Our Spine Selection Charts are a great starting point, BUT they are only a reference point, not guaranteed to be an EXACT match for your bow. Test kits are highly recommended.

### STEP 1: Find your Arrow Length and Draw Length.

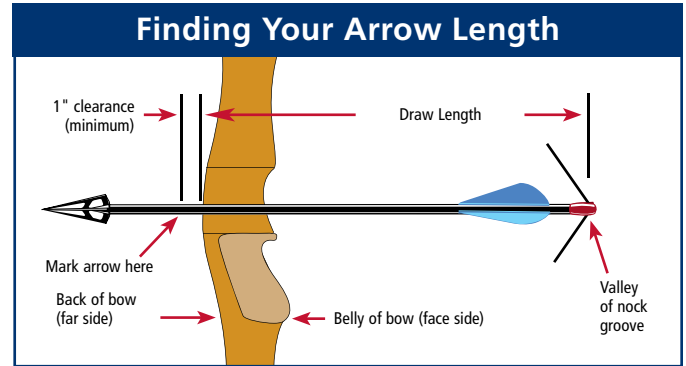

The Correct Arrow Length is best determined by drawing back an extra-long arrow (draw check arrow below) to full draw and having someone mark the arrow right in front of the handle. Measure the arrow from the mark to the valley (deepest part) of the nock groove. This is your DRAW Length. For ARROW length we recommend adding 1 or 2 inches to this measurement so your broadhead will not bump the bow shelf. For target archery this is not as important, but be sure to leave enough arrow so it does not come off the inside of the bow shelf.

### STEP 2: Determining Actual Peak Bow Weight

This is measured at your draw length, not by what the bow has written on it. The reason is a bow will be roughly 2-3# different for every inch +/- the rated draw length. Even if you draw at your bow's rated draw (normally 28") the industry standard allows a bow manufacturer to be  $\pm 2\#$  from rated bow weight and still mark/sell at the rated weight. So your marked 45# @ 28" bow could actually be 47# @ 28". Using an accurate scale, see page 65, draw the string until you hit your draw length and hold. Observe the weight on the scale. Repeat as you see fit.

### STEP 3: Arrow Selection Chart

Once you have your Arrow Length and Actual Bow Peak Weight, you are ready to select your correct arrow spine. Find your bow type and bow weight along with the point weight you plan to use. Most common is 125 grains. Now move across the chart until you find your arrow length. Note: The 1/2" marks over lap on the chart, if you are on two different spines we highly recommend getting a test kit first. Remember, these are only recommendations, the final decision is up to you.

## Easton Draw Length Indicator Shaft

An easy, convenient way to check your draw length on your own bow. Clear markings show you the exact measurement in inches. Measures draw lengths up to 34". Not for shooting.

#6769 Draw Check Shaft (each) **\$11.99**

## Standard Fletch Your Shafts

You pick the shafting, we do the work. We offer standard fletching on any of our carbon or aluminum shafting on pages 76-81 that we do not offer pre-fletched on pages 22-27. You pick the arrow shafting and our experienced fletchers will 3-fletch them with 5" shield cut left wing TrueFlight feathers. The cock feather will be traditional barred and your choice of white, yellow, red, or fluorescent lime hen feathers. Fletched on a clear cap wrap. No substitutions. Allow 4-7 additional business days for order processing.

Ask for Standard Fletching When Ordering Shafting

(6-pack) **\$51.99** (dozen) **\$84.99**

## Custom Fletched Arrows

Don't settle for pre-fletched arrows, show off your own "style" without paying hundreds of dollars on tools and supplies! Use our online Arrow Builder tool to help you create your very own custom arrows. As you select items, the intuitive Arrow Builder will only show you what will work with your selections, so make your selections WORRY FREE! Our fletchers have years of experience building all varieties of arrows from 3-fletch to 6-fletch with all different styles and combinations you can think of. Let us build a 6-pack or dozen for you today! Within two week's time we will have your custom made arrows shipped out from our warehouse and on their way to your quiver!

Go to [3RiversArchery.com/arrow-builder.html](http://3RiversArchery.com/arrow-builder.html) and start building your next set of dream arrows.

## Arrow Services

### Cut & Taper - Wood, Carbon, Aluminum

We can cut to length and taper the point end of wood arrows. Specify length, by measuring from the valley of nock to back of point. For wood arrows, max length is stock length minus one inch.

#CUT6X Wood (6-pack) **\$5.00** (dozen) **\$10.00**

We can cut your aluminum and carbon shafts to length. Specify length, measured from the valley of the nock to the end of shaft.

#CUTX Carbon or Aluminum (6-pack) **\$5.00** (dozen) **\$10.00**

### Installing Carbon Point OR Nock Collars

#MTCX Point Collars (6-pack) **\$6.00** (dozen) **\$12.00**

Point collars service is free when getting inserts installed.

#MTCNX Nock Collars (6-pack) **\$9.00** (dozen) **\$13.00**

### Installing Weight Tubes

#MTWX (6 tubes) **\$6.00** (12 tubes) **\$12.00**

### Install Points and Inserts

#MTP-6X Field Points (6-pack) **\$6.00** (dozen) **\$12.00**

#MTB-6X Broadheads (6-pack) **\$15.00** (dozen) **\$19.00**

#MTO-6X Other Points (6-pack) **\$15.00** (dozen) **\$19.00**

#MTI-6X Point Inserts (6-pack) **\$6.00** (dozen) **\$12.00**

(Broadheads, points, and inserts are sold separately)

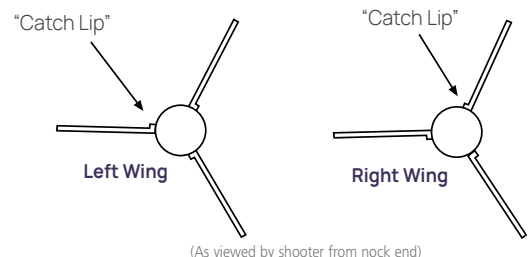

Please Note: Any service requested may delay shipment. Items with services applied are non-refundable.

## What Wing Feather to Shoot?

It is an old belief that Right hand (RH) shooters must shoot Left wing (LW) so the arrow spins away from the riser. This is not the case. An arrow only starts spinning once it is several feet in front of the bow, so feel free to shoot Left or Right wing

### What Feather Profile?

This is also a personal choice. The bigger and longer the feather is, the more surface area for wind to drag on. This not only stabilizes your arrow in flight, but slows it down. The most popular is 5" shield. The difference is small, but some believe parabolic to be quieter as it has slightly less surface area compared to shield cut.

# SPINE SELECTION CHARTS

Using these charts or calling our tech line can help you pick a spine, however, the final choice is yours. No refunds on arrows that have been cut or "don't fly right." Follow the directions on left page on how to use

-- SEE Test Kits listed with arrows/shafting descriptions

# ARROW SEALERS & STAINS

## Bohning Fletch-Lac Sealer

Produces a hard, chip-resistant finish. Recommended for wood shafts. Blue clear will not yellow with age. Super coat creates a harder finish coat. ONLY use Fletch-Tite Platinum (page 88) when fletching. Cannot be used with gasket systems. Free Dip method only. Options: clear or blue clear.

#4108X Clear/Blue Clear (pint) **\$27.99** (quart) **\$43.99** Super Coat (pint) **\$29.99** (quart) **\$47.99** 🔥

## Bohning Fletch-Lac Finishes

High gloss and bright pigment finish for all shafting. ONLY use Fletch-Tite Platinum (page 88) to fletch on. Colors: A) black, B) blue, C) green, D) orange, E) red, F) yellow, or G) white.

#4104X Finishes (pint) **\$31.99** (quart) **\$54.99** 🔥 #4116X Thinner (pint) **\$29.99** (quart) **\$43.99** 🔥

## Bohning Crest-Lac Waterborne Dipping Paints and Sealer

Formulated using the latest technology to dry to an extremely glossy, durable, and thin finish. Will not separate as quickly as other waterborne paints. Offers the best flow for flawless dips. Non-flammable and non-hazardous, with a very faint odor. Clean-up with soapy water. Free Dip method only. Colors: A) black, B) blue, C) green, D) orange, E) red, F) yellow, or G) white. Clear gloss sealer has great fletching adhesion.

#41011X Paints (quart) **\$59.99** 🔥  
Sealer (quart) **\$45.99** 🔥

## True North Waterborne Crown Dipping Paints

100% waterborne high-gloss enamel exterior grade paint/sealer. Low odor and no VOC (volatile organic compounds). Cleans up with soap and water. Dries in approx one hour. Colors: A) black, B) blue, C) orange, D) red, E) green, F) ivory, G) white, H) yellow, I) pink, J) purple, K) vintage green, or L) vintage blue.

#7231X (pint) **\$40.99** 🔥

## True North Arrow Finish

Durable and works best with the Free Dip method. Pre-thinned. Options: gloss or satin.

#7238X (pint) **\$42.99** (quart) **\$65.99** 🔥

## 3Rivers Water-Based Clear Gloss Sealer

Quality "high solids," exterior grade, water-based acrylic sealer. Fast drying with minimal odor. May ship air (internationally too). Free Dip method only. Clear gloss.

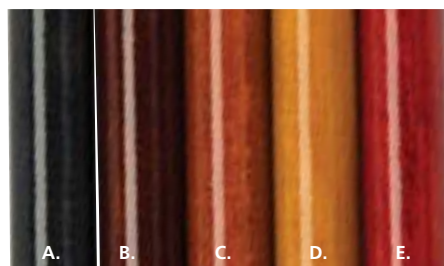

#7250-1 (pint) **\$29.99** 🔥

## Bohning SSR Shaft Cleaner

Degreases and removes oil, dirt, and debris from your shafts. Not for wood shafts. Options: teaspoon packet (1 use) or a 2.65 ounce bottle (approx 12 uses).

#41140X (packet) **\$7.50** (bottle) **\$16.50** 🔥

## 3Rivers Alcohol Based Stains

Penetrates shafting, and creates deep beautiful hues. Colors may vary. Recommend 24 hour dry time before sealing over. Colors: A) charcoal gray, B) black walnut, C) southern pecan, D) harvest gold, or E) Mohave red.

#StainAX (pint) **\$17.99** 🔥

## Fiebing's Water-Based Stains

Water based formula. Deep penetrating and 100% non-flammable. May ship overseas and air mail. 24 hour dry time. Colors: A) tan, B) medium brown, C) yellow, D) red, E) green, F) dark brown, G) blue, or H) black.

#6420X (4 oz) **\$8.99** 🔥

## True North Water Based Stains

Super bright and vibrant colors. Very low odor. Soap and water clean up. Fast 4 hour dry time. Colors: A) orange, B) purple, C) pink, D) green, E) blue, F) gray, G) yellow, H) black mahogany, I) honey, or J) rosewood.

Not shown: light walnut and osage.

#7240X (4 oz) **\$16.50** 🔥

### NEW Thunderbird Water Based Finish

Uses a water based urethane/acrylic blend for a semi-gloss finish that is quick drying with low odor. There's little mess, and easy clean-up. Works with gasket dipping systems.

#6652 (quart) **\$55.99**

### Thunderbird Sealer

Combines the fast drying of lacquer with the durability of polyurethane. Flexible to expand and contract without cracking. Dries in 5-10 minutes. Recommended fletching with Arrow Mate (page 88). Options: gloss or satin.

#6651X Sealer (qt) **\$31.99**

#6651-03 Thinner (qt) **\$25.99**

### 3Rivers Gasket Lacquer

Use with gasket systems (see below), no thinner required. Dries in seconds. Low fumes and no mess! See our online demo video. We recommend fletching with Nitrocellulose, Duco cement, or Bohning Fletching Tape. 1 Quart.

#6000 Clear **\$29.99**

#6001 White **\$59.99**

## ARROW DIPPING TOOLS

### A. Big Dipper / Little Dipper

Molded of sturdy, easy to clean plastic in a space saving design. Makes it quick and easy to paint or sealer your arrows. The 3" wide upper chamber for easy viewing and filling. Can be used with the Free Dip method or pair with the Speed Coat Cap (#6200) below. Includes a screw-on lid. The Big Dipper measures 35" overall for full length coverage. Uses 1 3/4 pints to fill. Little Dipper is 14" overall. Takes 1 1/2 pints to fill.

#5110X Dippers (each) **\$19.99**

#5110-1 Extra Lid (each) **\$1.99**

A.

### B. 3Rivers Arrow Dipping Rack Kit

Solid pine build. Holds up to six Big/Little Dippers. All parts are pre-cut, pre-drilled, and rough sanded. Instructions included. Assembly Required. Dip tubes and shafts sold separately. Options: with (shown) or without metal arrow clips (for holding arrows once dipped).

#8504X with clips **\$59.99** without **\$45.99**

### C. 3Rivers Table Top Dipping Rack

Save space by mounting to a work bench with clamps (not included). Made from pine. Features a drying rack attachment you can mount metal clips for drying dipped arrows. Holds up to three dip tubes (sold separately). Pre-cut, pre-drilled, and rough sanded. Instructions Included. Assembly Required. Options: with (shown) or without metal arrow clips.

#8509X with clips **\$34.74** without **\$21.99**

### D. Speed Coat Dipper Cap Kit

Mounts to the top of your Big or Little Dipper (sold separately). Reduces fumes and saves on dry time by removing excess Gasket Lacquer when you seal your arrows. Dip a dozen shafts in less than half an hour. Includes one cap and two gaskets.

#6200 Cap Kit **\$13.99**

#6201 Extra Gasket (each) **\$6.99**

B.

Dip Tubes and shafts not included

C.

Dip Tubes not included

D.

In Use

### 3Rivers Arrow Dipping Plugs

Soft vinyl plugs specially sized and tapered to fit carbon and aluminum shafting. Used to plug the end of your shafts while dipping to keep paint out. Reusable. Micro for small diameters (9/32" and less), and Max for larger diameters (5/16" and up).

#4127 Micro (dozen) **\$7.75** #4128 Max (dozen) **\$7.75**

### Eco-Dipper

Attaches directly to a can of paint or sealer, saving time and space! Easy and fast clean up. Great for the beginner arrow builder and those with little work space. See instructional video online. Use with Gasket Lacquer.

#6199 Eco-Dipper **\$31.99** #6199-1 Gasket ONLY **\$1.99**

# ARROW CRESTING

## CRESTING SUPPLIES

### SpinRite Creater

The most versatile crester available anywhere. Even novice arrow builders can crest arrows with fine, straight lines. Fully adjustable arrow stop, support rollers, idler arm, and motor arm for pin-point precision and tuning. Even helps with removing wobble from not-so-straight shafts. Features dual arrow capture, 9½" working area, and moveable pattern guide. **Options:** USA or European power cord plug.

#8005X SpinRite - European or USA plug **\$259.99** 🇺🇸

### SpinRite Battery Adapter

Operates your SpineRite Creater for up to 16 hours on just four AA batteries (not included).

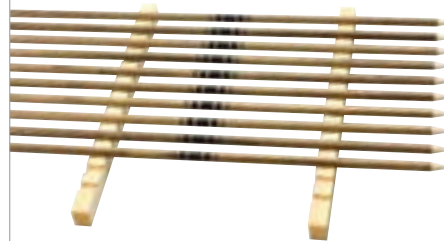

#80051 **\$16.99** 🇺🇸

### MACK Cresting Brushes

The 1/2", 1/4", and 1/8" are a blend of pony and goat hair (strong, but also soft) with aluminum ferrules and varnished handles. The hairline brush is fine red sable with seamless nickel ferrule on a black handle.

#4123X A. (1/2") **\$10.75** B. (1/4") **\$7.75**  
C. (1/8") **\$6.75** D. (hairline) **\$10.99** 🇺🇸

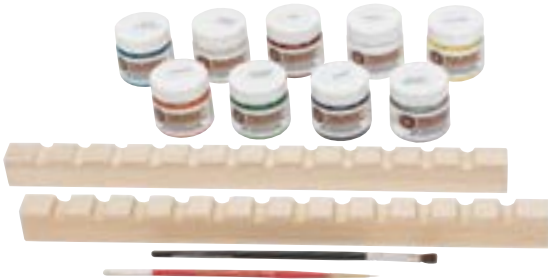

### 3Rivers

#### Cresting Drying Rack

Made from solid pine. They hold 12 arrows of any diameter. Arrows not included. Measures approx 11½" x 5/8" x 3/4".

#8505 (pair) **\$5.50** 🇺🇸

### True North Arrow Cresting Kit

Just add a crestring machine and you're ready to go! Includes two 7" crestring brushes (1/4" and hairline), drying rack, 1 oz jar of clear gloss finish, and 1 oz jars of crestring paints. All paints and the finish are 100% waterborne high-gloss enamel exterior grade. **Options:** STANDARD kit (with colors: black, white, red, yellow, feather blue, feather green, orange, and silver), VINTAGE (with vintage colors: gray, light yellow, sunset, light green, ivory, black cherry, light blue, and (non-vintage) metallic silver), or BASIC (black, white, and metallic silver).

#7241X Standard or Vintage Kit (eight colors) **\$79.99** 🇺🇸 #7242 Basic Kit (three colors) **\$58.50** 🇺🇸

## CRESTING PAINTS

### True North Waterborne Cresting Paints

100% waterborne high-gloss enamel exterior grade paint/sealer. Colors: A) black, B) white, C) yellow, D) feather blue, E) feather green, F) red, G) pink, H) purple, I) dark blue, J) silver, K) gold, L) lime, M) fl-orange, N) metallic red, O) metallic blue, P) metallic green, Q) metallic purple, R) vintage light green, S) vintage black cherry, T) vintage sunset, U) orange, V) vintage gray, or W) vintage OD green. Cresting Sealer (gloss or satin).

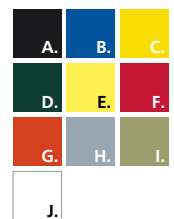

#7230X (1 oz) **\$14.50** 🇺🇸

### Bohning Crest-Lac Cresting Paint

An acrylic waterborne paint that dries to a thin, yet hard, glossy finish. Colors: A) black, B) blue, C) metallic gold, D) hot pink, E) magenta, F) neon green, G) neon orange, H) neon yellow, I) orange, J) purple, K) red, L) silver (nonmetallic), M) teal, N) white, O) yellow, P) green, Q) neon red, or clear.

#4101X (1 oz) **\$11.99** 🇺🇸

### Bohning Fletch-Lac Cresting Paint

Specially formulated to give better coverage than dipping lacquers when crestring. Dries to a hard, chip resistant, brilliant finish. Use only with Fletch-Lac products.

Colors: A) black, B) blue, C) yellow, D) green, E) saturn yellow, F) red, G) orange, H) silver, I) gold, J) white.

#4100X (1 oz) **\$12.50** 🔥

## ARROW WRAPS

### 3Rivers Solid Color Arrow Wraps

Use on carbon, aluminum, or wood shafts up to 23/64" in diameter.

Allows ease of re-fletching arrows. Measure 7" long.

Colors: white, red, fl-orange, orange, yellow, fl-yellow, green, blue, purple, hot pink, black, reflective white, reflective yellow, or clear (not shown).

#7979X (dozen) Solid, Clear, and Florescent Colors **\$15.99** Reflective **\$17.99**

Reflective

### NEW 3Rivers Solid Crested Arrow Wraps

Made extra-long at 8" to comfortably fit all length fletchings. Easy install on any shafts.

Colors: red, orange, yellow, chartreuse (+\$2), green, blue, pink, or white.

#79794X (15-pack) **\$17.99**

### 3Rivers Crested Arrow Wraps

Colors: red, orange, yellow, lime, gold, black, silver. 7" long.

#79791X (dozen) **\$17.99**

### NEW 3Rivers Topo Arrow Wraps

Colors: green, black, or brown. 7" long.

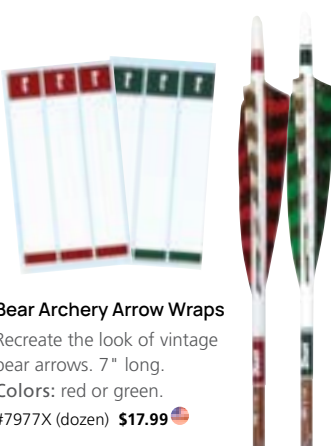

#7979-3RX (15-pack) **\$15.99**

### Fred Bear Camo Arrow Wraps

Famous Fred Bear camo pattern. Measure 7" long.

#7984 (13-pack) **\$25.99**

### Bear Archery Arrow Wraps

Recreate the look of vintage bear arrows. 7" long.

Colors: red or green.

#7977X (dozen) **\$17.99**

### NEW Reflective American Flag Style Arrow Wraps

Colors: red/white/blue, black, or white. 8" long.

#79795X (15-pack) **\$19.99**

### Fur Tracer Arrow Enhancers

Used for a bright visual reference.

Colors: hot pink, fl-lime, white, or orange.

#9108X (dozen) **\$5.99**

### Clear 9" Arrow Wraps

Use to protect crown dip and cresting from chipping or smearing. Fits up to 23/64".

#7983 (dozen) **\$13.99**

### Reflective Arrow Locator Tape

Helps with finding lost arrows.

Measures 5 1/2" x 1" each. Adhesive backed.

#7976 (pair) **\$7.99**

### NEW 3Rivers Arrow Wrap Pad

Provides a smooth, flexible surface for rolling on arrow wraps. 9 3/4" x 8".

#7974 **\$8.99**

# GLUES & ADHESIVES

## INSERT GLUE

### A. Bohning Ferr-L-Tite Cool Flex

- Specially formulated with carbon arrow inserts in mind.
- Relatively low melting temp.

#4191-01 (1/2 oz) **\$5.99** 🇺🇸

### B. Insert Weld

- Military grade high-viscosity.
- Shock resistant.
- Stays bonded in extreme conditions of -65°F to +280°F.
- Goes on black, stays black.
- Maximum 90 second bond time.
- Recommended for inserts only.

#4460 (1 oz) **\$23.99** 🇺🇸

### C. Beyond Bond

- For inserts, nocks, and fletchings.
- Extra thick so won't run.
- Approx 1-3 minutes dry time.

#5785 (1/2 oz) **\$11.99** 🇺🇸

### D. Bohning Insert Iron

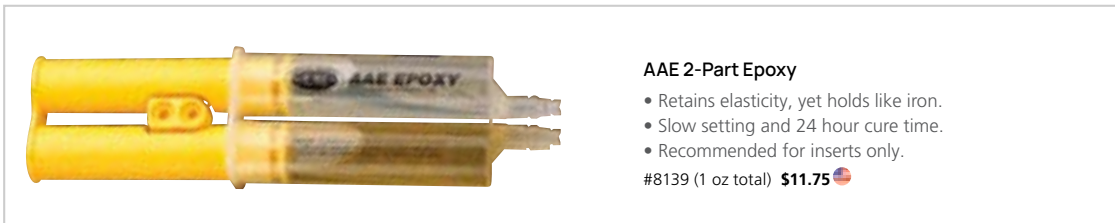

- High impact and shock resistant.
- Heat reversible bond.
- Tenacious holding power.
- 24 hour cure, full bond in 72 hours.

#4455 (1 oz) **\$16.50** 🇺🇸

### E. Easton QuickBond

- Max strength and impact resistant.
- Cures in 15-30 minutes.

#6783X (1/2 oz) **\$14.99**

### AAE 2-Part Epoxy

- Retains elasticity, yet holds like iron.
- Slow setting and 24 hour cure time.
- Recommended for inserts only.

#8139 (1 oz total) **\$11.75** 🇺🇸

## FLETCHING GLUE

### Fletch-Tite Platinum

- Flexible and durable bond that increases over time.
- 5 min set, full cure in 48 hours.

#5053X (3/4 oz) **\$6.50** Pint **\$24.99** 🇺🇸

### Duco Cement

- Dries crystal clear.
- Resists clogging or drying out.
- 5 min set, full bond in 16 hours.

#4184 (1 oz) **\$7.50** 🇺🇸

### Arrow Mate Cement

- Dries fast and clear.
- Strong and flexible.
- Unmatched durability.
- 10 minute dry time.

#4372X (1 oz) **\$7.50** Pint **\$47.99** 🇺🇸

### Flex-Bond Adhesive

- Strong flexible bond.
- For aluminum and carbon shafts.
- Reliable in the harshest of weather.
- 7-10 minute drying time.

#5985 (3/4 oz) **\$9.99** 🇺🇸

### .30-06 Outdoors Fletch Weld

- Perfect for carbon & aluminum.
- Use with vanes or feathers.
- Temp rated at -65°F to +280°F, and water resistant.
- 15 second bonding time.

Options: 1 oz. or 0.5 oz.  
#44602X (0.5 oz) **\$14.99**  
(1 oz) **\$16.99** 🇺🇸

### AAE Max Bond Vane Adhesive

- Recommended for AAE Trad Vanes (page 67).
- Highly viscous.
- Easy to work with.
- Easy to use Applicator tip built into the cap.
- Cures within 5 minutes.

#44606 (0.7 fl oz) **\$18.99** 🇺🇸

### G-Lock Blu-Glu Fletching Adhesive

- Blue color, easy to see.
- Dries clear.
- Solid yet flexible bond.
- Dries in seconds.

#44607 (0.68 fl oz) **\$12.99** 🇺🇸

### Byron Ferguson Fletch & Insert Glue

- Engineered to fill in gaps making your fletchings and inserts very secure.
- Resists shock and impact.
- Fletch 4-6 dozen arrows.
- Sets in 60 seconds.

#6697 (1/2 oz) **\$11.50** 🇺🇸

SEE OUR FLETCHING GLUE / ARROW FINISH COMPATIBILITY CHART ONLINE

### Nitrocellulose Adhesive Glue

- Use with Gasket Lacquer arrow finish.
- 5-10 min dry time.
- Low odor. 🔥

#5999X (2 oz) **\$7.99**  
(pint) **\$17.99**  
(quart) **\$32.99**

### Hot Melt

- Low melting point.
- Heat to use.
- Better elasticity than other point glues in cold climates.
- Instant cure.
- For glue-on points.

#5491 (1½ oz) **\$3.99** 🇺🇸

### Bohning Ferr-L-Tite

- Instant cure.
- Heat to use, higher melting point compared to other point glues.
- High tensile strength.
- For glue-on points.

#4191 (½ oz) **\$5.99** 🇺🇸

### Kimshaw Quick-Stick

- Instant cure.
- Works in all climates.
- Heat to use.
- For glue-on points.

#5492 (2 oz) **\$11.50** 🇺🇸

## GOAT TUFF GLUE

### Goat Tuff High Performance Glue and B. Stand

Thicker to make it easier to work with. Great for fletching, as well as installing nocks and inserts. Bonds within 60 seconds. Bond of over 4,000 psi. It's weatherproof and impact resistant. Stand sold separately.

#6060 Glue (½ oz) **\$13.99** 🇺🇸 #6066 Glue Stand **\$14.99** 🇺🇸  
#6062 Debonder (1 oz) **\$12.99** 🇺🇸 #6063 Accelerator (2 oz) **\$15.99** 🇺🇸  
#6065 Replacement Tips and Caps (2-pack) **\$6.50** 🇺🇸

### Goat Tuff Impact Glue

A quick drying rubberized adhesive that produces a superior bond. Use to bond inserts, broadheads, and points. Weatherproof and long lasting.

#6061 (0.5 oz) **\$15.99** 🇺🇸

## FLETCHING TAPE

### Bohning Fletching Tape

No need to fuss with messy glue. Roll the Bohning fletch tape onto your clamped feather, peel the backing off, and press the feather onto the shaft and it's done. Approx 3/32" wide by 60 feet long.

#5384 **\$12.99** 🇺🇸

### Bearpaw Feather Fletching Tape

A double-sided tape that holds strong and leaves no mess (like glues). Enough to do at least three dozen 3-fletched 5" fletches. You'll never go back to glue as it's so fast and easy to use. Sticks to all shafts, sealers, and wraps.

#53841 (60' roll) **\$9.99**

## BOW ADHESIVES

### Titebond III Wood Glue

Waterproof wood glue. Ideal for hickory backing, sinew, and rawhide backing.

#5615 (8 oz) **\$15.50** 🇺🇸

### Titebond Liquid Hide Glue

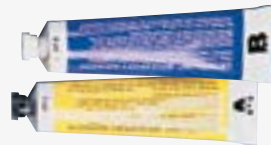

Easy to apply. Water cleanup. For sinew backing bows. All hide glue is water soluble.

#5614 (8 oz) **\$15.50** 🇺🇸

### MT-13 Takedown Bow Sleeve Glue

This is the epoxy to use for any wood-to-metal project. Perfect for the takedown sleeves we offer.

#4459 (5 oz) **\$25.99** 🇺🇸

### Smooth-On EA-40 2-Part Epoxy

It's easy to mix, easy to use and it's used by nearly every bowyer in the USA. For gluing up a fiberglass laminated bow, wood-to-wood, or wood-to-bamboo.

#4458 **\$85.99** 🇺🇸

### Barge Cement

An excellent adhesive for all leather work including attaching leather grips and arrow rests to bows. Can also be used as a fletching cement.

#4188 (2 oz) **\$8.75** 🔥

## ADHESIVE TOOLS

### Point Brush

- Stop losing your points!
- Cleans interior of your points and broadheads to bare metal for superior glue bond.
- Prepping points means less lost points.

#4131 **\$8.99** 🇺🇸

### Glue Bottle With Metal Tips

- Bottle and two long-lasting metal tips.
- Small bead of glue perfect for fletchings.

#6950 With Tips **\$11.99** 🇺🇸

#4189 NO Tips **\$3.25** 🇺🇸

#6951 ONLY Tips (2-pack) **\$10.99** 🇺🇸

### Alcohol Burner

- For melting point glues.
- Keeps hands free.
- Fill with denatured alcohol (not included).
- 3.5 oz capacity.

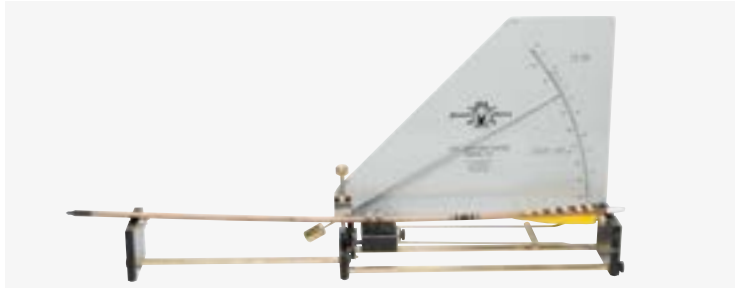

#5376 **\$12.99** 🇺🇸

#5377 Replacement Wick **\$4.25** 🇺🇸

# ARROW TOOLS

## SPINE TESTERS

### Ace Spin-Spine Tester

Measures on ATA's 26" centers or Easton's 28" centers to test any arrow of carbon, aluminum, or wood. Measures arrow shaft spine from 25 to 200#, and deflection from 0.150" to 1.00". Features a large, easy-to-read scale and ball bearing bushings for checking shaft straightness and point/nock alignment. Includes a 2 lb weight, 1.94 lb weight, and instructions. Dependable steel, brass, and aluminum construction.

#5900-1 **\$349.99**

### Ace Spine-Master Spine Tester

Mounts to the wall. Weighs wood arrows on 26" centers, from 30# to 100#. Steel and brass construction. 1/2 lb weight (sold separately) allows the weighing of 15# to 30# wood shafting. 1 lb 3 oz weight converts for measuring carbon and aluminum deflection.

#5899 Spine Tester (arrow not included) **\$159.99**

#5898 Weight 1/2# (for 15-30# spines) **\$18.50**

#5898-01 Carbon/Aluminum Weight **\$34.99**

### NEW Coop's Bowsmith Spine Alignment Tester Pro

Use to locate the stiff side of an arrow for more consistency shot-to-shot between arrows. The roller bearings also check arrow squareness, broadhead spin, and runout. Solid metal construction and easy to assemble/use.

#5896 **\$229.99**

### Bearpaw Arrow Analyzer Spine Tester

Spine tester, grain scale, and straightness checker all in one! Connect it to your computer or laptop to use with free downloadable software for detailed readout of the static spine, weight, and straightness tolerance of parallel arrows. Digital display for using on its own as well. For measuring static spine, it displays AMO spine and ASTM spine.

#5632 **\$259.99**

### ProChrono Digital Chronograph

Velocity measurements from 25 – 7,000 fps with an accuracy of 1%. Review of high, low, average, extreme spread, standard deviation, and number of shots. Select up to nine separate strings with up to 99 shots per string. Allows you to delete a shot from a string. Requires one 9 volt battery (not included).

#3080 Chronograph **\$179.99**

#3081 Light Kit (optional) **\$79.99**

### ProChrono DLX™ Chronograph

Connect wirelessly to a Bluetooth mobile device using the free app. Measures the velocity of any projectile from 20 to 9,999 fps with an accuracy of 0.5% or better. Select up to 9 different strings with up to 99 shots for each. Review the high, low, and average of your shots. Analyze extreme speed, standard deviation, and individual shots. Shown with Light kit (#3081, left) installed.

#3083 **\$199.99**

### Saunders Best Shot Paper Tune

Paper tune your arrows for precision and accuracy. Shoot through the included wax paper to see how your arrow tears the paper. This ingenious design breaks down for easy storage in the tube. Mount to a tripod or use the included base to stand on its own.

#42772 **\$74.99**

### Paper Tune-IT Tuning System

Paper tune your bow and arrows. Highlights arrow rest and nocking point adjustments for getting pin-point accuracy faster. Frame, 10 sheets of tuning paper, and instructions included.

#4277 Tuning System **\$17.99**

#4277-01 Refill (20-pack) **\$11.99**

### Professional Arrow-2000 Digital Scale

Max capacity of 2,000 grains. Backlit LCD display, tare function, and auto calibration. Includes arrow holder, calibration weight, and two AAA batteries. Measures in grains only. Manufacturer lifetime limited warranty.

#5969 **\$31.50**

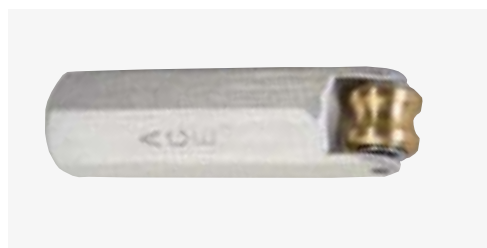

### 3Rivers Digital Pocket Grain Scale

Measures in grains, ounces, penny weight, and grams. Maximum capacity of 8,488 grains. Backlit LCD display, tare function, and auto calibration. Ten year warranty. Scale, weight, and shaft holder sold separately.

A. #5962 Grain Scale **\$21.99** B. #5962-1 Calibration Weight **\$11.99**

C. #5948 Shaft Holder **\$8.99**

### Ace Roll-R-Straight

One of the most 'shaft friendly' arrow straightening tools on the market. Works on all wood shafts up to 3/8". Straightens by compressing wood fibers on the high side. Will not scuff the finish on sealed arrows.

#5901 **\$49.99**

### Cartel Aluminum Arrow Straightener

Allows you to restore many of those aluminum arrows that would otherwise be unusable. Adjust the screw, place the shaft on the middle rest, then gently apply pressure to straighten the arrow. Fits any size aluminum arrow.

#5902 **\$29.99**

### AAE Aluminum Arrow Straightener

Make bent or damaged aluminum arrow shafts good as new. Made from rugged anodized aluminum, features adjustable precision bearings, allowing you to straighten every part of the arrow shaft, including the tip.

#59020 **\$279.99**

### G5 Outdoors Arrow Squaring Device

Allows for precision squaring and finishing of the ends of your aluminum and carbon arrow shafts after being cut to length. Ensuring your arrows spin perfectly for more accuracy. Arrow not included.

#4613 Squaring Device **\$49.99** #46130 Replace Pads **\$7.99**

### Arrow Inspector

Check your arrows for straightness along with broadhead and nock alignment. Steel axles and precision cut aluminum wheels, allowing you to detect minute bends in the arrow shaft. Breaks down for easy storage. Arrow not included.

#5620-01 **\$40.99**

### NEW 3Rivers Arrow Spin Tester / Square Device

Designed to help you check straightness, broadhead & nock alignment, and fletching balance. Attach the included squaring assembly and sandpaper disc (5-pack included). Arrow not included.

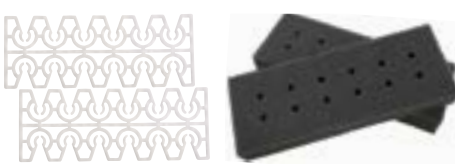

#561901 **\$29.99**

### Metal Arrow Clips

Tough spring metal holds arrows in place as they dry or for display.

#4234X (dozen) **\$14.99** (100) **\$89.99**

### Scratch-Free Arrow Dividers

Soft molded plastic or foam cushions. Won't mar arrow finish. Holds 12 arrows from 9/32" to 27/64" diameter.

#5388-2 Plastic Dividers (5½" x 2¼", pair) **\$1.50**

#5383 Foam Dividers (6½" x 2¾", pair) **\$2.99**

### 3Rivers Cardboard Arrow Boxes

Self locking boxes approx 36¼" x 6¾" x 2¾".

Arrow dividers sold separately. Arrows not included.

#5382 Arrow boxes (24-pack) **\$65.99**

# ARROW TOOLS

## ARROW SAWS

### Decut Minicut Arrow Saw

Designed to cut both aluminum and carbon arrow shafts. The adjustable slider with ruler allows you to precisely measure and cut arrows from 9" to 36". The blade guard ensures safety. Measures approx 12½" x 5½" when disassembled for storage and will easily fit under your work bench, in a closet, or on your shelf. Features a cutting speed of 6,000 RPM. Comes with a replacement blade, extension arm, instructions, and US plug adapter.

#5640 Arrow Saw **\$199.99** #5640-1 Replacement 3½" Blade **\$18.99**

### Carbon Express Power Arrow Cut-Off Saw w/ Dust Collector

This quality device gives you precise cuts on carbon and aluminum shafts. Features a heavy duty 120V motor with 10,000 RPM rotating micro-blade. The dust collector attachment helps you eliminate dust from your work area and protect your lungs from harmful wood, carbon, and aluminum particles. Features a measuring scale to ensure accurate and consistent cuts to a variety of lengths.

#5621 **\$199.99**

### Weston Precise Cut Arrow Saw

Fixed measuring scale ensures accurately cut arrows every time. Includes anti-slip rubber feet, ball bearing spin tester, replacement blade, and a 1 amp 120 volt/60 Hz motor. Features an 8,000 RPM motor and a dust collector with adapters to fit most shop/home vacuums.

#5628 Arrow Saw **\$229.99** #5629 Replacement 3" Blade **\$15.99**  
#84971 Replacement 36" Tape Measure **\$9.99**

### Aluminum Shaft Cutter

Handy small tube cutter, perfect for precision cutting of aluminum arrow shafts. Recommended to pair with #5602 Shaft Deburring Tool (below).

#5612 **\$21.50**

### Japanese Flush Cut Saw

Triple-edge teeth on the 6½" high carbon steel blade. Trim wood arrows, or to cut out a sight window.

#56341 **\$19.99**

### Arrow Squaring Tool

Includes three interchangeable mandrel diameters of .166", .204", and .244". Works with a power drill (not included).

#67350 **\$25.99**

### Arrow Shaft Plane

Make your own wood arrow shafting. Made by master bowyer John Strunk. Reduces 3/8" squares to arrow shafts of either 23/64" or 11/32". Includes easy to follow instructions.

#5600 **\$149.99**

## SHAFT & INSERT TOOLS

### Insert Tool

Holds inserts securely while glue is applied and aids in installation of inserts. Also helps in removal of inserts from damaged shafts.

#5601 **\$15.99**

### Point Insert Thread Repair Tool

Works on all 8-32 threads (industry standard) to clean and re-tap clogged or worn insert threads.

#5609 **\$27.99**

### Aluminum Shaft Deburring Tool

Removes burrs left in aluminum shafting after being cut to length. Allowing a flush mount of an insert.

#5602 **\$22.99**

### Carbon Prep Tool

Scores the inside of carbon shafts for a superior gluing surface. Tapered design fits most 5/16" carbon shafts. Hex head will fit on hand held drills.

#6952 **\$17.75**

### T-Handle Arrow Prep Tool

Roughs up the inside of a carbon shaft for a superior glue hold. Fits all regular sized .246-.247" inside diameter carbon shafts. Replaceable brush.

#6953 **\$13.99**

## ARROW TAPER TOOLS

### 3Rivers Tru-Center V2 Taper Tool

Machined from aircraft grade aluminum. Comes with shaft guides (color coded) in diameters of 5/16", 11/32", and 23/64". Cuts 11° nock and 5° point tapers. Spare guides in available above sizes and 1/4". See replacement parts online.

#5375 **\$45.99**

### Traditional Only® Taper Tool

Small, convenient size to pack anywhere, perfect for year round arrow building, or quick fixes in the field. Cuts precise 11° nock and 5° point tapers. Color may vary. Recommended for softwood shafts. Options: 5/16", 11/32", or 23/64".

#4080X (each) **\$7.99** (kit - one of each) **\$15.99**

### Taper Block

Use with a disc sander. Made from long-lasting laminated hardwood. The 'V groove' fits all shaft diameters. Pre-set angles of 5° for points and 11° for nocks. Measures 5 3/4" x 3/4".

#8044 **\$17.99**

### 3Rivers Compression Block

Tapered holes compress a wood shafts from 23/64" to 11/32", or 11/32" to 5/16". Heat the block, chuck up the shaft in a drill, and spin it through.

#5599 **\$25.99**

### Bearpaw Taper Tool

Inexpensive and reliable. Allows you to make 5° point and 11° nock tapers your wooden arrow shafts. Made with a sturdy plastic body, and replaceable metal blades. Options: 5/16" or 11/32".

#40760X **\$7.50**

### Arrow-Fix High Speed Taper Tool

Attaches to a drill to taper larger quantities of wood arrows. Constructed from aluminum alloy. Body and sockets sold separate, one of each required to use. Options: Nock (11°) or Point (5°) body. Socket sizes of 5/16", 11/32", or 23/64".

#5595X Body -Nock **\$75.99** Point **\$79.99**  
Socket -5/16", 11/32", or 23/64" **\$24.99**

### Reparrow Arrow Repair Footing

Fix broken wood arrows quick and easy. Measures 3 7/8" long and mounts to a standard 5° point taper. Color and grain patterns will vary. Options: 5/16" or 11/32".

#44380X (6-pack) **\$17.99**

### Arrow-Fix Repair & Taper Tool

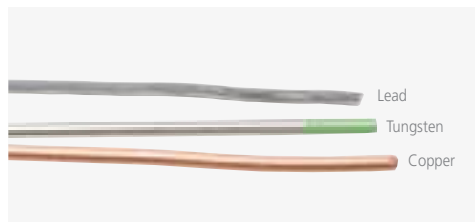

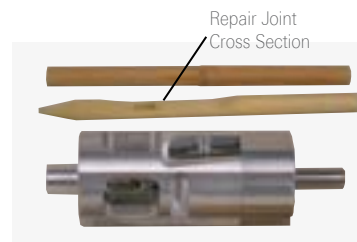

Repairs broken 11/32" wood arrows. Also a taper tool for 5/16", 11/32", and 23/64". Constructed from aluminum alloy.

#5591-01 Arrow-Fix **\$199.99**

Centering Sockets -

#5592-01 5/16" **\$21.99** #5592-02 23/64" **\$21.99**

#5593-01 Replacement Blade **\$8.99**

### Metal Weight Rods

Increase the weight on the front or back end of your wood arrows. Copper is 10 gauge (9/64") x 7" and roughly 19 grains per inch (gpi). Tungsten is 3/32" x 7" and roughly 33 GPI. Lead is 1/8" x 24" and roughly 35 GPI.

#56031X (each) Copper **\$5.50** Lead **\$5.99** Tungsten **\$6.50**

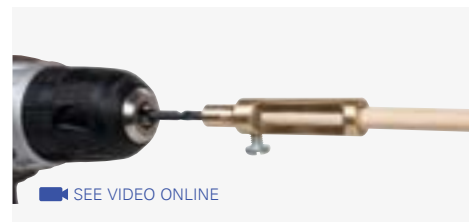

### 3Rivers Internal FOC Weight Jig

Add weight and strength to your wood arrows with the included 9/64" x 3" drill bit. Does 11/32" and 23/64" arrows. Instructions included.

#56030 Jig **\$29.99**

#5603-3 Extra Long 6" Drill Bit **\$16.99**

### Arrow-Fix Drill Guide

Drill precise holes in your wood and bamboo arrows to accept tang points, tang nocks, or weight rods (left). Use with a power drill (not included). Includes a 4.0 mm, 3" long drill bit. Options: 5/16" or 11/32" diameter.

#0952X **\$35.99**

# Woodsman® broadheads

## Woodsman® ELITE Stainless Steel Series

We've given the Woodsman Elite an upgrade.

Our newest model features the same machined one-piece design as our standard Elites, but in 416 series stainless steel. You'll experience the same tough, bone-busting performance all Woodsman broadheads provide, with the added benefit of rust-resistant dependability and less maintenance. Stainless steel is more forgiving than carbon steel, making these broadheads easier to sharpen to a hunting sharp edge. 1½" cutting diameter. The 125 grains is 1¾" long, the 150 grains 1⅞" long, the 175 grains 2⅜" long, and the 200 grain 2⅝" long. The 125 grain model is vented, while the heavier models are non-vented.

#42251X Elite Stainless Steel (3-pack) 🇺🇸

**\$75<sup>99</sup>**

**Proudly Made in the USA**  
**LIFETIME GUARANTEE** 🇺🇸

### Woodsman® ELITE Series

Machined from a solid piece of tool-grade carbon steel. Features True Spin™ accuracy for perfect arrow flight, a pyramid tip for increased strength, excellent edge retention with 50 Rockwell hardness, and advanced Pure Teflon® coating. Solid 1½" cutting diameter (125 grains screw-in are a 1" cut). Length for 100 and 125 grains screw-in are 1⅞", other weights are 2⅜"-2⅝" depending upon weight. Screw-in ferrule is 5/16", glue-on is 11/32". The 175 and 200 grains are non-vented. Screw-in weights are 125, 150, 175, or 200 grains. Glue-on weight of 125 grains.

#4225-01 Glue-on 125 grains (3-pack) **\$69.99** 🇺🇸

#4225-3X Screw-in (3-pack) **\$69.99** 🇺🇸

📺 [SEE VIDEO ONLINE](#)

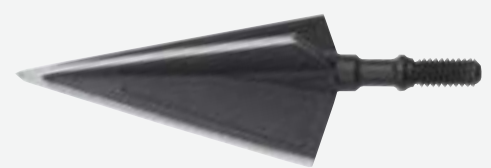

### Woodsman® Original Series

Made from durable copper brazed 4140 plate steel. Featuring the 3:1 ratio concept (three times as long as it is wide), straight edge blades, and Teflon® coating for unmatched devastating penetration. Pass-thrus on deer sized game are the norm, not the exception! Tempered to 43C Rockwell for easy sharpening and holds a razor sharp edge. Solid 1½" cutting diameter, with .044" thick blades. Built on the best 11/32" ferrule on the market. Grains: 125 (2⅝" long) or 100 (2⅜" long).

#4225 Glue-on 125 grains (6-pack) **\$69.99** 🇺🇸

#4225-13 Glue-on 100 grains (6-pack) **\$69.99** 🇺🇸

### Woodsman® Blood Groove Series

Given the name by the unique look of the cut-in of each blade that keeps its non-vented profile, while still being able to reduced weight to be available in the extremely popular 125 grains weight. Machined the same as our ELITE series to deliver all the strength, precision, and penetration you expect from a Woodsman® broadhead. Solid 1½" cutting diameter and 1¾" in length. 125 grains.

#4225-11 Screw-In (3-pack) **\$85.99** 🇺🇸

### NEW Bear Razorhead 3-Blade VWS

Made from high-grade stainless steel with a 1½" cutting diameter.

The innovative variable weight system lets you pair the 150 grains glue-on head with one of three sets of included adapters to make it a 175, 200, or 250 grains screw-in head. Also includes three 150 grains field points.

#52923 Razorhead (3-pack) **\$69.99**

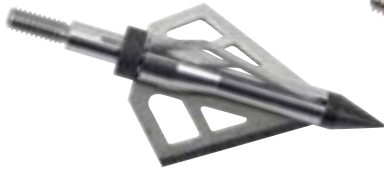

# 3-BLADE BROADHEADS

**Wasp Havalon HV**  
Compact aerospace grade aluminum 5/16" ferrule. The .035" stainless steel blades feature a 13/16" cut. Measures 1 1/4" long. Includes six replacement blades. **Grains: 100 or 125.**  
#5804X Screw-in (3-pack) **\$49.99**

**Velox™ Photon**  
The 1 1/4" cutting diameter leaves massive wounds. The ferrule locking system ensures the blades are secure and stable. Measures 1 1/2" long. 5/16" ferrule. 125 grains.  
#15996-125 Screw-in (3-pack) **\$18.99**

**Velox™ Optimus**  
Made from hardened steel and aircraft-grade aluminum. Features a swept wing design that improves flight. 1 3/16" cutting diameter. Measures 1 1/2" long. 5/16" ferrule. 125 grains.  
#15994-125 Screw-in (3-pack) **\$16.99**

**Grim Reaper Pro Series Hades**  
Features a v-notched trocar steel tip and .035" thick MAXX Edge SS blades, sharpened on the back so they cut both directions. 1 3/16" cutting diameter. **Grains: 100, 125, or 150.**  
#57960X Screw-in (3-pack) **\$45.99**

**Muzzy One**  
Single piece of premium stainless steel. Hybrid chisel/cut-on-contact tip. Blades are .046" ensuring accuracy. 1 1/4" cutting diameter. 5/16" ferrule and 1 1/8" long. 125 grains.  
#0236 Screw-in (3-pack) **\$49.99**

**G5 Montec**  
Patented metal injection molded stainless steel construction. Ferrule base is 5/16" diameter. 100% spin tested to ±0.002" straightness. Diamond cut, razor sharp. 1 1/2" x 1 1/8". 125 grains.  
#4605 Screw-in (3-pack) **\$44.99**

**G5 Striker V2**  
100% steel tough, with a machined steel 5/16" ferrule and ultra sharp Lutz blades. 1 1/4" cutting diameter. Measures 1" long. **Grains: 100 or 125.**  
#46051X Screw-in (3-pack) **\$44.99**  
#46052 Replace Blades (9-pack) **\$19.99**

**Montec M3**  
Made from a solid one piece 420 stainless steel. Ventless blades are deadly quiet, easy to re-sharpen, and hold a hunting sharp edge. 100 grains is 1" x 1 1/16". 125 grains 1 1/4" x 1 1/8".  
#46055X Screw-in (3-pack) **\$49.99**

**NAP Thunderhead**  
Patented micro grooved slimline® 11/32" ferrule. Diamize™ sharpening creates the sharpest straight blades. 1 3/16" cut. Includes wrench. Assembly required. **Grains: 100 or 125 grains.**  
#6011X Screw-in (5-pack) **\$49.99**  
#60115X Extra Blades (18-pack) **\$24.99**

**NAP Hellrazor**  
One piece straight edge stainless steel construction. Photon blade bonding process laser welds for ultimate strength and consistency. 1 1/8" cut, 5/16" ferrule base. **Grains: 100 or 125.**  
#6056X Screw-in (3-pack) **\$45.99**

**OzCut Hurricane Single Bevel**  
Offset blade design. The aggressive tanto tip splits bone. Measures 1 1/8" cutting diameter, 3/4" long, and the 30° bevels are hunting sharp. **Grains: 125 or 150.**  
#57951X Screw-in (3-pack) **\$39.99**

**OzCut Elite**  
The aggressive tanto tip splits bone, while the rear cutting blades create devastating wound channels. Measures 1 1/8" cutting diameter, 1" long, and pre-sharpened. **Grains: 125 or 150.**  
#57953X Screw-in (3-pack) **\$34.99**

#4616X Glue-on (3-pack) **\$69.99**

# 2-BLADE BROADHEADS

## ZWICKEY BROADHEADS

*Zwickey Broadheads are made with a special high-carbon steel construction that allows you to get the edges 'hair popping' sharp. The triple-thick tip is specially heat treated to resist curling allowing it to easily blow through bone. 11/32" ferrule. Non-vented for silent arrow flight.*

### Zwickey Eskimo

One of the best selling broadheads of all time and for a good reason, it gets the job done. Its convex blade shape has traveled the world taking big game wherever it went. 2½" x 1⅛".

#421920 Glue-on 125 grains (3-pack) **\$24.99** 🇺🇸 #4219-1 Screw-in 160 grains (3-pack) **\$27.99** 🇺🇸

### Zwickey Eskilite

The 'Little Brother' to the Eskimo (above) with a 5/16" ferrule. It is the perfect match for carbon arrows and lighter spined wood arrows. Convex edge. 2¼" x 1⅛".

#422120 Glue-on 110 grains (3-pack) **\$24.99** 🇺🇸 #4221-1 Screw-in 135 grains (3-pack) **\$27.99** 🇺🇸

### Zwickey Delta

The widest cut of any Zwickey head makes it hard-hitting and leaves large blood trails. Straight edge. 2⅞" x 1⅜".

#421720 Glue-on 135 grains (3-pack) **\$27.99** 🇺🇸 #4217-0 Screw-in 170 grains (3-pack) **\$31.99** 🇺🇸

### Zwickey No Mercy

Featuring a long and narrow design that creates the best penetration on any size game. Proven effective on Cape and Asiatic buffalo. Straight edge. 2½" x 1⅜". **Options:** Single (left or right) or Double bevel.

#4217X Glue-on 130 grains (3-pack) **\$27.99** 🇺🇸 #4217-4X Screw-in 165 grains (3-pack) **\$31.99** 🇺🇸

### Zwickey Cliff

Cliff Zwickey's barbed classic from 1939. Barbed broadheads are not legal for hunting in all states, check local game laws. Convex edge. 2½" x 1⅛".

#421701-01 Glue-On 140 grains (3-pack) **\$34.99** 🇺🇸 #421701-02 Screw-In 175 grains (3-pack) **\$38.99** 🇺🇸

### Grizzly Bruin

Double-bevel design with straight edge. Tanto tip. Triple laminated 1075 steel, hardened to 52 Rockwell. Measures approx 2¾" x 1". **Grains:** 125 (glue-on only), or 150, 175, or 200 grains.

#42076X Screw-in (3-pack) **\$47.99** 🇺🇸

#42075X Glue-on (3-pack) **\$37.99** 🇺🇸

### Eclipse

The thickest broadhead in the industry. Triple-layer tip. Heat treated to 48-51 Rockwell. Teflon® coated. Unconditional lifetime guarantee. Convex edge. 2⅞" length. **Grains:** 125 (1⅜") or 145 (1⅞").

#5777X Glue-on (6-pack) **\$79.99** 🇺🇸

### Steel Force 2-Blade

Featuring Steel Force quality at a low 3Rivers price! Measures 2½" x 1⅛", with a 11/32" ferrule. **Grains:** 115 (aluminum ferrule) or 175 (steel ferrule).

#5772X Screw-in (3-pack) **\$25.99** 🇺🇸

### Stone Age Broadhead

Hand-crafted, wrapped with real sinew. 1-1⅛" width. Great for replica arrows, strong enough for bowhunting. Hunting sharp right from the package. Check local game laws, not legal for hunting in all states. **Grains:** 125 or 150 (±5 grains).

#6611 Screw-In (each) **\$32.99** 🇺🇸

## Traditional Only® Caiman

A fierce predator ready to strike unsuspecting game! Featuring a Slipcoat™ non-stick coating that provides protection, as well as corrosion and rust resistance. 1 1/8" cutting width. Blade thickness of .075". **Options:** Double bevel, right wing bevel, or left wing bevel models in 160, 200, or 275 grains. Sold by the 3-pack. 🇺🇸

#57731X Double Bevel

**\$49.99**

#57732X Single Bevel

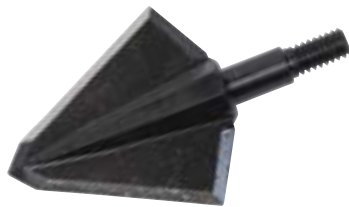

**\$49.99**

## Bear Razorhead VWS

The legendary broadheads first introduced back in 1956. Featuring multiple weight adapters for changing weight for screw-in. The broadhead is a 150 grains glue-on, but pair with one of the three sets of screw-in adapters to make it a 175, 200, or 250 grains. Also includes three 150 grains field tips. **Options:** single or double bevel.

#52821X (3-pack) **\$69.99**

## OzCut Elite

One piece carbon steel designed to fly like a field point and cut like a scalpel. The aggressive tanto tip plows through muscle and bone. Features a 1 1/8" cutting width. **Grains:** 125 or 150.

#57952X Screw-in (3-pack) **\$45.99**

## Blitz

Made in Germany from 440B 'surgical' stainless steel with a 58 Rockwell. Features a 35° bevel convex edge, plus a 70° razor sharp trailing edge. Measures 2 3/16" x 1 3/16", 11/32" ferrule, and weighs 225 grains.

#0966 Glue-on (3-pack) **\$99.99**

**NEW** #0966-03225 Practice Points 225 grains (3-pack) **\$21.99**

## German Jager

440C stainless steel hardened to Rockwell C 54-56. 1 1/8" cutting width. The 5/16" ferrule is constructed from 7076 T6 Aircraft grade aluminum.

**Grains:** 100, 125, 145, 175, or 200.

#44045X Screw-in (3-pack) **\$39.99**

## BROADHEAD STORAGE

### A. MTM Broadhead Box

Holds up to 16 assembled broadheads. The max overall length a broadhead can be is 2 3/4". Broadheads not included.

#5019 Broadhead Box **\$10.99** 🇺🇸

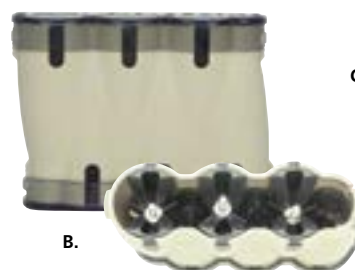

### B. Easton Stay-Sharp™ Broadhead Case [SEE VIDEO ONLINE](#)

Uses rubber fingers to hold broadheads by their ferrule. Made from ABS plastic to be tough and impact resistant. Stores up to six broadheads in the compact size of approx 5" x 4".

#5011 Easton Stay-Sharp™ Broadhead Case **\$29.99**

### C. G5 Vault 2-Blade Broadhead Case

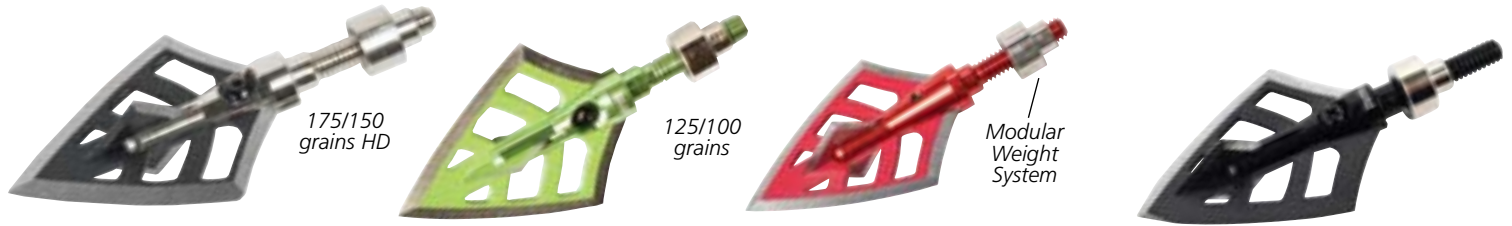

Reinforced aluminum housing. Lightweight yet tough. Foam padded interior. 4 1/2" x 3 1/2". #50181 **\$14.99**

# 4-BLADE BROADHEADS

## DIRT NAP BROADHEADS

### Dirt Nap D.R.T.

D.R.T. stands for "Dead Right There." Teflon® coated for penetration and resistance. Convex edge, .051" thick, 420J2 stainless steel main blade. 5/16" ferrule is 7075 aircraft grade aluminum (stainless steel on HD model). The modular weight system allows you to remove 25 grains from the head. Lifetime guarantee. 1 1/8" x 1 3/8" (5/8" removable bleeder, 8 grains). Grains: 125/100 (in black, green, or red) or HD series 175/150 (black only).

#5280X Screw-in 125/100 grains (3-pack) **\$44.99** HD Screw-in 175/150 grains (3-pack) **\$47.99**

### Dirt Nap D.R.T. Single Bevel

Same D.R.T. build, but with single right wing bevel. Grains: 125/100 or 175/150.

#5283X Screw-in (3-pack) 125/100 **\$44.99**  
175/150 **\$47.99**

### Dirt Nap Titan

All steel construction, the 5/16" ferrule is 1045 medium carbon steel, and the .051" thick blade is 420J2 stainless steel. 1 3/8" x 1 3/8" (5/8" removable bleeder, 8 grains). 225/200 grains only.

#5284 Screw-in (3-pack) **\$59.99**

### Dirt Nap Shred Head Turkey Broadhead

Features a 1 13/16" cutting surface, (13/16" wide main blade and 5/8" non-removable bleeder blade). .051" blade thickness. 125 grains with removable 25 grains modular weight system. Teflon® coated.

#5281-01 Screw-in (3-pack) **\$44.99**

### VIP Turkey Guillotine

Patented Flexcut™ Technology, automatically adjusting the blade width for deeper penetration. Includes field point for practice. Grains: 175 or 150 grains.

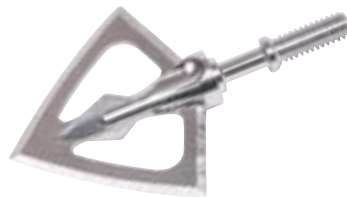

#5811X Screw-in (each) **\$25.99**

### G5 Striker X

100% steel tough, with a machined steel 5/16" ferrule and ultra sharp Lutz blades. 1 1/4" cutting width. 1" long. 125 grains.

#46053-125 Screw-in (3-pack) **\$44.99**

### SIK F4

Stainless steel design. Laser-welded 1/2" bleeders. Featuring a convex edge with a razor-honed 27° blade angle. 5/16" ferrule. Measures approx 1 3/8" x 1 3/8". 100 grains.

#52820 Screw-in (3-pack) **\$39.99**

### Tooth of the Arrow S-Series

Low profile, chisel point design. Machined from a solid piece of 11L41 steel heat treated to a Rockwell hardness of 45. 1 3/8" cutting diameter. Grains: 100, 125, 150, or 175.

#5268X Screw-in (3-pack) **\$49.99**

### Palmer Extreme Cut

Straight edge, Tanto tip .040" thick stainless steel main blades. Aircraft aluminum 5/16" ferrule. Measures approx 2 1/2" x 1 1/2", 1" removable 20 grains bleeder. 160 grains.

#5806 Screw-in (3-pack) **\$39.99**

### Wasp SharpShooter

Stainless steel Blade-Locking system. Solid 1" cutting diameter with removable bleeders (12 grains). 100 or 150 grains.

#5803X Screw-in (3-pack) **\$49.99**

### Steel Force PhatHead

Industries thickest main blade. Removable bleeders. Grains: 145 (steel ferrule, 1" cutting width) or 125 grains (aluminum ferrule and vented, 1 1/8" cutting width).

#5790X Screw-in (3-pack) **\$49.99**

### Steel Force Hellfire Broadhead

Long and lean design. With bleeders twice as thick as standard. 1 1/8" cutting width. Grains: 160 or 225.

#57730X Screw-in (3-pack) **\$27.99**

### Steel Force 4-Blade

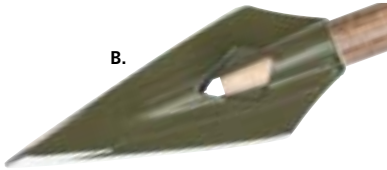

Razor sharp, knife grade steel with a straight edge. 1 1/8" cutting width. Grains: 130 (alum ferrule) or 200 (steel ferrule).

#5772-03X Screw-in (3-pack) **\$27.99**

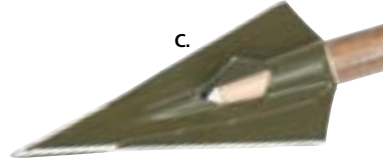

ZWICKEY BROADHEADS

A.

B.

C.

Zwickey Broadheads

Created with special high-carbon steel construction to allow you to get the edges ‘hair popping’ sharp and the triple-thick tip is specially heat treated for resisting curling and ensuring it blows right through bone. 11/32" ferrule. Non-vented for silent arrow flight.

A. Eskillite

5/16" diameter. Convex main edge. 2¼" x 1⅛".

#422220 Glue-on 110 grains (3-pack) **\$26.99**

#4222-1 Screw-in 135 grains (3-pack) **\$30.99**

B. Eskimo

Convex main edge. 2½" x 1⅛".

#421820 Glue-on 135 grains (3-pack) **\$28.99**

#4218-1 Screw-in 170 grains (3-pack) **\$34.99**

SINGLE BEVEL BROADHEADS

NEW Helix FJ4

Perfectly blends a straight edge and a concave edge for the best of both worlds. Grains: 100, 125, 150, 175, 200, or 225.

#5275X Screw-in (3-pack) **\$79.99**

A. Grizzly Broadhead

Straight edge, Tanto tip, designed for deep penetration.

The combo of a long and lean design with 25° single bevel edge causes the broadhead to twist, creating an “S” wound as it passes through tissue. Made of two layers of 1075 steel spot welded and copper brazed. 52 Rockwell for strength and edge retention. 2¾" x 1⅛". Options: left or right bevel in glue-on (125, 155, or 185 grains) or screw-in (150, 175, or 200 grains).

#4207X Glue-on (3-pack) **\$39.99**

#42072X Screw-in (3-pack) **\$47.99**

B. Kodiak Broadhead

Formally known as “Grizzly El Grande.” It features the same build as the Grizzly, but with a larger size of 3¼" x 1⅜". Long and lean design with tanto tip and 25° single bevel edge. Options: left or right bevel in 200 or 225 grains.

#4212X Glue-on (3-pack) **\$43.99**

A.

B.

Helix Screw-In

Features an offset sharpening process forcing rotation in-flight. Stainless steel main blade. Anodized 2024 aluminum ferrule (stainless steel on 200 grains). Right wing only. Grains: 100, 125, 150, or 200.

#5270X (3-pack) 100, 125, 150 gr **\$69.99**

200 gr **\$79.99**

Steel Force Single Bevel

# SMALL GAME HEADS

## A. Zwickey Judo

Won't disappear under grass, or stick into trees. Spring arms are 1" diameter and stop arrow loss by grabbing on to anything they hit. Glue-on 11/32" (135 grains) or 5/16" (120 grains). Screw-in 100 or 125 grains.

#4200X Glue-on (2-pack) **\$13.50** #4204X Screw-in (2-pack) **\$12.99**

## B. Zwickey Kondor

Big brother to the Judo (above), with a 2" wingspan.

#4203 Screw-in 105 grains (each) **\$10.99**

#4201 Glue-on 145 grains (each) **\$10.99**

## C. Zwickey Scorpions

Grabs onto game animals (great for turkeys) and limits penetration. Weigh 20 grains. Not for use on wood arrows. Options: 19/64", 20/64", or 22/64".

#4205X (2-pack) **\$9.99**

## Cold Steel Cheap Shot

'Grip-n-Rip' serrated edge. Made from a space age polymer to be tough. 3" x 1 1/4". Check local game laws before using. 125 grains.

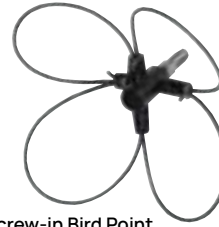

#6566-01 Screw-in (6-pack) **\$8.50**

## Ninja Small Game Point

Solid blunt hits with devastating impact, while the spring arms prevent the arrow from being lost. 100 grains.

#5808 Screw-in (3-pack) **\$14.99**

## Snaro Screw-in Bird Point

Tangles up bird's wings. Flat nose blunt delivers killing shock. Options: wingspan of 3" (250 grains), or 6" (300 grains).

#5800X Screw-in (each) **\$17.99**

## Ace Hex Blunts

Hard hitting blunts that quickly kill small game. Options: screw-in or glue-on in weights of 125, 145, 175, or 200 grains.

#4924X Screw-in (6-pack) **\$17.50**

#4925X Glue-on (6-pack) **\$17.50**

## 3Rivers Tiger Claw Blunt

The flat nose packs a heavyweight punch. 7/8" diameter claws. 11/32" tapered ferrule. 145 grains.

#5407 Tiger Claw (each) **\$4.50**

#5408 Spare Claw (each) **\$1.99**

## Flat Nosed Steel Blunts

Feature small chamfer to prevent skipping. Screw-in are 5/16" (100, 125 gr) or 11/32" (125 gr). Glue-on in 5/16" (100 gr), 11/32" 125, 145 gr, or 23/64" (125, 145 gr).

#CB511X Screw-in (12) **\$11.99** (100) **\$63.99**

#B211X Glue-on (12) **\$11.99** (100) **\$63.99**

## Titan Thrasher Small Game Head

Solid one-piece steel head, with a point on the end and four points for a powerful knock-out punch. 100 grains.

#5807 Screw-in (3-pack) **\$19.99**

## The Hammer™ Small Game Blunt

Fluted design with scalped cutting edges and recessed ballistic point. Options: screw-in in 125, 145, 175, or 200 grains, or glue-on in 125.

#4910X Screw-in (3-pack) **\$19.99**

#4911X Glue-on (3-pack) **\$19.99**

## G5 Small Game Head

Shocks and rips small game. 1" diameter. Stainless steel one piece construction. Grains: 100 or 125.

#5810X Screw-in (3-pack) **\$28.99**

## The Veteran Small Game Head

Solid machined stainless steel with a sharp penetrating point is accurate and devastating on game. 5/16". 100 grains.

#5809-01 Screw-in (3-pack) **\$21.99**

## Forge Converta Blunt

Turns your 5/16" field point into a deadly small game point. Get 'field point' accuracy and lethal performance. Weighs 75 grains. Point not included.

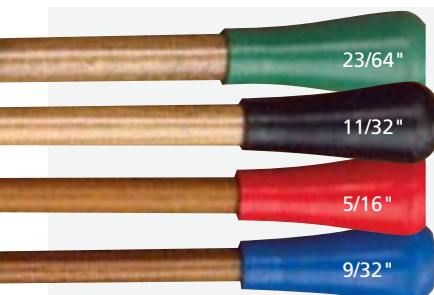

#4914-1 (3-pack) **\$9.99**

## Bearpaw Slip Over Rubber Blunts

No point taper needed. Devastating on small game. Options: 5/16" (110 gr ±10 grains) or 11/32" (160 grains).

#3185X (dozen) **\$16.99**

## 3Rivers Bunny Busters

Devastating on small game and nearly indestructible. This point is a top choice of bowhunters everywhere. Uses blunt force trauma to quickly dispatch small game like squirrels, rabbits, and game birds. With unique 'half-taper' design allows use on tapered or non-tapered shafts. No glue needed. Weigh 120 grains with 3/4" diameter at widest point. Options: 9/32", 5/16", 11/32", or 23/64".

#H511X (3-pack) **\$12.99** (dozen) **\$35.99**

# KNIVES

## Replica Fred Bear Bowhunter Knife & File Kit

A faithful reproduction. Includes a Stanley file, Norton sharpening stone, P-51 style can opener, handmade leather sheath, and an authentic Western Knife.

#3578 With knife **\$449.99**

#3578 Kit only no knife **\$199.99**

## Scrimshaw Bone-Handled Knife Kit

During the 1700's and 1800's sailors often spent their free time carving designs and artwork into whale teeth and bones using tools such as sail needles or nails. You'll have everything you need to replicate this time-honored art form to create a personalized knife. Each Kit includes; a bone handled pocket knife, steel scribe, honing stone, tracing tool, 1/2 dram India Ink, steel wool, ink applicators, transfer paper, step-by-step instructions, and sample graphics. Options: Trapper or Lock-Back knife.

# SHARPENING TOOLS

## Work Sharp Knife and Tool Sharpener

This professional grade power sharpener features an adjustable angle guide with settings between 20° and 25°. You'll create precise bevels on your broadheads and knives. You can adjust the speed between high and low for more control or more power as required. The flexible belts are available in a variety of fine and coarse grits to adapt to your specific sharpening needs. Put a razor sharp edge on any blade: broadheads, knives, scissors, axes, lawn mower blades, garden shears, and more. Includes two coarse belts, two medium belts, and two fine belts. #53014.

**\$114<sup>99</sup>**

## Work Sharp Guided Field Sharpener

Features five surfaces for sharpening and honing. Includes a coarse 220 grit diamond plate, a fine 600 grit diamond plate, a 3 position (coarse, fine, fish hook) ceramic rod, a small diameter fine grit ceramic rod, and a leather strop.

#53012 **\$37.50**

## Work Sharp Pocket Knife Sharpener

Compact and lightweight with a medium 320 grit diamond plate. Also includes a ceramic hone for getting that razor sharp finish. Features a 20° angle guide, while the ceramic hone features a 25° angle guide.

#53011 **\$17.99**

## Grobet USA® Broadhead Flat Files

Great for putting a clean edge on broadheads and knives. Heat treated to exacting standards for top performance and a long life. Single cut tooth pattern for a smooth finish. Bastard coarseness is excellent for deburring, sharpening, and shaping. Handle and cleaning card sold separately. Options: 6", 8", or 12".

#6314X File (each) (6") **\$10.50** (8") **\$12.50** (12") **\$17.50**

#6317 File Handle **\$6.50** #6318 File Cleaning Card **\$12.99**

## NEW Pine Hollow Whetstone

Made from Arkansas Novaculite, a dense stone that has been used for sharpening blades since the early 1800s. 1" x 3".

#7283 **\$16.99**

## K'Netix MV<sup>2</sup> Broadhead Sharpener

Broadhead sharpener, wrench and nock tool all in one. Comfortable over-molded grip, and compact (4¾" x 1½").

#53015 **\$11.99**

## Buck Knives Dual Flat Pocket Stone

100% diamond coated on both sides, with medium 750 grit on one side and coarse 350 grit on the other. 4" x 1¼".

#7282 **\$22.99**

## Diamond Sharpening Stones

Mount to a wood block, or use by themselves as flat bench stones. The 9½" long allows you to get long, steady strokes. Options: 400, 600, or 800 grit.

#7280X (each) **\$23.99**

## JewelStik® Diamond Bench Stone

Sharpen broadheads, knives, and any straight edge. Made with 100% diamonds. Hand grip on back. Options: medium (600) or fine (1,800) grit.

#7270X **\$27.99**

## JewelStik® Dual Diamond Bench Stone

One side features fine 1,200 grit, and the other side is medium 600 grit. Each stone measures 6" x 2", 100% diamonds. Overall 13½". Hand grip on back.

#7269 **\$49.99**

broadhead & arrow not included

### 3Rivers 3-Blade CC Sharpener

Precise 30° carbide blades and a hardened ceramic honing surface bonded to its anodized aluminum handle. V-groove for sharpening hooks and needles.

#8063 **\$45.99**

Hang game securely. Includes a powder coated steel gambrel, two pulleys, and a 35 foot hoist rope. 600 lb rating.

#99030 **\$25.99**

#### QuikClot® Advanced Clotting Gauze

Treated with an all-natural mineral called "kaolin," which helps with your body's natural clotting process.

#6552-02 (3" x 24") **\$16.99**

#### Ambush Hunting Soap

Neutralizes body acids and odors for all-day protection. Unscented baking soda based soap.

#7293 (4 oz) **\$3.99**

#### Ben's Insect Repellent

Uses permethrin to repel and kill insects. The long-lasting formula bonds to fabric and lasts up to six weeks, even through several wash cycles.

#6563 (24 fl. oz.) **\$19.99**

#### Half Rack Snack Pack

Made from a "whisper quiet" blend of soft materials. Perfect way to carry your favorite snacks while you're in the stand or blind. The drawstring closure is also extremely quiet. Reusable and machine washable. 9" x 6½".

#9239 **\$7.50**

#### Sno-Seal

Made from all-natural beeswax paste to protect your leather from rain, snow, sun, and salt. Note: May darken or discolor suede.

#4326 (8 oz) **\$8.99**

#### Revivex® Instant Water Repellent Spray

Creates a water repellent surface on your clothing, footwear, and other gear. Spray it on, let it dry, and you're ready to take on the outdoors.

#6857 (5 oz) **\$12.99**

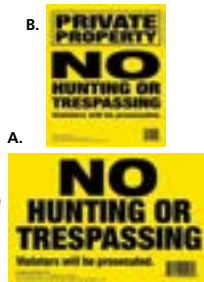

#### No Trespassing Signs

Printed on card stock. Durable and weather resistant. Easy to read bold, black letters.

Options: A) 8½" x 11" (25-pack) or B) 8½" x 5½" (50-pack).

#69020X **\$10.50**

#### .30-06 Outdoors Gear Guard Combination Cable Lock

Secure your treestand to the tree. Made of a heavy-duty, weather-resistant, and rubber coated steel cable. Measures 6 feet long.

#24682 **\$18.99**

#### Trail Camera Tree Mounts

Easily mounts to trees with a tapered screw. Perfect for setting up multiple trail cameras throughout your favorite hunting spots.

#24702 (3-pack) **\$15.99**

#### 3Rivers

#### Foam Hunting Seat

1" thick foam pad. Great for kneeling or sitting on when on the ground or in your treestand.

#8065 **\$9.99**

#### KarryLite Stool

Made from durable materials and has a 300 pounds capacity. Features three powder coated aluminum legs. Includes a shoulder strap for easy transport. Packs down to approx 22" x 3", two pounds.

#77742 **\$15.99**

# OUTDOOR GEAR

## CAMP GEAR

A.

B.

C.

plugs

tinder

roll

### A. Fire Plugs

Cotton plugs infused with a proprietary wax solution. Up to a 5 minute burn time per plug.

#65839 (50-pack) **\$12.50**

### B. Ultimate Fire Tinder

These highly flammable micro-fibers are weatherproof, waterproof, and wind resistant. No fumes or odors.

#65837 (3 oz) **\$12.50**

### C. Fire Strip Roll

A thick, fibrous, wax-infused paper. Simply tear off a small strip and light. 3" x 1" container.

#65838 (55' roll) **\$12.50**

### GEAR AID Fire Strand 550 Paracord

Works great as rope, cut the seven inner strands to reveal the wax-coated fire strand. Includes plastic carabiner.

#53151 (50 feet) **\$14.99**

### NEW Hand Forged Striker

High carbon heat-treated W1 tool steel, creates hot sparks when struck against flint.

#MS-3001X Striker Only **\$18.99**

Flint & Jute Only **\$2.75**

Complete Kit **\$19.99**

### Hudson Bay Tobacco Box Fire Kit

Metal tobacco box with built-in magnifying glass includes; char cloth, double C striker, flint, and four strands of jute thread.

#65810 **\$64.99**

### Wilderness Solutions Ferro-Light Fire Starter

Strike the steel scraper blade against the ferro rod. The body unscrews, revealing a hollow compartment for storing tinder.

#65801 **\$21.99**

### Magnesium Fire Starter

Features flint, a striker knife, and a 3" magnesium block. Simply shave off some magnesium, and scrape the knife across the flint to create a spark.

#65835 **\$5.99**

### Buck 108 Compadre Froe

Designed to clear brush, split logs, and chop wood. It's also a great bowbuilding tool. Made from 5160 steel with Cerakote® Cobalt coating for extra resistance to rust and corrosion. 10" Blade length.

#6579 **\$179.99**

### NEW Compact Hatchet with Leather Sheath

This bushcraft axe is small and lightweight, but it's designed to tackle jobs big and small. The advanced hardened carbon steel blade is ultra-sharp and can cut down trees, chop logs, split sticks, cut branches, and much more. 3" wide blade, 11¼" long overall.

#59818 **\$99.99**

### .30-06 Outdoors Folding Hand Saw

The heavy-duty steel blade folds down to 9" and locks into handle for storage and transport.

#99041 **\$15.99**

### .30-06 Outdoors Fixed Hand Saw

The heavy-duty steel 10½" blade handles brush and limbs. Includes scabbard with belt hook.

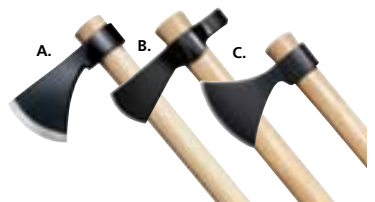

#99040 **\$18.99**

### HME™ Heavy-Duty Ratchet Shears

Cuts up to 1" thick branches with 3-stage ratcheting. Teflon® coated. Color varies.

#9904 **\$15.99**

### Cold Steel Tomahawks

Drop Forged 1055 Carbon Steel head with American Hickory handle. 22" length.

#6336 (A) Frontier Hawk **\$45.99**

#6337 (B) Trail Hawk **\$45.99**

#6329 (C) Norse Hawk **\$45.99**

See Sheaths online

## FLASHLIGHTS

### A. HybridLight NAV Headlamp

Switch between white, red, and green LED Lights. Can be carried on the adjustable headband or hat clip and can swivel up to 180°. Off switch keeps from accidentally turning on. Up to 5 hours of light and a brightness of 75 lumens. Charge using the included USB cord. Small and compact at just 3¼" and 1 oz.

#1035 **\$32.99**

### B. HybridLight Journey Solar Flashlight

Charge with the solar panel or with micro USB port. The 300 Lumen holds a charge for up to 50 hours. The larger Journey 600 Lumen holds a charge for up to 25 hours. They can also be used to charge your smartphone.

#1032X (300 Lumen) **\$32.99** (600 Lumen) **\$49.99**

[SEE VIDEO ONLINE](#)

### C. HybridLight Puc Expandable Lantern

Charge using the solar panel or by the micro USB port. Can also be used to charge your mobile devices. Compresses down for carrying in a pack or pocket. The compact mode works as a flashlight or beacon with a 260 foot beam with high, low, and strobe settings. Holds a charge up to 40 hours.

#1034 **\$32.99**

### Ni-Glo® Gear Marker

Just the thing to help you locate your gear in low light or dark conditions. The key ring attachment allows you to attach it to keys, pack, or zipper. The Strontium Oxide material inside will glow for up to 10 hours on a full charge.

#1036 **\$7.99**

### Bright Trail L.E.D. Cap Light

Don't be caught in the dark. This flashlight clips to any standard hat bill (not included), letting you have a useful light source and hands free movement. Featuring an adjustable head that allows you to position the light beam just right. Perfect for tracking blood trails, searching for lost arrows, or focusing on the trail ahead. Three different settings: 3-on, 5-on, and strobe.

#99042 **\$9.99**

## MTM Portable Archery Maintenance Box

Designed to be used with guns, but we've found that this is also the ideal setup to hold your bow while working on it. The brackets can be used to hold the bow in place while setting your nock point, installing string silencers, or making slight adjustments to accessories. The storage compartments will hold a myriad of items like serving material, string nocks, nocking pliers, string wax, rests, etc. The brackets can be stored inside the compartments to create a small flat unit (23¼" x 11" x 3½") that can be conveniently put away while taking up little space in your work shop.

#50231 Maintenance Box **\$65.99**

## SLINGSHOT

### Clod-Poppers™ Slingshot Ammo

Get extra "pop" from your slingshot. Fly as true as steel ammo, but burst on impact in a cloud of dust. Fun and biodegradable. Colors vary. Measure .44 caliber.

#99471X (200 count) **\$8.99** (1,800 count) **\$27.99**

### Saunders Steel Slingshot Ammo

Quality, tournament grade, and precision ground ammo to match with your flat band slingshot. Measure .44 caliber.

#99472 (approx 150 count) **\$21.99**

### Wrist-Rocket Wing Slingshot

The unique fold-down design will have you take it everywhere. The ergonomically design allows for a floating grip that is easy on your hands, and has a hidden ammo storage compartment. The flat bands are easily adjustable and allows for use with a fiber optic sight (sold separately). Weighs approx 4 oz. Includes slingshot, bands, and full instructions. Use with .44 cal. Ammo only.

#9945 Wrist-Rocket **\$64.99** #9946 Replacement Flat Bands **\$11.99**

#9947 Fiber Optic Sight **\$24.99**

# HUNTING PACKS

## NEW 3Rivers Haversack II

Cordura® coated with a durable water repellent. Large 12" x 12" main compartment with internal drawstring pouch and zippered pocket on outside flap. MOLLE straps on the front of the pack. Add the optional exterior Cell Pouch or Accessory Pouch for ultimate carrying capacity.

- #69222X A) Haversack II **\$59.99**  
 B) Accessories Pack **\$15.99**  
 C) Cell Pouch **\$15.99**  
 Deluxe Kit (all 3) **\$79.99**

## Rock Canyon External Pack Frame

Heavy-duty, aluminum frame. Adjusts from 33" to 38" allowing increased load capacity. Bottom folding shelf. Exterior lashing points to secure heavy loads.

#9314 **\$189.99**

#84155 **\$7.99**

### Weston Vacuum Sealer with Roll Cutter & Storage

Preserve food longer. Comes with six 1 quart bags, four 1 gallon bags, and one 11" x 20 foot roll for custom sizes.

#65402X Black or Camo  
**\$159<sup>99</sup>**

### Turkey Tail Mounting Kit

#84153 **\$27.99**

### Turkey Tail Plaque

#629503 **\$32.99**

### Arrowhead Plaque

#629502 **\$35.99**

### Antler Mounting Kit

#84152 **\$27.99**

### Iron Buck Antler Wall Mount

Made from rugged polished steel. It's easy to install. Measures 12" x 6½".

#8417 **\$29.99**

### The Hang Up Ero Bracket

All metal, tool-less adjustment. 60° of vertical and 40° horizontal micro-angle adjustment.

#84154 **\$25.99**

### The Change Up DIY Antler Mounting Kit

360° ball rotation. Change width, angle, location, or even swap out your antlers.

#84156 **\$44.99**

### Strut-N-Skull Mount

Mount your deer skull and turkey tail. Made from steel with a matte black powder coat finish.

#84157 **\$49.99**

*Fred Eichler*  
SIGNATURE SERIES GEAR

## **NEW COLORS** Fred Eichler Signature Series Riser

A legend of yesterday meets a legend of today. Fred Bear joins with Fred Eichler to create the new Eichler Signature Riser from Bear Archery. Bear has designed this aluminum takedown riser at 17", giving it just the right size between their popular A and B Mag Handles. Features Bear's patented latch system, making it compatible with Bear's #1, #2, and #3 limbs, giving you options for a 58", 60", or 62" bow. The customizable "low," "medium," and "high" shelf radius gives you the flexibility to customize and precision tune your bow to your needs and desires. The riser features a slim, low-wrist grip that helps bring the overall riser weight down. The riser also includes an adjustable side plate to adjust your center-shot, quiver holes, and front and back stabilizer holes. **Options:** left or right hand in **NEW** Bottom Lands Camo, **NEW** Stone, Buckskin, Hunter Green, or Fred Bear Camo.

#2761X **\$649.99** 🇺🇸

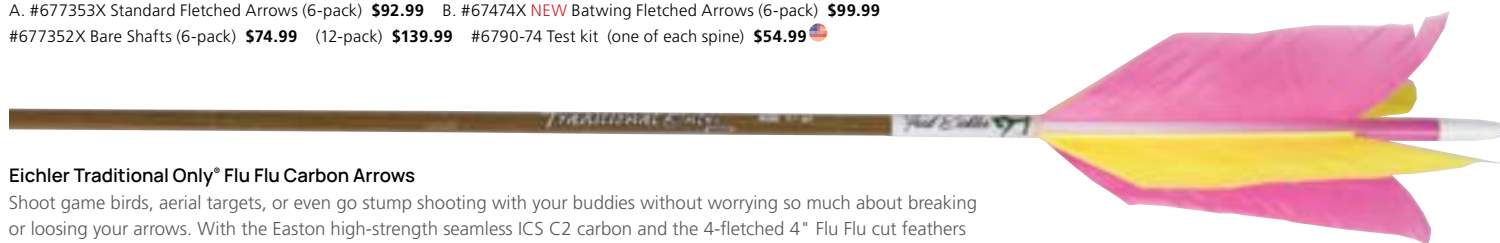

#### NEW BATWING Easton Carbon Legacy™ 5MM - Fred Eichler Edition

Easton gave their powerful Carbon Legacy arrows a smaller .204" Micro X diameter for increased kinetic energy and deeper penetration. White X nocks installed, HIT inserts included. Three-fletched with your choice of A) 4" left wing shield cut feathers (traditional barred with the hen feathers red, yellow, or white - same color per pack) or B) 2" right wing batwing cut feathers, all pink.

**Straightness:**  $\pm .003"$  **Recommended field point:** 9/32". **Length:** 34". **Spine:** 700, 600, 500, 400, or 340.

A. #677353X Standard Fletched Arrows (6-pack) **\$92.99** B. #67474X NEW Batwing Fletched Arrows (6-pack) **\$99.99**

#677352X Bare Shafts (6-pack) **\$74.99** (12-pack) **\$139.99** #6790-74 Test kit (one of each spine) **\$54.99**

#### Eichler Traditional Only® Flu Flu Carbon Arrows

Shoot game birds, aerial targets, or even go stump shooting with your buddies without worrying so much about breaking or loosing your arrows. With the Easton high-strength seamless ICS C2 carbon and the 4-fletched 4" Flu Flu cut feathers to slow them down the durability is through the roof! You will be hard pressed to lose them too with Fred's custom arrow wrap and BRIGHT colors of fl-lime and pink. White Easton nocks installed, inserts included.

**Straightness:**  $\pm .003"$ , **Recommended field point:** 5/16". **Spine:** 600, 500, 400, 340, or 300.

#67473X (3-pack) **\$59.99**

#### Eichler Signature Leather Armguard

Made with a single layer of 8-10 ounce vegetable tanned top-grain leather, offering superb protection while still being lightweight. Boldly stamped with Fred Eichler's signature and silhouette logo, it features a unique stretch cord and gunmetal black 2-hook attachment to hold securely and easy-on/off. The perfect fit without being bulky.

#6082 (7" long) **\$39.99**

#### Eichler Buffalo Leather Armguard

The American bison, or buffalo, is a quality leather that compares to cowhide in strength and elasticity, but offers a unique and appealing grain. Features a laminated stitched edge construction for a sturdy, yet flexible design. Elastic stretch cord and hook attachment system. Stamped with a buffalo skull and Fred's signature.

#6082-1 (8½" long) **\$54.99**

#### Eichler Cordovan Shooting Tab

The same design Fred has had custom made for himself for the past 20+ years. Made from thin cordovan leather for smooth, quick releases, while the rubber back improves durability. Topped with a leather overlay for increased strength, and stamped with Fred's signature. No spacer for superb feel. Very thin at the finger tips. Size: M, L, or XL in right or left hand.

#5078X Split **\$32.99** #5075X 3-Under **\$30.99**

#### Eichler Arrow Cap Wraps

7" long, fit 5/16" and less carbon or aluminum shafts. Recommend Fletch-tite Platinum when fletching.

#7980-1 (dozen) **\$14.99**

#### Eichler Arm Bands

Heavy-duty, dark gold rubber bands. Classic camo pattern with Fred's signature. Perfectly sized to fit on Fred's quiver hood, but stretchy to fit on different sized arms.

#6222 (4-pack) **\$4.99**

# PRIMITIVE ARCHERY

## NATURAL MATERIALS

### Artificial Sinew

Made from pre-waxed 100% polyester and easy to split into thinner strands.

- #4315X Sinew 100# (1/4 lb) **\$14.50**  
 Sinew 75# (1/4 lb) **\$14.50**  
 Sinew 50# (1/4 lb) **\$13.50**

### Natural Sinew

- A. Water Buffalo Backstrap - 1 oz. #63384-1 **\$15.99**

 F. Deer Back Sinew - 12" each #4354 **\$8.99** G. Processed Sinew #5987 **\$17.99**

### Gut Hafting Material

For "period" hafting and cordage. Dries amber clear for an old, primitive look. Approx 20 foot roll. #4306 **\$11.99**

### NEW Jute Twine

Great for wraps on primitive bows and other primitive projects. It can also be used as tinder for starting fires.

- #53153X (10 feet) **\$2.99** (20 feet) **\$4.99**

### Natural Pine Pitch

For hafting arrow points, knife blades, and spear points. Can also be used as a waterproofing agent. Approx 1.3 oz.

- #4300 **\$12.99**

### Pine Resin Hafting Glue

Natural materials ideal for binding materials. Replaces or substitutes for traditional pine pitch.

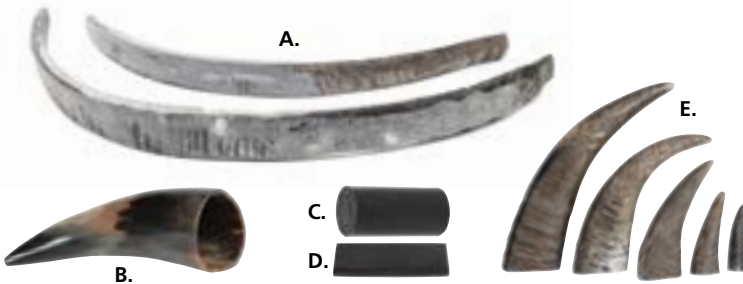

- #6973 (Two 0.65 oz Blocks) **\$8.99**

### Pure 16# Silk

Wrap fletching and reinforcing self nocks. Size E (.47 mm diameter). Colors: black, red, dark green, or yellow.

- #4330X (22 yard) **\$13.99**

### Natural Horn

- A. Water Buffalo Horn (pair) 28" to 32" #63380 **\$99.99**  
 B. Raw Cow Horn - 6-8" (each) #6358 **\$16.99**  
 C. Round Water Buffalo Horn - 1 1/2" x 3/4" (each) #63383 **\$11.99**  
 D. Black Horn Scale - 3" x 1" x 1/8" (each) #6339-01 **\$9.99**  
 E. Raw Water Buffalo Horn Tips (each) #63381X  
 2 1/2-4" **\$4.99** 4-6" **\$9.99** 6-10" **\$13.99** 10-12" **\$16.99** 12"+ **\$22.99**

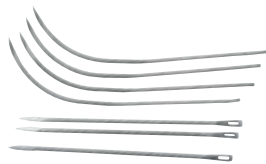

## LEATHER WORKING TOOLS

### Leather Rotary Punch Tool

Ideal for creating eyelets, rivets, and notches. Hole sizes of 5/64", 3/32", 1/8", 9/64", 5/32", and 11/64".

- #15519 **\$17.99**

### Leather Needles

Sharp, self cutting needles. No need to pre-punch holes.

- #8021 Straight 64 MM (6-pack) **\$4.75**  
 #8020 Curved 80 MM (6-pack) **\$4.75**

### Leathercraft Shears

Carbon steel blades cut through leather up to 8 oz. The handle is slightly textured.

- #15521 **\$19.99**

### Leather Lace

Handy for craft projects such as lacing quivers, straps for armguards, and more.

- #6122 (36" long) **\$3.75**

### Leather Lacing Fid

Nice, sturdy metal point for gently working with the leather to stretch and enlarge holes for easier lacing.

- #15522 **\$16.99**

### Leather Lace Maker

Create strands of lace in various lengths and widths. Instructions included. Includes a 4" x 6" starter piece of leather. Tool measures 6".

- #15523 **\$18.99**

### Leather Mini-Punch Set

Includes six round punch tubes (2.0 MM up to 4.8 MM), handle, and wrench.

- #15520 **\$17.99**

### Leather Lacing Needle

Works with 1/8" leather lace. Thread your lace into the end and use to guide it. Solid brass 2 1/4" long.

- #15524 **\$7.99**

## ATLATL KITS

### Traditional Wood Atlatl Thrower Kits

Build your own atlatl thrower. Each kit includes a wooden shaft, spur, sandpaper, and instructions. The **A)** Catatunk Hunter Atlatl allows for "speed loading" without taking your eyes off your target. The **B)** Kanakadea Atlatl The "Y" design allows control the dart without using your fingers. ### Frontier .50 Caliber Rifle Kit

Muzzleloaders are an iconic part of American history. Be part of that history by crafting one of your very own. A great build for those wanting a classic look. Featuring a hooked breech 28" Octagonal barrel with a 1:48" twist and fixed blade sights. Weighs approx 7 lbs. Includes easy-to-follow instructions, quality parts, and hours of fun.

#MK-1003X Flintlock **\$519.99** Percussion **\$439.99**

Finished Kit Example

### Kentucky .50 Caliber Percussion Rifle Kit

An absolute classic that will shoot great, and be a heirloom piece once you have it built. Featuring a fixed tang 33½" octagonal barrel with a 1:66" twist and fixed blade sights. Weighs approx 7 lbs. Includes easy-to-follow instructions, quality parts, and hours of fun.

#MK-1001P-50 **\$419.99**

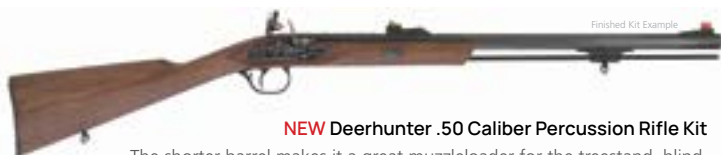

Finished Kit Example

### Mountain .50 Caliber Rifle Kit

The classic black powder rifle used by early American explorers and fur trappers. The longer barrel makes this muzzleloader ideal for long distance shooting. Features a 32" octagonal barrel, 1:48" twist, and unfinished hardwood stock. Weighs approx 8 lbs 4 oz. Detailed instructions included.

#MK-1007X Flintlock **\$629.99** Percussion **\$569.99**

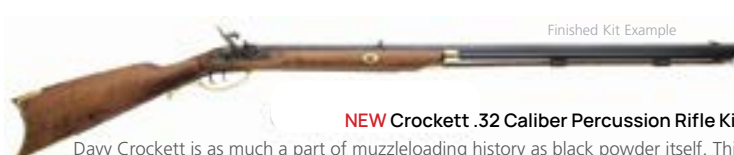

Finished Kit Example

### NEW Deerhunter .50 Caliber Percussion Rifle Kit

The shorter barrel makes it a great muzzleloader for the treestand, blind, or spot and stalk hunting. Features a hooked breech 24" octagonal barrel with a 1:48" twist and lite optic sights. Weighs approx 8 lbs.

#MK-1008P-50 **\$399.99**

Finished Kit Example

### NEW Crockett .32 Caliber Percussion Rifle Kit

Davy Crockett is as much a part of muzzleloading history as black powder itself. This kit lets you recreate Crockett's famous "Old Betsy". Features hardwood stock, brass furniture, octagonal barrel, 1 in 48" twist, double set trigger, and fixed/blade sights. Assembled rifle weighs 6 lbs. Overall length is 49"

#MK-1006P-32 **\$549.99**

**Cannot ship internationally. Check local laws before ordering.**

*Kits that have been altered from their original condition cannot be returned. (ONCE you start working on it, it's yours)*

Finished Kit Example

#### Kentucky .50 Caliber Percussion Pistol Kit

A vital piece of equipment for American pioneers and explorers in the early 19th century. Featuring a fixed tang 10" octagonal barrel with a 1:20" twist and fixed blade sights. Weighs approx 2 lbs 6 oz. Includes easy-to-follow instructions, quality parts, and hours of fun.

#MK-1005P-50 **\$279.99**

Finished Kit Example

#### Trapper .50 Caliber Pistol Kit

Every pioneer carried a pistol as an essential piece of gear. Featuring a hooked breech 9 3/4" octagonal barrel with a 1:20" twist and fixed blade sights. Weighs approx 2 lbs 14 oz. Includes easy-to-follow instructions, quality parts, and hours of fun.

#MK-1004X Flintlock **\$429.99** Percussion **\$399.99**

#### NEW Mini .50 Caliber Old Ironsides Cannon Kit

This working miniature cannon is a scale replica of the same artillery used on the USS Constitution, AKA "Old Ironsides." Fully assembled measures 11 1/2" long x 4" high, wheel diameter is 2 1/4". Weighs approx 4 lbs.

## Mokelumne Longbow

Perfect for young traditional shooters. Made with the same quality and care as any adult custom bow, but scaled down to fit comfortably in smaller hands. Features different lengths and weights for all size of archers. Walnut riser and nock overlays. Limbs are maple surrounded with black fiberglass. Laced leather grip, leather rest, and Flemish twist string included. **Options:** right or left hand in 36" (9# @ 16") or 48" (15# @ 20"). 🇺🇸

#2423X (36") **\$109.99** (48") **\$119.99**

## Little Hawk 36" Longbow

Features quality action wood in the riser, with wood core and black fiberglass limbs. The radiused arrow shelf is cut-to center. Calf hair rest and leather plate included. Dacron string features finger savers installed. 10# @ 16". **Options:** Left or right hand.

#816819X **\$159.99**

## Titan 60" Recurve

As your young adults (10-18) grow, so should their bow. An old classic that is still used by summer camps all across the country. Solid 1-piece glassflex can take abuse, and will last for years of shooting. Molded poly handle grip and arrow shelf allows for right and left hand shooting. String included. 29# @ 28".

#2375 **\$74.99**

## Crusader 54" Longbow

A great starter bow for young archers (6-12). Made from a solid piece of glassflex for a durable bow that will last for years of shooting, so it can easily be handed down to future generations. Molded poly handle grip and arrow shelf allows for right and left hand shooting. String included. 15# @ 24".

#2376-03 **\$54.99**

## Badger Longbow

Constructed of elegant and decorative Dymondwood® and white hardwoods. The comfortable grip is just right for young archers. The limbs feature a wood core surrounded by fiberglass. The tips are reinforced with high performance bow strings. Calf hair rest installed. Includes a Dacron string with nock set. **Options:** right hand in 54" or left hand in 48" and in weights of 20 or 25# (RH only) @ 24". Recommended for ages 6 to 11.

#24001X **\$159.99**

#4292X Youth Wood Arrows (6-pack) **\$21.99** #4292-3 Pink 28" Wood Arrows (6-pack) **\$21.99**

[SEE YOUTH FLU FLU ARROWS ONLINE - #4294-3](#)

### Red Hawk Premium Youth Arrows

These quality 5/16" Port Orford cedar arrows are hand spined and weight matched. Finished with hand painted cresting, red classic nocks, and 3-fletched with 4" left wing shield cut feathers, two white and a red barred. Measure 28½" from valley of nock to end of the shaft. No points included, see page 72 for points and page 82 for arrow services. Spine: 20-25, 25-30, or 30-35#.

#42960X (6-pack) **\$89.99**

### 3Rivers 28" Premium Youth Arrows

Constructed of quality 5/16" Port Orford cedar crested and lacquer sealed. Fletched with three 4" shield cut left wing feathers. Mounted with 70 grains field points (for better penetration) and translucent green Bohning Classic nocks. Perfect for bows 20-35#. Measure 28" long.

#4295-01 (6-pack) **\$44.99**

## CARBON ARROWS

### Easton 4MM Vector™ Carbon Arrows

An ultra-micro diameter (.166" ID) 100% carbon fiber arrow engineered with the same high-performance processes used in advanced tournament arrows, but for the beginner on a budget. Come ready to shoot with 70 grain 4 MM zinc points and N nocks installed. Fletched with three 2" shield cut feathers (colors vary). Straightness checked and weight matched.

#1123X Vector™ Arrows (6-pack) **\$44.99** #6789-03 Replacement Points 80 grains (dozen) **\$14.99**

Spine	GPI	Length
600	7.6	30"
800	6.2	29½"
1000	5.4	29"
1200	5.1	28½"
1400	4.2	28"

### Gold Tip 28" Lightning Carbon Arrows

Build your young archer's confidence (and accuracy) with high quality, durable carbon arrows. For bows up to 45#. Covered in a black matte finish. Fletched with three 4" shield cut left wing white feathers. Measure 28" with Gold Tip nocks and 50 grains glue-in field points installed.

#1119-1 (6-pack) **\$45.99**

### PSE Razorback Youth Carbon Arrows

Perfect for young archers ready to graduate to carbon arrows. Fletched with three 2¼" shield cut feathers. 80 grains glue-in NIBB arrow points and nocks installed. Straightness ±.006", weight tolerance of ±1 gr. Spine: 1200 (25", 3.53 gpi) or 1000 (28", 4.31 gpi).

#6789X Razorback Arrows (6-pack) **\$49.99** #6789-03 Replacement Points 80 grains (dozen) **\$14.99**

### Fleetwood 28" Fiberglass Arrows

The best answer of price, performance, and strength. They can withstand punishment from errant shots and still fly true shot after shot. 3-fletched with 3" shield cut feathers (colors may vary), and cut to 28" with 100 grains field points installed. For bows less than 40#.

#6824-01 (6-pack) **\$41.99**

## ALUMINUM ARROWS

### Easton NASP Genesis™ V2 Aluminum Arrows

#7601X Extreme **\$159.99** #3028 Beginner **\$49.99**

## BOWFISHING ACCESSORIES

### Muzzy Tac Rail Line Puller

Wrap your line for added leverage, and to stop hurting your hands. Solid machined aluminum.

#55571 **\$27.99**

### Muzzy 200# Bowfishing Line

Low diameter, high strength, and zero stretch braided lime green line.

#55570 (100 ft) **\$20.99**

### BCY Braided Bowfishing Line

Ultra-strong 100% braided HMPE line. 200# test strength. Measures 50 feet per roll.

#4268-2 **\$9.99**

### Traditional Gadget Adapter

No drilling your bow to mount items that require a 5/16" stabilizer hole. Easy-on/off rubber straps.

#5045 **\$24.99**

## BOWFISHING REELS

### A. AMS Retriever® Pro Reel

Corrosion resistant construction. Includes 25 yards of 200# braided Dacron line and two AMS safety slides. Built-in quiver secures one arrow. Mounts to ATA accessory holes. Options: right or left hand.

#55504X AMS Pro Reel **\$129.99**

#5551X Replacement line - orange or yellow **\$20.99**

[SEE VIDEO ONLINE](#)

### B. AMS Retriever TNT Bowfishing Reel

Solid brass gear system featuring a 4.3:1 ratio and extra-long handle. Includes a bottle with 35 yards of 350# braided Dacron line, mounting clamp, 1-arrow quiver, trigger guard, AMS Safety Slide® kit, additional mounting plate, and mounting screws. Mounts to ATA accessory holes. Options: right or left hand.

#55506X AMS TNT Reel **\$159.99**

#55506-03 Replacement line **\$35.99**

### C. Muzzy Bowfishing Bottle Reel

Drag free shooting for smooth, unhindered shots. No need to push buttons or releases before shooting. Includes 25 yards of 150# line. Mounts to ATA accessory holes. Right hand only.

#55572 **\$84.99**

### RPM M1 SS Spincast Reel

Boasting fast gear ratio at 3.5:1. Features stainless steel reel shoe, dual pick-up pins, super-fast gears, lube ports in the reel hood, larger line guide, large handle bolt, and built-in anti-reverse lever. Mounts to a reel seat. Pre-spooled with 150 feet of 150# Monkey Wire. Convertible to left hand. Mounts to a reel seat (sold separately).

#160901-01 **\$71.99**

### RPM M1-X Trigger Reel

No buttons to push, or tension bars to hold. Just pull the trigger and reel in the line. It's always in free spool mode, so there's no need to worry about the pick-up pins engaging prematurely. Pre-spooled with 150 feet of #200 Monkey Wire. Convertible to left hand. Mounts to a reel seat (sold separately).

#160901-02 **\$89.99**

### Cajun Spin Doctor Reel

Designed to handle the rigors of bowfishing. Featuring dual pickup pins with full metal assembly for faster reeling. The longer hood and hole offers better line feeding. Pre-spooled with 150# line. Mounts to a reel seat (sold separately). Right hand only.

#3047 **\$69.99**

### Fin-Finder SideWinder™ Bowfishing Reel

Featuring a one-of-a-kind quick crank retrieval system. Mounts to front stabilizer bushing. Includes 80 feet of high visibility orange line. Shoot right or left hand.

#30350 **\$42.99**

### Cajun Brush Fire Bowfishing Rest

A full containment arrow rest. Adjustable frame with etched alignment marks. Adjustable for right or left hand.

#3048 **\$35.99**

### Fin-Finder Delta Bowfishing Rest

Glass-filled nylon, with a reliable 6061-T6 aluminum spinner. The frictionless spinner ensures smooth and accurate shots.

#3049 **\$34.99**

### AMS Traditional Mount

Mount items that take ATA accessory or front stabilizer bushings. Uses easy-on/off rubber straps.

#5548 **\$49.99**

### NEW Cajun Picatinny Style Bowfishing Light

Durable and waterproof. Use by itself, or mount to the rail of the Cajun Picatinny Line Puller (see online) 1,200 lumens beam.

#55442 **\$49.99**

### RPM Vise Reel Seat

Features a threaded front accessory port and integrated line puller. Twin hex nut and friction ring locks it in.

#1610 **\$47.99**

### Fin-Finder Reel Seat

Features solid 6061 aluminum and stainless steel construction. Mounts to front stabilizer hole.

#3046 **\$29.99**

# BOWFISHING ARROWS
