LONGBOW & RECURVE EXPERTS

**UNLEASH THE POWER** OF THE NEW THUNDERSTORM RECURVE, page 11

## WELCOME TO 3RIVERS ARCHERY,

Whether you're shopping with us for the first time or have been a loyal customer for years, thank you for choosing 3Rivers Archery. We appreciate your trust and support.

As a small, family-owned business, we're dedicated to helping you on your traditional archery journey. Our longbow and recurve experts are available by phone, online, and in person to answer your questions and match you with the right gear.

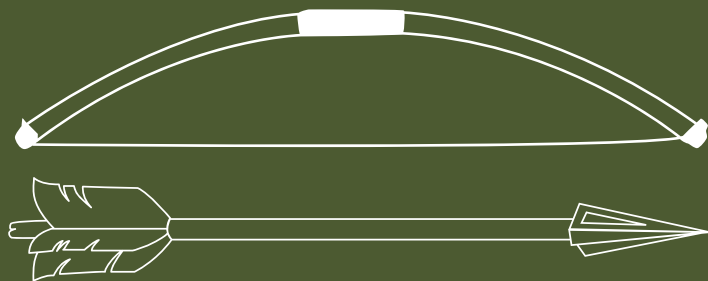

Our fulfillment team provides fast, same-day shipping on thousands of in-stock products. This catalog is packed with information and hundreds of items, but for the latest gear, videos, reviews, and updates, be sure to visit our website.

Prefer speaking directly? We're here for that too! You're always welcome to visit us in Northeast Indiana (exit 340 on Interstate 69). We're open weekdays from 9-5 EST and Saturdays from 9-2 EST for travelers. You can also reach us by phone or email.

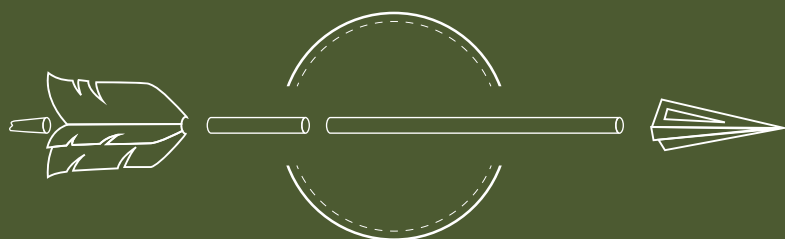

# FINE TUNE YOUR EXPERIENCE

## SPINE CALCULATOR

We use a mathematical algorithm to help you match your bow and arrows' dynamic spines to achieve maximum performance. Easy and Fun to use!

[3RiversArchery.com/Spine-Calculator](http://3RiversArchery.com/Spine-Calculator)

## ARROW BUILDER

Personalize your arrows without spending lots of time or money. Our interactive tool instantly shows you how they will look as you build-a-long. Plus, its intelligence only lets you add components that are compatible with your arrows, so no 'guesswork.'

# Tomahawk Bows®

## BEST OF THE BEST™

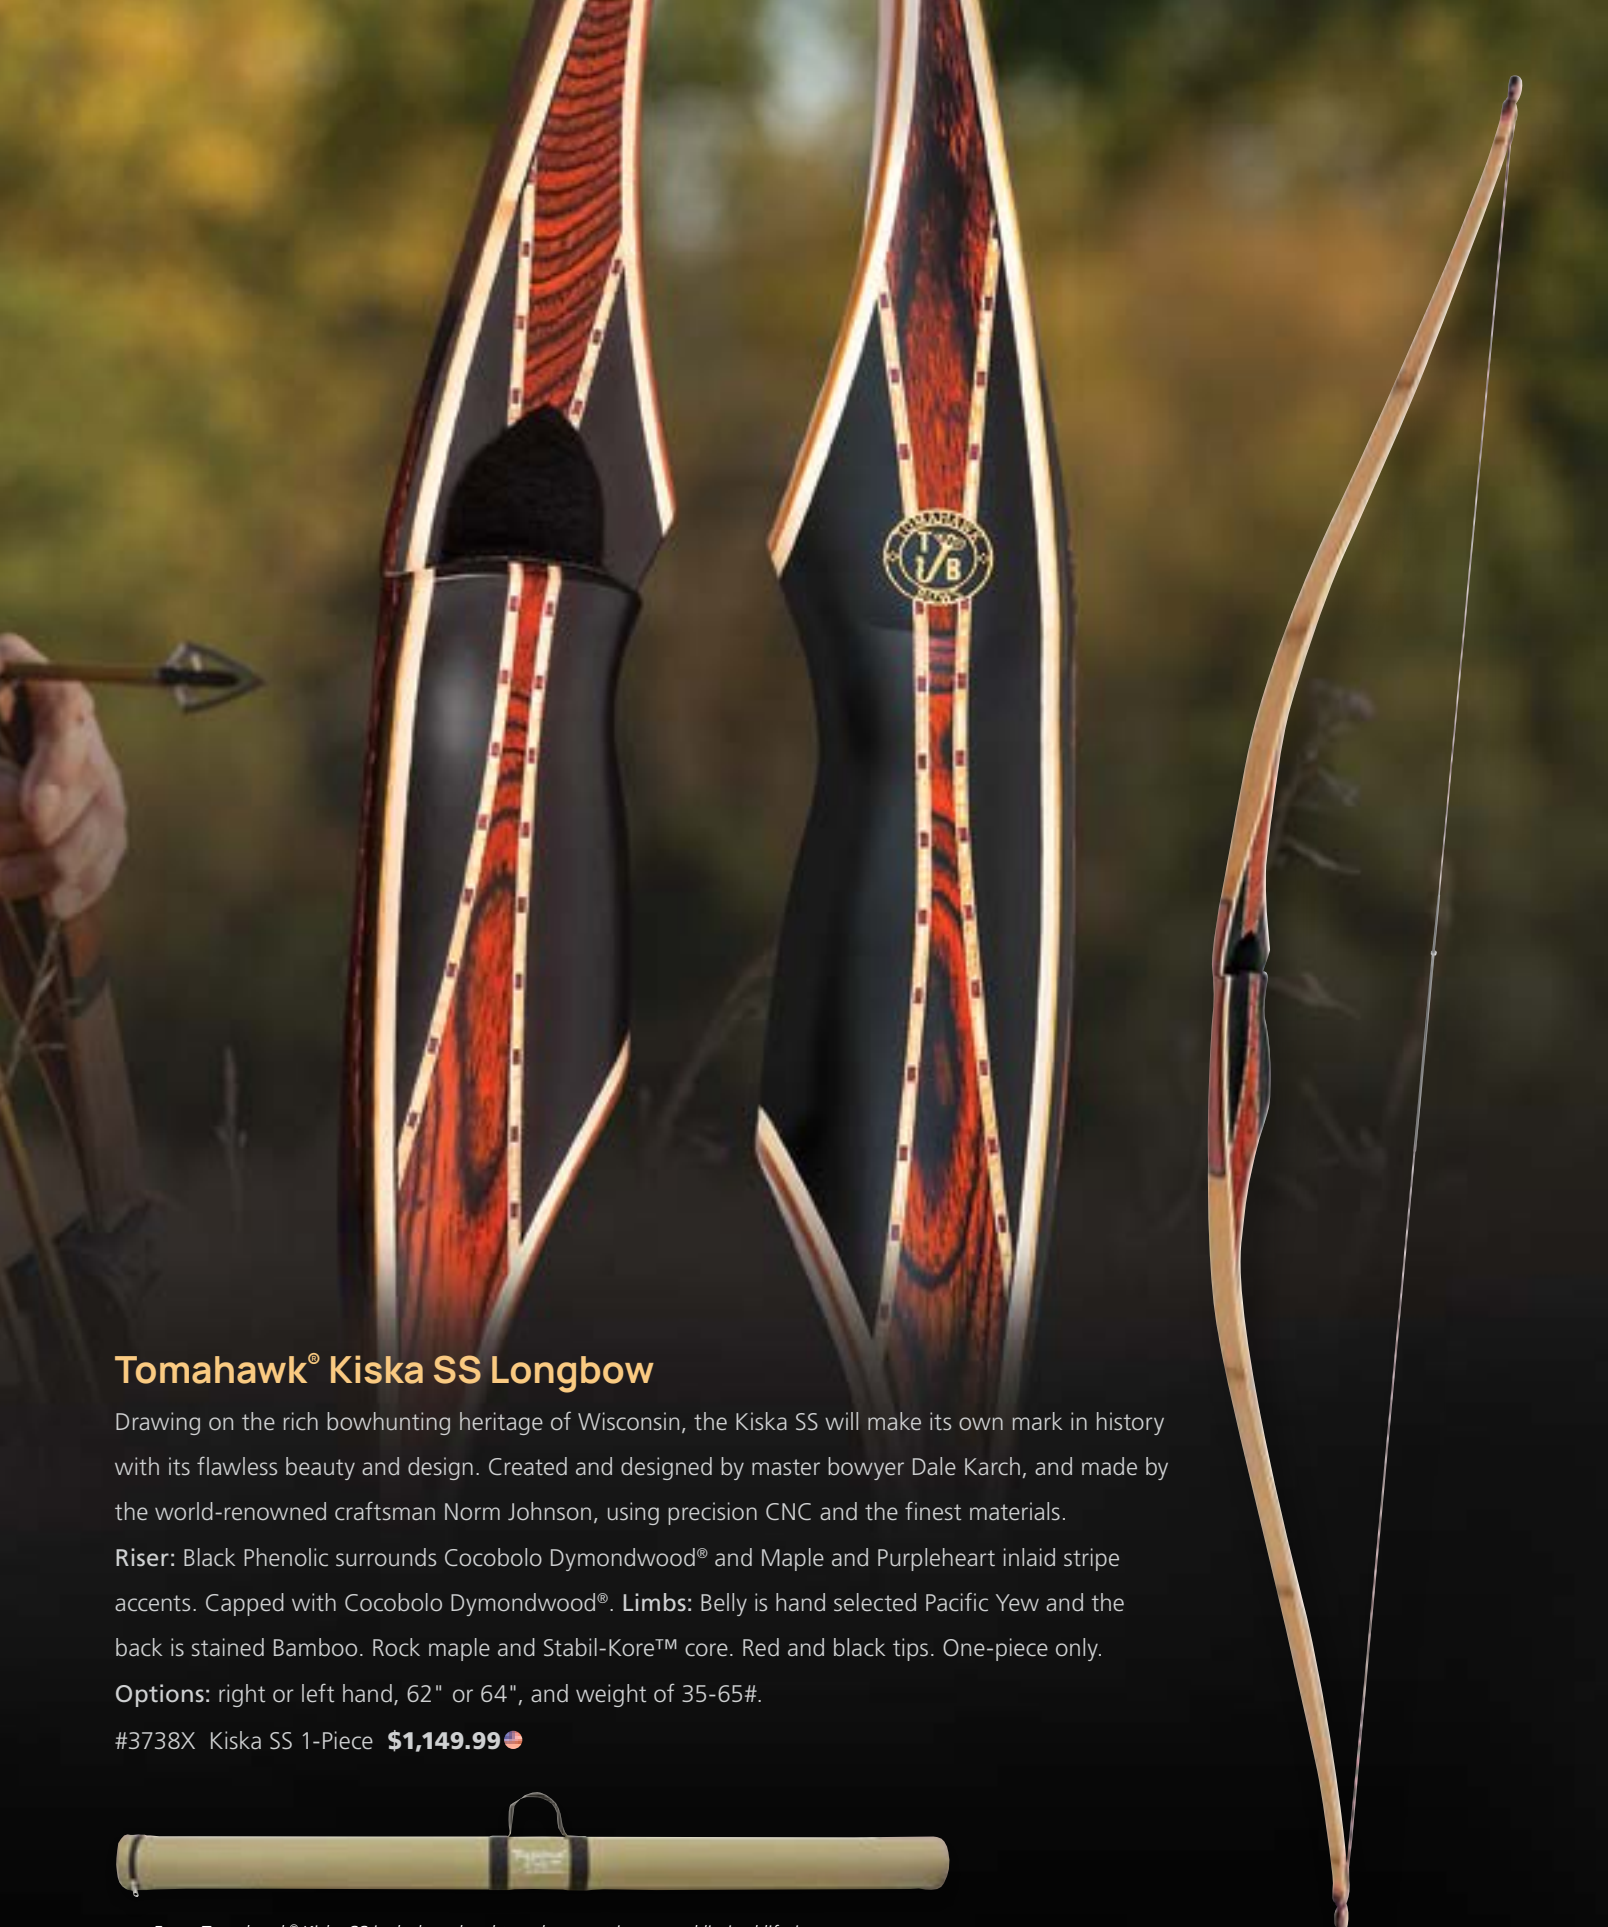

Tomahawk Bows® began with the creativity and ingenuity of Dale Karch, former owner of 3Rivers Archery, and his passion to create a bow that was elegantly simple, yet would hold up to the rigorous demands of bowhunting.

Dale used his expertise as a tool and die maker to create a traditional bow that does precisely that.

All Tomahawk Bows® feature a unique “trapped” deflex/reflex limb profile, paired with beautiful woods and flawless workmanship, all culminating into an impressive combination of speed, smoothness, and stability.

Truly making our Tomahawk Bows® the “Best of the Best.™”

## Tomahawk® Kiska SS Longbow

Drawing on the rich bowhunting heritage of Wisconsin, the Kiska SS will make its own mark in history with its flawless beauty and design. Created and designed by master bowyer Dale Karch, and made by the world-renowned craftsman Norm Johnson, using precision CNC and the finest materials.

**Riser:** Black Phenolic surrounds Cocobolo Dymondwood® and Maple and Purpleheart inlaid stripe accents. Capped with Cocobolo Dymondwood®. **Limbs:** Belly is hand selected Pacific Yew and the back is stained Bamboo. Rock maple and Stabil-Kore™ core. Red and black tips. One-piece only.

**Options:** right or left hand, 62" or 64", and weight of 35-65#.

#3738X Kiska SS 1-Piece **\$1,149.99** 🇺🇸

*Every Tomahawk® Kiska SS includes a hard travel case, stringer, and limited lifetime warranty.*

Dalaa® 19"

Dalaa® 17"

DX5 15"

## DAS™ RISERS

Offering maximum versatility in a modern traditional bow, with limitless tuning for perfect arrow flight. Featuring a machined 6061-T6 aircraft aluminum alloy to withstand crucial stresses with zero flex and adjustable draw weight ( $\pm 5\%$ ) and tiller.

- **DAS™ DX5 15" Longbow Riser** - Same versatility as our Dalaa® risers, but in a sleek longbow design.

Only offered in our proprietary DAS™ limb connection, accepting recurve and longbow limbs.

Arrow shelf is cut 1/4" past center with an adjustable side plate, and radiused shelf.

Sight window is 3" tall. Tapped with ATA accessory, dual plunger, and front stabilizer holes.

#8147 Black (no grip) - DAS™ **\$549.99** Sniper Green or **NEW** Coyote Tan **\$599.99** 🇺🇸

- **17" Dalaa® Riser** - Engineered for the recurve bowhunter with perfect hunting lengths and natural point-ability.

Features a scribed center line on the shelf and belly to aid with limb alignment and tuning centershot.

The arrow shelf is cut 3/8" past center with an adjustable side plate, and high-radiused shelf.

Tapped with ATA accessory and plunger holes and stainless steel bushing in front stabilizer hole.

Matte Black is offered in Type III Hard Coat Anodize, Sniper Green is DuraCoat®, and coyote tan is finished in Cerakote®.

#8147 Black Anodized (no grip) - DAS™ **\$499.99** ILF **\$549.99** +\$50 for Sniper Green or **NEW** Coyote Tan 🇺🇸

- **Dalaa® 19" Riser** - We've taken the popular 19" riser length and added a variety of features to give you more flexibility in customizing your Dalaa® to your preferences. The removable 4.48 oz. brass weight gives you extreme riser balance where you need it. Dual stainless steel bushings have been added to the back and belly below the grip for stabilizers or barebow weights, as well as dual plunger holes for elevated or shooting off-the-shelf options, and ATA accessory holes for mounting sights, quivers, or other accessories.

#814819X (no grip) Black Anodized - DAS™ **\$549.99** ILF **\$599.99** +\$50 for Sniper Green or **NEW** Coyote Tan 🇺🇸

- **21" Dalaa® Riser** - Same as the 17" Dalaa® but geared towards an archer who enjoys more mass weight, solid balance, and a larger sight window. Those with longer draw lengths will also fully appreciate the smooth shooting they get from a longer bow. Also tapped with triple plunger holes for shooting off the shelf or using an elevated rest.

#8147 Black Anodized (no grip) - DAS™ **\$499.99** ILF **\$549.99** +\$50 for Sniper Green or **NEW** Coyote Tan 🇺🇸

- **HT-21 Riser** - a collaboration with The Push Archery and TradLab. Together we designed, tested, and tweaked every inch of the 21" Dalaa® to build the ultimate riser for the modern bowhunter who wants to extend their shooting into the competitive realm. We've added a 2<sup>nd</sup> recessed plunger hole along with modifying and optimizing the plunger holes positioning for increased shootability, tunability, and accuracy. The radiused shelf has been extended for more off-the-shelf tuning. A stabilizer bushing has been added on the belly in-line with the front bushing, and a thicker scribed center line. The limb pad attachment has been reinforced and limb butt clearance has been increased. It has even gained some deflex to the profile. The largest modification is the innovative barebow weight system for customizing your riser for precision balancing. Included with every riser are two 4.8 oz brass side plates, wrenches, and adjustable strike button. **Options:** right or left hand, matte black anodized finish, DuraCoat® sniper green, or coyote tan Cerakote® finish, and ILF or DAS™ limb connection.

#81461X Black Anodized (no grip) - DAS™ **\$599.99** ILF **\$649.99** +\$50 for Sniper Green or **NEW** Coyote Tan 🇺🇸

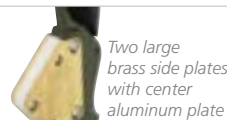

### HT-21 Riser Barebow Weights

Use any combination of these weights and still be able to pass the riser through the 12.2 cm barebow ring. Large Side Plate fits right and left sides. Center Plate requires at least one large side plate (mount screws included). Weight measurement approx.

#81811X (sold by the each) 🇺🇸

Large Side Plate Brass (11 oz) **\$49.99** Aluminum (4.5 oz) **\$34.99**

Center Plate Brass (13 oz) **\$49.99** Aluminum (4.5 oz) **\$34.99**

Two large brass side plates with center aluminum plate

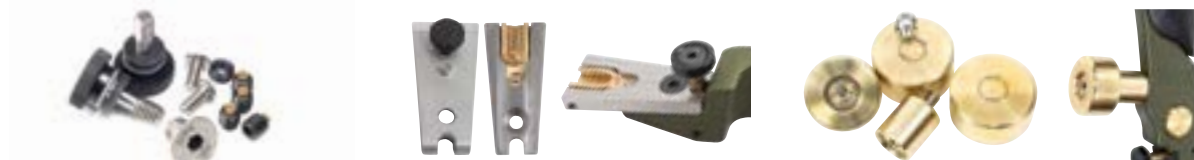

**DAS™ Complete Bow-** Includes riser, set of limbs, bow string, case with riser/limb sleeves, bow set-up by 3Rivers Tech, DAS bow grip, bow stringer, owner's manual, and wrench set.

Riser: Laminated wood design. Radiused, cut to center shelf with a medium grip. Includes an elevated rest (not installed). Features front stabilizer bushing, plunger hole, and ATA accessory holes. Limbs: Maple core and black fiberglass. No-tools limb bolts. Includes Dacron string, high performance compatible. Options: Right or left hand in 25, 29, 35-55#.

#868453X Complete Bow **\$199.99** #868455X Limbs Only **\$99.99**

[SEE VIDEO ONLINE](#)

**Importance of Bow Length:** Having a bow that fits properly will draw smoother, not stack, and normally have greater accuracy as you get a cleaner release. Your draw length determines what will be "too short" of a bow for you. All adult bows are rated at 28", but not everyone draws to that point. Use our chart **ONLY** as a recommendation.

Bow Length	Recommended Draw Length
48" - 52"	27" & less
55"	24" - 28"
58" - 60"	26" - 29"
61" - 63"	28" - 30"
64" - 66"	28" - 33"

#### G. Fleetwood Hunter ILF 62" Recurve Bow

**Riser:** An ILF bow with unique traditional wood look. Measures 19". Radiused, cut-to-center shelf with medium grip. Features lateral limb adjustment (G1 only). Arrow rest installed. **Limbs:** Wood core with black fiberglass. **String:** High performance Flemish twist string. **Options:** Right hand only, in colors: G1) Auburn, G2) Brown, or G3) Green in weights of 35-55#.

#2561X Complete Bow - Auburn **\$339.98** Brown or Green **\$349.98**

#2562X Riser Only - Auburn **\$189.99** Brown or Green **\$199.99**

#### H. NEW Celtic 62" Takedown Recurve

**Riser:** Combination of Dymondwood, white oak, and hard maple. Drilled and tapped with ATA accessory holes and a front stabilizer bushing. Radiused shelf cut to center. Feather rest and leather side plate installed. **Limbs:** Padauk surrounded by black fiberglass. Reinforced limb tips for high performance strings. **String:** Endless loop Dacron string. **Options:** Right or left hand in weights of 30-55#.

#25904X **\$199.99**

#### I. Striker Classic Deluxe (60" or 62") Takedown Recurve

**Riser:** Cocobolo reinforced with phenolic and yew striping. Radiused, cut 1/16" past center shelf with medium forward grip. Arrow rest installed. **Limbs:** Figured bacote veneers with action bamboo cores and cocobolo wedges topped by clear fiberglass. Phenolic on front and back of tips. Limb bolt and dual alignment pin attachment. High performance string, silencers, and stringer included. **Options:** Right or left hand, 60" or 62", and 40-60#.

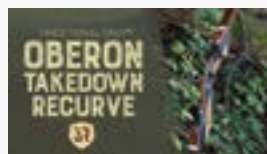

#2297X Complete Bow **\$979.98** #2298X Limbs Only **\$589.99**

#2297RX Riser Only (14" or 16") **\$389.99**

#### J. NEW Traditional Only® Oberon 62" Takedown Recurve

The same beauty and performance of our popular 60" one-piece model, but now in a 62" takedown model. Features an easy-to-use pin and bolt takedown system, allowing for convenient storage and travel. Its balanced design offers the perfect blend of strength and beauty, ensuring a reliable and enjoyable shooting experience for archers of all skill levels. **Riser:** Black and light walnut stained stabilized action wood with maple and black glass accent stripes and white glass and action wood caps. Cut to center, radius shelf with a medium grip. Rest, strike plate, and bow sock included. **Limbs:** Bamboo and uni-carbon core, finished with stained birdseye veneer fiberglass. Layered fiberglass and action wood tips for style and strength. **String:** High performance D97 Flemish twist string. **Options:** Right or left hand in weights of 29, 35-60#.

## SAMICK LIMBS

### A. Samick Discovery 45T ILF Recurve Limbs

Dual bamboo laminations provide strength and elasticity for quicker recovery and superior power. While the carbon layer is lightweight and strong. Options: Short, medium, or long in weights of 30-60# (rated on a 17" riser)

#82274X **\$305.99**

### B. Samick Discovery R3 Foam Core Recurve Limbs

Lighter and more uniform than wood, and weather has no impact on shooting.

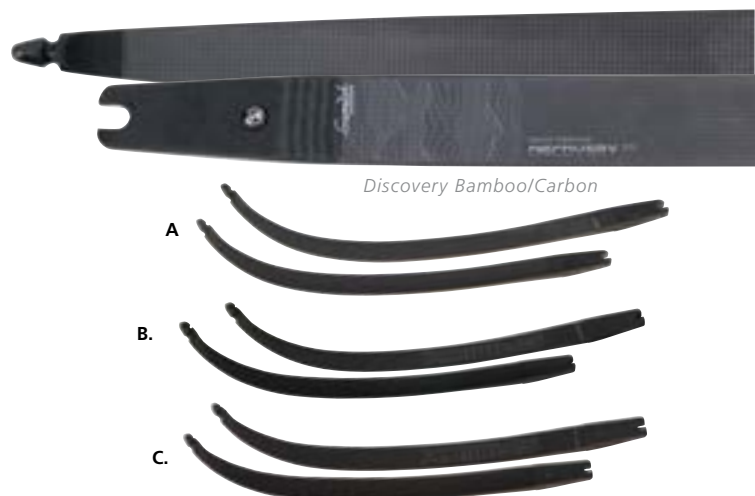

Paired with a unidirectional carbon lamination for a lightweight material. Options: ILF or DAS™, length (medium or long), and weight 30-55# (rated on a 17" riser).

#82270X **\$279.99**

### C. Samick Discovery R1 Wood Core Recurve Limbs

A blending of wood and carbon performance. Two laminations of maple, supported with uni-carbon, and finished with black fiberglass. Options: limb connection (ILF or DAS™), length (medium or long), and weight 30-55# (rated on a 17" riser).

#82272X **\$249.99**

## UUKHA LIMBS

### Introducing Uukha's new wave of 5<sup>th</sup> generation limbs!

Featuring the new U5 profile limbs that offers greater stability at full draw, as well as increased torsional rigidity. Uukha limbs are made with patented Monolith Carbon technology. This unique manufacturing process and the high carbon content offers amazing strength (no delaminations) and reduced vibrations. Compared to other limbs on the market, Uukha's advanced limb design lets you achieve equivalent speed with up to 4 pounds less draw weight, giving you an edge without extra effort. Comes in ILF connection or see DAS™ conversion set online (#38177-61). **Options:** length (short, medium, or long) and weight 30-55#.

#### A. **NEW** Uukha Yangi ILF Recurve Limbs

U5 limb profile. The best value, offering the perfect balance of speed and comfort. Featuring 70% Monolith Carbon, and 30% glass fiber.

#816909X **\$579.99**

#### B. **NEW** Uukha Altan ILF Recurve Limbs

U5 limb profile, 100% Monolith Carbon construction. Offering the flattest trajectory making it the best option for hunting.

#816907X **\$1,499.99**

#### C. **NEW** Uukha Mazaalaï ILF Recurve Limbs

U5 limb profile, featuring a blend of 90% Monolith Carbon, and 10% glass fiber, to be lighter, faster, and more reliable.

#816908X **\$1,099.99**

## DAS™ LIMBS

### DAS™ 3K Carbon Bamboo Core Recurve Limbs

Combining the power of bamboo and carbon. 3K carbon is lightweight and relatively stiffer than other carbons. Bamboo offers strength and elasticity. Reinforced tips. **Options:** limb connection (ILF or DAS™), length (medium or long), and weight (29, 35-60# rated on a 17" riser).

#816833X **\$379.99**

### DAS™ 3K Carbon Foam Core Recurve Limbs

Featuring a lightweight foam core surrounded by 3K carbon and reinforced tips, giving you more stability and less vibration. **Options:** limb connection (ILF or DAS™), length (short, medium, or long), and weight (29, 35-60# rated on a 17" riser).

#816835X **\$399.99**

### DAS™ Bamboo Core Limbs - Longbow / Recurve

#816826X A) Longbow **\$229.99** B) #816830X Recurve **\$229.99**

### **NEW** DAS™ Recurve Clear Burl Limbs

Add unmatched beauty to your ILF or DAS Bow™. Built around a responsive bamboo and carbon core, these limbs offer a perfect balance of power, speed, and smoothness. Surrounding this high-performance core is a layer of beautiful stained birdseye veneer fiberglass, offering more than just structural integrity. The reinforced tip overlays ensure compatibility with today's high-performance strings.

**Options:** DAS™ or ILF connection in lengths of short, medium, or long in weights of 29, 35-60#.

#816837X **\$299.99**

## NEW 3Rivers Blue Jay Wood Arrows

Made from the finest 11/32" Port Orford Cedar (30-35# are 5/16"). Hand-spined to be matched within 5 pounds and weight matched to 20 grain groups per set. Each arrow has a special Black Walnut stain sealed with a clear lacquer finish for longevity and a brilliant look shot after shot. The clear cap dip and cresting is done by hand for a "true" custom look and feel. Three-fletched with 5" shield cut left wing feathers (30-35# and 35-40# are 4"), with a natural barred feather flanked by two blue feathers. Blue Bohning Classic nocks installed.

**Spines:** 30-35 (5/16"), 35-40 (5/16"), 40-45, 45-50, 50-55, 55-60, or 60-65#.

#8328X (6-pack) **\$139.99**

## 3Rivers Hunter Wood Arrows

Premium Port Orford cedar shafting hand-spined, walnut stained, clear lacquer dipped, and crested. Fletched with three 5" shield cut left wing feathers, a traditional barred and two solid (red, white, lime, or yellow; same per pack). White Bohning Classic nocks installed. Measure 32" untapered.

**Diameter (Spine):** 5/16" (30-35 or 35-40#) 11/32" (40-45, 45-50, 50-55, 55-60, or 60-65#) 23/64" (65-70, 70-75, 75-80, or 80-85#). 6-packs in 30-35# to 65-70# only.

#4072X (6-pack) **\$79.99** (12-pack) **\$149.99**

## 3Rivers Hunter Arrows Test Kit

Includes two of each spine. Kit A: 35-40, 40-45, 45-50, and 50-55. 11/32" diameter. Kit B: 45-50, 50-55, 55-60, and 60-65. 11/32" diameter. Kit C: 65-70, 70-75, 75-80, and 80+. 23/64" diameter.

#4054X **\$58.99**

## A. 3Rivers Classic Wood Arrows

Finished with a walnut stain with a white cap dip and cresting. Made using sturdy 11/32" Port Orford cedar that are hand-spined to be matched within 5 pounds and weight matched to 20 grain groups per pack. 3-fletched with 5" (4" on 30-35 and 35-40) shield cut left wing feathers (two white, one natural barred). White Bohning Classic nock installed. Measure 32" untapered. **Spine:** 30-35 (5/16"), 35-40 (5/16"), 40-45, 45-50, 50-55, 55-60, or 60-65#.

#8312X (6-pack) **\$134.99**

## B. 3Rivers Autumn Hunter Wood Arrows

Orange stained shafts, crown dipped in pristine white, and hand crested with orange, black, and silver. Hand selected and matched sturdy 11/32" Port Orford cedar shafts. Fletched with three 5" left wing shield cut orange turkey feathers, two solid and one barred. Finished with Bohning Classic orange nocks. Measure 32" untapered. **Spine:** 30-35 (5/16"), 35-40 (5/16"), 40-45, 45-50, 50-55, 55-60, or 60-65#.

#8322X (6-pack) **\$129.99**

## C. 3Rivers Firefly Wood Arrows

Featuring bright, colorful fletchings, stunning cresting, and quality 11/32" Port Orford cedar. Gasket lacquer sealed to preserve the natural beauty of the Port Orford cedar. Hand dipped and hand crested. Fletched with three 5" left wing shield cut lime turkey feathers, two solid and a barred. Finished with Bohning Classic fl-green nocks. Measure 32" untapered. **Spine:** 30-35 (5/16"), 35-40 (5/16"), 40-45, 45-50, 50-55, 55-60, or 60-65#.

#8324X (6-pack) **\$129.99**

## D. 3Rivers Tapered Saxton Elite Wood Arrows

Stained a golden oak color with a dark walnut cap, and sealed with a durable polyurethane finish. Made using 11/32" diameter Port Orford cedar shafts with a 10" taper at the nock end. Individually hand-spined and straightened and weight matched to 10 grains per pack. Finished with a 5/16" yellow Bohning Classic Index nock, and 3-fletched with 5" shield cut left wing feathers consisting of one brown barred and two solid yellow. Measure 32" untapered. **Spines:** 40-45, 45-50, 50-55, 55-60, or 60-65#.

#8327X (6-pack) **\$154.99**

## E. 3Rivers Harvester Wood Arrows

The clear cap dip and special royal walnut stain is accented by the handcrafted cresting. Hand-selected 11/32" Port Orford cedar. Finished with black Bohning Classic nocks and fletched with three 5" shield cut turkey feathers, one natural barred and two brown. 30-35 and 35-40 spines are fletched with 4" feathers. Weight matched to 20 grain groups. Measure 32" untapered. **Spine:** 30-35 (5/16"), 35-40 (5/16"), 40-45, 45-50, 50-55, 55-60, or 60-65#.

#8318X (6-pack) **\$129.99**

#### F. 3Rivers Stalker Wood Arrows

11/32" Port Orford cedar shafting with black crestring. Four fletched (4x90°) for stable flight, with its combination of 5" left wing shield cut white and natural barred turkey feathers. Black Bohning Classic nocks installed. Measure 32" untapered.

**Spine:** 40-45, 45-50, 50-55, 55-60, 60-65, or 65-70#.

#40713X (6-pack) **\$89.99** 

#### G. 3Rivers Trailwalker Wood Arrows

Southern pecan stained hand-spined 11/32" Port Orford cedar. Sealed with gasket lacquer. Fletched with two solid white and one traditional barred 5½" shield cut left wing feathers. Measure 32" untapered.

**Spine:** 45-50, 50-55, 55-60, 60-65, or 65-70#.

#40712X (12-pack) **\$129.99** 

#### H. 3Rivers Self Nocked Wood Arrows

Light walnut stained and sealed. Handmade from 11/32" Port Orford cedar. Weight matched to 10 grain groups. Fletched with three 5" traditional cut natural turkey feathers artificial sinew wrapped. Self nock reinforced with artificial sinew. Measure 31½" untapered.

**Spine:** 30-35, 35-40, 40-45, 45-50, 50-55, 55-60, or 60-65#.

#8314X (3-pack) **\$109.99** 

#### I. 3Rivers Elite Tapered Wood Arrows

Walnut stained and sealed with a polyurethane finish. Made from 11/32" tapered Port Orford cedar. Features a 10" taper to 5/16" on the nock end. Hand-spined, straightened, and weight matched to 10 grain groups. Fletched with three 5" shield cut left wing turkey feathers, a natural barred and two solid reds. Red 5/16" Bohning Classic nock. Measure 32" untapered.

**Spines:** 40-45, 45-50, 50-55, 55-60, or 60-65#.

#8326X (6-pack) **\$155.99** 

#### J. **NEW** 3Rivers Emerald Hunter Arrows

Gray bark stained, hand crested, and gasket lacquer sealed with a natural cap dip. Port Orford cedar 11/32" parallel shafts weight matched to groups of 20 grains. Fletched with three 5" left wing shield cut green fletchings (barred and two solid). Finished with a pearl Bohning Classic nock.

Measure 32" untapered. **Spine:** 35-40, 40-45, 45-50, 50-50, 55-60, 60-65, or 65-70#.

#8323X (6-pack) **\$134.99** 

#### **NEW LOOK** 3Rivers Sherwood Wood Arrows

Load up your quiver and hit the range with these quality 11/32" Port Orford cedar arrows. Measure 30" with 125 grains field points and fl-green Bohning Classic nocks mounted. Gasket lacquer finish. Fletched with three lime (barred and two solid) 4" left wing shield cut feathers. **Spine:** 35-40, 40-45, 45-50, 50-55, 55-60, or 60-65#.

#40733X (6-pack) **\$59.99** 

#### Finished Bamboo Arrows

These fully finished, handcrafted bamboo arrows are not only unique looking, but are sturdy and accurate.

Each comes pre-fletched (color may vary) with nocks and points installed. Nocks are made of white bone or black water buffalo horn (varies). Feathers and nocks are tied off with silk thread. Approx 33" long. **Options:** natural barred or solid color fletchings.

#6333 A) Solid fletchings (3-pack) **\$114.99** #6333-1 B) Natural Barred fletchings (3-pack) **\$114.99** 

#### 3Rivers Flu Flu Wood Arrows

Perfect for aerial and small game shooting. The larger feathers slow the arrow down within 20-40 yards. Same shaft as Hunter Arrows (above left), but 4-fletched with 4" Flu Flu cut left wing solid color (yellow, white, red, or lime - same per pack) feathers. Measure 32" untapered.

**Diameter (Spine):** 5/16" (30-35 ) or 11/32"( 35-40, 40-45, 45-50, 50-55, 55-60, or 60-65#) 23/64"(65-70, 70-75, 75-80, or 80-85#).

#5347X (6-pack) **\$79.99** 

## EASTON ARROWS

### Easton Carbon Legacy™ Carbon Arrows

Featuring a traditional look and state-of-the-art performance. Combining the look of traditional wood grain with a high-quality extra long 34" (.246" inside diameter) carbon fiber arrow shaft and high-visibility white cap for easy arrow retrieval. White 3D Super nocks™ installed, and aluminum inserts included. Fletched with three 4" shield cut left wing feathers, traditional barred and two solid (red, yellow, or white). **Straightness:**  $\pm .005"$ . **Recommended field point:** 5/16". **Spine:** 700, 600, 500, 400, or 340.

#677351X (6-pack) **\$78.99**

### Easton Carbon Legacy™ - 5MM Fred Eichler Edition Arrows

The latest collaboration between legendary hunter Fred Eichler and Easton. See page 113.

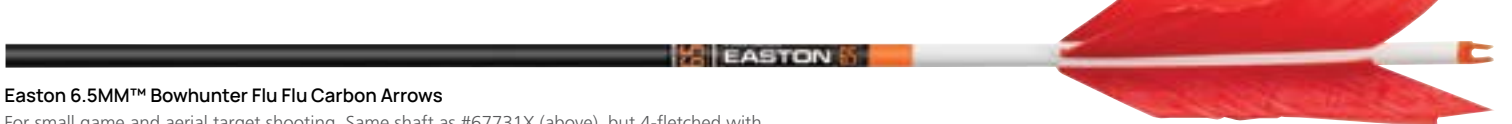

#677353X (6-pack) **\$105.99**

Made to the highest level of accuracy with Easton's proprietary Acu-Carbon™ uniform spine process. Features a smooth, non-glare black matte finish. Inside diameter of .246". Microlite™ S nocks installed and aluminum inserts included. Fletched with three 5" shield cut left wing feathers, traditional barred and two solid (red, lime, yellow, or white) on a white arrow wrap. **Straightness:**  $\pm .006"$  **Recommended field point:** 5/16". **Spine:** 500, 400, 340, 300, or 250.

#67731X (6-pack) **\$80.99** (12-pack) **\$149.99**

### Easton 6.5MM™ Bowhunter Flu Flu Carbon Arrows

For small game and aerial target shooting. Same shaft as #67731X (above), but 4-fletched with 4" left wing Flu Flu feathers in solid colors of red, lime, yellow, or white. **Spine:** 500, 400, or 340.

#67732X (6-pack) **\$69.99**

### Easton Vector Carbon Arrows

Lightweight but tough arrows built for serious target shooters. Fletched with three 2" shield cut feathers (colors vary by spine). Ultra-micro Inside diameter of .166". Come ready to shoot with 70 grain points installed.

**Spine (length):** 1400 (28"), 1200 (28½"), 1000 (29"), 800 (29½"), 600 (30").

#1123X (6-pack) **\$64.99**

### Fleetwood Carbon Arrows

Ready to shoot when you are. The 350, 400, and 500 spines are 3-fletched with 5" shield cut feathers. The 600, 700, and 800 spines use 3" shield cut feathers. Inside diameter of .2445". Nocks and inserts installed, 100 grains field points and extra inserts included. Colors may vary. The length varies from 31" to 28".

**Straightness:**  $\pm .006"$ . **Weight:**  $\pm 2$  grains. **Field point:** 5/16". **Spine(length):** 800(28¼"), 700(29¼"), 600(30¼"), 500(31"), 400(31"), or 350(31").

#6788X (6-pack) **\$69.99**

### NEW Traditional Only® Iron Oak Carbon Arrows

Bring the spirit of classic archery into the modern age. Each shaft is crafted from high-performance carbon with a realistic wood grain finish that pays homage to archery's heritage, while still delivering strength and consistency of carbon. With a slim .204" inside diameter they cut through wind with ease, offering enhanced long-range accuracy, deeper penetration, and a more intuitive tuning process. Fletched on a clear arrow wrap with three 4" left wing shield cut feathers, one white barred and two solid (yellow, lime, red, or white; same per pack). Nocks installed and 25-18 grains break-off aluminum inserts included. **Straightness:**  $\pm .003"$ . **Weight:**  $\pm 1$  grains. **Spine:** 300, 350, 400, 500, 600, 700, or 800.

#67946X (6-pack) **\$77.99**

### NEW Traditional Only® Iron Oak Signature Arrows

Same as #67946X (above), but with a unique crested wrap and 3-fletched with two solid green and one white barred 4" shield cut left wing feathers.

#67948X (6-pack) **\$87.99**

### A. Traditional Only® Carbon Arrows

Made from high-strength ICS® C2™ carbon composite fiber with a no-glare PhotoFusion™ wood grain finish. Inside diameter of .246" (600 is .231"). White S nocks (H on 600) are installed and aluminum inserts included. 3-fletched with 5" shield cut left wing turkey feathers, traditional barred and two solid (red, lime, yellow, or white). on a white cap wrap for visibility and easy re-fletching. **Straightness:**  $\pm .003"$  **Weight:**  $\pm 2$  gr. **Recommended field point:** 5/16". **Spine:** 600, 500, 400, 340, or 300.

#6781X Traditional Only® (6-pack) **\$114.99** (12-pack) **\$219.99**

#67801X Fletched Test Kit A (one each: 600, 500, 400) **\$49.99** Kit B (one of each spine) **\$64.99**

### B. Traditional Only® Barebow Carbon Arrows

Features a .204" inside diameter shaft with a solid white no-glare PhotoFusion™ finish that will not wear or chip off. The high visibility is great for shot placement and easy arrow retrieval. The white finish makes this a particularly good arrow for "gap" shooters. Fletched with three 4" shield cut left wing turkey feathers (solid white and two traditional barred) on a black wrap. White X nocks installed and half-out inserts (25 grains) included. **Straightness:**  $\pm .006"$  **Weight:**  $\pm 1$  gr. **Field Point:** 5/16". **Spine:** 700, 600, 500, 400, 340, 300, or 260.

#67481X (6-pack) **\$124.99** (12-pack) **\$239.99**

### C. Traditional Only® Obsidian Carbon Arrows

Featuring impressive toughness and strength that will stand up to every challenge. Includes 125 grains 5/16" field points and 7075 aluminum inserts. Nock color varies by spine. Fletched with three 4" shield cut left wing feathers, white barred and two solid (red, lime, yellow, or white). **Straightness:**  $\pm .003"$  **Weight:**  $\pm 2$  gr. **Recommended field point:** 5/16". **Length:** 32". **Spine:** 350, 400, 500, 600, 700, or 800.

#67941X (6-pack) **\$67.99** (12-pack) **\$125.99**

### NEW Traditional Only® RTS Obsidian Carbon Arrows

Same as #67941X (above), but comes "ready to shoot" with inserts installed and 125 grain points included.

**Spine (length):** 350 (32"), 400 (32"), 500 (32"), 600 (30"), 700 (30"), or 800 (30").

#67891X (6-pack) **\$74.99**

### D. NEW Traditional Only® Obsidian 3K Black Out Signature Carbon Arrows

Same as #67944X (below), but with a 3Rivers topo crested wrap and 3-fletched with 5" feathers, two black and one white barred.

#67947X (6-pack) **\$84.99**

### E. Traditional Only® Obsidian 3K Carbon Arrows

Featuring high-strength 3K carbon weave delivers superior impact resistance, reduced torque and faster recovery. Includes 125 grains 5/16" field points and 7075 aluminum inserts. Nock color varies by spine. Fletched with three 4" shield cut left wing feathers, white barred and two solid (red, lime, yellow, or white). **Straightness:**  $\pm .003"$  **Weight:**  $\pm 2$  gr. **Recommended field point:** 5/16". **Length:** 32". **Spine:** 340, 400, 500, or 600.

#67944X (6-pack) **\$77.99** (12-pack) **\$145.99**

# ESSENTIALS CARBON ARROWS

## Black Eagle Vintage® Carbon Arrows

Spine matched  $\pm 0.010$ " and weight matched to  $\pm 1$  grain for consistent shooting. Extra long 34" (.2445" inside diameter). BE Standard nocks installed, and aluminum inserts included. Fletched with three 4" shield cut right wing feathers. Hand crested for stunning looks. Color: (cock/hen) barred yellow/barred green, barred yellow/barred orange, or black/barred red. **Straightness:  $\pm 0.005$ ". Recommended field point: 5/16". Spine: 600, 500, 400, or 350.**

#68111X Fletched Arrows (6-pack) **\$92.99** #67901-02 Bare Shaft Test Kit (one of each spine) **\$44.99**

## VICTORY CARBON ARROWS

### NEW Victory Bamboo Trad™ Carbon Arrows

These 100% all-carbon shafts replicate the timeless look of bamboo. Built for durability and consistency, ensuring tighter groupings and superior penetration. Includes standard inserts (22 grains), back-threaded to accommodate Victory backweights. Comes with nocks and nock collars installed. Three-fletched with 4" shield cut left wing feathers (colors vary) on a white arrow wrap. Inside diameter of .245". **Straightness:  $\pm 0.003$ ". Recommended field point: 5/16". Spine: 600, 500, 400, or 350.**

#681721X (6-pack) **\$74.99**

### NEW Victory VForce™ Sport Carbon Arrows

These 100% carbon fiber shafts deliver unmatched durability and accuracy, ensuring every shot flies true. Each shaft undergoes digital spine alignment for pinpoint precision and is weight-matched within  $\pm 0.5$  grains for tighter groupings. The advanced nano-ceramic coating enhances penetration and makes target removal effortless. Three-fletched with 4" parabolic cut right wing feathers (colors vary). Inside diameter of .245". **Straightness:  $\pm 0.006$ ". Recommended field point: 5/16". Length: 31". Spine: 600, 500, 400, 350, 300, or 250.**

#681723X (6-pack) **\$65.99**

### Limited Supply Victory Carbon Trad Carbon Arrows

Small-diameter carbon core with an infused natural, woven linen fiber outer layer. The ICE nano ceramic coating is the slickest arrow coating available for improved penetration (none under the fletching for the best glue adhesion). Every pack is spine aligned and weight matched to  $\pm 1$  grain for consistent shooting. All spines measure  $31\frac{1}{4}$ ". Inside diameter of .204". Installed with Bohning A nocks and includes 80 grain stainless steel outserts. Fletched with three 4" shield cut right wing turkey feathers. Color combinations will vary of either green barred or orange barred hen feathers with a gray barred cock feather. **Straightness:  $\pm 0.006$ ". Recommended field point: 5/16". Spine: 550, 450, or 350.**

#681502X (6-pack) **\$85.99**

## GOLD TIP ARROWS

### Gold Tip Traditional Carbon Arrows

The look of wood with the strength of carbon. 100% Smart Carbon construction with a wood grain finish and heavier weight for deeper penetration that traditional bowhunters cannot resist. Inside diameter of .246". GT nocks (color varies per pack) installed, inserts included. Fletched with three 5" shield cut left wing feathers, traditional barred and two solid (red, lime, yellow, or white). **Straightness:  $\pm 0.006$ " Weight:  $\pm 2$  grains. Recommended field point: 5/16". Spine: 600, 500, 400, or 340.**

#67030X Fletched Arrows (6-pack) **\$104.99** (12-pack) **\$199.99** #6790-2 Bare Shaft Test Kit (one of each spine) **\$38.99**

### Gold Tip Warrior Carbon Arrows

100% carbon construction for durability, and priced to fit any budget. Smooth black finish. Inside diameter of .246". GT nocks (fl-lime or white), inserts included. Fletched with three 4" shield cut left wing feathers (white and two fl-lime). Fletched in the USA. **Recommended field point: 5/16". Spine: 700, 600, 500, 400, or 340.**

#67080X (6-pack) **\$78.99**

### Gold Tip Twister Flu Flu Carbon Arrows

The twisted fletchings ensure short travel to make finding arrows easier. Gold Tip's Smart Carbon technology means strength and long-lasting durability. Inside diameter of .204". Accu-Tough Inserts and nocks are installed. Fletched in the USA. Measure 33" valley of nock to end of insert.

**Straightness:  $\pm 0.006$ ". Weight:  $\pm 2$  gr. Recommended field point: 9/32". Spine: 500 (blue/white), 400 (white/yellow), or 300 (red/white).**

#6707X (each) **\$29.99**

# ALUMINUM ARROWS

## Traditional Only® Autumn Orange XX75 Signature Arrows

These shafts are extruded from a super strong 96,000 psi 7075-T9 alloy and feature a hard anodized classic Autumn Orange finish.

You'll not only enjoy a sturdier, more attractive arrow, but you'll also notice easier arrow removal. Aluminum UNI bushings and nocks installed, inserts included. S nock installed (X nock on 1916). Three-fletched with 5" shield cut feathers (two orange, one mini barred) on a clear wrap.

**Straightness:**  $\pm .002"$ . **Model:** 1916, 2016, 2018, 2020, 2117, 2216, or 2219.

#67751X (6-pack) **\$89.99**

## Traditional Only® Autumn Orange XX75 Arrows

Same as #67751X (above), but with our standard fletch options of one traditional barred and two solid (red, lime, yellow, or white) feathers.

#67752X (6-pack) **\$89.99**

## A. NEW Traditional Only® OD Green XX75 Aluminum Arrows

Unmatched reliability with a nod to timeless design. Crafted from a super-strong 7075-T9 alloy with a 96,000 psi tensile strength, these shafts offer the perfect balance of durability and consistency. Fletched with three 5" shield cut left wing feathers, traditional barred and two solid (yellow, lime, red, or white; same per pack). Pre-installed with aluminum UNI bushings and S nock (X nock on 1916) for quick setup and alignment. Inserts included.

**Straightness:**  $\pm .002"$ . **Model:** 1916, 2016, or 2117.

#67755X (6-pack) **\$89.99**

## B. NEW Traditional Only® OD Green XX75 Signature Aluminum Arrows

Same shaft as #67755X (above), but fletched on lime double crested arrow wraps with three 4" lemon/lime Gateway Hann-Bun Kuro shield cut left wing feathers.

**Model:** 1916, 2016, or 2117.

#67756X (6-pack) **\$95.99**

## C. Easton XX75 Jazz™ Aluminum Arrows

Made from a sturdy 7075 aerospace aluminum alloy coated with a hard-anodized finish.

3-fletched with white 4" left wing parabolic cut feathers. **Straightness:**  $\pm .005"$  **Weight:**  $\pm 2\%$ .

**Recommended point:** (chart online). **Model:** 2016, 1916, 1816, or 1716.

#68061X (6-pack) **\$71.99**

## D. Easton Gamegetter XX75 Aluminum Arrows

Made tough with 7075-T9 Aluminum Alloy. UNI bushing and Easton Super nocks installed and inserts included. Fletched with three 5" shield cut feathers on a clear cap wrap for easy re-fletching.

**Straightness:**  $\pm .002"$ . **Weight:**  $\pm 1\%$ . **Recommended point:** (chart online). **Model:** 340, 400, or 500.

#6777X (12-pack) **\$140.99** #6790-5 Bare Shaft Test Kit (one of each spine) **\$21.99**

## Limited Supply Easton Black Stalker Arrows

Constructed of an ultra-tough 6105 alloy with a hard, anodized, black finish. Swaged nock end with glue-on nocks installed (color varies). Offered 3-fletched with 4" parabolic cut feathers or 4-fletched with 4" flu flu cut. Inserts included. **Straightness:**  $\pm .006"$ . **Model:** 2216.

E. #67696X Parabolic Fletched - 2216 Only (6-pack) **\$59.99** **\$39.99** (12-pack) **\$119.99** **\$69.99**

F. #67697X Flu Flu Fletched (6-pack) **\$64.99** **\$39.99**

SEE SHAFT SPECS ON PAGES 74-81

# ESSENTIALS BOW QUIVERS

## SELWAY QUIVERS

### A. Selway Tomahawk® Slide-On 5-Arrow Bow Quiver

Made from premium, hand-stitched rawhide.  
Laser etched logo. Choose brown or black.

#5093X **\$159.99**

### B. Selway Rawhide Bow Quiver

Hand-stitched and hand-dyed leather for a one of a kind custom quiver.  
Colors can vary from a light honey to dark burgundy. Weighs 9 oz and holds 5 arrows. Heavy duty secure holding rubber straps. Fits limbs 1-2" wide.

Slide-On (5 or 3 arrow) Recurve - #5092X **\$130.99** Longbow - #5090X **\$130.99**

Strap-Mount (recurve/longbow) - #4970 **\$139.99**

Side Mount (recurve/longbow) - #5112X **\$149.99**

Flex-Quiver- flex post absorbs vibration, reducing noise.

Requires bezel adapters (sold separately, see online).

#4990-5 **\$145.99**

### C. Selway Soft-Koat Slide-On Bow Quiver

No-glare and soft to the touch hood. Weighs 10 oz and holds 5 arrows.  
Recurve fits on limbs 1½"-2" wide, longbow fits limbs 7/8" – 1¾" wide.

#5041-5 Recurve **\$97.99** #5039-5 Longbow **\$97.99**

### D. Selway Plastic Hood Bow Quiver

Featuring plastic hoods that offer durability and affordability. Rubber bases and straps ensure they stay in place and don't rattle. Each weighs approx 8 oz and holds 5 arrows. Slide-On fits longbow and recurve limbs 1"-2", Strap-Mount fits all limbs. Fits right and left hand. Color: brown or black.

**Alpine Power Loc  
4-Arrow Bow Quiver**

Bracketed mounting system for quick and easy on and off. Urethane foam lined hood keeps noise to a minimum. Hang loop for gear hooks or tree limbs. Color: black or OD green.

#6038X **\$54.99**

**Alpine Bear Claw  
3-Arrow Bow Quiver**

Made from a durable ABS plastic (OD green) or rugged polypropylene (black). Offers a wide range of vertical adjustment for optimal positioning of your quiver. Bracket mounts to ATA accessory holes. Fits right and left hand. Color: black or OD green.

#6037X **\$44.99**

**Apex Reactor™ XL  
5-Arrow Bow Quiver**

Features adjustable angles, TRU-TOUCH™ Soft-Feel technical coating and rubber hood liner to dampen vibrations and reduce noise. Mounts to ATA accessory holes. Fits right and left hand.

#814220 **\$89.99**

**Trophy Ridge  
Bottom Lands  
5-Spot Quiver**

Offers versatility to match your setup, thanks to an adjustable mounting bracket and a quick detach option for easy removal when you need it. Rubber hood insert absorbs noise. Holds 5 arrows.

#81942 **\$54.99**

**G5 Head-Loc Air  
4-Arrow Bow Quiver**

Features a unique mounting system that decreases noise and reduces vibration using rubber compression technology. The low profile design means the quiver sits closer to the bow, allowing for improved shot balance. Mounts to ATA accessory holes using the included mounting screws. Tree mount included.

#81423 **\$49.95**

**Bohning Lynx  
4-Arrow Bow Quiver**

The wrap-around hood style features a sound-dampening liner and a durable, lightweight composite stem. The dual gripper securely holds four standard 5/16" carbon arrows. Includes Lever-Lock mounting system with mounting screws.

#77814 **\$39.99**

**Minimalist  
ProHunter Bow Quiver**

Features an innovative rubberized post and strap system, ensuring a solid and silent fit for both longbow and recurve limbs. The hood is made from premium 8-10 weight American leather, stylized in WTCamo. The sturdy rubber gripper fits up to three arrows 4MM to 5/16", but not greater than 5/16".

#82161X **\$130.99**

**Eagle's Flight Bow Quivers**

Stitched and riveted leather hoods with heavy duty Velcro® straps and rubber padding for a non-slip grip. Weighs just 5 oz. Holds 4 arrows (mini holds 3).

#5024 **\$29.99**

## 3Rivers Arrow Travel Tote

Built to withstand the rigors of travel. Adjustable 22-34½" length. Holds 12 arrows. Fits inside most bow cases.

#9961 **\$24.99**

# ESSENTIALS BOW CASES

## TAKEDOWN BOW CASES

**NEW 3Rivers Recurve Quiver Pack**  
Perfect for when you plan to spend all day on the go with your bow. The spacious dual-zippered main compartment is tailored for takedown bows, featuring two limb sleeves and a riser sleeve. Also features a 5" x 11" mesh pocket.  
#596001 **\$79.99**

**NEW MTM Takedown Recurve Bow Case**  
Purpose-built to protect your bow, arrows, and essential gear. Precut, high-density foam cushions a riser (up to 25") and corresponding limbs. 16-arrow capacity up to 33" long. Built from durable, high-impact plastic. Four sturdy snap latches. Padlock compatible points. 35" x 12" x 5½".  
#50235 **\$79.99**

**3Rivers Takedown Bow Case**  
A compact roll up case with a rugged dark brown shell for protecting your takedown bow against bumps and scratches. Includes sleeves for riser and each limb, and an interior zippered pocket. Measures 30" x 10".  
#1151 **\$79.99**

**Traveler Takedown Bow & Arrow Hard Case**  
A hard composite material for protection and weather resistance for 3-piece recurves (19" riser, and 25" limbs). Foam cutouts keep limbs, riser, and bolts secure and protected. Holds six arrows up to 33".  
#5034 **\$89.99**

**Bear Archery Takedown Bow Case**  
Tough exterior and a soft red and black plaid interior. Includes limb and riser socks for extra protection, a front pocket for accessories, and comfortable carry handles. 26¾" x 9".  
#9653 **\$79.99**

**Korean Traditional Bow Case**  
Designed to carry an unstrung Korean style bow. Offers thick padding and heavy-duty zippers. Securely holds up to 8 arrows and features sturdy nylon construction with dual carrying straps for convenience. Fits bows that measure up to 50" when strung. 45" x 15".  
#80313 **\$44.99**

**Hoyt Recurve Takedown Case**  
Sturdy nylon construction and dual adjustable snap closures. Two soft, felt sleeves for your recurve limbs with loops to hold the limb tips in place and a felt riser sleeve. Also features an accessories pocket.  
#1139 **\$44.99**

**Safari Tuff Takedown Bow Case**  
Fleece lining and limb sleeves. Floats on water. Zippered accessory pouch.  
Options: 3-piece Recurve (26" x 9"), 3-piece Longbow (31" x 7"), or 2-piece Longbow (26" x 9"), and Color: Black or Strata (3-piece recurve or longbow) camo.  
#6220X Longbow **\$79.99** Recurve **\$79.99**

## BOW SOCKS

**Bear Archery Red Plaid Bow Sock**  
Durable flannel exterior and soft Sherpa fleece interior. Designed for both longbows and recurves. 4" wide x 70" long.  
#40532 (4" x 70") **\$30.99**

**3Rivers Bow Sock**  
Poly/cotton blend stretches to fit all longbows and recurves. 71" x 3¼".  
#4051 **\$21.99**

### 3Rivers Archery Hard Travel Cases

Featuring a durable Cordura® nylon outer casing, padded end caps, soft cloth interiors, and hand carrying strap. Hard impact resistant inner shell. The **Recurve** case has a removable shoulder strap, a cloth divider for added protection, and dual zippers, which allow locking (no lock included). The **Longbow** case has a single zipper and no shoulder strap.

#5132X (A) Recurve Travel Case - (59" x 6") or (62" x 6½") **\$199.99**

#5136 (see online) Takedown Recurve Travel Case - (32" x 6") **\$189.99**

### C. 3Rivers Arrow Travel Case

Same quality features as our recurve travel cases. Foam divider holds 12 arrows up to 36" long. 37" x 6" outside dimension.

#5129 **\$164.99**

### Bear Archery Traditional Bow Case

A soft shell exterior with 3/4" of padding. Full length access with single zipper closure. Options: longbow (approx 69½" x 5½") or recurve (approx 60" x 7").

#9651X **\$64.99**

### Bearpaw Recurve Bow Bag

Thick cotton with 1/2" foam padding. Full length access with dual zipper closure. 36" x 7½" external pocket. Water-resistant. Measures approx 65" x 8".

#69224 **\$109.99**

### 30-06 Outdoors 68" Longbow / Recurve Bow Case

Rugged nylon construction, reinforced stitching and seams, and a 3/8" thick padding. Single zipper with full length access, Moisture wicking material. Includes a Velcro® backed broadhead Combat Patch and zippered accessory pouch. Approx 66" x 8".

#9664 **\$54.99**

### Bearpaw Bow Sleeve

Made from water-resistant nylon with an inner felt lining. Features a removable shoulder strap and a 15½" x 6¼" accessories pocket. Longbow measures 5½" x (78" or 66") long. Recurve measures 8" x 66".

#69226X Longbow Short (up to 60" bow) **\$35.99** Longbow Standard (up to 72") **\$35.99**

#69228 Recurve (up to 60") **\$35.99**

## STRUNG BOW CASES

### NEW Fleetwood Elite 62" Recurve Case

Full-length zipper that ensures easy access with heavy foam padding. Arrow pocket features dual zippers (fits #5022 MTM ultra compact case, see page 41, sold separately).

#8029 (approx 62" x 14") **\$79.99**

### 3Rivers LITE Strung Case

Durable outer shell and an internal felt layer. Fits a strung recurve or longbow (even with an attached bow quiver). Arrow case pocket on back (fits #5022 MTM ultra compact case, see page 41, sold separately) and zippered pocket on front. Packs down for easy storage.

#114101 (approx 64" x 12") **\$79.99**

### Safari Tuff Transformer 62" Bow Case

Adjusts for a takedown bow or a strung bow. Includes MILSPEC hardware, webbing, and edge binding. Thick 3/4" padded interior. Measures 31" (folded), 62" x 12" (inside). Full access dual zipper closure. Two zippered openings for allowing a mounted bow quiver.

#80312 **\$159.99**

### 3Rivers Strung Bow with Bow Quiver Soft Case

Features a tough and durable exterior with a padded internal lining. Fits a strung recurve or longbow. Arrow case pocket on back (fits #5020 MTM case, page 41, sold separately).

#1154-65 (approx 62" x 12") **\$89.99**

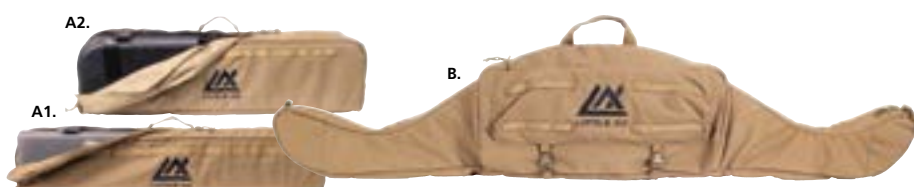

### Little Ax R2 Recurve Bow Case

Reinforced military grade Cordura® fabric. Padded, nylon lined interior with dual-access zipper allows for a mounted bow quiver. Additional accessory pocket. Fletching cover included. Made for strung/unstrung recurves (including super curves) up to 63". Modular cases attach to fit arrow cases.

#69232X A1) Compact Modular Case (Arrow case sold separately) **\$129.99**

A2) Arrow-Plus Modular Case (Arrow case sold separately) **\$149.99**

#69230 B) Little Ax R2 Recurve Case (approx 63" x 12") **\$199.99**

## FLEMISH TWIST STRINGS

Made from several bundles of strands twisted upon themselves. Designed to adjust the length by twisting the string tighter as the string stretches. They are also rounder and easier to install silencers on than other types of strings.

*- It's possible for the area by the string loops to appear to be fraying. This is common and is not damaging to the string. To remove the fraying rub your hand on the strands to lay them down. The wax in the string will hold the strands down. It is not recommended to trim fraying strands.*

### Tomahawk Bows® Custom Flemish Twist Bow String

Each one is hand twisted from 15 strands of D97 string material and tightly served with BCY .021" Halo serving. Options: black/red or black/tan/green in longbow AMO length of 62" or 64".

#3295X **\$35.99**

Order strings by actual string length, 1" increments - Check with Bowyer before using high performance string material.

### 3Rivers Explorer Flemish Twist Bow String

Ideal for high performance recurve bows. Made from 16 strands of tan and black D97 string material with a nylon center serving. Choose 58" (for 62" recurves) or 56" (for 60" recurves).

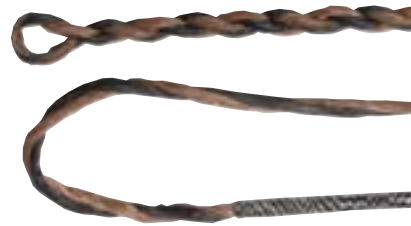

#42471X **\$22.99**

### Timberhawk D97 Flemish Twist Bow String

Perfect for high performance bows. Features adjustable end loops, making them adaptable to any size bow tips. Made in 2-bundle style with 16 strands of black and tan. Served with black nylon. Options: length of 48", 50", 52", 54", or 56-64".

#4510X **\$26.99**

### Traditional D97 Flemish Recurve Bow String

Dynaflight (D97) is a high strength, extremely durable string material with very low creep. Uses 16 strands of brown and black with a black nylon center serving. Options: longbow (55-64") or recurve (48", 50", 52", or 54-64").

#42421X **\$27.99**

### Bear Archery D97 Flemish Twist Bow String

Official string of Bear Archery. High performance material in black and white and center served with black nylon. Options: recurve bow AMO length of 56", 58", 60", 62", or 64".

#20789X **\$29.99**

### B55 Flemish Twist Bow String

Easier on limb tips with more stretch. Three-bundle style with 15 strands to be rounder, stronger, abrasion resistant, and better fit for glue-on arrow nocks. Center served with black nylon serving. Strand colors are tan and yellow. For bow weights up to 70#. Options: Recurve in 44", 46", 48", 50-63", or 65", or Longbow in 55-68".

#1515X **\$22.99**

### Traditional B55 Flemish Twist Bow String

Featuring 16 strands of quality tan and black BCY B55 string material that is center served with black nylon serving. B55 offers more stretch to be gentler on a bow's tips. Options: longbow (55-64") or recurve (48, 50, 52, 54, or 56-64").

#42423X **\$25.99**

### BCYX-99 Flemish Twist Bow String

Constructed from the latest high performance material. Featuring no creep, excellent arrow speeds, and high abrasion resistance. Served with black .024" Halo serving for durability and nock fit. Made in 3-bundle style with 15 strands of colors orange, black, and dark green. Options: Longbow 57-63", or Recurve 52-62".

#1522X **\$35.99**

### Timberhawk B55 Flemish Twist Bow String

Safe to shoot on all bows, and the adjustable end loops adapt to any size bow tips. Made in 2-bundle style with 16 strands of black and white. Served with black nylon. Options: string length of 48", 50", 52", 54", or 56-64".

#4511X **\$22.99**

### DAS™ 8125 Flemish Twist String

Made from 15 strands of BCY's 8125 miracle material. Features a .021" Halo center serving. **Options:** black/tan/buckskin or kiwi/black. Recurve in bow AMO length of 58-68", 2" increments. Longbow in bow AMO lengths of 60" or 62".

#3299X Recurve **\$35.99** #32980X Longbow **\$35.99**

### Rogue Spectra Flemish Twist Bow String

For bows that can accept low-stretch, high performance string material. Made with 18 strands of pre-stretched Spectra in 2-bundle style in black and tan. Center served with black .024" Halo. **Options:** Longbow in 54-68", or Recurve in 44-68".

#4245X **\$32.99**

### BCY X-99 Skinny Flemish Twist Bow String

Made in 3-bundle style of colors brown, tan, and red. Uses only 12 strands to be lightweight for added performance, with the endloops padded to 15 strands. Served with black .024" BCY Halo.

**Options:** Longbow 57-63", or Recurve 52-62".

#1524X **\$35.99**

### NEW Traditional Only® D97 Dynapuff Flemish Twist Bow String

Dynapuff string silencers are pre-installed. 16 strands of cedar and OD green D97 and center served with nylon. Includes string wax and a brass string nock.

**Options:** Recurve (48- 60") or Longbow (55-63").

#42425X **\$41.99**

### NEW Bear Archery Silent Shot Bow String

Built in the 2-bundle style with 16 strands of tan and black high performance D97 string material. The endloops feature synthetic fur string silencers served in, and center served with nylon.

**Options:** 56-64".

#20791X **\$49.99**

### BCY B55 Endless Loop Bow String

Slightly faster than a Flemish twist, and has extra protection on loops for increased strength. Safe to shoot on all bows, especially older models. Ends served with braided nylon for longevity, and center served with bonded nylon for abrasion resistance. Available in 14 strands (for bows up to 50#), and 16 strands (bows 50#-70#). **Options:** 14 or 16 strands in 42-68".

#4243X **\$17.99**

### 3Rivers Dacron Endless Loop Bow String

Sharp looking and built to last. Featuring 16 strands of the finest, high-quality B55 Dacron material. The end loops and center are served with red nylon for abrasion resistance. **Options:** 54-62".

#44491X **\$15.99**

### Timber Hitch Adjustable Bow String

Made of BCY B55 to use on any bow. Built using a single end loop with an adjustable timber hitch knot on the other end. Offers extra long center serving. In a pinch it doubles as a tillering string. For bows of finished length of 68-72". Perfect for selfbows, English longbows, and other extra-long bows.

#6608 **\$28.99**

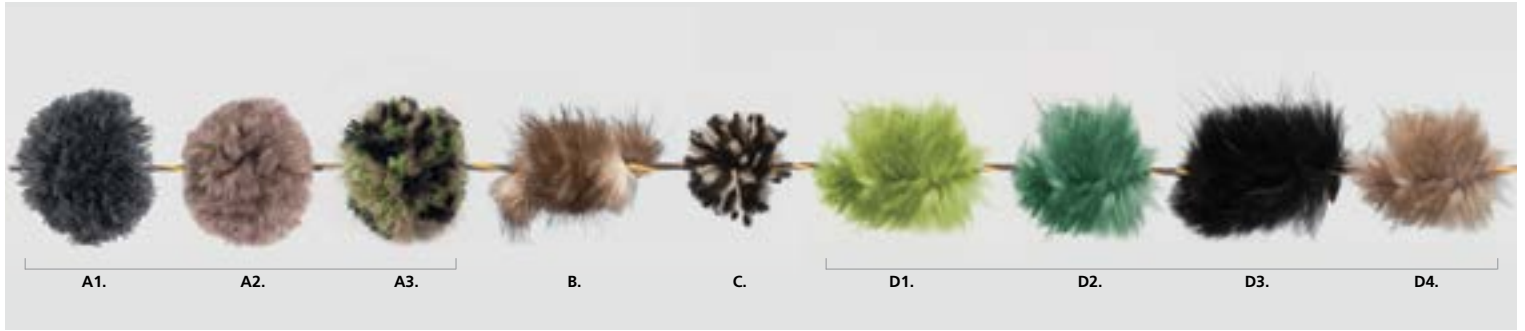

### 3Rivers 8125 Recurve Endless Loop Bow String

100% SK75 Dyneema® fiber gives 8125 the highest speed, and increased durability. The end loops and center serving are reinforced with nylon for extra protection and strength. **Options:** brown or fl-green in lengths of 54-68", 2" increments.

#44490X **\$29.99**

### STRING SILENCERS

#### A. Alpaca Wool String Silencers

Handcrafted with 100% premium naturally water resistant alpaca wool fibers. **Color:** A1) charcoal, A2) natural, or A3) camo.

#74810X (pair) **\$19.99**

#### B. Otter Fur String Silencers

Thick under-fur and dark guard hairs quiet bow strings fast without taking away from bow performance.

#9105 (pair) **\$9.50**

#### C. Navajo Wool String Silencers

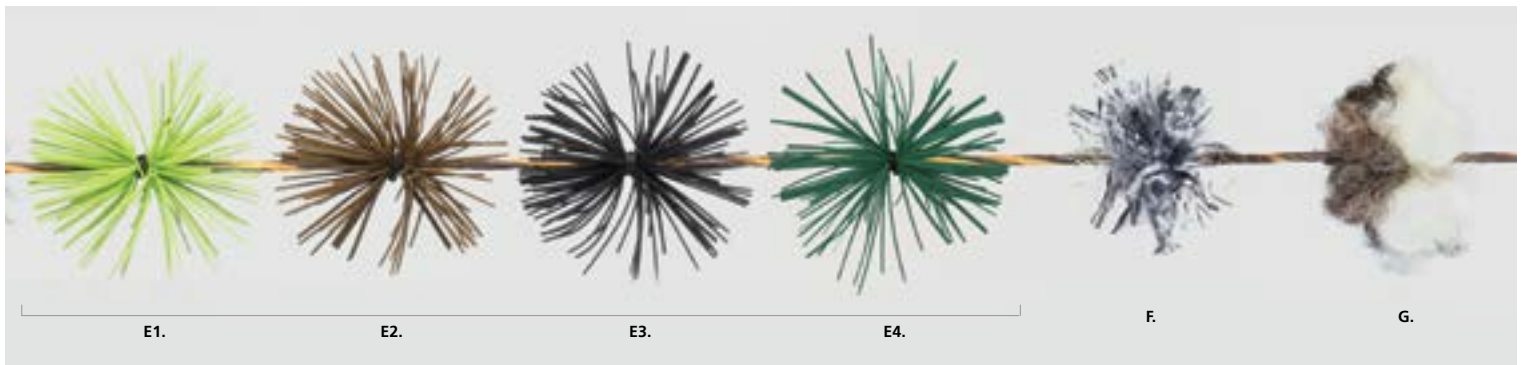

Ultra-lightweight. Long lasting and waterproof. Retain performance and dampen vibrations.

#4404 (pair) **\$23.99**

#### D. Beaver Fur String Silencers

Made from tanned beaver hide. Naturally water repellent. **Color:** D1) green, D2) dark green, D3) black, or D4) brown.

#5107X (pair) **\$7.99**

#### E. Cat Whiskers String Silencers

One of the most popular silencers with bowhunters for decades. Lightweight rubber silencers attach easily to your bow string and do an excellent job reducing noise. 100% waterproof. **Color:** E1) bright green, E2) brown, E3) black, or E4) dark green.

#4251X (pair) **\$5.99**

#### F. Dynapuff String Silencers

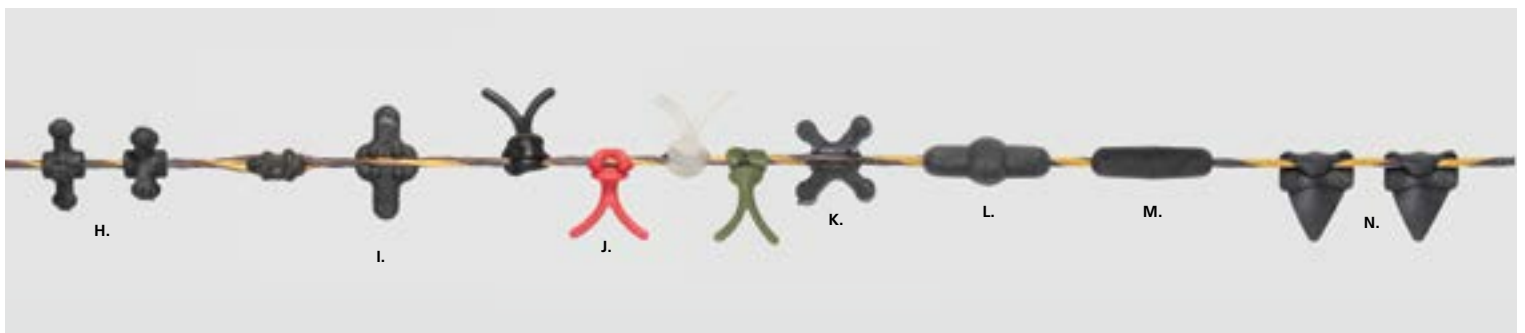

Waterproof synthetic material. Approx 32 grains per pair. Includes thread and instructions.

#9104 (4-pack) **\$13.99**

#### G. Woolly Whispers String Silencers

Light, durable, and water resistant. Naturally camouflaged. Colors vary.

#7839 (pair) **\$11.50**

#### H. BowJax Ultra Jax II String Silencers

Long-lasting, surrounds the string with dampening material. Your bow won't lose velocity. 19 grains each.

#3050 (4-pack) **\$8.99**

#### I. Super String Leeches™ String Silencers

For absolute performance. Minimal to no speed loss. Incorporates a string wedge to resist string cutting.

#3007-1 (4-pack) **\$15.99**

#### J. **NEW COLOR** Pine Ridge Wishbone String Silencers

Reduces string vibration and noise. Wraps around string. 14 grains each. **Color:** black, red, clear, **NEW** olive.

#3070X (pair) **\$6.50**

#### K. BowJax SlipJax String Silencers

Designed to be lighter, stronger, and more effective at dampening vibrations. 22 grains each.

#3057 (pair) **\$4.99**

#### L. BowJax Speed String Sleeve Silencers

Compact and lightweight at 25 grains each. Won't slow down your bow like bulkier silencers.

#3056 (pair) **\$4.99**

#### M. BowJax String Sleeve Silencers

Won't hamper speed and performance. Great on endless loop strings. 15 grains.

#3055 (pair) **\$4.99**

#### N. Silent Ridge String Silencers

High quality rubber won't snag on brush. Super easy to install on any bow string.

#9151 (pair) **\$5.99**

## Bow Start Up Kit

All the essentials you need to get started. Just add the bow and arrows.  
Includes an arrow rest, five brass string nocks, bow stringer, bow square, nock pliers, and string silencers. Substitutions without notice.

#2496 **\$54.99**

## BOW SILENCERS

### A. Stiktamer Bow Silencers

Keeps brush from slowing you down, and kills noise. Made of a hybrid foam rubber material. Even works as a cushion when hanging bow on a peg. Water resistant.

#3017 (pair) **\$19.99**

### B. Calf Hair String Groove Silencers

Padding right where the bow string meets the recurve limb. Adhesive backed, pre-cut calf hair.

#3559 (pair) **\$8.99**

### C. Rubber String Groove Silencers

Sturdy, flexible rubber construction silences string noise. Adhesive backed.

#356501 (pair) **\$5.99**

### Recurve String Groove Silencers

Reduces string oscillation, noise, and hand shock. Increases the string groove length for improved accuracy. Adhesive backed.

#54022-01 (pair) **\$8.99**

### D. String Groove Pads

Durable hybrid foam rubber reduces string slap on a recurve. Zero loss of speed and kinetic energy. Easy install and adjustment.

#3562 (4-pack) **\$9.99**

### E. BowJax Slimjax Limb Dampeners

Designed to be used on thin limb recurve and longbows. Four flexible arms attach to your limbs to absorb excess noise and vibration.

#3052 (pair) **\$14.99**

### F. Mini Limbsavers® Limb Dampeners

No other bow dampener shuts down noise and vibration faster or performs better. Adhesive backed. 7/8" diameter each.

#3005 (4-pack) **\$14.99**

### Brush Buttons

Durable rubber that reduces noise and vibration while preventing debris from snagging between the string and limbs. Easy to install with the included cotter pin.

#80321 (pair) **\$5.99**

### NEW 3Rivers Wool Hush Kit

Achieve unparalleled stealth with a pair of 100% wool string groove silencers, alpaca string silencers, a 1" x 1 1/2" cowhide strike plate, a 100% wool rest, and a rubber rest insert to create an elevated rest. Options: Charcoal or natural.

#74811X Kit **\$35.99**

#74813X String Groove Silencers Only **\$10.99**

### Silence-illator Silent Pads

Made from high tech non-glare neoprene foam. Adhesive backed. Measures 3 1/2" x 7".

#35710 (2-pack) **\$8.50**

### Super Pad Silencer Pad

Use for grips, sight windows, and arrow shelves. Durable micro fiber weave. Adhesive backed. 3 3/4" x 9 1/2". Color: black, brown, or green.

#3555X (each) **\$8.25**

### Micro Fleece Bow Silencing Material

Made of sound absorbing material. True Timber® camo to help conceal. Adhesive backed. Measures 3 3/4" x 36".

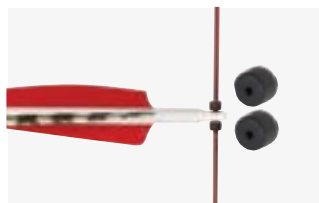

#35712 **\$12.99**

### Brass String Nocks

Size: Small (8-12 strand), Medium (12-16 strand), or Large (16-18 strand).

#4151X (5-pack) **\$3.30** (100) **\$35.99**

### Nitro Button Speed Nocks

Increase overall speed by eliminating nock pinch. Slide over string to install with included cotter pin.

#40984 (6-pack) **\$6.99**

### Soft Kiss Button

Contacts the corner of your mouth or the tip/side of your nose, adding an anchor point to your shot routine.

#40982 **\$8.50**

### No-More-Glove 2

Built-in kiss button is great for developing consistent draw and form. Includes an installation pin.

#40983 **\$7.99**

# ESSENTIALS BOW ACCESSORIES

## STRING KEEPERS

### A. Stretch Cord String Keeper

High-quality leather, stretch cord and metal hook.

#409001 **\$9.99**

### B. Bison Leather String Keeper

Stylish and functional. Bison leather cup and button, with elastic cord.

#409602 **\$14.25**

### C. 3Rivers Leather String Keeper

Extra long strip for adjusting length.

#425901 **\$9.99**

### D. Antler Button String Keeper

Made with real bison leather with adjustable antler button.

#409601 **\$14.99**

### E. Bateman Traditional String Keeper

Suede hood with adjustable elastic cord. Holds with a metal hook.

#51194 **\$11.50**

### F. Bearpaw Leather Tip String Keeper

Secures your string with leather cup and button. Adjust with elastic cord.

#409603 **\$7.99**

### G. Horse Bow String Keeper

Fits larger tips of Asiatic bows. Leather button and cord secure the bow string.

#409604 **\$15.99**

## BOW STRINGERS

### 3Rivers Nylon Bow Stringer

1" wide nylon material. Adjustable (73" to 82") for a wide range of different longbows and recurve. Folds down into a nice compact size for easy storage.

#515901 **\$13.99**

### Pat Norris Deluxe Web Bow Stringer

Sturdy nylon netting with a non-slip rubber pressure pad. The limb friction design is easy to use, with a nice wide strap to step on. Fits all longbows and recurve bows.

#35590 **\$19.99**

### Limbsaver Recurve Stringer

Extra long lower limb pocket made of Cordura® and a non-slip rubber pressure pad. Options: standard, heavy (bows rated 80-100#), or long (bows 66-72").

#5096 Standard **\$19.99** #5096-01 Heavy **\$23.99**

#5096-02 Long **\$19.99**

### 3Rivers Deluxe Bow Stringer

Features a soft leather limb pocket for secure, scratch-free handling of your bow. Custom non-slip rubber pressure pad and durable nylon cord. Fits longbows and recurves.

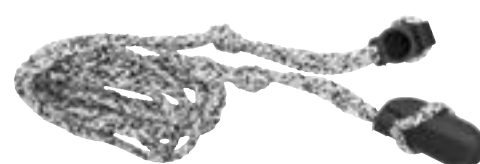

#682001 **\$15.99**

### Limbsaver Longbow Stringer

Lower limb pocket is made of Cordura® for durability, and the non-slip rubber pressure pad allows for safe stringing and unstringing. Instructions included.

#5037 **\$18.99**

### Double Cup Recurve Bow Stringer

Crafted from high-quality nylon cord. It ensures proper stringing to prevent damage and promote safety during setup and takedown. Compact size for easy storage.

#54023 **\$10.99**

### Leather Bow String Bag

Keep your backup bow string safe and accessible. Featuring a built-in leather loop for easy attachment to gear, it ensures your string is protected and secure with a dependable snap closure.

#608701 **\$21.99**

## TIP PROTECTORS

### A. Rubber Tip Protector

Durable synthetic rubber that stretches to fit most bow tips. Starts as 7/16" wide. Waterproof and thick construction. Color: tan, green, or brown.

#4248X (each) **\$5.99**

### B. Universal Recurve and Longbow Tip Protector

Soft rubber blend. Fits both recurve and longbow tips. Starts 3/4" wide. Waterproof. Conforms to the shape of tip when you apply heat (blow dryer).

#4029 (each) **\$6.99**

### C. Leather Tip Protector

The classy look of leather, with easy installation and good protection.

#6210 Longbow (each) **\$11.75** #6211 Recurve (each) **\$11.75**

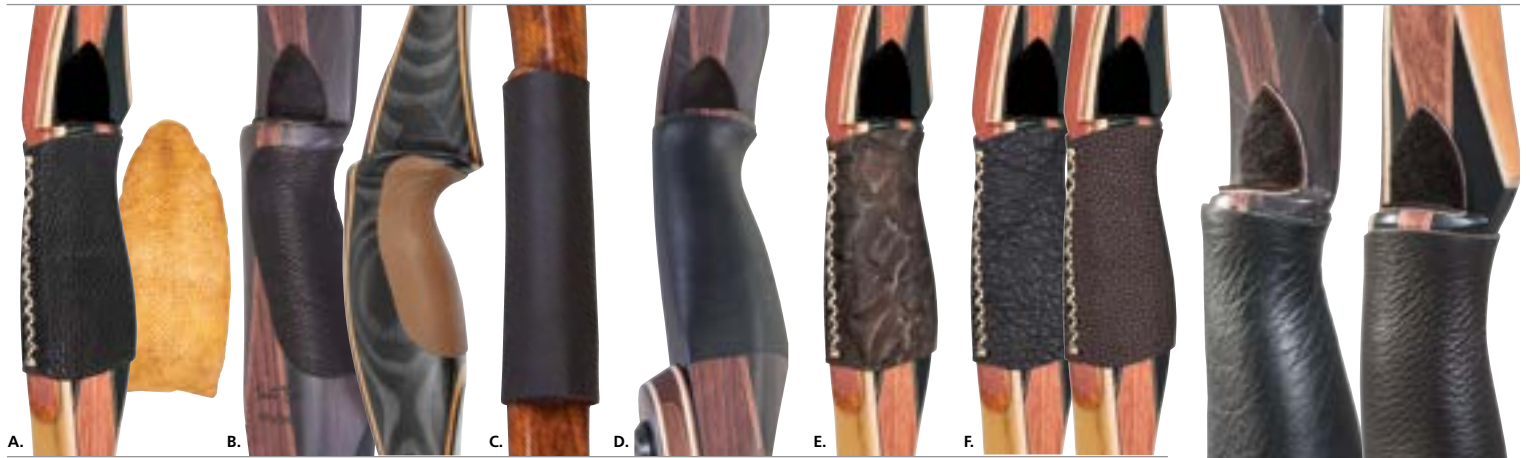

### D. Saunders Tip Guard Tip Protector

Polyurethane that will not crack or brittle with age or weather. 7/8" wide tips.

#4370 (each) **\$8.99**

**A. Beaver Tail Grip Material**

Natural water resistant material. Recommend staining before use. Sizing approximate. Medium (10" x 4½") or large (11" x 5½"). Not adhesive backed.

#61013X med **\$57.99** large **\$79.99**

**B. Wyandotte Leather Bow Saddle**

Made from glove leather to be smooth and form fitting in grip area. Adhesive backed. Approx 3¾" x 2½". Color: black or tan.

#5048X **\$6.99**

**C. Leather Grip Material**

Medium-brown lightweight handle leather. Not adhesive backed. Approx 5" x 7".

#6212 **\$14.50**

**D. Shur-Grip Non-Slip Grip**

Dampens bow vibrations and offers a no-slip grip even when wet. Roll it on, roll it off, no glue required. Fits nearly all longbows and recures with slim risers.

#3600 **\$10.99**

**E. Elephant Hide Print Bow Grip Material**

Features a unique elephant hide texture for style and durability. Made from low-stretch leather. Trim for a custom fit. 5" x 7". Not adhesive backed.

#609702 **\$19.99**

**F. Tomahawk Bows® Leather Grip Material**

Pre-cut, genuine leather grip with adhesive backing. Simply trim and stitch for a custom. 5¾" x 4¾". Color: black and brown.

#609701X **\$19.99**

**G. Adhesive Backed Leather**

Make custom bow grips or arrow rests. Adhesive backed. 4½" x 6" x 1/8" thick. Color: black or brown.

#6097X **\$19.99**

**H. NEW BowJax Gel Grip Strips**

Cushions for comfort and reduces vibration. Includes two gel strips measuring 3½" long by 3/4" wide, adhesive backed.

#3051 (pair) **\$5.99**

**I. Posi-Grip**

Dimpled texture for superior traction. Good even in wet conditions. 4½" long. Made from quality EPDM rubber. Color: brown or black.

#7258X **\$18.99**

**J. NEW All-Weather Grip Tape**

Made from an advanced polymer blend for reliability in any weather. Designed for quick, no-fuss installation. 39" long. Color: brown, black, or green.

#7164X **\$12.99**

**K. NEW Lizard Skins DSP Ultra Grip Tape**

Innovative oval pattern is enhanced with multi-directional ridges to maximize traction in any shooting condition. Measures 39" x 0.5 MM. Black only.

#7163X **\$17.99**

**Form-A-Grip® Bow Grip Kit**

Form the grip precisely to your unique hand and fingers. Make an entire grip, or build up areas of your existing grip.

#7725 **\$54.99**

**L. NEW 3Rivers Archery® Grip Tape**

Conforms to your bow handle for a secure hold. Each roll includes a strip of installation tape to lock everything in place. 40½" x 1".

#7162X **\$2.99**

**M. Suede Bow Wraps**

Soft, supple suede leather follows the contours of your bow for a comfortable grip. Adhesive backed. Approx 1" x 30". Color: brown, buckskin, or black.

#6101X **\$19.99**

## ELEVATED ARROW RESTS & PLUNGERS

### Springy Arrow Rest

Precision tune your shot! Combine the minimalist contact and proper "spring" to absorb any imperfections with your release. See weight chart online for help picking the proper Spring Arm. Mount to a plunger hole. A) Micro-Adjust model includes wrench for fine tuning centershot adjustments. Includes a spacer washer. B) Original model is a more simplistic design, but dependable. **Options:** Original or Micro-Adjust base and arm weight (10, 15, 20, 25, 30, or 35 ounce) in right or left hand.

#35591X Rest (base and arm) Original **\$30.98** Micro-Adjust **\$74.98**

#35592X Spring Arm Only (each) **\$4.99** Kit (one of each) **\$23.99**

#35594-01 Additional Spacer Washer **\$2.99**

### Cushion Plunger & Elevated Rest Kit

A simple magnetic elevated rest and torque free cushion plunger. Plunger mounts to plunger hole. Right hand only.

#2518X **\$36.99**

### AAE Stinger Arrow Rest

Features a dual bushing and internal spring for a "no-play" arrow rest. Mounts to plunger hole. **Options:** right or left hand.

#82042X **\$46.99**

### AAE Free Flyte Micro Rest

Use as a flipper rest or fold away rest. Horizontal micro-adjustments. Mounts to plunger hole. **Options:** right or left hand.

#82041X **\$68.99**

### AAE Champion II Magnetic Rest

Uses magnets for very light tension and elevation adjustments. Use with a plunger. Adhesive backed. **Options:** right or left hand.

#8192X **\$51.99**

### AAE Super T-300™ Hunter Rest

Stainless steel spine point that can be removed to use with a plunger. Adhesive backed. **Options:** right or left hand.

#8190X **\$18.99**

### AAE Super-Flyte Rest

Removable side plate, and Teflon® coated support arm. Mounts to plunger hole. **Options:** right or left hand.

#8203X **\$40.99**

### Centerest Arrow Rest

Offers precision adjustment with just a 1/4 turn, allowing you to fine-tune arrow flight. Right hand only.

#8235 **\$25.99**

### Magnetic Arrow Rest

Offers vertical adjustment, and a magnetic return arm. Adhesive backed. Includes shrink tubing. Right hand only.

#81931 **\$20.99**

### Cartel X-Pert Magnetic Arrow Rest

Magnetic arm moves away then returns for your next shot. Adhesive backed. Right hand only.

#81932X **\$13.99**

### Flipper Rest II

Folding arm with return spring maximizes fletching clearance. Adhesive backed. Right hand only.

#8236 **\$10.99**

### 3Rivers Spartan Flipper Arrow Rest

Made from durable nylon filled polymer for years of reliable use. Mounts to plunger hole. Right hand only.

#3233 **\$9.99**

### Bear Weatherrest

The flexible, small arm provides minimum contact for the best arrow flight. Adhesive backed. **Options:** right or left hand.

#3545X **\$6.99**

### Dura Flip Elevated Rest

Works with a plunger. Adhesive backed for easy installing. **Options:** right or left hand.

#3551X **\$3.99**

### Bohning 2 Hole Rest

Durable plastic construction, and an adhesive backing for easy installation. **Options:** right or left hand.

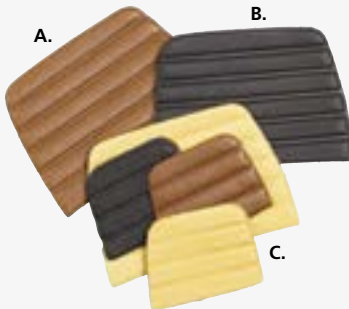

#8233X **\$3.99**

**Replica Strike Plate**

Enhance your longbow or recurve bow setup. Crafted from genuine leather for durability. Adhesive backing ensures easy installation.

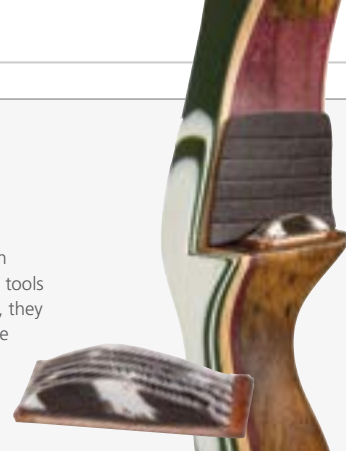

**Options:** 5 Line model (2" x 1½") or 3 Line model (1¼" x 1") in colors of A) chestnut, B) brown, or C) buckskin.

#59592X 3-line **\$5.99** 5-line **\$6.99**

**Wild Turkey Feather Rest**

A time-tested tool for improving arrow flight and accuracy. For many decades, bowhunters and archers would take leftover fletchings to make feather arrow rests. This wasn't simply an economical solution. Feather rests are effective tools for improving your accuracy. With natural give, they allow for bows to tune more easily, and provide cleaner arrow flight. Adhesive backed for easy installation. **Options:** right or left hand.

#3562X **\$20.99**

**Rug Arrow Rest**

3" x 1". Adhesive backed.

**Color:** black or brown.

#4249X **\$3.75**

**Bear Style Calf Hair Arrow Rest**

3" x 1". Adhesive backed.

**Color:** black or white.

#3561X **\$6.25**

**Leather Arrow Rest**

3" x 1". Adhesive backed.

**Color:** black or brown.

#5403X **\$3.75**

**Bear Archery Rest and Plate**

3" x 1". Carpet style arrow rest paired with leather side plate. Adhesive backed.

#3572 **\$10.99**

**Calf Hair Rest and Plate**

Clipped calf hair with adhesive back. 1½" x 1½". Incredibly thin at 1/16". **Options:** right or left hand.

#4256X **\$5.25**

**NEW Beaver Tail Rest and Plate**

Made from durable genuine beaver tail. 2" x 1½", adhesive backed.

#3549 **\$11.99**

**Leather Rest & Plate w/ Spacer**

Spacer to create a small radius on the shelf and plate. Adhesive backed. 1½" x 1½". **Color:** black or brown.

#3550X **\$5.25**

**3Rivers Rest & Plate**

Soft 3" x 1" rug rest paired with smooth leather 1½" x 1½" side plate. Adhesive backed.

#35713 **\$6.50**

**Rug Side Plate**

1½" x 1½", adhesive backed. **Color:** black or brown.

#4250X **\$3.75**

**Rest and Plate Material**

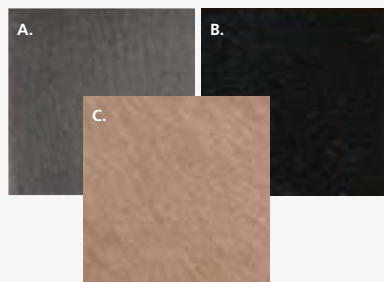

**A.** Beaver - 2" x 2" extra slick hair that is quieter and more durable than calf hair. Not adhesive backed. Recommend Barge Cement (page 89).

#6080 **\$16.99**

**B.,C.** Calf Hair- Same as our popular Calf Hair Rest and Plate (#4256X above). 2½" x 2½". Adhesive backed.

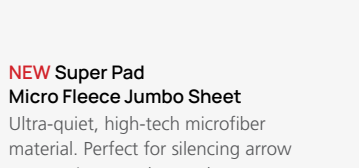

**Color:** B) black or C) light brown.

#6089X **\$12.50**

**Bear Style Calf Hair Side Plate**

1½" x 7/8", adhesive backed. **Options:** right or left hand in white or black.

#3560X **\$5.75**

**Bear Archery Strike Plate**

Classic 1959 Kodiak style. Genuine leather, adhesive backed.

#59591-02 A) Low Profile (1" x 5½") **\$10.99**

#59591-01 B) High Profile (2" x 1½") **\$10.99**

**Double Sided Mounting Tape**

All-weather, ultra sticky. Perfect for use with bow grips, arrow holders, or arrow rests and plates that don't come with their own adhesive backings. Approx 3½" x 5".

#5963 **\$6.75**

**Super Pad Silencer Pads**

Long lasting, durable micro fiber weave. Use for arrow rest silencing, grips, sight windows, and arrow shelves. Adhesive backed. 3¾" x 9½". **Color:** black, brown, or green.

#3555X **\$8.25**

# ESSENTIALS BOW ACCESSORIES

## ARROW HOLDERS

### Kwik-Lok Arrow Holder

Keeps a snug hold on your arrow as it sits on the rest. Releases arrow when drawing bow. Adhesive backed. 1½" long arm. Fits right and left hand.

#7723 **\$14.50**

### Stic-Tite Arrow Holder

Comes in three sizes to accommodate a range of bow sizes. Mounts to your riser with an industrial strength hook-and-loop system. Size: S (2¼"), M (2½"), or L (2¾").

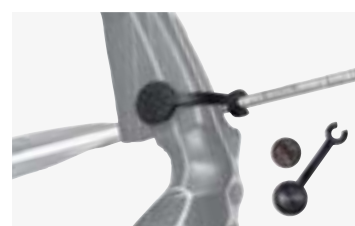

#80317X **\$22.99**

### NEW Bohning Arrow Holder

Molded from thermoplastic elastomer to offer the flexibility of rubber and the strength of plastic. The vented arrow retainer is optimized for all diameter arrows. Includes two adhesive backings.

#80323 **\$13.99**

### NEW Removable Arrow Holder

Rotating arm fits over the chamfered button, allowing for full 360° movement and quick removal. Options: Standard (5/16" and more) or micro (9/32" and less).

#8033X Arrow Holder **\$12.99**

#8033-01 Extra Button **\$4.99**

## STRING TRACKERS

### NEW Leather String Tracker

Sturdy leather with durable stitching. Attaches to the bow with a hook-and-loop strap. Includes an approx 200 yard spool of thread.

#59907 **\$65.99**

### NEW Versa Mount Trad Tracker

Made from a high-strength plastic. Adhesive backed mounting button offers a secure, yet easy-on/off hold. Includes five approx 200 yard spools.

#59910 **\$39.99**

### Stabil Mount Trad Tracker

Mounts to front stabilizer bushing, allowing you to track your arrow, leading you directly to your game. Includes five approx 200 yard spools.

#59905 **\$37.99**

### Trad Tracker Game String Tracker

The smallest, most efficient game recovery device. Simple hook-and-loop attachment to your bow. Includes unit, mounting pads, and 4 spools (approx 333 yards each).

#59900 **\$31.99**

### NEW The Release

A pioneering piece of archery history. It was among the very first, if not the first, commercially injection-molded release aids available to archers. It features a simple yet effective mechanism: pulled with one finger and released with two. A must-have piece for any archery release collection.

#6161 **\$14.99**

### NEW GoPro Bow Mount Adapter

The best tool for hunters who want to relive the hunt. Attaches to your bow with a heavy-duty non-marring rubber strap and uses an adjustable camera arm with a 1/4"-20 mounting block thumbscrew.

#8038 **\$34.99**

## BOW SIGHTS

### Level 1 Bow Sight

Perfect for entry level competitive shooters. No-tools adjustment. Great for shooting long distances. Mounts to ATA accessory holes.

#5703 **\$18.99**

### Level 2 Bow Sight

For beginner and intermediate competition shooters. No-tools adjustment for elevation and windage. Mounts to ATA accessory holes. Right hand only.

#5703-01 **\$25.99**

### Single Pin Screw-On/Tape-On Bow Sight

"Old school" feel. Mounts using screws, or with tape (not included). Features no-tools easy adjustment.

#5702 **\$11.99**

### Trophy Ridge Gem 3-Point Bow Sight

Offers versatility and precision with ultra-bright .019" fiber optic pins and a bright yellow scope ring. Adjustable for right or left hand.

#814206 **\$29.99**

## DRAW CHECKS

### Klickit Drawcheck

Mounts to the upper limb and makes a 'click' sound at full draw, signaling that you are at the proper anchor point to make an accurate shot. Instructions included.

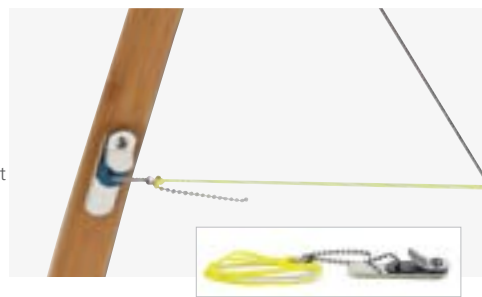

#40990X **\$19.99** 🇺🇸

### Clickety-Klicker

Helps combat target panic. Adjustable for all draw lengths. Easily muted with tape for use while hunting (see our blog post online). Adhesive backed.

#4099 **\$17.99** 🇺🇸

## BOW SLINGS

### DHP Barebow Finger Sling

Less bulky than a wrist sling. Allows you to have a relaxed grip on your bow. Get less torque and twisting for improved accuracy. Adjustable loops fit all size fingers.

#531700 **\$8.50** 🇺🇸

### 3Rivers Camo Wrist Sling

No bow installation required, attaches to wrist and thumb. Allows for a loose grip on a bow without worrying about dropping. A looser grip reduces torque and twisting for improved accuracy.

#5316 **\$4.99** 🇺🇸

## BOW STABILIZERS

### DAS™ Brass Barebow Weights

The larger diameter keeps the weight closer to the riser. The 4.3 and 10.25 oz are stackable for more customization. Offset gives ultimate precision. 🇺🇸

#81815X (4.3 oz) **\$29.99** (10 oz) **\$54.99** (14.5 oz) **\$59.99**

#81816-01 Offset Weight (14.5 oz) **\$59.99**

### Weighted Limb Bolts

Increase your accuracy, and reduce string noise. Each 8 ounce bolt enhances stability, accuracy, and reduces string noise. The shank is an industry standard 5/16"-18 to fit most takedown bows.

#82266 (pair) **\$34.99**

### Limbsaver® S-Coil Stabilizer

Made from proprietary NAVCOM® for maximum noise reduction. The 2½" is tapped to be stackable, and weighs 3.1 oz (other sizes weigh 3.58 oz). Length: 2½", 3½", or 4½".

#8230X (2½") **\$18.99** (3½") **\$20.99** (4½") **\$22.99** 🇺🇸

## BOW TRAINING

### Saunders Trap Builder

The trapezius muscle is vital for good archery form. Get yours in shape to improve your shooting. Easy to use, adjustable, and compact. Instructions included. Options: standard (10-60#) or heavy (20-85#).

#7987X **\$55.99** 🇺🇸

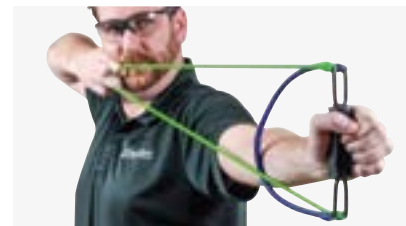

### Saunders Power Pull

With regular use you will strengthen your back, draw arm, and chest muscles. All vital to any archer. Includes two bands for customizing your workout.

#7988 Power Pull **\$39.99** 🇺🇸

#79891X Replacement Bands **\$12.25** 🇺🇸

### Astra Shot Trainer

Maintain back tension strength and direction through the shot. Sizing: Measure the circumference of your drawing arm at its widest point. Options: Size 1 (less than 12") or Size 2 (greater than 12").

#8128X **\$65.99** 🇺🇸

### Performance Stretch Band

Adjustable for draw weights from 9-19 lbs. Featuring a bow style grip with gradienter to help steady your aim. The vertical band simulates bow mass weight from 2-9 lbs.

#3234 **\$32.99**

# DO-IT-YOURSELF STRING BUILDING

## 3Rivers String Building Kit

All-in-one kit designed for both beginners and seasoned string makers. Kit includes: Flemish String Jig, black and brown string material (B55 (1/4#) or D97 (1/8#), Nylon Serving Material, Essential String Serving Jig, String Maker's Wax (1 oz), and leather burnishing material.

#5298X B55 Kit **\$69.99** # D97 Kit **\$109.99**

## 3Rivers Flemish Twist String Board

Build nearly any length Flemish twist string with this handmade jig. Add spool attachment to allow free flow of string. Directions included.

#5325 A) Board **\$29.99** #5325-1 B) Spool Attachment **\$21.99**

#5325-2 Flemish Twist String Jig Blueprint Kit **\$10.99**

## STRING MATERIAL

A) Black, B) White, C) Red, D) Green, E) Tan, F) OD Green, G) Yellow, H) Brown, I) Kiwi, J) Blue, K) Fl Yellow, L) Fl Orange, M) Fl Green, N) Gold, O) Purple, P) Pink, or Q) **NEW** Cedar

## BCY DynaFLIGHT 97 String Material

100% SK75 Dyneema®. Very durable with low creep. Recommend 14-16 strands for most traditional bows. Approx 837 feet per spool. Options: 1 lb in black, red, tan, brown, **NEW** cedar, or **NEW** OD green or 1/8 lb (all colors).

#8623X (1/8 lb) **\$27.99** (1 lb) **\$149.99**

## BCY B55 String Material

100% Polyester, similar to original Dacron®, but improved durability with very low stretch. Recommend 12-16 strands. Approx 1,100 feet per 1/4 lb spool, approx 4,300 ft per 1# spool.

#8624X (1/4 lb) All Colors **\$12.99**

(1 lb) Black or White **\$33.99** (1 lb) Colors- A, B, C, E, F, G, H, J, K, or L **\$36.99**

## BCY 8125 String Material

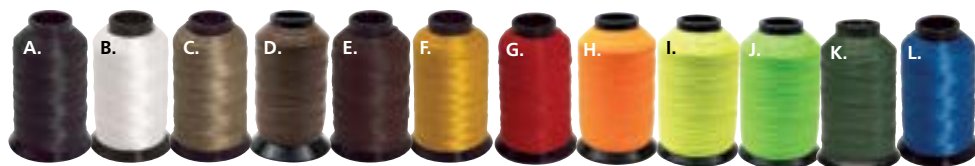

Incredibly durable 92% SK75 Dyneema®. UV, chemical, and abrasion resistant. Smaller diameter. Recommend 18-22 strands. Approx 1,025 feet per spool. Colors: black, white, red, tan, orange, yellow, blue, fl-yellow, fl-orange, or fl-green.

#86241X (1/8 lb) **\$45.99**

## BCY 652 Spectra String Material

The same material as the original Fast Flight™. Recommend 18-22 strands. Approx 2,050 feet per spool. Colors: black, white, red, green, tan, OD green, yellow, or brown.

#86242X (1/4 lb) **\$42.99**

A) Black, B) White, C) Bronze, D) Medium Brown, E) Dark Brown, F) Golden Yellow, G) Red, H) Flo-Orange, I) Flo-Yellow, J) Flo-Green, K) Hunter Green, L) Blue.

## Brownell Fast Flight™ Plus String Material

Minimal stretch with superior strength. Measures 0.014" diameter with approx 2,043 feet per spool. Options: Colors A-L.

#4445X (1/4# spool) **\$47.99**

## Brownell B-50 String Material

100% polyester. For older bows that cannot use modern materials. Measures 0.018" diameter with approx 1,115 feet per spool. Options: Colors A-L.

#4144X (1/4# spool) **\$14.99**

## STRING SERVING

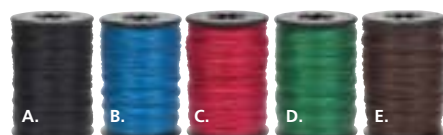

## BCY Halo Serving

Tightly braided Spectra. Diameters .014", .019", and .030" offered in black only. Colors: A) black, B) yellow, C) red, D) green, E) root beer, or F) dark brown.

#8626X .030" (40 yds) **\$32.99** .024" (45 yds) **\$33.99**

.021" (75 yds) **\$34.99** .019" (75 yds) **\$35.99**

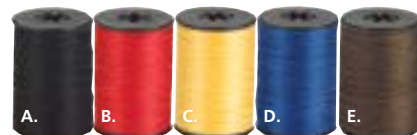

.014" (125 yds) **\$42.99**

## BCY 400 Nylon Serving

Nylon is the most common serving material, recognized for its durability. Diameter of .020". Approx 100 yard spool. Colors: A) black, B) royal blue, C) red, D) green, or E) dark brown.

#8628X **\$9.99**

## Brownell #4 Nylon Serving Material

A standard of string builders everywhere. Measures 0.021" diameter with approx 300 feet per 1 oz spool. Colors: A) black, B) dark brown, C) golden yellow, D) red, or E) blue.

#4146X (1 oz spool) **\$7.99**

## BCY Powergrip Serving

Braided spectra and nylon with a smooth resin coat. Options: .014" diameter (approx 120 yards) or .021" (approx 75 yards).

#8627X **\$31.99**

## BCY #62 Braided Center Serving

Blend of Spectra/Dyneema® with polyester. Approx 75 yards a spool. Options: diameter of .018", .021", or .025".

#8625X **\$24.99**

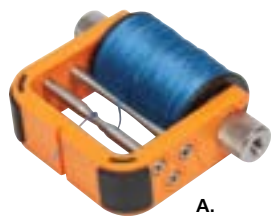

## BCY Nock Point Thread

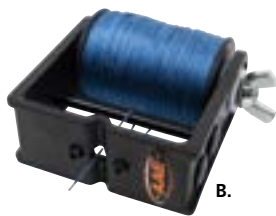

100% high tenacity nylon. 75 yard spool, .020" diameter. Colors: red or black.

#8629X **\$12.50**

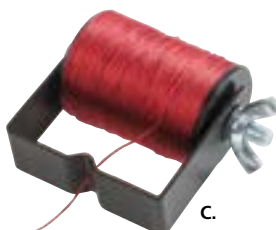

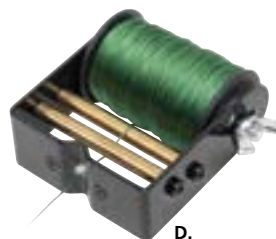

A.

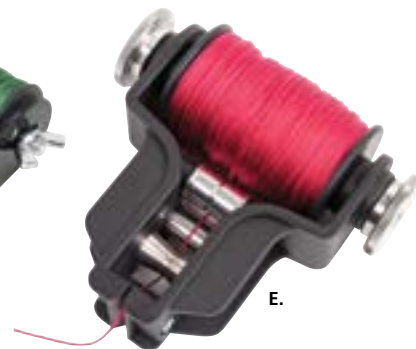

B.

E.

#### A. OMP Revolution Serving Jig

Snap-in spool rods. Adjustable tension. Includes two spool rods. Serving sold separately.

#32051 Serving Jig **\$36.99** #32052 Quick Change Spool **\$13.99**

#### B. AAE Pro String Server

Double-bar tension system. Self-centering washers. No-fray thread guide. Serving sold separately.

#3205 **\$26.99**

#### C. Tornado Pro Serving Tool

Features adjustable tension. Self centering washer and axle system. Serving sold separately.

#3202 **\$19.99**

#### D. 3Rivers Essential String Serving Jig

Double bar adjustable tension guide. Works with all serving diameters, sold separately.

#3231 **\$11.99**

#### E. Bearpaw Deluxe String Serving Jig

Adjustable tension bar for fine adjustment of pre-tension. Fits all size serving, sold separately.

#32053 **\$39.99**

#### Bow Medic Multi Square

Measures brace height from 6-12". Features 3 broadhead wrenches, 3 nock aligning wrenches, and a string separator.

#69071 **\$10.99**

#### Aluminum Bow Square

Measures 6-12" for brace height, and up to 5/8" height for nock point set. Color varies.

#6907 **\$16.99**

#### 3Rivers Bow Square

Easily clips tight to your string for measuring a brace height from 6-12", and up to 5/8" height for a nock point set. Color Varies.

#3230 **\$11.99**

#### String Serving Scissors Set

One straight, ideal for cutting string and serving material. One curved pair of scissors, great for tight cuts and detail work.

#80320 **\$16.99**

#### Saunders Nok-Set® Pliers

Self-opening jaws are non-marring and thin enough to see alignment on string. Installs and removes string nocks.

#4150 **\$16.99**

#### Nock Setting Pliers

Smooth, self-opening spring jaws are non-marring. Cushioned grip for comfort.

#4550 **\$14.99**

#### OMP TruCrimp Nocking Pliers

Interfacing teeth for a burr free crimp. Nock removal tool. Stainless steel body with rubber dipped handles.

#7733 **\$23.99**

## STRING WAX

#### Bohning String Shield

Protects your string from freezing and helps to remain supple.

#418601 (1.2 oz) **\$10.99**

#### String Snot

Blend of grease, wax, and oil to enhance performance and protect.

1173 (0.9 oz) **\$8.99**

#### Scorpion Venom Polymeric Wax

Reduce friction between string strands. Odor free and waterproofing.

#1170 **\$13.99**

#### 3Rivers String Makers Wax

Best all-purpose string wax available. Tacky and perfect for holding strands together.

#4192 (1 oz) **\$6.99**

#### BCYX-Wax String Wax

Weatherlock technology, making string water repellent and abrasion resistant.

#8631 **\$12.99**

#### Bohning Tex-Tite String Wax

Natural petroleum wax. Designed for synthetic fiber bow strings.

#4187 (1 oz) **\$6.50**

#### Bohning Seal-Tite® Wax

Silicone-based wax preserves your string and helps protect against the elements.

#418602 (1 oz) **\$7.99**

#### U-V-Killer Bow String Wax

Made from beeswax, eliminates glow from ultraviolet brightening dyes used in strings.

#4328 (1.25 oz) **\$8.75**

## BOW BLANKS

**A. 72" Unfinished Bamboo Backed Ipe Longbow Blank**

Bamboo backing glued and shelf cut. Sand, install bow tips, set the final tiller, and add a finish yourself. Flemish twist bow string included. No warranty, do not draw past 28".

**Options:** Right or left hand in weights of 30-35, 35-40, 40-45, or 45-50# @ 28".

#86002X **\$299.99**

**C. Grayvn Bows U-Finish Classic Hickory Bow Blank**

Solid sapwood hickory. The tillering is done, final sanding and finish needed. String grooves and shelf are cut-in.

No warranty, do not draw past 28". String included.

Approx 72". **Options:** right or left hand in 35-40, 40-45, 45-50, or 50-55# @ 28".

#85911X **\$259.99**

**E. Manau Stave**

Durable and flexible like bamboo but more workable, allowing for more precise and easier crafting.

No warranty, do not draw past 28". 1 1/4" diameter.

#40446 Full length Stave (73 1/4") **\$79.99**

#40447X Youth Stave (39"-40" or 47"-48") **\$39.99**

**G. Roughed out Ipe Floor Tillered Stave**

Roughed out single piece floor-tillered ipe stave.

Finish shaping, sanding, and add backing. Comes in lengths varying between 68" and 72". No warranty, do not draw past 28".

#86006 **\$139.99**

**I. 72" Unfinished Hickory English Longbow**

Pre-tillered, just sand, install bow tips, set the final tiller, and add a finish. Flemish twist bow string included. No warranty, do not draw past 28". **Weight:** 20-25, 25-30, 30-35, 35-40, 40-45, or 45-50# @ 28".

#86003X **\$179.99**

**B. 72" Tri-Lam Unfinished Hickory Ipe Longbow**

Hickory belly and backing, ipe core. The blank has a shelf cut in. Just sand, install bow tips, set the final tiller, and add a finish. Flemish twist bow string included. No warranty, do not draw past 28". **Options:** Right or left hand in weights of 30-35, 35-40, 40-45, or 45-50# @ 28".

#86001X **\$299.99**

**D. Grayvn Bows Youth U-Finish Longbow Blank**

Same bow as #85911X (left), but should produce a bow less than 25# @ 26". Not recommended for longer draw lengths. Measures approx 65". No warranty, do not draw past 28". **Options:** right or left hand.

#85910X **\$179.99**

**F. NEW Lonesome Wind 64" Longbow Blank**

Features a triple-layered tapered engineered bamboo core, striking American walnut riser with maple accents, and fiberglass. Floor-tillered and ready for fine detailing. Marked to guide your cuts and shaping. Dacron Flemish twist string included. **Options:** 40, 50, or 60# @ 28".

#1913X **\$349.99**

**H. Grayvn Bows Floor-Tillered Hickory Stave**

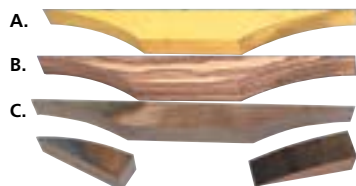

String grooves cut-in, but final tillering and pull weight is up to you. Hickory takes stain and finish very well. Cutting in a shelf is optional. Can be right or left hand. No warranty, and string is not included. Should produce a bow in the 40-50# @ 28" range. **Options:** 72" or 65" length.

#85909X **\$179.99**

**J. 72" Hickory Bow Kit with Riser Block and Tip Overlays**

Basic form roughed out. Comes with a hickory belly, hickory backing, riser block, tip overlays, and Flemish twist bow string. Just sand, install bow tips, set the final tiller, and add a finish. No warranty, do not draw past 28".

#86004 **\$169.99**

**Longbow Riser Blanks**

Build a longbow of your own with these beautiful, quality riser blanks.

Precision cut with paper thin fade-outs. Use cut-outs for tip overlays. Approx 17"x 1 1/2"x 1 1/2". **Options:** (A) osage, (B) zebra wood, (C) green mountain camo action wood, (D) bubinga, (E) granadillo, or (F) bacote.

#4480X Osage, Zebra Wood, Green Mtn. Camo **\$47.99**

Bubinga, Granadillo, Bacote **\$49.99**

**PLEASE NOTE:** Sometimes even Master Bowyers miss their target weight. We can help you choose the laminations and the fiberglass for you bow building project, however, we cannot accept responsibility for your project.

**CAUTION:** Wood and fiberglass laminations may give splinters and cause injury. Use caution when working with them always wear safety goggles and filtration masks. Gloves recommended.

BLACK

CLEAR

**Gordon's Bo-Tuff® Fiberglass**

A great backing material due to its continuous unidirectional laminate. 72" length. Sanded on one side for a gluing surface, other side is smooth. 1½" width for longbows and 1¾" for recurves. Thickness: .040" or .050".

#4475X Clear (each) - 1½" **\$39.99** 1¾" **\$41.99**

#4474X Black (each) - 1½" **\$25.99** 1¾" **\$27.99**

**Bearpaw Powerglass**

No streaks or blemishes. Experience crystal clear transparency with top performance and stability. One side roughed, other smooth. 72" long.

Options: 1½" (.040" or 0.050") or 1¾" (.040").

#44771X Black 1½" or 1¾" - .040" **\$34.99**

#4477X Clear 1½" (.040" & .050") 1¾" (.040") **\$33.99**

See 328 ft rolls online (#447666X & #447665X)

**Stabil-Kore™ Lamination**

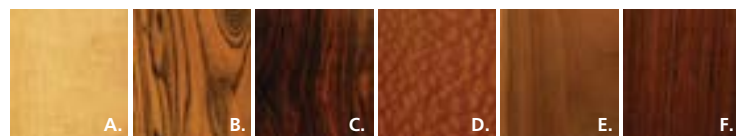

A lightweight proprietary composite core material. Perfect as a substitute for carbon. Adds lateral and torsion rigidity. Sanded on both sides for strong gluing surfaces. 72" x 2" x .015".

#447702 **\$20.99**

**NEW Wood Pattern Fiberglass Strip**

Save money on costly wood veneer laminations, and still have a realistic wood-grain look on your next bow you build. 71¾" x 1¾" x 0.050".

#7143-050 **\$19.99**

**Exotic Tapered Bow Laminations**

Exotic hardwood laminations from around the world. Approx 36" x 1½". Butt thickness of .065", taper .001" per inch. Sold by the pair. More woods online.

A. #4500-16 Bird's Eye Maple **\$37.99**

B. #4500-03 Bacote **\$45.99**

C. #4500-09 Cocobolo **\$59.99**

D. #4500-14 Leopardwood **\$35.99**

E. #4500-01 Walnut **\$31.99**

F. #4500-21 Rosewood **\$49.99**

**Precision Ground Tapered Bow Laminations**

For building longbows and recurves. 36" x 1½", .001" per inch taper.

Options: A) osage, B) red elm (edge grain), C) red elm (flat grain), D) zebra wood, or E) action bamboo in butt thickness .060"-.095", per .005". Sold by the pair.

#447001X Osage **\$35.99** Red Elm - Flat, or Edge **\$31.99**

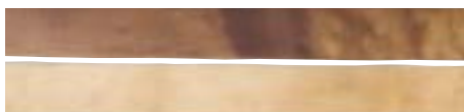

Zebra Wood **\$35.99** Bamboo - Action **\$37.99**

**Bamboo Backing Strip**

Greatly improves strength. Must be planed before use. Measures approx 2" x 68-72". 1¾"-1½" wide for pre-planed board.

#4432 Bamboo Backing (each) **\$65.99**

#8568 Planed Bamboo Backing (each) **\$69.99**

**3Rivers Rawhide Backing**

Forms to the natural shape of a wood bow to add strength without adding draw weight. Do NOT use hot water.

Color varies. Measures 2" wide. Length: 30" or 36".

#6121X (pair) 36" **\$39.99** 30" **\$23.99**

**NEW PATTERNS Artificial Snakeskin Backing**

72" x 2" cloth strip. Less expensive than real skins and still look great. Add a coat of finish for a real snakeskin look.

#7052X A) Rattlesnake, B) NEW Python, or C) NEW Viper **\$29.99**

#7049-02 D) Copperhead **\$39.99**

Find sinew backing on page 114

**Ipe Wood**

Premium Ipe Lumber - Single piece of 68" to 72" wood. (#86007) **\$129.99**

Floor Tiller Stave - Lumber roughed out to a stave. (#86005) **\$189.99**

Ipe Center Lamination - Extremely strong and compression resistant wood, making it ideal on the belly of a longbow, or as the core for a multi-laminate bow.

68-72" x 1½" x 1/8". (#44282) **\$59.99**

Ipe Handle Blank - Add strength and weight to your riser.

14" x 2" x 3/4" (#44291) **\$19.99**

**Osage Wood**

Osage Lumber - Single piece 72" to 68" long x 1½" x 5/8". (#4428) **\$109.99**

Osage Slats - For building laminated wood bows. Does not follow growth rings and a backing of some sort is required. Pieces must be 'fish tail' spliced together for bow building. 36" x 1½" x 5/8" by pair. (#4428-1) **\$31.99**

Osage Handle Blank - Add strength and weight to your handle.

14" x 1½" x 3/4" (#4429) **\$13.99**

**Hickory Wood**

Hickory Slats - For building a laminated bow. Does not follow growth rings so a backing material is required. Must be 'fish tail' spliced together for bow building. 36" x 2" x 1" by pair. (#4429-1) **\$41.99**

Hickory Backing - Add strength and durability. Grain varies.

72" to 68" x 1½" x 1/8" (#4431) **\$99.99**

Ipe

Hickory

## BOW BUILDING TOOLS

## Bow Building Tool Kit

Starter kit includes everything you need to start building your own bow. Includes low-stretch tillering rope, 3-piece scraper set, Farrier's rasp, tillering stick, nock file, and Rattlestick bow building DVD by Gary S. Davis.

#6305  
**\$119.99**

## Pro Burnishing Tool

Angled wooden handle and hardened steel rod puts perfect edges on all scrapers.

#5617 **\$24.99**

## Burnishing Tool

Put a perfect edge on your scrapers. Works for all size and shape scrapers.

#5616 **\$30.99**

## 10" Premium Half Round Files

Second Cut: One side has a 1/3 rounded profile while the other features a flat surface. Smooth Cut: Refining and finishing cuts.

#9959 Second cut **\$24.50**  
#9960 Smooth cut **\$24.50**

## Nicholson 10" Rasps

Coarse #49 for an aggressive cut, or finer #50 for final shaping and blending.

#9949X (each) **\$69.99**  
(Set) **\$139.98 \$134.99**

## Farrier's 14" Rasp

Aggressive rasp on one side, double cut file on the other for controlled stock removal. Measures 1 3/4" wide.

#6312-1 **\$39.99**

## 8" Nock Round File

Ergonomic wood handle and a 5/32" diameter file for cutting through wood, fiberglass, and metal.

#6311 Handle **\$5.99**  
#6310 File 8" **\$3.99**

## Pine Hollow Scraper

Rolled top edge for comfort and added control. Made from tempered stainless steel 1 1/8" x 10 1/4" x 1/16". No burnishing needed.

#63012 **\$45.99**

## Two Cherries Scraper Set

Includes concave/convex, rectangle, and gooseneck. 6" x 0.8 MM. Made in Germany.

#59814 (3-Piece) **\$59.99**

## Wood Scrapers

Made of high carbon steel, approx .031" thick. Includes gooseneck, flat, and curved scrapers.

#5980 (3-Piece) **\$24.99**

## Pyramid Scraper

Six sides for tough to reach areas. Made from high carbon steel, 0.031" thick.

#598001 **\$12.99**

## Toothing Plane Blade

For roughing your bow stave before backing. Heavy duty steel construction. 7 3/8" X 1 3/4" x 1/8".

#59813 **\$49.99**

## Stanley Spoke Shave

For shaping irregular or curved wood surfaces. Cast iron body with double set screw adjustment. Steel 2 1/8" blade.

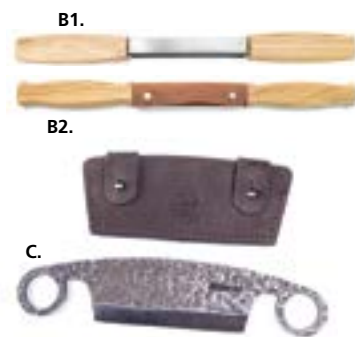

#6306 **\$27.99**

## A. Two Cherries Drawknives

Handcrafted German quality. Blades measure 10" x 1 1/4". Handles 4" long.

#59811 A1) Curved **\$149.99**  
#59812 A2) Straight **\$99.99**

## B. Beavercraft Drawknives

4 3/4" x 1/8" steel blade. For removing longer pieces. Includes leather sheath.

#59817 B1) Ash Handles **\$27.99**  
#59816 B2) Oak Handles **\$27.99**

## C. Forged Draw Knife

Forged from resilient 1066 high carbon steel. Finger holes for a secure and ergonomic grip. 7 1/2" long.

#59824 **\$59.99**

## StavePress

Conforms to the shape of your work piece, holds firmly, and will not crush wood fibers. Lumber and tools not included.

#6303 **\$189.99**

## Traditional Shaving Bow Horse

Uses leg pressure to securely hold bow stave in place while you work. 24" seat height. Assembly required.

#6300 **\$299.99**

## 3Rivers Bow Building Center Finder

Mark the center on your stave to get your bow building project started right.

#59790 **\$9.99**

## 3Rivers Tillering Board

Made of quality pine. Measures 35". Top notch is approx 3"x 1 1/2" and 28 side-notches at 1" intervals cut to 1/2".

#8499 **\$21.99**

## 3Rivers Tillering Boot

Heavy duty leather and rope. For checking the bend of your limbs before cutting string grooves.

#6118 **\$25.99**

## 3Rivers Tillering Rope

76" long, 18 strands thick. Bottom tied in bowyer's knot.

#424676 B-50 **\$21.99**  
#8496-1 Fast Flight **\$21.99**

## BOW SEALERS & FINISH

### Pine Hollow Bow Sealer

Made from natural ingredients. Gives your bow a nice, natural looking finish.

#7249 (6 oz) **\$12.99**

### NEW Thunderbird Epoxy Bow Finish Kit

Engineered for maximum durability and aesthetic appeal in all weather conditions. Resists cracking, checking, abrasion, etc. better than anything else on the market. Each kit is three 1/2 pint cans (Part A, Part B, and a thinner). Spray or brush to apply. Options: Gloss, satin, or flat finish.

#6653X Kit **\$55.99**

#6653-10 Thinner Only (1 Pint) **\$20.99**

## BOW BUILDING ACCESSORIES

### Polyurethane Bow Finish

Fast drying spray finish. An easy way to protect your selfbows from moisture.

#5611 (11.5 oz) **\$15.99**

### Tru-Oil® Finish

Natural wood oil finish protects and enhances the wood's beauty. Durable gloss finish. Easy to apply by hand.

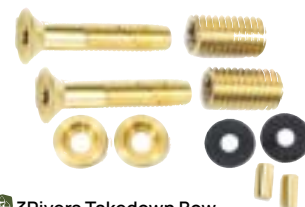

#5688 (3 oz) **\$11.99**

### Wolf Paw ILF Tiller Bezel Set

Install limb bolts on your ILF riser. Includes a pair of bolts, set screws, and bezels.

#53394-02 **\$29.99**

### 3Rivers Takedown Bow Brass Hardware Kit

Includes two each: riser inserts, limb bolts, limb bezels, washers, and alignment pins.

#53397-06 **\$34.99**

### Front Stabilizer Insert

Industry standard 5/16"-24 insert. Allows attachment of bow accessories like stabilizers and bowfishing reels.

#5341 (each) **\$4.50**

### Bear Riser Quiver Inserts

Two 1/4"-20 inserts. Standard size for riser mounted bow quivers.

#5342 (pair) **\$11.50**

### ATA Accessory (AMO Sight) Inserts

Two inserts with two sets of #10-24 screws.

#5340 (pair) **\$8.50**

### Bearpaw Plunger Bushing

Industry standard 5/16"-24 insert for adding a plunger to your bow.

#53393 (each) **\$6.99**

### Wolf Paw Stainless Steel Tiller Bolt Double Threaded Inserts

For building takedown bows, standard or ILF style. Threaded mount. 5/16"-18 size.

#53394-04 (pair) **\$10.99**

### 3Rivers Takedown Bow Sleeves

Classic 'D' brass sleeve slides into steel handle. Small: 4" x 1 1/8", solid steel handle. Large: 4" x 1 3/4", stainless steel handle.

#4461X (Small) **\$57.99** (Large) **\$59.99**

#4459 MT-13 Bow Sleeve Glue **\$17.99**

### 3Rivers G10 Tip Overlays

Reinforces a bow to accept high performance strings. Two 1/8" black and two 1/16" red. All cut to approx 2" x 1".

#4481 (pair) **\$9.99**

### Antiqued Antler Limb Bolts

Resin-cast reproductions with an "antiqued" look for a distinct traditional flair to your setup. Industry-standard 5/16"-18 brass shanks are 1 3/4".

#3404 (pair) **\$69.99**

## BOW SCALES

### Digital Bow Scale

Weights bows up to 100#, .05 lb increments. Features two modes, peak weight and holding weight. Measures in lbs, oz, and kg. Batteries included. Color varies.

#5950 **\$15.99**

### 3Rivers Handheld Digital Bow Scale

Weights bows up to 100#. Place bow string in hook and draw the string. Digital display gives measurement in grams, kilograms, ounces, and pounds.

#0192 **\$25.99**

# DO-IT-YOURSELF ARROW FLETCHINGS

feathers not included

### Bitzenburger Dial-O-Fletcher

Precision die cast body with clamp. Built to last a lifetime! Graduated scale for accurate feather spacing. 3-fletch at 120°, or 4-fletch at 90°, or 75° x 105°. Complete control on fletching offset (degree is limited only by size of shaft). Clamp, indexer, and full instructions included. Different clamp requires matching indexer. **Options:** left wing, right wing, or straight.

#4168X Dial-O-Fletcher Complete Fletcher **\$99.99**

#4169X Replacement Clamp **\$39.99** #4170X Replacement Indexer **\$24.99**

See All Replacement Parts Online

### AAE Bitz Knob Fletch Indexer

Upgrade your Bitzenburger jig for more fletching options. **Options:** 3 & 4 knob for fletching 120°, 90°, and 75° x 105° or 4 & 5 knob for fletching 60°, 72°, and 90°.

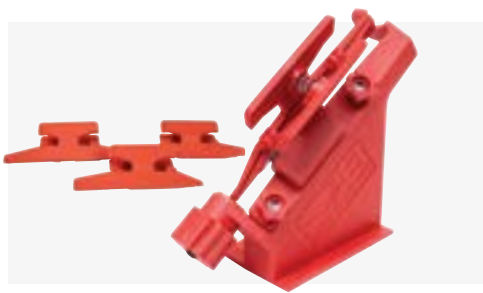

#417007X **\$34.99**

### NEW 3Rivers TQ Fletching Jig

Sturdy lightweight aluminum. Nock receiver adjusts to allows for 3-fletch and 4-fletch options. Straight clamp, adjustable for left or right offset. Compatible with all diameter shafting.

#7146 **\$39.99**

### NEW Bohning Pro-Class Fletching Jig Complete Set

3-fletch at 120° or 4-fletch at 90°. Complete with indexer and one left wing, one right wing, and one straight clamp.

#40823 Jig **\$59.99**

#4082X Replacement Clamp **\$16.99**

### Bearpaw Deluxe Fletching Jig

Adjustable for micro diameter up to 23/64" arrow shafts. Fletch 3, 4, or 6-fletch.

**Options:** left wing, right wing, or straight.

#53871X Jig **\$69.99**

#53872X Replacement Clamp **\$14.99**

### Arizona E-Z Fletch Pro

Fletches three feathers or vanes (up to 5" in length) at a time. Straight is a 1° right offset, LW and RW are 8° offsets. Fletches shafts 5/16" up to 26/64" diameter. **Options:** left wing, right wing, or straight.

#3990X **\$64.99**

### Arizona E-Z Fletch Mini Max Fletcher

Fletches smaller fletchings (up to 3 1/4") on your carbon and aluminum arrow shafts. **Options:** left or right wing.

#3990-04X **\$64.99**

### AAE Fletch III Jig

Straight 3-fletch with 1° right offset. Works with all diameter shafts. Complete with clamp and jig. Breaks down to take anywhere.

#4079 Fletch III Jig **\$40.99**

#40791 Nock Receiver 4-Fletch (4 x 90°) **\$13.50**

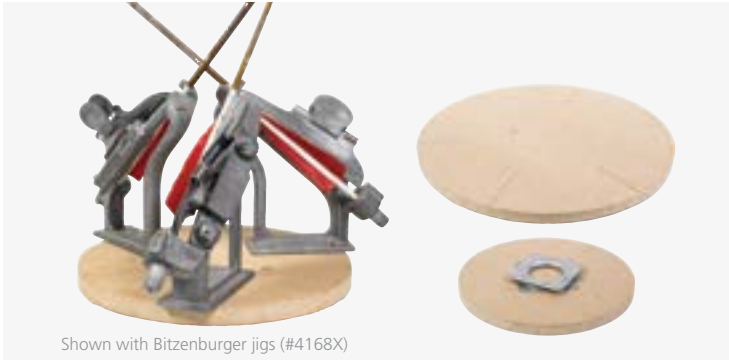

### Bohning Frontier Fletching Jig and Clamp Kit

A portable fletcher that incorporates Bohning's clamp style inserts. Folds flat for easy transport or storage, ideal for arrow builders who spend a lot of time on the road, hunting, or at 3D shoots. Includes a 3° right helical clamp insert. Has the option of three or four-fletch. Clamp Insert Kit features one each of gray straight insert, red 1° right insert, purple 3° left insert, and orange 1° left insert.

#40834X Fletching Jig ONLY **\$59.99** Clamp Kit **\$23.99**

Jig & Clamp Kit **\$83.98**

# FEATHER TOOLS

Shown with Bitzenburger jigs (#4168X)

## NEW Fletching Jig Turntable

Speed up your fletching time and save space. Compatible with majority of fletching jigs (sold separately). Options: 3-jig (11" diameter) or 6-jig (17" diameter).

#8026X 3-Jig **\$25.99** 6-jig **\$39.99**

## NEW 3Rivers Fletching Jig Turntable Set

Kit includes: A fletching jig turn table and TQ Fletching jigs (#7146, page 66).

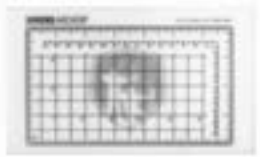

#8027X 3-Jig Set **\$129.99** 6-Jig Set **\$249.99**

## 3Rivers Little Chopper Feather Die Cutter

Chop your own feathers into one of the profiles below. Requires a full length pre-ground feather and a rubber mallet. Call our tech line to ask about custom made choppers. Banana chops both left and right wing feathers. #4398X (each) **\$49.99**

## 3Rivers Fletching Cutting Mat

Durable, portable mat with inch and centimeter measurements. 1/2" grid squares for precise cutting. 8½" x 5".

#7973 **\$5.99**

## Rotary Cutter 45 MM

High-grade stainless steel blade, ergonomic handle, and safety lock, ideal for cutting fletchings and leatherwork.

#7265 **\$13.99**

## 3Rivers Fletching Templates

Cut your own fletchings. Options: Left or right wing in Parabolic (5", 4", 3"), Shield (5", 4", 3"), Banana (6.5", 5", 4", 3", 2"), or Flu Flu (4").

#8487X (each) **\$5.99**

## Great Northern Feather Processing Jig

Turn raw feathers into fletchings. Built-in guide controls. Drill press required.

#5046 Processing Jig **\$159.99**

#5046-01 Replacement Drum **\$54.99**

#5047 Replacement Sandpaper **\$4.99**

## Saunders Feather Stripper

Removes feathers and cap wraps from aluminum and carbon arrows. Dual steel blade and pre-set angle.

#4374 Feather Stripper **\$21.99**

#4375 Spare Blades (3-pack) **\$18.50**

## Allen Company Fletch Remover

Removes fletchings and glue easily, so you can re-fletch to make nearly new arrows. Not for wood arrows. Includes two replacement blades.

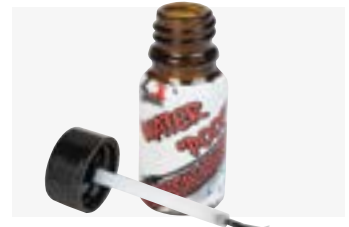

#4336 **\$12.99**

## Bohning Fletch Dri Waterproofing

Easy to apply and has no scent. Treats 100+ arrows. Adds no stiffness to fletching. Includes application bag.

#5086 (9 gram) **\$15.50**

## Ozark Water "Poof"

Protects feathers against moisture. Quick drying, lasts all season. Does not add weight. Treats roughly 40 feathers. Brush included. Non-toxic. 10 ml.

#5069 **\$16.50**

## 3Rivers Jig Release Tape

Mount on your fletching clamp to prevent glue from sticking. Two 6½" Teflon® laminated strips per package.

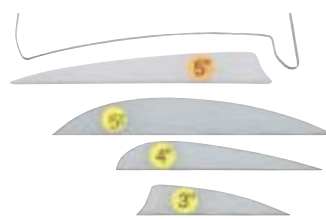

#4181 (pair) **\$4.25**

## Bohning Jig Release Tape

Keep your fletching jig clamps free of glue and adhesive build-up. Three 5½" peel-and-stick strips.

#418604 (3-pack) **\$7.75**

## Feather Profiles for Young Burner

For bending feather burner ribbons. Includes 3" Shield, 3" Parabolic, 4" Shield, 4" Parabolic, 5" Shield, 5" Parabolic, 5½" Shield, 5½" Parabolic, 5¾" Banana high arc.

#4174 **\$25.99**

## NEW Feather Guard

Creates a smooth transition from the leading edge of your fletchings to the shaft. Use heat to lock in place. Each foot of material covers 12 arrows worth. Fits all shaft sizes.

#7158X (1 ft) **\$2.99** (10 ft) **\$9.99**

SEE FLETCHING GLUE ON PAGE 88

## Brass Point Inserts

**NEW Direct Fit Double Break-off** - 100-75-50 grains, .204" ID.

#67946-06-100 (6-pack) **\$9.99**

**Axis/Barebow** - 100 grains, .204" ID.

#0254 (12-pack) **\$23.99**

#7145X (6-pack) 50 or 100 gr **\$9.99** 150 gr **\$13.99** 200 gr **\$15.99**

**Gold Tip** - 50 (aluminum) or 100 (brass) grains, .246" ID.

#6692-04X (12-pack) **\$24.99**

**Arrow Dynamics** - 100 grains, Fits all Arrow Dynamic shafts.

#0257 (12-pack) **\$23.99**

**Gamegetter II** - 100 grains in spine (model): 500 (2016), 400 (2117), or 340/300 (2315/2317).

#0255X (12-pack) **\$23.99**

## Aluminum Inserts

Available in most aluminum shaft sizes and all carbon shaft sizes we offer. Some work with insert weight systems. Find insert weights and sizes by calling or going online.

#InsertDX (12-pack) **\$10.99** (100) **\$47.99**

### Gold Tip Accu-Lite Inserts

Fit all 5/16" Gold Tip and Easton shafts. Compatible with Gold Tip weight system. Weigh 11.4 grains.

#6692-01 (12-pack) **\$14.99**

### Easton ST 6 MM RPS Inserts

For Easton 6 MM (H diameter) arrows, or any .231" ID. Use with 9/32" points. Weigh 18 grains.

#6745 (12-pack) **\$10.99**

### Easton 6.5 MM CB RPS Inserts

The orange anodized finish reduces corrosion. Tapped on the backend to accept insert weights. Weigh 26 grains and fit a .246" inside diameter.

#67592X (12-pack) **\$10.99** (100) **\$47.99**

### Easton Axis HIT Insert Kit

Dozen aluminum inserts with insert tool, chamfer stone, and epoxy.

#6756 Kit **\$19.99**

#6757 Inserts & Tool **\$16.99**

### NEW Easton Axis Stainless Steel HIT Break-Off Inserts

Weighs 75 grains but can break-off end to make 50 grains. Fits .204" ID shafts.

Includes installation tool and chamfer stone.

#6757-1 (12-pack) **\$29.99**

### NEW Direct Fit Aluminum Break-off Inserts

Work with all .204" ID arrow shafts. Break-off design for 25 grains or 18 grains. Long insert body for better alignment.

#67946-12-025 (12-pack) **\$10.99**

### Easton 5MM Half Out Inserts

Use with .204" ID. Tapers out to a 5/16" diameter, adding 1/2" to the length of an arrow. Options: size of #1 or #2 (sizing chart online). 12-pack.

#67591X Steel (50 grains) **\$25.99**

### NEW Rampage F.O.C.O.S. 2.0 Outserts

Patented 3-way design that promotes better alignment and stability. 58 grains. Options: Rampage spines (pg. 74) of 200, 250, 300, 350, or 400.

#681302X (12-pack) **\$51.99**

## Ethics Adjustable Outserts

Peak reinforcement for your .204" ID carbon arrows. Consists of post and sleeve in stainless steel or aluminum (varies per weight). Options: arrow OD of .262", .267", .272", .276", .281", or .287". Weight ranges of 55-85, 85-115, 90-120, 95-185, 125-215, and 130-220 grains.

#49151X (3-pack) **\$24.99** (6-pack) **\$44.99** (12-pack) **\$69.99**

## WEIGHT SYSTEMS

### Gold Tip F.A.C.T. Weight System

Use with inside diameter of .246", .204", or .166". Nock Adapters fit 5/16" diameter (.246" ID) shafting with Gold Tip nocks, Easton Super/S nocks, or Bohning Signature nocks. Weigh approx 20 grains.

#6693X Weights .246" (12-pack) 10, 20, or 50 grains **\$24.99**

#6696X Weights .204" (12-pack) 10 or 20 grains **\$24.99**

#6692-02 Nock Adapters (12-pack) **\$24.99**

#6692-03X Adjustment Wrench (.204"/.246" or .166") **\$10.99**

### Black Eagle Screw-In Brass Insert Weights

For tuning FOC. Designed to be stackable. Vintage model for arrows with an inside diameter of .2445" or more, and FOCOS for .166" ID. Vintage in 30, 50, or 75 grains. FOCOS in 10, 20, or 30 grains.

#681205X Vintage Insert Weights (12-pack) **\$21.99**

#681206 Vintage Weight Install Tool **\$17.99**

#681208X FOCOS Insert Weights (12-pack) **\$21.99**

#681209 FOCOS Weight Install Tool **\$17.99**

### Victory Back Weights

Add weight for your Victory arrows. Tapped in the back to allow you to stack any combination of weights for experimenting with FOC and fine tuning your arrows. Made from stainless steel. Options: .204" or .245" inside diameter in 10, 20, or 50 grains.

#681711X Diameter .204" (12-pack) **\$10.99**

#681712X Diameter .245" (12-pack) **\$10.99**

#681713 Install Wrench Tool **\$15.99**

## WEIGHT ADAPTERS

### 3Rivers Thread-In Weight Adapters

Bump up your arrow weight. Simply screw in-between point and insert. Adds approximately 1/2" to arrow length, 5/16" in diameter.

Made of aluminum (25 gr) or steel. **Options:** 25, 50, 75, or 100 grains.

#42270X (6-pack) **\$10.99** Test Kit (two of each) **\$13.99**

### Limited Supply Woodyweights®

Add front-of-center weight to wood arrows. Fit 11/32" and 23/64". Mount on 5° point taper. **Options:** 75, 100, 125, 150, 175, or 200 grains.

#4945X (6-pack) **\$17.99**

Test kits available online.

### 3Rivers Brass Weight Washers

Mount behind points or nocks. Weigh 5 grains each. Recommend no more than three weights per grouping.

**Options:** 9/32", 5/16", or 11/32".

#5208X (12-pack) **\$7.99** (100) **\$39.99**

### 3Rivers Weight Tubes

Add weight to your arrow without affecting arrow spine. **Options:** weight of 3, 5, or 8 grains per inch in OD of 5/16" (ID of .2445-.246") or 9/32" (ID of .204").

#6731X (12-pack) **\$17.99**

## COLLARS

### NEW Iron Oak Point Collars

7075 aluminum. Use 5/16" points. 6 grains. Size: 0 Line (0.279" ID), 1 Line (0.264" ID), 2 Line (0.253" ID), and 3 Line (0.246" ID).

#679462X (6-pack) **\$7.99** (12-pack) **\$15.99**

### 3Rivers Nock Collars

Keeps push-in nocks from popping out on hard impacts. Weigh approx 5 grains. Only offered in sizes A, B, C, or D in chart (right).

#4921X (12-pack) **\$15.99**

Collar Size	Collar ID	Collar Size	Collar ID
A	.275"	H	.277"
B	.293"	I	.344"
C	.300"	J	.352"
D	.305"	K	.370"
E	.260"	L	.287"
F	.271"	M	.384"
G	.273"	N	.313"

### 3Rivers Carbon Collars

Weigh approx 5 grains. Made for 5/16" or 9/32" outside diameter (OD) shafting. Offered in all sizes shown in chart (left).

#4920X (12-pack) **\$15.99**

### Easton 5MM HIT Collars

Enhance impact durability. Measure approx 1/2" long, 15-20 grains, and the long back taper makes easier for target removal. Size: #1, #2, #3, #4, #5, #6 (sizing chart online).

#68580X (6-pack) **\$25.99**

## NOCK ADAPTERS

### Gold Tip Nock Bushings

Both models fit a .166" nock.

The .246" fits arrows with .246" ID (like GT Traditional), and weighs 12 grains. The .204" fits arrows with .204" ID, and weighs 7.4 grains. **Options:** Large (400/340 spine) or small (600/500).

#6691X .204" (12-pack) **\$24.99**

#6691-01 .246" (12-pack) **\$24.99**

### TopHat® Wood Arrow Nock Adapters

Use push-in nocks on your wood arrows, no taper needed. Use with .244" nocks. Fine tune your arrow with your nocks. Made of aluminum for low weight and corrosion-resistance. Weigh 15 grains. **Options:** 5/16" or 11/32".

#0925X (6-pack) **\$8.99**

### 3Rivers Nock Adapters

Use with glue-on nocks for carbon arrows. 5/16" fit shafts with a .244" to .246" inside diameter. Use 5/16" nocks. 12 grains. Arrow Dynamics fits all older model Arrow Dynamics shafts. Use 1/4" nocks. 8 grains.

#0149X 5/16" (12-pack) **\$15.99** (100) **\$79.99**

#CS90-1 Arrow Dynamics (12-pack) **\$15.99**

### UNI Bushings

Allows use of a .166" nock in carbon shaft models and a .246" nock in aluminum shaft models. Specify shaft make, model, and size when ordering. Weigh 5 grains.

#0150X G-UNI - Carbon (12-pack) **\$15.99**

S or X-UNI - Aluminum (12-pack) **\$17.99**

## POINT ADAPTERS

### 3Rivers Woodscrew Point Adapters

Weigh 50 grains, 1 1/2" long. Mounts to a 5° point taper. Precision CNC machined 11/32" diameter only.

#4364X (each) **\$2.99** (6-pack) **\$11.99** (100) **\$99.99**

### TopHat® Woodscrew Point Adapters

Made of aluminum for low weight and corrosion-resistance. Weigh 40 grains. **Options:** 5/16" or 11/32".

#0932X (each) **\$4.99** (6-pack) **\$13.99**

### 3Rivers Brass Glue-In/Glue-On Broadhead Adapters

Increase FOC weight. Solid brass 11/32" ferrule. Weigh 100 grains. **Options:** Shaft diameter of 5/16" or 9/32".

#4930X (6-pack) **\$17.99**

### 3Rivers Steel Broadhead Adapters

Solid steel with a 11/32" ferrule for glue-on broadhead. **Options:** 75, 100, or 125 grains.

#4226X (6-pack) **\$11.99** (100) **\$109.99**

#4226-3 Test Kit (3 of each) **\$16.99**

### Glue-In/Glue-On Broadhead Adapters

Use glue-on points on carbon arrows. Made from aluminum, 26 grains. **Options:** Carbon (.2445") or Arrow Dynamics.

#BA-X (6-pack) **\$9.99** (100) **\$81.99**

### 3Rivers Aluminum Broadhead Adapters

Use glue-on broadheads on carbon or aluminum arrows. Short adapters are best used for 4-blade broadheads with bleeder blades. **Options:** Short: 11/32" (32 gr) or 5/16" (31 gr). Long: 5/16" (32 gr) or 11/32" (34 gr).

#4196X (6-pack) **\$9.99** (100) **\$81.99**

### 3Rivers Point / Broadhead Rubber Washers

Installs between point and insert to prevent points from loosening and rattling.

#6698X (12-pack) **\$4.75** (100) **\$24.99**

**FOC** = Front-of-Center **OD** = Outside Diameter **ID** = Inside Diameter

### 3Rivers Screw-In Field Points

Our machined steel points are extremely durable and made with precision in mind to help with accurate arrow flight. Designed to fit all carbon and aluminum arrows. The 9/32" (100 grains) are bullet nose design, while others are standard concave tip design. The 200 grains and up feature a chamfered back that tapers down to a 5/16" diameter. See chart (below left) for available diameters and weights.

A & B - #CF511X Screw-in Standard Weights (12-pack) **\$12.99** (100) **\$69.99** 9/32" 200 grains (12-pack) **\$13.99** (100) **\$74.99**

C - #CF581X Screw-in Heavy Weights - 200 grains (12-pack) **\$13.99** (100) **\$74.99** 225 to 300 grains (12-pack) **\$14.99** (100) **\$79.99** 350 grains (12-pack) **\$16.99** (100) **\$95.99**

#### 5/16" Screw-in Field Point Test Kit

Two of each: 100, 125, 150, 175, 200, and 250 grains.

#CF5-T **\$14.99**

#### 5/16" Screw-in Heavyweights Field Point Test Kit

Two of each: 200, 225, 250, and 300 grains.

#CF516-T **\$16.99**

#### 11/32" Screw-in Field Point Test Kit

One of each: 100, 125, 150, 175, and 200 grains.

#CF-T **\$8.99**

### D. 3Rivers Tapered Glue-On Field Points

Machined steel with a standard 5° tapered ferrule to mount on wood shafting or screw-in broadhead adapters. Extremely durable, and they pull easier out of targets with their concave shape. See chart (below right) for available diameters and weights.

#F221X Glue-on Field Points 5/16", 11/32", or 23/64" (12-pack) **\$12.99** (100) **\$69.99** #F061X Field Points 1/4" (12-pack) **\$12.99** (100) **\$69.99**

#### 11/32" Glue-on Field Point Test Kit

Two of each: 100, 125, 145, 160, and 190 grains.

#F11-T **\$14.99**

#### 23/64" Glue-on Field Point Test Kit

Three of each: 125, 145, 160, and 190 grains.

#F23-T **\$14.99**

### FIELD POINT OPTIONS

#### SCREW-IN POINTS

Screw-In	100gr	125gr	145/150gr	175gr	200gr	225gr	250gr	300gr	350gr
9/32"	A/B	B	B	B	C

21/64"	B	B	B	B	*	*	*	*	*
11/32"	B	B	B	B	*	*	*	*	*

\* Converta Point (C) that fits 5/16" and larger shafting

#### GLUE-ON POINTS

	60gr	70gr	100gr	125gr	145gr	160gr	190gr
1/4"	X						
5/16"		X	X	X			v
11/32"			X	X	X	X	X
23/64"				X	X	X	X

#### Tip JAM Thread Bond

Keeps screw-in points and broadheads from vibrating loose. Non-permanent bond. 3.5 oz stick.

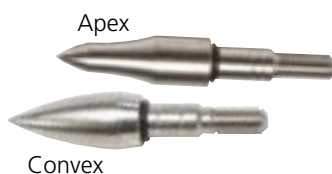

#1172 **\$7.99**

### TOPHAT® POINTS

#### TopHat® 3D Screw-In Points

Convex shape offer easier pull outs. Apex shape penetrates deeper to avoid bounce-outs. Options: 9/32" or 5/16" diameter in Convex weights of 85, 105, 125, or 145 (5/16" only) grains, or Apex in weights of 85 (9/32" only), 100, 125, 150 (5/16" only), 175 (5/16" only), or 200, 225, or 250 (5/16" only) grains.

#0942X (6-pack) **\$13.99**

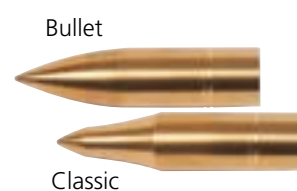

#### TopHat® Screw-On Brass Field Points

Classic 3D model enters targets more aggressively and offer less resistance in-flight. The Bullet Nose models are easier to remove from targets. Both are larger in diameter than the arrow for easier removal. Screw-on, no taper needed. Options: 5/16" in 70, 100, or 125 grains, or 11/32" in 80 (bullet only), 100, or 125 grains.

#0934X Bullet Nose (6-pack) **\$13.99**

#0933X Classic 3D (6-pack) **\$13.99**

#### TopHat® Thread Cutting Tool

Prepares wood arrows for TopHat® points. Even works on heavier spines and hardwoods. Recommended to use in conjunction with the TopHat® Assembly Tool (right). Made from stainless steel. Options: 5/16" or 11/32".

#0927X (each) **\$5.99**

#### TopHat® Shaft Shaper Tool

Compresses a wood shaft to receive TopHat® points. Use with TopHat® Assembly Tool (right) or an electric drill (neither included). Made from stainless steel. Includes base and two size attachments of 5/16" and 11/32".

#0926-3 **\$29.50**

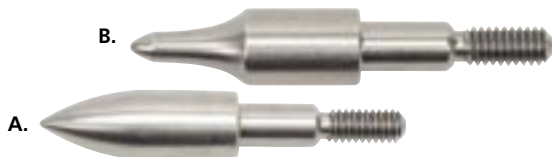

#### TopHat® Assembly Tool

The perfect way to install and remove screw-on points. Measures 5 1/2" x 1 1/2". You can feel when the cone of the arrowhead stays fixed and centered on the shaft.

#0926-2 **\$49.99**

**Please note:** It is recommended that you use the TopHat® Thread Cutting Tool, TopHat® Shaft Shaper, and TopHat® Assembly Tool to use with these points. The TopHat® Shaft Shaper is for compressing down an oversized shaft so the finish will not be marred when installing points, and to allow the points to go on easier. The TopHat® Thread Cutting Tool is for starting a thread onto the shaft to make it easier to install screw-on points. The TopHat® Assembly Tool is for gripping the point, the Thread Cutting Tool, or the Shaft Shaper without marring them for easy tightening and removal of TopHat® points.

#### Bohning Screw-In Field Points

Precision machined stainless steel. Weight accuracy within quarter of a grain. **Options:** Bullet 5/16" (150, 175, 200, 250 or 300 grains) or 9/32" (85, 100, 125, 150, or 175 grains). Concave 5/16" or 9/32" (85, 100, or 125 grains).

A. #851010X Bullet (6-pack) **\$12.99** B. #85108X Concave (6-pack) **\$12.99**

#### Arrow-Fix Screw-In Arrow Tips

The 5° tapered design. Works as a broadhead adapter. 5/16" diameter. **Options:** 100, 125, or 145 grains.

#0960X (6-pack) **\$19.99**

#### Easton Match Grade Screw-In Field Points

Precision machined using hardened 4/16 alloy stainless steel. Weight accuracy within half a grain. **Options:** Weight of 100, 125, or 150 (11/32" only) grains, in diameter of 17/64", 9/32", 19/64", 5/16", or 11/32".

#67391X (6-pack) **\$13.99**

#### Tipping Point Nickel-Plated Combo Points

Smooth shape of a bullet point with the precision tip of a concave point. Rust resistant and easier on target wear. Threaded 5° taper. **Options:** 5/16" (80 gr) and 11/32" (100 and 125 grains).

#0968X (6-pack) **\$16.99**

#### 3Rivers Heavyweight Glue-On Field Points

Black oxide finish boosts durability and easy target removal. 5° industry-standard taper. **Options:** 11/32" and 23/64" in weights of 200 or 225 grains.

#F11200X (6-pack) **\$11.99** (50) **\$63.99**

#### Glue-On Hybrid Points

A streamlined design for improved accuracy and reduced target wear. Features a clear oxide finish with a 5° taper. 23/64" diameter. **Options:** 225 or 275 grains.

#FH23X (6-pack) **\$8.99** (50) **\$39.99**

#### Tipping Point Brass Screw-On Field Points

An aerodynamic design that enhances arrow flight. Threaded 5° glue-on taper for a secure fit, they're perfect for smooth, accurate shots. **Options:** 5/16" (100 grains) or 11/32" (100 or 125 grains).

#0969X (6-pack) **\$16.99**

#### 3Rivers Glue-In Target Points

Precision alignment and more gluing surface. Fits .2445" to .246" inside diameter (5/16" OD). 125 grains.

#715-1 (6-pack) **\$8.99**

#### 3Rivers Bullet Nose Brass Points

Screw-ons screw onto the 5° point taper of a wood shaft. 125 grains. **Options:** Glue-on or Screw-in in 5/16" (glue-on only), 11/32", or 23/64".

#GB11-X (6-pack) **\$15.99** (100) **\$179.99**

#### 3Rivers Black Nickel Glue-On Field Points

Easier to see than standard black oxide points. Great for gap shooting.

#FE5-100X 5/16" - 100 or 125 grains (12-pack) **\$12.99** (100) **\$69.99**

#FE11X 11/32" - 125 grains only (12-pack) **\$12.99** (100-pack) **\$69.99**

#### 3Rivers Youth Parallel Glue-On Points

Ready to glue or crimp on youth shafts. 5/16" requires a tenon taper, 1/4" do not. Approx 20 grains. **Options:** 1/4" or 5/16".

#1400X (12-pack) **\$3.75** (100) **\$18.99**

#### Arrow-Fix Glue-On Whistling Point

Produces a loud whistle when shot. For novelty backyard shoots, Medieval reenactments, and Renaissance Faires. 11/32" diameter, 250 grains.

#63305-01 Burnished (each) **\$8.99**

#63305-02 Brass (each) **\$8.99**

#### Whistling Points

A great novelty item. Made from brass with aluminum ferrules. **Options:** screw-in (145 grains) or 5/16" glue-on (120 grains).

#63304X (each) **\$4.50**

#### Arrow-Fix Break-Off Glue-in Points

Pair with the Arrow-Fix Drill Guide (page 93) for your 5/16" wood arrows. Weighing 125 grains with a 25 grain break-off. 5° tapered works as a broadhead adapter.

#0953-01 (6-pack) **\$17.99**

#### 4MM Tanged Field Points

Adjustable break-off weights allow FOC tuning, and the stainless steel point doubles as a 5° taper broadhead adapter. Fits 9/32" shafts. **Options:** 100 grains (brass) or 125 grains (steel).

#0954X (6-pack) **\$15.99**

### MEDIEVAL POINTS - SEE PAGE 129 FOR MORE MEDIEVAL GEAR

#### 3Rivers Round Medieval Glue-On Bodkins

These round points will give your medieval arrows a great look and durability for your next renaissance faire. 11/32" diameter, weigh 145 grains.

#716-1 (6-pack) **\$14.99**

#### Ace Classic Glue-On Points

Styled after points used in medieval times. Rugged and classic look. 11/32" diameter. Requires a 5° point taper to mount on. 125 grains.

#4923 (6-pack) **\$20.99**

#### 3Rivers Replica Medieval Glue-On Bodkins

Short Bodkins were mass produced for target practice while the longs were used for piercing through armor. Functional and rugged look. 11/32" diameter.

#4912 Short 125 grains (3-pack) **\$14.99**

#4913 Long 190 grains (3-pack) **\$22.99**

#### Tipping Point Medieval Points

Representations of points from Medieval times. 6-pack. **Options:** A&B) 5/16", 100 grain or 11/32", 125 grain. C) 5/16", 85 or 100 grain. 11/32", 100 or 125 grains.

#0967X A) Quadrella Point **\$19.99**

B) Aragorn Point **\$15.99**

C) Longobara Cone Point **\$15.99**

## PRESS-IN NOCKS

**Easton 3D Super Nocks™ / 6.5 MM**

Fit .246" inside diameter. 13 grains.  
Solid colors: white or black.  
Translucent colors: smoke, red, orange, lemon-lime, green, blue, or pink.  
#67553X (12-pack) **\$14.99**

**Easton MicroLite™ Nocks / 6.5 MM**

Fit .246" inside diameter.  
8 grains. Options: solid white, or translucent colors: smoke, red, fl-yellow, emerald, or blaze.  
#67552X (12-pack) **\$14.99**

**Easton H Nocks™ / 6 MM**

Fit .231" inside diameter.  
9 grains. Options: Solid white, or translucent colors: fl-orange, yellow, fl-green, or smoke.  
#6751X (12-pack) **\$14.99**

**Easton X Nocks™ / 5 MM**

Fit .204" inside diameter.  
9 grains. Colors: red, fl-orange, fl-yellow, fl-green, smoke, or white.  
#6755X (12-pack) **\$14.99**

**Easton MicroLite™ G Nocks / 4 MM**

Fit .166" inside diameter. 6 grains.  
Colors: smoke, red, yellow, orange, green, blue, pink or white.  
#6754X (12-pack) **\$14.99**

**Gold Tip GT Series Nocks**

Features an indexer and recessed groove. Fit arrows with a .246" inside diameter, like the Gold Tip Traditional. 11.5 grains. Colors: black, ruby, yellow, fl-orange, fl-green, or white.  
#6694X (12-pack) **\$14.99**

**Gold Tip Accu-Tough Nocks**

Fit smaller .204" inside diameter arrows, like the Gold Tip Traditional Classic. Weigh 12 grains. Colors: black, ruby, fl-orange, yellow, fl-green, pink, or white.  
#6682X (12-pack) **\$14.99**

**AAE IP Nocks**

Single click snap for consistent release.  
Options: Size #4 (0.166"), #5 (0.204"), and #6 (0.246") in red, orange, flo yellow, black, or white.

#01745X (12-pack) **\$12.99**

**Black Eagle R Nocks**

Fit arrows with a .204" inside diameter, like the Black Eagle Rampage. 9 grains. Translucent colors. Colors: (A) smoke, (B) orange, (C) yellow, (D) green, (F) blue, or (I) clear.

#681200X (12-pack) **\$15.99**

**Black Eagle M Nocks**

Made of 100% Polycarbonate. Fit arrows with a .165" inside diameter, like the Black Eagle Instinct. 8 grains. Translucent colors. Colors: (A) smoke, (B) orange, (C) yellow, (D) green, (E) red, (F) blue, or (I) clear.

#681201X (12-pack) **\$15.99**

**Black Eagle Standard Nocks**

Fit arrows with a .2445" inside diameter. 12 grains. Translucent colors. Colors: (A) smoke, (B) orange, (C) yellow, (D) green, (F) blue, (G) purple, (H) pink, or (I) clear.

#681202X (12-pack) **\$15.99**

**Bohning Smooth Release Nocks**

Fit .246" inside diameter. Single click design. Weigh 7 grains. Colors: white, black, red, neon green, neon orange, or neon yellow.

#0156X (12-pack) **\$10.99**  
(100-pack) **\$39.99**

**Bohning A Nocks**

Indexer and recessed groove for perfect string fit. For arrows with a .204" inside diameter (same as Easton 4 MM). 7 grains. Colors: neon orange, apricot, neon yellow, neon green, kiwi, or white.

#01801X (12-pack) **\$9.99**

**Bohning H.E. Nocks**

Double lock throat, recessed indexer. Fit arrows with a .231" inside diameter (same as Easton 6 MM). 10 grains.

Colors: apricot, kiwi, or electric blue.  
#0180X (12-pack) **\$10.99**

**Bohning Signature Nocks**

Features an indexer and recessed groove for perfect string fit. Fits 5/16" outside diameter arrows (.2445" and .246" inside diameter). 12 grains. Colors: rose, orange, neon fl-orange, fl-green, electric blue, black, or white.

#0145X (12-pack) **\$9.99** (100) **\$35.99**

## GLUE-ON NOCKS

### AAE Plastinocks

Features a double snap design for a positive string fit. Angled throat and longer ears. **Options:** Diameter of 1/4" (6 grains), 9/32" (6 grains), 5/16" (11 grains), or 11/32" (14 grains), and color of red, fl-orange, fl-green, black, or white.

#01741X (12-pack) **\$5.99** (100) **\$25.99**

### Bohning T Nocks

Sleek body and no index for clean releases when shooting. **Options:** apricot, lime, rose, white, or yellow in 1/4" (6 grains), 9/32" (8 grains), 5/16" (14 grains), or 11/32" (15 grains).

#01931X (12-pack) **\$5.99** (100) **\$29.99**

### Bohning Classic Index Nocks

Offers just enough pinch and the indexer (not on 1/4") is the perfect size for arrow alignment without looking. Innovative, Precise, and Consistent. **Options:** red, orange, fl-orange, yellow, fl-green, navy blue, purple, rose, brown, black, pearl, or white in 5/16" (11 grains), 11/32" (14 grains), or 1/4" (6 grains, white only).

#0135X (12-pack) **\$5.99** (100) **\$29.99**

### Arrow-Fix Glue-On Hardwood Nocks

Give your wood arrows a complete traditional look and feel. Combines fine German craftsmanship and sturdy all-natural hardwoods. A great alternative to self nocks. Mount to a standard 11° taper. Color and grain patterns will vary. **Options:** 5/16" or 11/32".

#5589X (12-pack) **\$22.99**

### Arrow-Fix Slim Wooden Hornbeam Glue-On Nocks

Get the classic self-nock look without compromising shaft strength. Mounts to an 11° nock taper. **Options:** 5/16" (12 grains) or 11/32" (14 grains).

#5987X (12-pack) **\$12.99**

### Arrow-Fix Hardwood Tang Nocks

Enhance your wood and bamboo arrows with 4MM hardwood tang nocks for added durability and traditional flair. Weigh 5 grains.

#5588X (6-pack) **\$12.99**

## LIGHTED NOCKS

### Nockturnal™ FIT Universal Lighted Nocks

Use by itself for X (.204" inside diameter), or using the included bushings to fit GT (.246"), S (.2445"), and H (.231") arrow shafts. 20 hour battery life. Weigh 25 grains. Blue color.

#6729X (3-pack) **\$32.99**

#6728 Install/Turn-off Tool **\$10.99**

### Nockturnal™ Lighted Push-In Nocks

Featuring a string activated linear switch that is protected deep within the nock. They will not turn on or off inadvertently. No glue, magnets, or assembly required. Battery last 20+ hours. Ultra-light design at only 20 grains. Sizes: GT (.246"), S (.244"), X (.204"), or G (.165"). Colors: Red or green.

#6725X (3-pack) GT, S, or X **\$29.99** G **\$32.99**

### Burt Coyote Lumenok® Lighted Nocks

30% brighter light than its competitors. No magnets, glue, or any moving parts to activate. The Lithium battery has a five year shelf life, and will stay lit for 40 hours. **Options:** Nock model of Signature (26 grains), GT (28 grains), H (24 grain), or X (22 grains).

#6720X Lumenok® (3-pack) **\$32.99**

#6724 Replacement Batteries (2-pack) **\$6.99**

### 3Rivers LED Collar Lighted Nocks

Default size G Nock (0.165" inside diameter), with bushings included to adapt for X nocks (.204" ID) and S nocks (.244"/.246" ID). The innovative design ensures a secure fit while remaining lightweight to preserve performance. Colors: green, red, blue, or strobe (RGB).

#0188X (3-pack) **\$24.99**

### NEW 3Rivers Pull Switch Lighted Nocks

Light up your shots and track your arrow's flight with ease using high-visibility LED light. Designed with a hassle-free pull-up/pull-down switch, they require no tools to operate and are string activated. 72 hours of battery life. Nocks fit .165" ID and includes bushings for ID of .204" and .245". **Options:** green, red, blue, or strobe.

#0187X (3-pack) **\$24.99**

### Vermil Arrow Nocks

Made from a durable plastic, modeled after the historic nocks used in Asian and Eastern horse archery.

#63415X (6-pack) Press-in (V, Y, M, or U in .246") Glue-on (V in 11/32" or 5/16") **\$12.99**

### Vermil Fast Shooting Arrow Nocks

Wider groove for faster/easier nocking and shooting. .246" ID. **Options:** X or K in black or ivory.

#63420X Press-in (12-pack) **\$19.99**

## NOCK TOOLS

### Lumenok® F.A.S.T. Squaring Tool

Squares arrows and cleans nonconductive material from the end of an arrow.

#46152 **\$39.99**

### Easton Universal Nock Tool

For removing all nock sizes. Includes a threaded shank for removing broken press-in nocks.

#0148-01 **\$10.99**

MICRO DIAMETER SHAFTS - 9/32" outside diameter or less

.204" Inside Diameter Shafts

NEW Easton 5.0 Match Grade Carbon Shafts

A lightweight, small-diameter design (.204 ID), they cut through wind resistance while delivering deep penetration on impact. Constructed in the USA with Easton's seamless Acu-Carbon technology, these shafts ensure unmatched consistency in weight and spine. The high-modulus carbon fiber construction keeps them durable and straight. Microlite™ nocks installed, HIT inserts and collars included.

#67443X (12-pack) **\$225.99**

Easton 5MM Axis™ Match Grade Carbon Shafts

These 5MM small diameter (.204" ID) arrow shafts are proven killers, with uniform Acu-Carbon™ construction that results in amazingly consistent spine and weight from dozen to dozen. The walls are thicker without adding to the weight for greater strength and more kinetic energy. Less affected by crosswinds, giving you better speed and accuracy. Plus, it has less friction both in flight and as it hits its target. Aluminum 5MM HIT Inserts and Collars included. 5MM X Nocks installed.

## NEW Traditional Only® Iron Oak Carbon Shafts

Bring the spirit of classic archery into the modern age. Designed for traditional archers who refuse to compromise on performance, these arrows blend rugged durability, pinpoint accuracy, and time-honored aesthetics. Each shaft is crafted from high-performance carbon with a realistic wood grain finish that pays homage to archery's heritage, while delivering the strength and consistency modern bowhunters and target shooters demand. With a slim .204" inside diameter they cut through wind with ease, offering enhanced long-range accuracy, deeper penetration, and a more intuitive tuning process. Nocks installed and 25/18 grains break-off aluminum inserts included.

#67945X (6-pack) **\$53.99** (12-pack) **\$97.99**

### Traditional Only® Barebow Carbon Shafts

Featuring a solid white no-glare PhotoFusion™ finish that will not wear down or chip off with heavy use.

The high visibility is great for shot placement and easy arrow retrieval. The white finish makes this a particularly good arrow for "gap" shooters, allowing for better focus on the end of the shaft when at full draw. Inside diameter of .204". White Easton X nocks installed, and half-out inserts included (compatible with HIT inserts).

#67480X Barebow Carbon Shafts (6-pack) **\$79.99** (12-pack) **\$149.99**

#67482X Barebow Bare Shaft Test Kit A (one each: 700,600,500), Kit B (500,400,340), or Kit C (340,300,260) **\$38.99**

Straightness  $\pm .003"$  Weight  $\pm 0.5$  gr

### Victory RIP TKO Gamer Carbon Shafts

Designed to be the perfect combination of penetration, speed, and durability. The small (.204" ID) diameter and high modulus 100% carbon fiber reduces wind drift while increasing penetration. MaxxKe™ technology pumps up the kinetic energy for harder hitting shots and quicker recovery in flight. The ICE nano ceramic coating is the slickest arrow coating available. Nocks installed, SHOK® inserts included.

#68321X (12-pack) **\$209.99**

## DO-IT-YOURSELF CARBON ARROW SHAFTS

### .165" Inside Diameter Shafts

#### Black Eagle X-Impact Carbon Shafts

Made from 100% high-mod carbon, an extremely light material, which allows for more FOC (front of center) weight. They sit closer to center on your bow for easier tuning, and wind drift has little impact during flight. Nano inside diameter of .165". Nocks and nock collars installed, black anodized 7075 T6 aluminum alloy outserts included (adds 1" to the overall length of the shaft).

# WOOD ARROW SHAFTS

## 3Rivers Pre-Finished Wood Shafting

Walnut stained and sealed with Gasket Lacquer. Made from Port Orford cedar.

Nock end is precision tapered. Stock length of 31". Outside diameter and spines: 5/16": 30-35# or 35-40#.

11/32": 40-45# to 60-65#. 23/64": 65-70# to 80-85#.

#4074X (12-pack) Standard Spines **\$74.99** Heavyweight Spines: 11/32" (55-60# and up), 23/64" (70-75# and up) **\$79.99** 

### A. 3Rivers Port Orford Cedar

Hand spined and double sorted by our experts for supreme consistency. Moderate weight and easy to hand straighten.

Smooth burnished finish. From the Western US coast. See online for availability of additional heavier weight spines, limited quantity.

Outside diameter and spines: 5/16": 30-35# to 40-45#. 11/32": 30-40# to 65-70#. 23/64": 45-50# to 80-85#.

#1112X Standard Spines (12-pack) **\$59.99** (100-pack) **\$419.99** 

Heavyweight Spines: 5/16" (40-45#), 11/32" (55-60# and up), 23/64" (70-75# and up) (12-pack) **\$61.99** (100-pack) **\$449.99** 

### A. 3Rivers Weight Matched Parallel Port Orford Cedar

Same POC shafts as above, but they are grouped in 20 grain groups for greater consistency.

Outside diameter and spines: 11/32": 40-45# to 60-65# (see online for heavier). 23/64": 60-65# to 75-80#.

#1213X Weight Matched 11/32" (12-pack): Standard Spines **\$67.99** Heavyweight (55-60# and up) **\$69.99** 

#1313X Weight Matched 23/64" (12-pack): Standard Spines **\$67.99** Heavyweight (70-75# and up) **\$69.99** 

### A. 3Rivers Port Orford Cedar Raw Youth Shafts

Unspined 5/16" quality wood shafting for building your own youth arrows. Options: 24½", 26½", or 28½".

#4294-100X (100-pack) - 24½" **\$39.99** 26½" **\$74.99** 28½" **\$109.99** 

### B. 3Rivers Weight Matched Tapered Port Orford Cedar

Same great POC as above, but with a 10" taper to 5/16" on the nock end for faster shot recovery.

Weight matched to 20 grain groups. They are spined before they are tapered. See online for additional spines.

Outside diameter and spines: 11/32": 40-45# to 65-70#. 23/64": 50-55# to 60-65#.

#0442X (12-pack) Standard Spines **\$75.99** Heavyweight Spines: 5/16" (40-45#), 11/32" (55-60#+), 23/64" (70-75#+) **\$77.99** 

### C. 3Rivers Western Larch (Tamarack)

Very easy to work with, readily hand straightens, and accepts stains and sealers well. The grain is tight and straight, it is an extremely durable softwood with a heavy mass weight and looks that are similar to Douglas Fir. Weight matched to 20 grain groups. Outside diameter and spines: 11/32": 40-45# to 70-75#.

#07311X (12-pack) **\$55.99** 

### D. 3Rivers Ash

Known for its straight prominent grain lines and extreme durability, ash makes excellent arrows.

A moderate to heavy mass weight white wood that stains easily. Use heat to straighten. Weight matched to 20 grain groups. Outside diameter and spines: 11/32": 40-45# to 70-75#.

#8051X (12-pack) **\$55.99** 

### E. Select Bamboo

Spine-matched 33" natural bamboo shafting that come ready to work on, just check for straightness. Bamboo gives you the natural look of wood in a shaft that's as strong as carbon. Spines: 35-40# to 60-65#.

#63303X (6-pack) **\$39.99** 

A.

B.

C.

D.

E.

#### Arrow-Fix Selfnock Cutter

Make authentic primitive and medieval style arrows. The saw groove ensures that the nock groove is always centered on the shaft. Fits up to 3/8" diameter.

#5597X Cutter **\$45.99** With File **\$59.99**

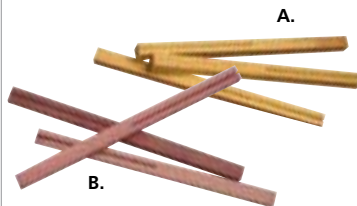

#### Bearpaw Self Nock Jig

Cut precise self nock and reinforcement slot on wood arrows. Cuts 1" for the reinforcement, and 1/2" for the nock. Fits 5/16", 11/32", and 23/64" shafts.

#5635 **\$119.99**  [SEE VIDEO ONLINE](#)

Footed shaft example

A.

B.

#### 3Rivers Hardwood Foot Blanks

Ready to glue into pre-cut arrow shafts.

Approx 8" x 1/2" x 1/2" with 4" wing cuts.

Options: A) Osage or B) Purple Heart.

#4438X 4-Wing (12-pack) **\$14.99** 

#### 3Rivers 4-Point Arrow Footing Jig

For prepping shafts to take a 4-wing foot blank (left). Requires a drill press or router (not included). Instructions and router bit included.

#5598 **\$97.99**

## How To Find The Right Spine For You

Our Spine Selection Charts are a great starting point, BUT they are only a reference point, not guaranteed to be an EXACT match for your bow. Test kits are highly recommended.

### STEP 1: Find your Arrow Length and Draw Length.

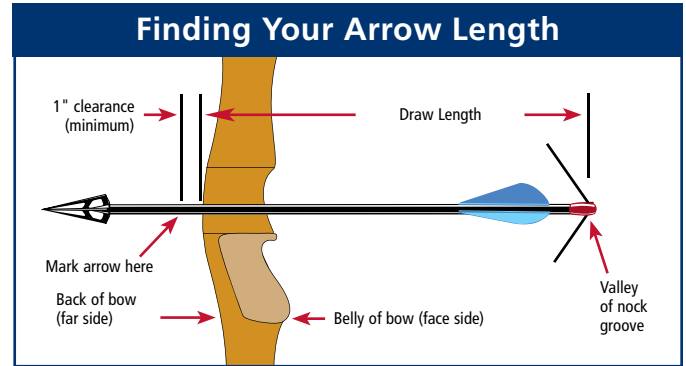

The Correct Arrow Length is best determined by drawing back an extra-long arrow (draw check arrow below) to full draw and having someone mark the arrow right in front of the handle. Measure the arrow from the mark to the valley (deepest part) of the nock groove. This is your DRAW Length. For ARROW length we recommend adding 1 or 2 inches to this measurement so your broadhead will not bump the bow shelf. For target archery this is not as important, but be sure to leave enough arrow so it does not come off the inside of the bow shelf.

### STEP 2: Determining Actual Peak Bow Weight

This is measured at your draw length, not by what the bow has written on it. The reason is a bow will be roughly 2-3# different for every inch +/- the rated draw length. Even if you draw at your bow's rated draw (normally 28") the industry standard allows a bow manufacturer to be  $\pm 2\#$  from rated bow weight and still mark/sell at the rated weight. So your marked 45# @ 28" bow could actually be 47# @ 28". Using an accurate scale, see page 63, draw the string until you hit your draw length and hold. Observe the weight on the scale. Repeat as you see fit.

### STEP 3: Arrow Selection Chart

Once you have your Arrow Length and Actual Bow Peak Weight, you are ready to select your correct arrow spine. Find your bow type and bow weight along with the point weight you plan to use. Most common is 125 grains. Now move across the chart until you find your arrow length. Note: The 1/2" marks over lap on the chart, if you are on two different spines we highly recommend getting a test kit first. Remember, these are only recommendations, the final decision is up to you.

## Easton Draw Length Indicator Shaft

An easy, convenient way to check your draw length on your own bow. Clear markings show you the exact measurement in inches. Measures draw lengths up to 34". Not for shooting.

#6769 Draw Check Shaft (each) **\$11.99** 🇺🇸

## Standard Fletch Your Shafts

You pick the shafting, we do the work. We offer standard fletching on any of our carbon or aluminum shafting on pages 74-81 that we do not offer pre-fletched on pages 22-27. You pick the arrow shafting and our experienced fletchers will 3-fletch them with 5" shield cut left wing TrueFlight feathers. The cock feather will be traditional barred and your choice of white, yellow, red, or fluorescent lime hen feathers. Fletched on a clear cap wrap. No substitutions. Allow 4-7 additional business days for order processing.

Ask for Standard Fletching When Ordering Shafting

(6-pack) **\$52.99** (12-pack) **\$85.99** 🇺🇸

## Custom Fletched Arrows

Don't settle for pre-fletched arrows, show off your own "style" without paying hundreds of dollars on tools and supplies! Use our online Arrow Builder tool to help you create your very own custom arrows. As you select items, the intuitive Arrow Builder will only show you what will work with your selections, so make your selections WORRY FREE! Our fletchers have years of experience building all varieties of arrows from 3-fletch to 6-fletch with all different styles and combinations you can think of. Let us build a 6-pack or dozen for you today! Within two week's time we will have your custom made arrows shipped out from our warehouse and on their way to your quiver!

Go to [3RiversArchery.com/arrow-builder.html](https://3RiversArchery.com/arrow-builder.html) and start building your next set of dream arrows.

## Arrow Services

### Cut & Taper - Wood, Carbon, Aluminum

We can cut to length and taper the point end of wood arrows. Specify length, by measuring from the valley of nock to back of point. For wood arrows, max length is stock length minus one inch.

#CUT6X Wood (6-pack) **\$6.00** (12-pack) **\$12.00** 🇺🇸

We can cut your aluminum and carbon shafts to length. Specify length, measured from the valley of the nock to the end of shaft.

#CUT6X Carbon or Aluminum (6-pack) **\$6.00** (12-pack) **\$12.00** 🇺🇸

### Installing Carbon Point OR Nock Collars

#MTCX Point Collars (6-pack) **\$6.00** (12-pack) **\$12.00** 🇺🇸

Point collars service is free when getting inserts installed.

#MTCNX Nock Collars (6-pack) **\$11.00** (12-pack) **\$15.00** 🇺🇸

### Installing Weight Tubes

## What Wing Feather to Shoot?

It is an old belief that Right hand (RH) shooters must shoot Left wing (LW) so the arrow spins away from the riser. This is not the case. An arrow only starts spinning once it is several feet in front of the bow, so feel free to shoot Left or Right wing. However, when shooting single bevel broadheads the feather should match the bevel.

### What Feather Profile?

This is also a personal choice. The bigger and longer the feather is, the more surface area for wind to drag on.

This not only stabilizes your arrow in flight, but slows it down. The most popular is 5" shield. The difference is small, but some believe parabolic to be quieter as it has slightly less surface area compared to shield cut.

# SPINE SELECTION CHARTS

Using these charts or calling our tech line can help you pick a spine, however, the final choice is yours. No refunds on arrows that have been cut or "don't fly right." Follow the directions on left page on how to use below spine charts.

Spine Charts: +5 for high performance bow strings

-- SEE Test Kits listed with arrows/shafting descriptions --

### Thunderbird Sealer

Combines the fast drying characteristics of lacquer with the durability of polyurethane. Flexible to expand and contract without cracking. Works great for sealing both bows and arrows. Dries to the touch in 5-10 minutes. Recommend spraying on (use thinner). Options: gloss or satin.

#6651X Gloss or Satin (quart) **\$31.99** 🔥 #6651-03 Thinner (quart) **\$25.99** 🔥

### Bohning Fletch-Lac Sealer

Produces a hard, chip-resistant finish. Recommended for wood shafts. Blue clear will not yellow with age. Super coat creates a harder finish coat. ONLY use Fletch-Tite Platinum (page 88) when fletching. Cannot be used with gasket systems. Free Dip method only. Options: clear or blue clear.

#4108X Clear/Blue Clear (pint) **\$29.99** (quart) **\$47.99** Super Coat (pint) **\$32.99** (quart) **\$49.99** 🔥

### Bohning Fletch-Lac Finishes

High gloss and bright pigment finish for all shafting. ONLY use Fletch-Tite Platinum (page 88) to fletch. Colors: A) black, B) blue, C) green, D) orange, E) red, F) yellow, or G) white.

#4104X Finishes - White, Green, or Blue (pint) **\$39.99** (quart) **\$59.99** 🔥 +\$5 Black +\$10 Yellow, Orange, or Red  
#4116X Thinner (pint) **\$34.99** (quart) **\$47.99** 🔥

### Bohning Crest-Lac Waterborne Dipping Paints and Sealer

Formulated using the latest technology to dry to an extremely glossy, durable, and thin finish. Will not separate as quickly as other waterborne paints. Offers the best flow for flawless dips. Non-flammable and non-hazardous, with a very faint odor. Clean-up with soapy water. Free Dip method only. Colors: A) black, B) blue, C) green, D) orange, E) red, F) yellow, or G) white. Clear gloss sealer has great fletching adhesion.

#41011X Paints (quart) **\$67.99** 🔥

Sealer (quart) **\$49.99** 🔥

### True North Waterborne Crown Dipping Paints

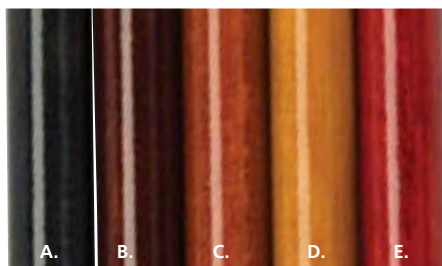

100% waterborne high-gloss enamel exterior grade paint/sealer. Low odor and no VOC (volatile organic compounds). Cleans up with soap and water. Dries in approx one hour. Colors: A) black, B) blue, C) orange, D) red, E) green, F) ivory, G) white, H) yellow, I) pink, J) purple, K) vintage green, or L) vintage blue.

#7231X (pint) **\$39.99** 🔥

### True North Arrow Finish

Durable and works best with the Free Dip method. Pre-thinned. Options: gloss or satin.

#7238X (pint) **\$42.99** (quart) **\$65.99** 🔥

### 3Rivers Alcohol Based Stains

Penetrates shafting, and creates deep beautiful hues. Colors may vary. Recommend 24 hour dry time before sealing over. Colors: A) charcoal gray, B) black walnut, C) southern pecan, D) harvest gold, or E) Mohave red.

#StainAX (pint) **\$19.99** 🔥

### Fiebing's Water-Based Stains

Water based formula. Deep penetrating and 100% non-flammable. May ship overseas and air mail. 24 hour dry time. Colors: A) tan, B) medium brown, C) yellow, D) red, E) green, F) dark brown, G) blue, or H) black.

#6420X (4 oz) **\$10.99** 🔥

### True North Water Based Stains

Super bright and vibrant colors. Very low odor. Soap and water clean up. Fast 4 hour dry time. Colors: A) orange, B) purple, C) pink, D) green, E) blue, F) gray, G) yellow, H) black mahogany, I) honey, or J) rosewood. Not shown: light walnut and osage.

#7240X (4 oz) **\$15.99** 🔥

**3Rivers Arrow Dipping Plugs**

Soft vinyl plugs specially sized and tapered to fit carbon and aluminum shafting. Used to plug the end of your shafts while dipping to keep paint out. Reusable. Micro fits small diameters (9/32" and less), and Max fits larger diameters (5/16" and up).

#4127 Micro (12-pack) **\$7.75**

#4128 Max (12-pack) **\$7.75**

**Eco-Dipper**

Attaches directly to a can of paint or sealer, saving time and space! Easy and fast clean up. Great for the beginner arrow builder and those with little work space. See instructional video online. Use with Gasket Lacquer.

#6199 Eco-Dipper **\$31.99**

#6199-1 Gasket ONLY **\$1.99**

**3Rivers Gasket Lacquer**

Use with gasket systems (see below), no thinner required. Dries in seconds. Low fumes and no mess! See our online demo video. We recommend fletching with Nitrocellulose, Duco cement, or Bohning Fletching Tape. Quart.

#6000 Clear **\$34.99**

#6001 White **\$59.99**

#6002 Yellow **\$59.99**

**A. Big Dipper / Little Dipper**

Molded of sturdy, easy to clean plastic in a space saving design. Makes it quick and easy to paint or seal your arrows. The 3" wide upper chamber for easy viewing and filling. Can be used with the Free Dip method or pair with the Speed Coat Cap (#6200) below. Includes a screw-on lid. The Big Dipper measures 35" overall for full length coverage. Uses 1 3/4 pints to fill. Little Dipper is 14" overall. Takes 1 1/2 pints to fill.

#5110X Dippers (each) **\$19.99**

#5110-1 Extra Lid (each) **\$1.99**

**A.****B. 3Rivers Arrow Dipping Rack Kit**

Solid pine build. Holds up to six Big/Little Dippers. All parts are pre-cut, pre-drilled, and rough sanded. Instructions included. Assembly required. Dip tubes and shafts sold separately. Options: with (shown) or without metal arrow clips (for holding arrows once dipped).

#8504X with clips **\$64.99** without **\$48.99**

**C. 3Rivers Table Top Dipping Rack**

Save space by mounting to a work bench with clamps (not included). Made from pine. Features a drying rack attachment you can mount metal clips for drying dipped arrows. Holds up to three dip tubes (sold separately). Pre-cut, pre-drilled, and rough sanded. Instructions Included. Assembly required. Options: with (shown) or without metal arrow clips.

#8509X with clips **\$35.99** without **\$21.99**

**B.**

Dip Tubes and shafts not included

**C.**

Dip Tubes not included

**D. Speed Coat Dipper Cap Kit**

Mounts to the top of your Big or Little Dipper (sold separately). Reduces fumes and saves on dry time by removing excess Gasket Lacquer when sealing arrows. Dip a dozen shafts in less than half an hour. Includes one cap and two gaskets.

#6200 Cap Kit **\$15.99**

#6201 Extra Gasket (each) **\$7.99**

**D.**

In Use

**SpinRite Crester**

The most versatile crester available anywhere. Even novice arrow builders can crest arrows with fine, straight lines. Fully adjustable arrow stop, support rollers, idler arm, and motor arm for pin-point precision and tuning. Even helps with removing wobble from not-so-straight shafts. Features dual arrow capture, 9½" working area, and moveable pattern guide. Options: USA or European power cord plug.

#8005X **\$299.99** 🇺🇸**SpinRite Battery Adapter**

Operates your SpineRite Crester for up to 16 hours on just four AA batteries (not included).

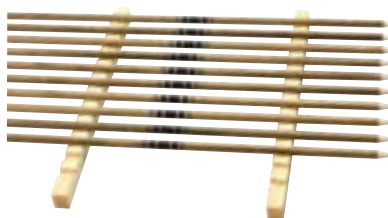

#80051 **\$16.99** 🇺🇸**NEW Bohning Revolution Arrow Crester**

With an adjustable rotation speed ranging from 130 to 440 RPM, this crester offers precision control for every project. The included ruler doubles as a pattern rest, with both English and Metric measurements. Comes with a full set of four camel hair crestring brushes: 1/2", 1/4", 1/8", and hairline. Options: USA or international power supply.

#8014X **\$179.99** 🇺🇸**MACK Cresting Brushes**

The 1/2", 1/4", and 1/8" are a blend of pony and goat hair. Hairline brush is fine red sable.

#4123X A) 1/2" **\$5.99** B) 1/4" **\$4.99**  
C) 1/8" **\$4.99** D) hairline **\$5.99** 🇺🇸  
#4123-00 Set (one of each) **\$19.99** 🇺🇸

**3Rivers****Cresting Drying Rack**

Made from solid pine. Holds 12 arrows of any diameter. Arrows not included. Measures approx 11½" x 5/8" x 3/4".

#8505 (pair) **\$5.50** 🇺🇸**True North Arrow Cresting Kit**

Includes two 7" cresting brushes (1/4" and hairline), drying rack, 1 oz jar of clear gloss finish, and 1 oz jars of cresting paints. Paints and finish are 100% waterborne high-gloss enamel exterior grade. Options: Standard (colors: black, white, red, yellow, feather blue, feather green, orange, and silver), Vintage (vintage colors: gray, light yellow, sunset, light green, ivory, black cherry, light blue, and (non-vintage) metallic silver), or Basic (black, white, and metallic silver).

#7241X Standard or Vintage Kit (eight colors) **\$79.99** 🇺🇸 #7242 Basic Kit (three colors) **\$57.99** 🇺🇸

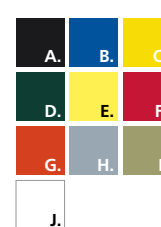

## CRESTING PAINTS

**True North Waterborne Cresting Paints**

100% waterborne high-gloss enamel exterior grade paint/sealer. Colors: A) black, B) white, C) yellow, D) feather blue, E) feather green, F) red, G) pink, H) purple, I) dark blue, J) silver, K) gold, L) lime, M) metallic red, N) metallic blue, O) metallic green, P) metallic purple, Q) vintage light green, R) vintage black cherry, S) vintage sunset, T) orange, U) vintage gray, or V) vintage OD green. Cresting Sealer (gloss or satin).

#7230X (1 oz) **\$13.99** 🇺🇸**Bohning Crest-Lac Cresting Paint**

An acrylic waterborne paint that dries to a thin, yet hard, glossy finish. Colors: A) black, B) blue, C) metallic gold, D) hot pink, E) magenta, F) neon green, G) neon orange, H) neon yellow, I) orange, J) purple, K) red, L) silver (nonmetallic), M) teal, N) white, O) yellow, P) green, Q) neon red, or clear.

#4101X (1 oz) **\$12.99** 🇺🇸**Bohning Fletch-Lac Cresting Paint**

Specially formulated to give better coverage than dipping lacquers when cresting. Dries to a hard, chip resistant, brilliant finish. Use only with Fletch-Lac products.

Colors: A) black, B) blue, C) yellow, D) green, E) saturn yellow, F) red, G) orange, H) silver, I) gold, J) white.

#4100X (1 oz) **\$14.50** 🇺🇸

### 3Rivers Solid Color Arrow Wraps

Use on carbon, aluminum, or wood shafts up to 23/64" in diameter.

Allows ease of re-fletching arrows. Measure 7" long.

Colors: white, red, fl-orange, orange, yellow, fl-yellow, green, blue, purple, hot pink, black, reflective white, reflective yellow, or clear (not shown).

#7979X (12-pack) Solid, Clear, and Florescent Colors **\$15.99** Reflective **\$17.99** 🇺🇸

Reflective

### 3Rivers Solid Crested Arrow Wraps

Made extra-long at 8" to comfortably fit all

length fletchings. Easy install on any shafts.

Colors: red, orange, yellow, chartreuse (+\$2), green, blue, pink, or white.

#79794X (15-pack) **\$17.99** 🇺🇸

### 3Rivers Faded Arrow Wraps

Colors: fl-pink, blue, fl-green, chartreuse, yellow, orange, or red. 7" long.

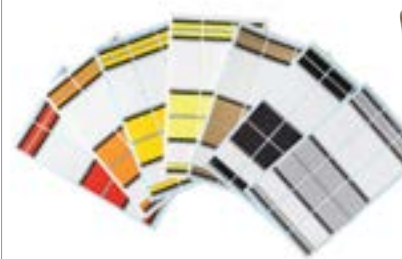

#79792X (12-pack) **\$18.99** 🇺🇸

### 3Rivers Clear Crested Arrow Wraps

Colors: red, orange, yellow, chartreuse, white, or gold. 7" long.

#79797X (12-pack) **\$18.99** 🇺🇸

### 3Rivers Crested Arrow Wraps

Colors: red, orange, yellow, lime, gold, black, silver. 7" long.

#79791X (12-pack) **\$17.99** 🇺🇸

### Reflective American Flag Style Arrow Wraps

Colors: red/white/blue, black, or white. 8" long.

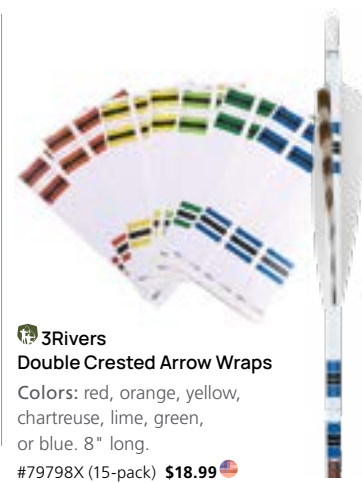

#79795X (15-pack) **\$19.99** 🇺🇸

### 3Rivers Topo Arrow Wraps

Colors: green, black, or brown. 7" long.

#7979-3RX (15-pack) **\$15.99** 🇺🇸

### 3Rivers Double Crested Arrow Wraps

Colors: red, orange, yellow, chartreuse, lime, green, or blue. 8" long.

#79798X (15-pack) **\$18.99** 🇺🇸

### 3Rivers Reflective Tracer Wraps

Colors: white, lime green, orange, and chartreuse.

#79796X (32-pack) **\$14.99** 🇺🇸

### Fur Tracer Arrow Enhancers

Used for a bright visual reference.

Colors: hot pink, fl-lime, white, or orange.

#9108X (12-pack) **\$5.99** 🇺🇸

### Clear 9" Arrow Wraps

Use to protect crown dip and cresting from chipping or smearing. Fits up to 23/64".

#7983 (12-pack) **\$13.99** 🇺🇸

### Reflective Arrow Locator Tape

Helps with finding lost arrows.

Measures 5 1/2" x 1" each. Adhesive backed.

#7976 (pair) **\$7.99** 🇺🇸

### 3Rivers Arrow Wrap Pad

Provides a smooth, flexible surface for rolling on arrow wraps. 9 3/4" x 8".

#7974 **\$9.99**

## INSERT GLUE

### A. Bohning Ferr-L-Tite Cool Flex

- Specially formulated with carbon arrow inserts in mind.
- Relatively low melting temp.

#4191-01 (1/2 oz) **\$6.50** 🇺🇸

### B. Insert Weld

- Military grade high-viscosity.
- Shock resistant.
- Stays bonded in extreme conditions of -65°F to +280°F.
- Goes on black, stays black.
- Maximum 90 second bond time.
- Recommended for inserts only.

#4460X (1/2 oz) **\$17.99** (1 oz) **\$24.99** 🇺🇸

### C. Bohning Insert Iron

- High impact and shock resistant.
- Heat reversible bond.
- Tenacious holding power.
- 24 hour cure, full bond in 72 hours.

#4455 (1 oz) **\$18.99** 🇺🇸

### D. Easton QuickBond

- Max strength and impact resistant.
- Cures in 15-30 minutes.

#6783X (1/2 oz) **\$14.99**

### AAE 2-Part Epoxy

- Retains elasticity, yet holds like iron.
- Slow setting and 24 hour cure time.
- Recommended for inserts only.

#8139 (1 oz total) **\$12.99** 🇺🇸

### Easton HIT Insert Epoxy

Works great for all carbon and aluminum arrow inserts. A durable and reliable adhesive, this packet contains enough resin and hardener for up to a dozen arrows. Cures in approximately 24 hours.

#6756-5 (each) **\$5.99** 🇺🇸

#6756-7 (3-pack) **\$11.99** 🇺🇸

## FLETCHING GLUE

### Fletch-Tite Platinum

- Flexible and durable bond that increases over time.
- 5 min set, full cure in 48 hours.

#5053X (3/4 oz) **\$6.99** (Pint) **\$27.50** 🇺🇸

### Duco Cement

- Dries crystal clear.
- Resists clogging or drying out.
- 5 min set, full bond in 16 hours.

#4184 (1 oz) **\$7.50** 🇺🇸

### Arrow Mate Cement

- Dries fast and clear.
- Strong and flexible.
- Unmatched durability.
- 10 minute dry time.

#4372X (1 oz) **\$7.50** (Pint) **\$49.99** 🇺🇸

### Flex-Bond Adhesive

- Strong flexible bond.
- For aluminum and carbon shafts.
- Reliable in the harshest of weather.
- 7-10 minute drying time.

#5985 (3/4 oz) **\$10.99** 🇺🇸

### .30-06 Outdoors Fletch Weld

- Perfect for carbon & aluminum.
- Use with vanes or feathers.
- Temp rated at -65°F to +280°F, and water resistant.
- 15 second bonding time.

Options: 1 oz. or 1/2 oz.  
#44602X (1/2 oz) **\$15.99**  
(1 oz) **\$17.99** 🇺🇸

### AAE Max Bond Vane Adhesive

- Recommended for AAE Trad Vanes (page 64).
- Highly viscous.
- Easy to work with.
- Easy to use Applicator tip built into the cap.
- Cures within 5 minutes.

#44606 (0.7 fl oz) **\$20.99** 🇺🇸

### G-Lock Blu-Glu Fletching Adhesive

- Blue color, easy to see.
- Dries clear.
- Solid yet flexible bond.
- Dries in seconds.

#44607 (0.68 fl oz) **\$14.99** 🇺🇸

### Nitrocellulose Adhesive Glue

- Use with Gasket Lacquer arrow finish.
- 5-10 min dry time.
- Low odor. 🇺🇸

#5999X (2 oz) **\$7.99**  
(pint) **\$17.99**  
(quart) **\$32.99**

SEE OUR FLETCHING GLUE / ARROW FINISH COMPATIBILITY CHART ONLINE

## BOW ADHESIVES

### Titebond III Wood Glue

Waterproof wood glue. Ideal for hickory backing, sinew, and rawhide backing.

#5615 (8 oz) **\$10.99**

### Titebond Liquid Hide Glue

Easy to apply. Water cleanup. For sinew backing bows. All hide glue is water soluble.

#5614 (8 oz) **\$11.99**

### Smooth-On EA-40 2-Part Epoxy

Easy to mix, easy to use and used by nearly every bowyer in the USA. For gluing up a fiberglass laminated bow, wood-to-wood, or wood-to-bamboo.

#4458 Part A & B **\$59.99**

#44608 Part A only **\$29.99**

### MT-13 Takedown Bow Sleeve Glue

This is the epoxy to use for any wood-to-metal project. Perfect for the takedown sleeves we offer.

#4459 (5 oz) **\$17.99**

### Barge Cement

An excellent adhesive for all leather work including attaching leather grips and arrow rests to bows. Can also be used as a fletching cement.

#4188 (2 oz) **\$9.50**

## POINT GLUE

### Kimshaw Quick-Stick

- Instant cure.
- Works in all climates.
- Heat to use.
- For glue-on points.

#5492 (2 oz) **\$11.99**

### Super Amber Glue Stick

- Medium melting point (300° F).
- Fast cure.
- Bonds to metal, carbon, plastics, and wood.
- Heat reversible.

#5490 (1 oz) **\$5.99**

### Hot Melt

- Low melting point.
- Heat to use.
- Better elasticity than other point glues in cold climates.
- Instant cure.
- For glue-on points.

#5491 (1½ oz) **\$3.99**

### Bohning Ferr-L-Tite

- Instant cure.
- Heat to use, higher melting point compared to other point glues.
- High tensile strength.
- For glue-on points.

#4191 (1/2 oz) **\$6.50**

## GOAT TUFF GLUE

### Goat Tuff High Performance Glue and Stand

Thicker to make it easier to work with. Great for fletching, as well as installing nocks and inserts. Bonds within 60 seconds. Bond of over 4,000 psi. Weatherproof and impact resistant. Stand sold separately.

#6060 Glue (1/2 oz) **\$15.99** #6066 Glue Stand **\$12.99**

#6062 Debonder (1 oz) **\$12.99** #6063 Accelerator (2 oz) **\$17.99**

#6065 Replacement Tips and Caps (2-pack) **\$6.50**

### Goat Tuff Impact Glue

A quick drying rubberized adhesive that produces a superior bond within seconds. Use to bond inserts, broadheads, and points. Weatherproof and long lasting.

#6061 (1/2 oz) **\$17.99**

## FLETCHING TAPE

### Bohning Fletching Tape

No need to fuss with messy glue. Roll the Bohning fletch tape onto your clamped feather, peel the backing off, and press the feather onto the shaft. Approx 3/32" wide by 60 feet long.

#5384 **\$15.99**

### Bearpaw Feather Fletching Tape

A double-sided tape that holds strong and leaves no mess (like glues). Enough to do at least three dozen 3-fletched 5" fletchings. Sticks to all shafts, sealers, and wraps.

#53841 (60' roll) **\$12.99**

## ADHESIVE TOOLS

### Point Brush

- Cleans interior of your points and broadheads to bare metal for superior glue bond.
- Prepping points means less lost points.

#4131 **\$9.99**

### Glue Bottle With Metal Tips

- Bottle and two long-lasting metal tips.
- Small bead of glue perfect for fletchings.

#6950 With Tips **\$12.50**

#4189 No Tips **\$3.25**

#6951 ONLY Tips (2-pack) **\$10.99**

### Alcohol Burner

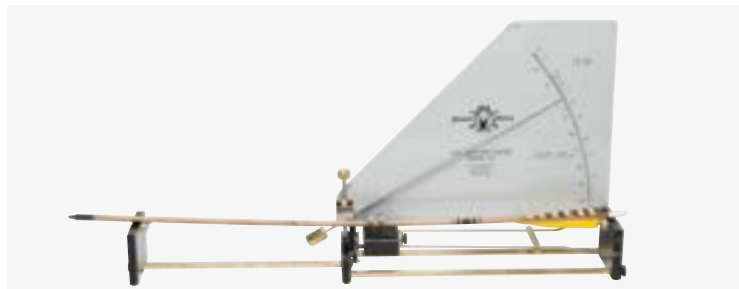

- For melting point glues.
- Keeps hands free.
- Fill with denatured alcohol (not included).
- 3.5 oz capacity.

#5376 **\$13.99**

#5377 Replacement Wick **\$4.50**

## SPINE TESTERS

### Ace Spin-Spine Tester

Measures on ATA's 26" centers or Easton's 28" centers to test any arrow of carbon, aluminum, or wood. Measures arrow shaft spine from 25 to 200#, and deflection from 0.150" to 1.00". Features a large, easy-to-read scale and ball bearing bushings for checking shaft straightness and point/nock alignment. Includes a 2 lb weight, 1.94 lb weight, and instructions. Dependable steel, brass, and aluminum construction.

#5900-1 **\$399.99**

### Ace Spine-Master Spine Tester

Mounts to the wall. Weighs wood arrows on 26" centers, from 30# to 100#. Steel and brass construction. 1/2 lb weight (sold separately) allows the weighing of 15# to 30# wood shafting. 1 lb 3 oz weight converts for measuring carbon and aluminum deflection.

#5899 Spine Tester (arrow not included) **\$184.99**

#5898 Weight 1/2# (for 15-30# spines) **\$18.99**

#5898-01 Carbon/Aluminum Weight **\$38.99**

### Coop's Bowsmith Spine Alignment Tester Pro

Use to locate the stiff side of an arrow for more consistency shot-to-shot between arrows. The roller bearings also check arrow straightness, broadhead spin, and runout. Solid metal construction and easy to assemble and use.

#5896 **\$229.99**

### Bearpaw Arrow Analyzer Spine Tester

Spine tester, grain scale, and straightness checker all in one! Connect it to your computer or laptop to use with free downloadable software for detailed readout of the static spine, weight, and straightness tolerance of parallel arrows. Digital display for using on its own as well. For measuring static spine, it displays AMO spine and ASTM spine.

#5632 **\$349.99**

### Velociraptor Chronograph

[SEE VIDEO ONLINE](#)

The perfect way to determine if your set-up is properly tuned. 0 – 6,500 fps with an accuracy of 1%. Simple to operate with a large LCD screen. Includes fully adjustable tripod and light kit. Measures in MPS (meters per second) or FPS (feet per second). Requires AA batteries (not included).

#3073 **\$129.99**

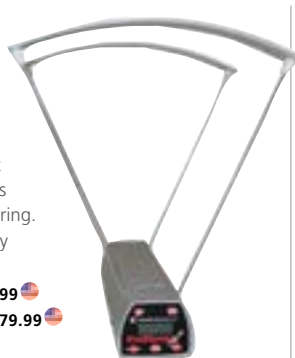

### ProChrono Digital Chronograph

Velocity measurements from 25 – 7,000 fps with an accuracy of 1%. Select up to nine separate strings with up to 99 shots per string. Requires one 9 volt battery (not included).

#3080 Chronograph **\$179.99**

#3081 Light Kit (optional) **\$79.99**

### ProChrono DLX™ Chronograph

Connect wirelessly to a Bluetooth mobile device using the free app. Measures the velocity of any projectile from 20 to 9,999 fps with an accuracy of 0.5% or better. Select up to 9 different strings with up to 99 shots for each. Shown with Light kit installed.

#3083 (Chronograph) **\$199.99**

#3081 Light Kit (optional) **\$79.99**

### Saunders Best Shot Paper Tune

Paper tune your arrows for precision and accuracy. Shoot through the included wax paper to see how your arrow tears the paper. Breaks down for easy storage in the tube. Mount to a tripod or use the included base to stand on its own.

#42772 **\$79.99**

### Paper Tune-IT Tuning System

Paper tune your bow and arrows. Highlights arrow rest and nocking point adjustments for getting pin-point accuracy faster. Frame, 10 sheets of tuning paper, and instructions included.

#4277 Tuning System **\$18.99**

#4277-01 Refill (20-pack) **\$11.99**

### Professional Arrow-2000 Digital Scale

Max capacity of 2,000 grains. Backlit LCD display, tare function, and auto calibration. Includes arrow holder, calibration weight, and two AAA batteries. Measures in grains only. Manufacturer lifetime limited warranty.

#5969 **\$31.99**

### 3Rivers Digital Pocket Grain Scale

Measures in grains, ounces, penny weight, and grams. Maximum capacity of 8,488 grains. Backlit LCD display, tare function, and auto calibration. Ten year warranty. Scale, weight, and shaft holder sold separately.

A. #5962 Scale **\$21.99** B. #5962-1 Calibration Weight **\$11.99**  
C. #5948 Shaft Holder **\$8.99**

### NEW 3Rivers Professional Grain Scale

Features a backlit LCD display that offers clear readings, while the tare function and auto calibration keep your measurements spot on. Includes a 50-gram calibration weight. 800 grains max capacity. Rechargeable.

#5953 Scale **\$29.99**

#5948 Shaft Holder **\$8.99**

### Ace Roll-R-Straight

One of the most 'shaft friendly' arrow straightening tools on the market. Works on all wood shafts up to 3/8". Straightens by compressing wood fibers on the high side. Will not scuff the finish on sealed arrows.

#5901 **\$58.99**

### Cartel Aluminum Arrow Straightener

Allows you to restore many of those aluminum arrows that would otherwise be unusable. Adjust the screw, place the shaft on the middle rest, then gently apply pressure to straighten the arrow. Fits any size aluminum arrow.

#5902 **\$31.99**

### AAE Aluminum Arrow Straightener

Make bent or damaged aluminum arrow shafts good as new. Made from rugged anodized aluminum, features adjustable precision bearings, allowing you to straighten every part of the arrow shaft, including the tip.

#59020 **\$319.99**

### G5 Outdoors Arrow Squaring Device

Allows for precision squaring and finishing the ends of aluminum and carbon arrow shafts after being cut to length. Ensuring your arrows spin perfectly for more accuracy. Arrow not included.

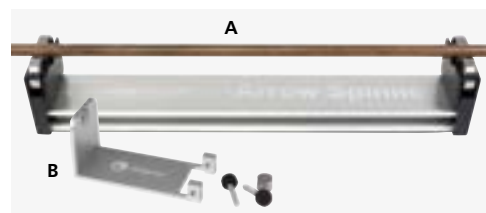

#4613 **\$59.99** #46130 Additional Pads (10-pack) **\$7.99**

### Arrow Inspector

Check your arrows for straightness along with broadhead and nock alignment. Steel axles and precision cut aluminum wheels, allowing you to detect minute bends in an arrow. Breaks down for easy storage. Arrow not included.

#5620-01 **\$44.95**

### 3Rivers Spin Tester with Broadhead Aligner

Check straightness and ensure broadhead and nock alignment. Includes squaring assembly and sandpaper discs (5-pack). Arrow not included.

#561905 Spin Tester with BH Aligner **\$44.99**

#561901 A) Spin Tester Only **\$29.99**

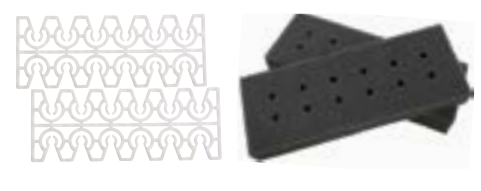

#561904 B) NEW Broadhead Aligner Only **\$19.99**

### Metal Arrow Clips

Tough spring metal holds arrows in place as they dry or for display.

#4234X (12-pack) **\$15.99** (100) **\$89.99**

### Scratch-Free Arrow Dividers

Soft molded plastic or foam cushions. Won't mar arrow finish. Holds 12 arrows from 9/32" to 27/64" diameter.

#5388-2 Plastic Dividers (5 1/2" x 2 1/16", pair) **\$1.99**

#5383 Foam Dividers (6 1/2" x 2 3/8", pair) **\$2.99**

### 3Rivers Cardboard Arrow Boxes

Self locking boxes approx 36 1/4" x 6 3/4" x 2 3/4".

Arrow dividers sold separately.

Arrows and dividers not included.

#5382 Arrow Boxes (24-pack) **\$65.99**

## ARROW SAWS

**NEW ModSaw Kit**

Features a diamond-coated blade for cutting carbon or aluminum arrows, a measuring tape for exact cuts, five sandpaper disks to square off the ends, a spinner with wobble indicator, and steel ball bearing posts. 11,00 RPM. Overall length of 38". The **Deluxe Model** upgrades the saw with ceramic bearings for even smoother spinning, swappable rear rest for faster, more versatile cuts, an extra blade, and 15 extra sandpaper pads.

#5627X Standard Model **\$179.99** Deluxe Model **\$209.99**

**Decut Minicut Arrow Saw**

Designed to cut both aluminum and carbon arrows. The adjustable slider with ruler allows you to precisely measure and cut arrows from 9" to 36". The blade guard ensures safety. Measures approx 12½" x 5½" when disassembled for storage and will easily fit under your work bench, in a closet, or on your shelf. Features a cutting speed of 6,000 RPM. Comes with a replacement blade, extension arm, instructions, and USA plug adapter.

#5640 Arrow Saw **\$179.99** #5640-1 Replacement 3½" Blade **\$18.99**

**Decut Professional Large Arrow Saw**

Constructed from high-grade aluminum alloy, it's designed to be both durable and lightweight. Offering long-lasting reliability without the bulk. Produces smooth, precise cuts at 6,000 RPM, with an adjustment accuracy of 0.019". For carbon or aluminum arrows. Features a 22" aluminum frame, adjustable ruler (9" - 38"), and a pedal-activated 110V motor for full control and portability.

#5641 **\$229.99**

**Carbon Express Power Arrow Cut-Off Saw w/ Dust Collector**

Get precise cuts on carbon and aluminum arrows. Features a heavy duty 120V motor with 10,000 RPM rotating micro-blade. The dust collector attachment helps you eliminate dust from your work area and protect your lungs from harmful wood, carbon, and aluminum particles. Features a measuring scale to ensure accurate and consistent cuts up to 34".

#5621 **\$199.99**

**Aluminum Shaft Cutter**

Handy small tube cutter, perfect for precision cutting of aluminum arrows. Recommended to pair with #5602 Shaft Deburring Tool.

#5612 **\$21.75**

**Japanese Flush Cut Saw**

Triple-edge teeth on the 6½" high carbon steel blade. Trim wood arrows, or to cut out a sight window.

#56341 **\$19.99**

## SHAFT &amp; INSERT TOOLS

**Insert Tool**

Holds inserts securely while glue is applied and aids in installation of inserts. Also helps in removal of inserts from damaged shafts.

#5601 **\$16.99**

**Point Insert Thread Repair Tool**

Works on all 8-32 threads (industry standard) to clean and re-tap clogged or worn insert threads.

#5609 **\$28.99**

**Aluminum Shaft Deburring Tool**

Removes burrs left in aluminum shafting after being cut to length to allow a flush mount of an insert.

#5602 **\$22.99**

**T-Handle Arrow Prep Tool**

Roughs up the inside of a carbon shaft for a superior glue hold. Fits all regular sized .246-.247" inside diameter carbon shafts.

#6953 **\$13.99**

### 3Rivers Tru-Center V2 Taper Tool

Machined from aircraft grade aluminum. Comes with shaft guides (color coded) in diameters of 5/16", 11/32", and 23/64". Cuts 11° nock and 5° point tapers. See spare guides and replacement parts online.

#5375 **\$47.99**

### Traditional Only® Taper Tool

Small, convenient size to pack anywhere, perfect for year round arrow building, or quick fixes in the field. Cuts precise 11° nock and 5° point tapers. Color may vary. Recommended for softwood shafts. Options: 5/16", 11/32", or 23/64".

#4080X (each) **\$8.99** (kit - one of each) **\$18.99**

### NEW Spinrite Grinder Wood Shaft Taper Machine

Powered by a quiet, high-torque 7000 RPM DC motor. Smooth operation with zero endplay, ensuring pinpoint accuracy every time. The fully adjustable taper settings allow you to fine-tune both 5° point and 11° nock tapers, as well as taper length. Features an industry-standard 1/4-turn quick-change sanding disc system. The integrated vacuum attachment keeps your workspace clean, while the shaft guide accommodates diameters from 1/4" to 3/8".

#8013 **\$279.99**

### Taper Block

Use with a disc sander. Made from long-lasting laminated hardwood. The "V groove" fits all shaft diameters. Pre-set angles of 5° for points and 11° for nocks. Measures 5 3/4" x 3/4".

#8044 **\$17.99**

### 3Rivers Compression Block

Tapered holes compress wood shafts from 23/64" to 11/32", or 11/32" to 5/16". Heat the block, chuck up the shaft in a drill, and spin it through.

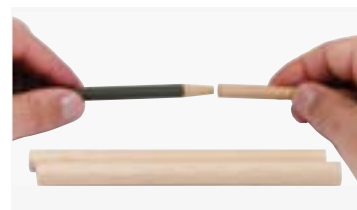

#5599 **\$25.99**

### Bearpaw Taper Tool

Inexpensive and reliable. Allows you to make 5° point and 11° nock tapers to wooden arrow shafts. Made with a sturdy plastic body, and replaceable metal blades. Options: 5/16" or 11/32".

#40760X **\$8.99**

### Reparrow Arrow Repair Footing

Fix broken wood arrows quick and easy. Measures 3 7/8" long and mounts to a standard 5° point taper. Color and grain patterns will vary. Options: 5/16" or 11/32".

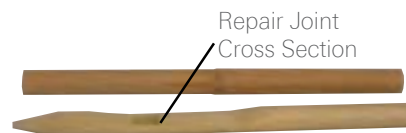

#44380X (6-pack) **\$17.99**

### Arrow-Fix Repair & Taper Tool

Repairs broken 11/32" wood arrows. Also a taper tool for 5/16", 11/32", and 23/64". Constructed from aluminum alloy.

#5591-01 Arrow-Fix **\$199.99** #5593-01 Replacement Blade **\$8.99**

Centering Sockets - #5592-01 5/16" **\$32.99** #5592-02 23/64" **\$32.99**

### 3Rivers Internal FOC Weight Jig

Add weight and strength to your wood arrows with the included 9/64" x 3" drill bit. Works with 11/32" and 23/64" arrows. Instructions included.

#56030 Jig **\$29.99**

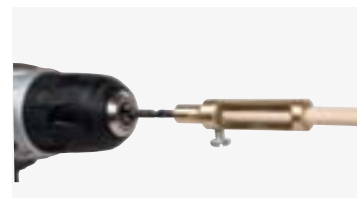

#5603-3 Extra Long 6" Drill Bit **\$14.50**

### Arrow-Fix Drill Guide

Drill precise holes in your wood and bamboo arrows to accept tang points, tang nocks, or weight rods (online). Use with a power drill (not included). Includes a 4.0 mm, 3" long drill bit. Options: 5/16" or 11/32" diameter.

#0952X **\$39.99** [SEE VIDEO ONLINE](#)

**Proudly Made in the USA**  
**LIFETIME GUARANTEE**

## Woodsman® ELITE Series

Machined from a solid piece of tool-grade carbon steel. Features True Spin™ accuracy for perfect arrow flight, a pyramid tip for increased strength, excellent edge retention with 50 Rockwell hardness, and advanced Pure Teflon® coating. Solid 1½" cutting diameter (125 grains screw-in are a 1" cut). Length for 125 grains screw-in are 1⅞", other weights are 2⅜"-2⅝" depending upon weight. Screw-in ferrule is 5/16", glue-on is 11/32". Screw-in weights are 125, 150, 175, or 200 grains. Glue-on weight of 125 grains.

#4225-01 Glue-on 125 grains (3-pack) **\$69.99** #4225-3X Screw-in (3-pack) **\$69.99**

175 and 200 grains are non-vented.

## Woodsman® ELITE Stainless Steel Series

Features the same machined one-piece design as our standard Elites, but in 416 series stainless steel. You'll experience the same tough, bone-busting performance, with the added benefit of rust-resistant dependability and less maintenance. Stainless steel is more forgiving than carbon steel, making these broadheads easier to sharpen to a hunting sharp edge. 1½" cutting diameter. The 150 grains 1⅞" long, the 175 grains 2⅜" long, and the 200 grain 2⅝" long. The 125 grain model is vented, while the heavier models are non-vented.

#42251X (6-pack) **\$75.99**

## Woodsman® Original Series

Made from durable copper brazed 4140 plate steel. Featuring the 3:1 ratio concept (three times as long as it is wide), straight edge blades, and Teflon® coating for unmatched devastating penetration. Pass-thrus on deer sized game are the norm, not the exception! Tempered to 43C Rockwell for easy sharpening and holds a razor sharp edge. Solid 1½" cutting diameter, with .044" thick blades. Built on the best 11/32" ferrule on the market. 125 (2⅝" long).

#4225 (6-pack) **\$69.99**

## Woodsman® Blood Groove Series

Given the name by the unique look of the cut-in of each blade that keeps its non-vented profile, while still being able to reduce weight to be available in the extremely popular 125 grain weight.

Machined the same as our ELITE series to deliver all the strength, precision, and penetration you expect from a Woodsman® broadhead. Solid 1½" cutting diameter and 1¾" in length. 125 grains.

#4225-11 Screw-In (3-pack) **\$85.99**

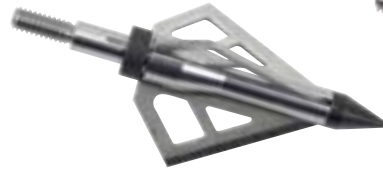

#### Muzzy One

Single piece of premium stainless steel. Hybrid chisel/cut-on-contact tip. Blades are .046". 1 1/4" cutting diameter. 5/16" ferrule and 1 1/8" long. 125 grains. #0236 Screw-in (3-pack) **\$49.99**

#### Wasp Havalon HV

Compact aerospace grade aluminum 5/16" ferrule. The .035" stainless steel blades feature a 1 3/16" cut. 1 1/4" long. Includes six replacement blades. Grains: 100 or 125. #5804X Screw-in (3-pack) **\$49.99**

#### Velox™ Optimus

Made from hardened steel and aircraft-grade aluminum. Features a swept wing design that improves flight. 1 3/16" cutting diameter. Measures 1 1/2" long. 5/16" ferrule. 125 grains. #15994-125 Screw-in (3-pack) **\$16.99**

#### Grim Reaper Pro Series Hades

Features a V-notched trocar steel tip and .035" thick MAXX Edge SS blades, sharpened on the back so they cut both directions. 1 3/16" cutting diameter. Grains: 100, 125, or 150. #57960X Screw-in (3-pack) **\$45.99**  
#57963 Rebuild Kit **\$29.99**

#### NAP Thunderhead

Patented micro grooved slimline® 11/32" ferrule. Diamize™ sharpening creates the sharpest straight blades. 1 3/16" cut. Includes wrench. Assembly required. Grains: 100 or 125 grains. #6011X Screw-in (5-pack) **\$49.99**  
#60115X Blades Only (18-pack) **\$21.99**

#### NAP Hellrazor

One piece straight edge stainless steel construction. Photon blade bonding process laser welds for ultimate strength and consistency. 1 1/8" cut, 5/16" ferrule. Grains: 100 or 125. #6056X Screw-in (3-pack) **\$44.99**

#### Tooth of the Arrow 3-Blade

Made with proprietary weight-centered technology making it fly with the same precision as a field point. Robust tanto tip, with a 1" cutting diameter. Grains: 100 or 125. #5269X Screw-in (3-pack) **\$54.99**

#### OzCut Elite

The aggressive tanto tip splits bone, while the rear cutting blades create devastating wound channels. Measures 1 1/8" cutting diameter, 1" long, and pre-sharpened. Grains: 125 or 150. #57953X Screw-in (3-pack) **\$39.99**

#### G5 Montec

Patented metal injection molded stainless steel construction. Ferrule base is 5/16" diameter. 100% spin tested to ±0.002" straightness. Diamond cut, razor sharp. 1 1/2" x 1 1/8". 125 grains. #4605 Screw-in (3-pack) **\$44.99**

#### G5 Striker V2

100% steel tough, with a machined steel 5/16" ferrule and ultra sharp Lutz blades. 1 1/4" cutting diameter. Measures 1" long. Grains: 100 or 125. #46051X Screw-in (3-pack) **\$49.99**  
#46052 Blades Only (9-pack) **\$19.99**

#### Montec M3

Made from a solid one piece 420 stainless steel. Ventless blades are deadly quiet, easy to re-sharpen, and hold a hunting sharp edge. 100 grains is 1" x 1 1/8". 125 grains 1 1/4" x 1 1/8". #46055X Screw-in (3-pack) **\$54.99**

#### Bear Razorhead 3-Blade VWS

Made from high-grade stainless steel with a 1 1/8" cutting diameter. Variable weight system lets you pair the 150 grains glue-on head with adapters to make it a 175, 200, or 250 grains screw-in head. Also includes three 150 grains field points. #52923 Screw-in (3-pack) **\$69.99**

#### VPA Traditional

Machined from tool grade steel with no vents for silent arrow flight. 50 Rockwell hardness. 2 1/4" x 1 1/8" cut. Grains: 160 or 190. #4616X Glue-on (3-pack) **\$69.99**

## ZWICKEY BROADHEADS

*Zwickey Broadheads are made with a special high-carbon steel construction that allows you to get the edges 'hair popping' sharp. The triple-thick tip is specially heat treated to resist curling allowing it to easily blow through bone. 11/32" ferrule. Non-vented for silent arrow flight.*

**A. Zwickey Eskimo**

One of the best selling broadheads of all time and for a good reason, it gets the job done. Its convex blade shape has traveled the world taking big game wherever it went. 2½" x 1⅛".  
#421920 Glue-on 125 grains (3-pack) **\$30.99** 🇺🇸 #4219-1 Screw-in 160 grains (3-pack) **\$33.99** 🇺🇸

**B. Zwickey Eskilite**

The 'Little Brother' to the Eskimo (above) with a 5/16" ferrule. It is the perfect match for carbon arrows and lighter spined wood arrows. Convex edge. 2¼" x 1⅛".

#422120 Glue-on 110 grains (3-pack) **\$30.99** 🇺🇸 #4221-1 Screw-in 135 grains (3-pack) **\$33.99** 🇺🇸

**C. Zwickey Delta**

The widest cut of any Zwickey head makes it hard-hitting and leaves large blood trails. Straight edge. 2⅞" x 1⅛".

#421720 Glue-on 135 grains (3-pack) **\$33.99** 🇺🇸 #4217-0 Screw-in 170 grains (3-pack) **\$37.99** 🇺🇸

**D. Zwickey No Mercy**

Featuring a long and narrow design that creates the best penetration on any size game. Proven effective on Cape and Asiatic buffalo. Straight edge. 2½" x 1⅜". **Options:** Single (left or right) or Double bevel.

#4217X Glue-on 130 grains (3-pack) **\$34.99** 🇺🇸 #4217-4X Screw-in 165 grains (3-pack) **\$37.99** 🇺🇸

**E. Zwickey Cliff**

Cliff Zwickey's barbed classic from 1939. Barbed broadheads are not legal for hunting in all states, check local game laws. Convex edge. 2½" x 1⅛".

#421701-01 Glue-On 140 grains (3-pack) **\$39.99** 🇺🇸 #421701-02 Screw-In 175 grains (3-pack) **\$43.99** 🇺🇸

**Grizzly Bruin**

Double-bevel design with straight edge. Tanto tip. Triple laminated 1075 steel, hardened to 52 Rockwell. Measures approx 2¾" x 1". **Grains:** 125 (glue-on only), or 150, 175, or 200 grains.

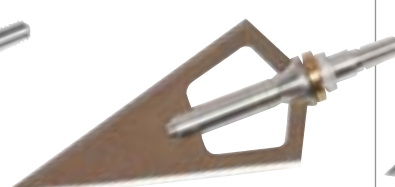

#42076X Screw-in (3-pack) **\$47.99** 🇺🇸

#42075X Glue-on (3-pack) **\$37.99** 🇺🇸

**NEW Steel Force Solid 2-Blade**

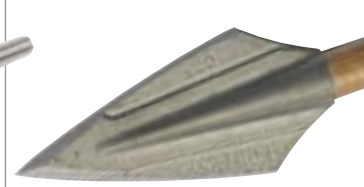

Straight edge, vent free design with a cut-on-contact tip. 2-3/8" x 1" cutting width and a 11/32" ferrule. 150 grains.

#57735X Screw-in (3-pack) **\$35.99** 🇺🇸

**Steel Force 2-Blade**

Featuring Steel Force quality at a low 3Rivers price! Measures 2½" x 1⅛", with a 11/32" ferrule. 175 grains.

#5772X Screw-in (3-pack) **\$25.99** 🇺🇸

**Eclipse**

The thickest broadhead in the industry. Triple-layer tip. Heat treated to 48-51 Rockwell. Teflon® coated. Unconditional lifetime guarantee. Convex edge. 2⅝" length. **Grains:** 125 (1⅜") or 145 (1⅝").

#5777X Glue-on (6-pack) **\$79.99** 🇺🇸

## Traditional Only® Caiman

A fierce predator ready to strike unsuspecting game! Featuring a Slipcoat™ non-stick coating that provides protection, as well as corrosion and rust resistance. 1 1/16" cutting width. Blade thickness of .075". **Options:** Double bevel, right wing bevel, or left wing bevel models in 160, 200, or 275 grains. Glue-On. Sold by the 3-pack. 🇺🇸

#57731X Double Bevel

**\$49.99**

#57732X Single Bevel

**\$49.99**

### Bear Razorhead VWS

The legendary broadheads first introduced back in 1956. Featuring multiple weight adapters for changing weight for screw-in. The broadhead is a 150 grains glue-on, but pair with one of the three sets of screw-in adapters to make it a 175, 200, or 250 grains. Also includes three 150 grains field tips. **Options:** single or double bevel.

#52821X (3-pack) **\$69.99**

### A. Ace Standard

Made of high-carbon steel that is spot welded and copper brazed with the ACE interlocking ferrule. The triple laminated tip is extremely durable and splits bone on impact with cut-on-contact design. Convex edge. 2 7/16" x 1 3/16". **Grains:** 125 or 160.

#4926X (6-pack) **\$64.99** 🇺🇸

### B. Ace Super Express

Uses a copper brazing for increased strength. This is the perfect 'big' broadhead for bringing down big game. Measures 2 3/4" x 1 3/4", with a 1 1/32" ferrule. **Grains:** 175 or 200.

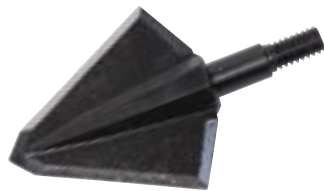

#4929X (6-pack) **\$67.99** 🇺🇸

### Stone Age Broadhead

Hand-crafted, wrapped with real sinew. 1-1 1/8" width. Great for replica arrows, strong enough for hunting. Sharp right from the package. Check local game laws, not legal for hunting in all states. **Grains:** 125 or 150 (±5 grains).

#6611 Screw-In (each) **\$32.99** 🇺🇸

### OzCut Elite

One piece carbon steel designed to fly like a field point and cut like a scalpel. The aggressive tanto tip plows through muscle and bone. Features a 1 1/8" cutting width. **Grains:** 125 or 150.

#57952X Screw-in (3-pack) **\$45.99**

### NEW 110 Grain Blitz Glue-on

Made in Germany from 440B 'surgical' stainless steel with a 58 Rockwell. Features a 35° bevel convex edge, plus a 70° razor sharp trailing edge. Measures 2 5/16" x 1 3/16", 11/32" ferrule. **Grains:** 110 or 225 grains.

#0966 A) 225 gr (3-pack) **\$129.99**

#0966-03110 B) 110 gr (3-pack) **\$129.99**

#0966-03225 Practice Points (3-pack) **\$29.99**

### German Jager

440C stainless steel hardened to Rockwell C 54-56. 1 1/8" cutting width. The 5/16" ferrule is constructed from 7076 T6 aircraft grade aluminum. **Grains:** 100, 125, 145, 175, or 200.

#44045X Screw-in (3-pack) **\$40.99**

## BROADHEAD STORAGE

### A. MTM Broadhead Box

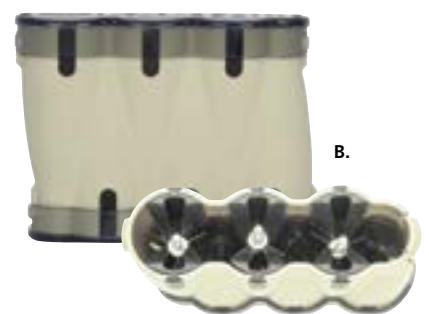

Holds up to 16 assembled broadheads. The max overall length a broadhead can be is 2 3/4". Broadheads not included.

#5019 **\$10.99** 🇺🇸

### B. Easton Stay-Sharp™ Broadhead Case [SEE VIDEO ONLINE](#)

Uses rubber fingers to hold broadheads by their ferrule. Made from ABS plastic to be tough and impact resistant. Stores up to six broadheads in the compact size of approx 5" x 4".

#5011 **\$25.99**

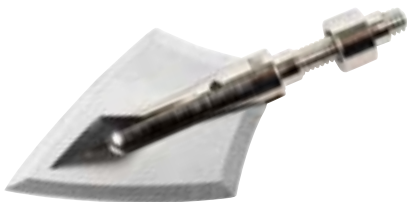

## DIRT NAP BROADHEADS

175/150  
grains HD125/100  
grainsModular  
Weight  
System**Dirt Nap D.R.T.**

D.R.T. stands for "Dead Right There." Teflon® coated for penetration and resistance. Convex edge, .051" thick, 420J2 stainless steel main blade. The 5/16" ferrule is 7075 aircraft grade aluminum (stainless steel on HD model). The modular weight system allows you to remove 25 grains from the head. Lifetime guarantee. 1 $\frac{3}{16}$ " x 1 $\frac{3}{16}$ " (5/8" removable bleeder, 8 grains). Grains: 125/100 (in black, green, or red) or HD series 175/150 (black only).

#5280X Screw-in 125/100 grains (3-pack) **\$41.99** 🇺🇸 HD Screw-in 175/150 grains (3-pack) **\$44.99** 🇺🇸

**Dirt Nap Titan**

All steel construction, the 5/16" ferrule is 1045 medium carbon steel, and the .051" thick blade is 420J2 stainless steel. 1 $\frac{3}{16}$ " x 1 $\frac{3}{16}$ " (5/8" removable bleeder, 8 grains). 225/200 grains only.

#5284 Screw-in (3-pack) **\$59.99** 🇺🇸

**Dirt Nap Shred Head Turkey Broadhead**

Features a 1 $\frac{3}{16}$ " cutting surface, (13/16" wide main blade and 5/8" non-removable bleeder blade) .051" blade thickness. 125 grains with removable 25 grains modular weight system. Teflon® coated.

#5281-01 Screw-in (3-pack) **\$44.99** 🇺🇸

**Dirt Nap D.R.T. Single Bevel**

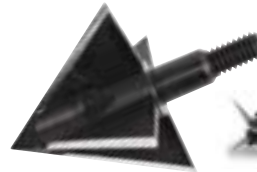

Same D.R.T. build, but with single right wing bevel. Grains: 125/100 or 175/150.

#5283X Screw-in (3-pack) **\$44.99** 🇺🇸

**NEW SharpShooter CBW**

Features a razor-sharp 1" cutting diameter along with reverse-facing cutting edges to continue to slice on entry, movement, or extraction. Rugged .040" straight main blade thickness for strength and durability. Removable .027" bleeder blades. 5/16" ferrule. Options: 100 or 150 grains.

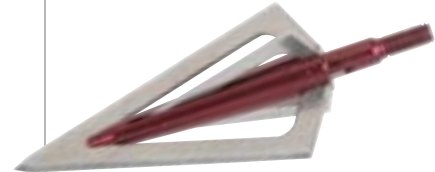

#5813X Screw-in (3-pack) **\$59.99** 🇺🇸

**Tooth of the Arrow S-Series**

Low profile, chisel point design. Machined from a solid piece of 11L41 steel heat treated to a Rockwell hardness of 45. 1 $\frac{3}{16}$ " cutting diameter.

Grains: 100, 125, 150, or 175.

#5268X Screw-in (3-pack) **\$54.99** 🇺🇸

**Palmer Extreme Cut**

Straight edge, Tanto tip .040" thick stainless steel main blades. Aircraft aluminum 5/16" ferrule. Measures approx 2 $\frac{1}{2}$ " x 1 $\frac{1}{2}$ ", 1" removable 20 grains bleeder. 160 grains.

#5806 Screw-in (3-pack) **\$39.99** 🇺🇸

**Wasp SharpShooter**

Stainless steel Blade-Locking system. Solid 1" cutting diameter with removable bleeders (12 grains). 100 or 150 grains.

#5803X Screw-in (3-pack) **\$49.99** 🇺🇸

**Steel Force PhatHead**

Industries thickest main blade. Removable bleeders. Grains: 145 (steel ferrule, 1" cutting width) or 125 grains (aluminum ferrule, vented, 1 $\frac{1}{8}$ " cutting width).

#5790X Screw-in (3-pack) **\$49.99** 🇺🇸

**VIP Turkey Guillotine**

Patented Flexcut™ Technology, automatically adjusting the blade width for deeper penetration. Includes field point for practice. Grains: 150 or 175 grains.

#5811X Screw-in (each) **\$25.99** 🇺🇸

ZWICKEY BROADHEADS

Zwickie Broadheads

Created with special high-carbon steel construction to allow you to get the edges ‘hair popping’ sharp and the triple-thick tip is specially heat treated for resisting curling and ensuring it blows right through bone. 11/32" ferrule. Non-vented for silent arrow flight.

SINGLE BEVEL BROADHEADS

A. Grizzly Broadhead

Straight edge, Tanto tip. 25° single bevel edge creates an “S” wound. Two layers of 1075 steel spot welded and copper brazed. 52 Rockwell for strength and edge retention. 2¾"x 1⅛". Options: left or right bevel in glue-on (125, 155, or 185 grains) or screw-in (150, 175, or 200 grains).  
#4207X Glue-on (3-pack) **\$39.99**   #42072X Screw-in (3-pack) **\$47.99**

B. Kodiak Broadhead

Formally known as “Grizzly El Grande.” It features the same build as the Grizzly, but with a larger size of 3⅜"x 1⅜". Options: left or right bevel in 200 or 225 grains.  
#4212X Glue-on (3-pack) **\$43.99**

Slick Trick Shift

Featuring a 30° right wing bevel. 420 stainless steel blade, a weight adjustable tungsten collar, and durable 3/8" ferrule. Includes broadhead box.  
Grains: 125, 150, or 175.  
#44046X Screw-in (3-pack) **\$79.99**

Steel Force Single Bevel

Straight edge with .050" thick blade. Aluminum 11/32" ferrule on 125 grains and steel on the 175 grains. Measures 2⅜"x 1". Options: left or right bevel in 125 or 175.  
#5776-01X Screw-in (3-pack) **\$51.99**

Steel Force Traditional Series

Features amazing penetration with true 3:1 ratio. Measures 3"x 1", steel 11/32" ferrule on 300 grains, and aluminum ferrule on 225 grains. Options: left or right bevel in 225 or 300.  
#5788X Screw-in (3-pack) **\$51.99**

Wasp SharpShooter Single Bevel

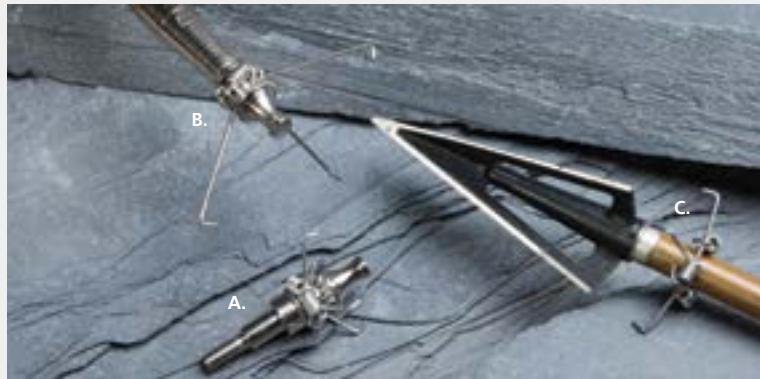

Featuring a 1¾" long single right wing bevel. 0.046" thick main blade. 1⅞" cutting diameter. 0.027" thick removable bleeder blades. The blades are replaceable with the cut-on-contact Blade-Locking system. 200 grains.  
#5803-00 Screw-in (3-pack) **\$59.99**

**A. Zwickey Judo**

Won't disappear under grass, or stick into trees. Spring arms are 1" diameter and stop arrow loss by grabbing on to anything they hit. Glue-on 11/32" (135 grains) or 5/16" (120 grains). Screw-in 100 or 125 grains.

#4200X Glue-on (2-pack) **\$14.75** #4204X Screw-in (2-pack) **\$14.25**

**B. Zwickey Kondor**

Big brother to the Judo (above), with a 2" wingspan.

#4203 Screw-in 105 grains (each) **\$11.99**

#4201 Glue-on 145 grains (each) **\$11.99**

**C. Zwickey Scorpions**

Grabs onto game animals (great for turkeys) and limits penetration. Weigh 20 grains. Not for use on wood arrows. Options: 19/64", 20/64", or 22/64".

#4205X (2-pack) **\$10.99**

**Tooth of the Arrow Small Game Head**

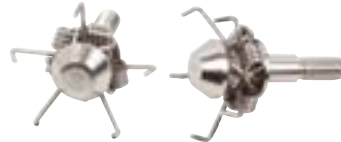

Specifically tailored for small game hunting, this broadhead is engineered to cut and grab upon contact. 1 3/8" cut, 125 grains.

#52691-125 Screw-in (3-pack) **\$54.99**

**Cold Steel Cheap Shot**

'Grip-n-Rip' serrated edge. Made from a space age polymer to be tough. 3" x 1". Check local game laws before using. 125 grains.

#6566-01 Screw-in (6-pack) **\$8.99**

**Ninja Small Game Point**

Solid blunt hits with devastating impact, while the spring arms help to prevent the arrow from being lost. 100 grains.

#5808 Screw-in (3-pack) **\$14.99**

**Ace Hex Blunts**

Hard hitting blunts that quickly kill small game. Options: screw-in or glue-on in weights of 125, 145, 175, or 200 grains.

#4924X Screw-in (6-pack) **\$20.99**

#4925X Glue-on (6-pack) **\$20.99**

**3Rivers Tiger Claw Blunt**

The flat nose packs a heavyweight punch. 7/8" diameter claws. 11/32" tapered ferrule. 145 grains.

#5407 Tiger Claw (each) **\$4.50**

#5408 Spare Claw (each) **\$1.99**

**Flat Nosed Steel Blunts**

Feature small chamfer to prevent skipping. Screw-in are 5/16" (100, 125 gr) or 11/32" (125 gr). Glue-on in 5/16" (100 gr), 11/32" 125, 145 gr, or 23/64" (125, 145 gr).

#CB511X Screw-in (12) **\$12.99** (100) **\$69.99**

#B211X Glue-on (12) **\$12.99** (100) **\$69.99**

**Titan Thrasher Small Game Head**

Solid one-piece steel head, with a point on the end and four points for a powerful knock-out punch. 100 grains.

#5807 Screw-in (3-pack) **\$22.99**

**The Hammer™ Small Game Blunt**

Fluted design with scalped cutting edges and recessed ballistic point. Options: screw-in in 125, 175, or 200 grains.

#4910X Screw-in (3-pack) **\$19.99**

#4911X Glue-on (3-pack) **\$19.99**

**G5 Small Game Head**

Shocks and rips small game. 1" diameter. Stainless steel one piece construction. Grains: 100 or 125.

#5810X Screw-in (3-pack) **\$29.95**

**Grim Reaper Mace Small Game Point**

Three-pronged design ensures optimal shock delivery and internal damage upon impact. Grains: 125, 150, or 200.

#57962X Screw-in (2-pack) **\$20.99**

**Forge Converta Blunt**

Turns your 5/16" field point into a deadly small game point. Get "field point" accuracy and lethal performance. Weighs 75 grains. Point not included.

#4914-1 (3-pack) **\$9.99**

**Bludgeon Screw-In Blunt**

Made of a special hard hitting rubber-plastic featuring multiple small tips for extra grip when hitting small game. Measure 7/8" in diameter, 125 grains.

#4368 Screw-in (6-pack) **\$17.99**

**NEW Slick Trick****D-Cap Screw-In Turkey Broadhead**

Boasting a 5.1" total cutting edge with a 4" cutting diameter, ensuring maximum damage to the target. The three stainless steel blades provide unmatched durability, while the single-bevel sharpened edge enhances strength. 200 grains.

#44047 (2-pack) **\$74.99**

**3Rivers Bunny Busters**

Half-taper design allows use on tapered or non-tapered shafts. No glue needed. Weigh 120 grains. Options: 9/32", 5/16", 11/32", or 23/64".

#H511X (3-pack) **\$13.50** (12-pack) **\$37.99**

**Bearpaw Slip Over Rubber Blunts**

No point taper needed. Devastating on small game. Options: 5/16" (110 gr ±10 grains) or 11/32" (160 grains).

#3185X (12-pack) **\$18.99**

# KNIVES

## Scrimshaw Bone-Handled Knife Kit

During the 1700's and 1800's sailors often spent their free time carving designs and artwork into whale teeth and bones. Each Kit includes; a bone handled pocket knife, steel scribe, honing stone, tracing tool, 1/2 dram India Ink, steel wool, ink applicators, transfer paper, step-by-step instructions, and sample graphics.

broadhead & arrow not included

#### A. 3Rivers 3-Blade CC Sharpener

Precise 30° carbide blades and a hardened ceramic honing surface bonded to its anodized aluminum handle. V-groove for sharpening hooks and needles. 3" x 1 3/4"

#8063 **\$47.99**

#### B. 3Rivers 2-Blade CC Sharpener

Same as above, but with precise 20° carbide blades. 3" x 3/4".

#8064 **\$32.99**

#### KME Self-Aligning Broadhead Sharpener

Features a jig that glides on a roller base while the rotating clamp pivots to maintain perfect blade-to-stone alignment. Two sets of clamp jaws handle any fixed 2-blade broadhead or any replacement blade or bleeder. Heavy duty construction with aluminum frame and jaws. Kit includes 3 oz bottle of honing oil, fine/coarse Norton sharpening stone (1" x 2" x 6"), and hard case.

#7257-1 Kit **\$129.99** #7257 Jig ONLY **\$69.99**

#### Montec Diamond Sharpener

Millions of diamond cutting surfaces permanently bonded in a stainless steel alloy. One side of the sharpener is 600 grit, the other is 1,200 grit. Use without oil or water. Perfect for all 3-blade broadheads, including the Woodsman®. Includes carrying case. Measures 2" x 3 3/4".

#4607 **\$39.95**

#### JewelStik® Stubby

1,800 grit diamond hone with full sized, shielded handle. Curved surface is especially effective on curved edges (both concave and convex), knives, and 3-blade broadheads like the Woodsman®. Overall length of 10 1/2", hone is 5".

#7252 **\$17.99**

#### G5 Torkee Broadhead Wrench

Ensure your broadheads are tightened to 6 to 7 inch pounds of torque. Fits 2-blade, 3-blade, and 4-blade broadheads.

#10440 **\$7.99**

#### MTM Broadhead Wrench and Nock Tool

Holds all sizes of broadheads. Also features four varying sized nock slots for twisting push-in nocks.

#1044 **\$3.99**

#### 3Rivers Broadhead Holder

Solid aluminum, fits standard size screw-in adapter. Includes screw-in cap to keep the threads clean and safe.

#8057 **\$7.50**

#### 3-Blade Broadhead Sharpener Holder

Offers a secure way to hold your 3-blade broadheads while sharpening, minimizing risks and ensuring a precise edge.

#409002 **\$4.99**

#### True North Rust Inhibitor

Keep your broadheads and knives sharp and ready. Made from beeswax and silicone.

#7234 (1 oz) **\$13.99**

#### Polishing Compounds Set

Made from a blend of fine abrasive particles and lubricants. Includes three different grits, white (600), red (1,500), and green (3,000).

#59821-1 **\$8.99**

#### White Gold Stropping Compound

The fastest cutting honing compound you'll ever use. Makes a sharp broadhead, REALLY sharp. Turns every edge into a mirror finish. Apply to your leather when stropping.

#4232 (~1/3 lb) **\$12.99**

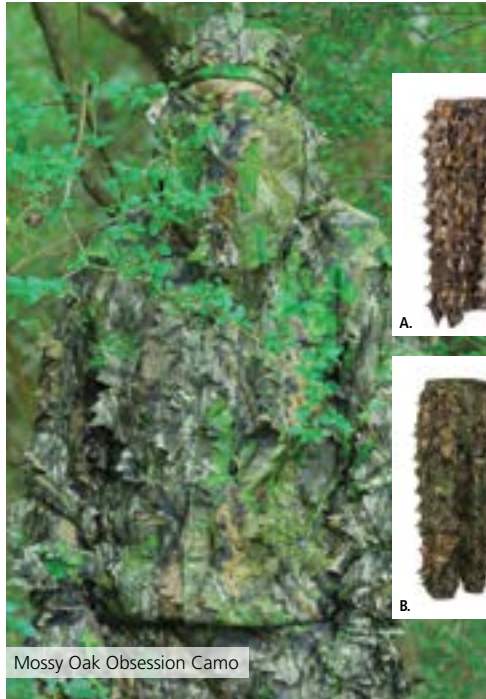

#### Leather Honing Wheel

Made from natural leather. Designed to attach to any power rotary tool, such as a drill. Includes polish compound.

#59820 **\$24.99**

## GHILLIE SUITS

Mossy Oak Obsession Camo

### NEW Frontiersman Possibles Bag

Quality leather construction. Main compartment measures 8" x 7" x 3" with two internal pockets, and three flint sleeves.

#MS-4006 **\$149.99**

## Fred Eichler Signature Series Recurve

A legend of yesterday meets a legend of today.

Fred Bear joins with Fred Eichler to create the new Eichler Signature Riser from Bear Archery. **Riser:** Bear has designed this aluminum takedown riser at 17", giving it just the right size between their popular A and B Mag Handles. Features Bear's patented latch system, making it compatible with Bear's #1, #2, and #3 limbs, giving you options for a 58", 60", or 62" bow. The customizable low, medium, and high shelf radius gives you the flexibility to customize and precision tune your bow to your needs and desires. The riser features a slim, low-wrist grip that helps bring the overall riser weight down. The riser also includes an adjustable side plate to adjust your center-shot, quiver holes, and front and back stabilizer holes. **Limbs:** Phenolic wedge with maple core and black fiberglass. Handcrafted tips layered with hard rock maple, and black and white fiberglass. **String:** D97 Flemish twist. **Options:** left or right hand in BottomLand camo, stone, buckskin, hunter green, or Fred Bear camo.

#20780-04 Complete Bow **\$1,119.98** 🇺🇸

#2761X Riser Only **\$649.99** 🇺🇸

See **NEW** Camo limbs on page 20

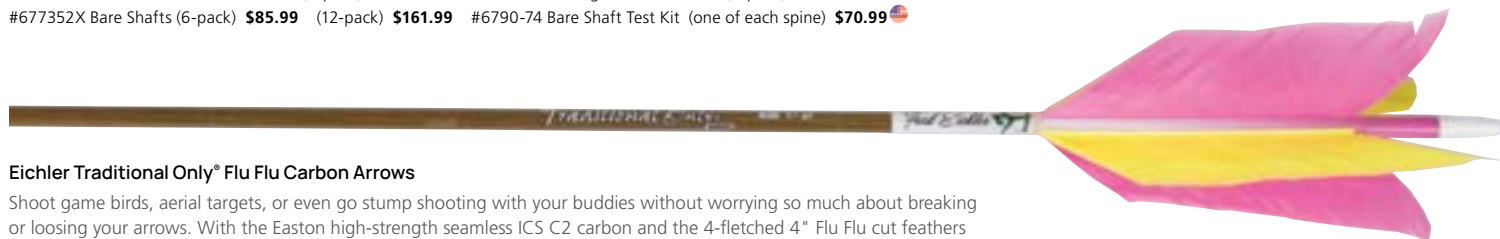

#### Easton Carbon Legacy™ 5MM - Fred Eichler Edition

Easton gave their powerful Carbon Legacy arrows a smaller .204" Micro X diameter for increased kinetic energy and deeper penetration. White X nocks installed, HIT inserts included. Three-fletched with your choice of A) 4" left wing shield cut feathers (white barred with the hen feathers red, yellow, or white - same color per pack) or B) 2" right wing batwing cut feathers, all pink.

**Straightness:**  $\pm .003$ ". **Recommended field point:** 9/32". **Length:** 34". **Spine:** 700, 600, 500, 400, or 340.

A. #677353X Standard Fletched Arrows (6-pack) **\$105.99** B. #67474X Batwing Fletched Arrows (6-pack) **\$134.99**  
 #677352X Bare Shafts (6-pack) **\$85.99** (12-pack) **\$161.99** #6790-74 Bare Shaft Test Kit (one of each spine) **\$70.99** 🇺🇸

#### Eichler Traditional Only™ Flu Flu Carbon Arrows

Shoot game birds, aerial targets, or even go stump shooting with your buddies without worrying so much about breaking or loosing your arrows. With the Easton high-strength seamless ICS C2 carbon and the 4-fletched 4" Flu Flu cut feathers to slow them down the durability is through the roof! You will be hard pressed to lose them too with Fred's custom arrow wrap and BRIGHT colors of fl-lime and pink. White Easton nocks installed, inserts included.

**Straightness:**  $\pm .003$ ". **Recommended field point:** 5/16". **Spine:** 600, 500, 400, 340, or 300.

#67473X (3-pack) **\$74.99** 🇺🇸

#### Eichler Arrow Cap Wraps

7" long, fit 5/16" and less carbon or aluminum shafts. Recommend Fletch-tite Platinum when fletching.

#7980-1 (dozen) **\$14.99** 🇺🇸

#### Eichler Signature Leather Armguard

Made with a single layer of 8-10 ounce vegetable tanned top-grain leather, offering superb protection while still being lightweight. Boldly stamped with Fred Eichler's signature and silhouette logo, it features a unique stretch cord and gunmetal black 2-hook attachment to hold securely and easy-on/off. The perfect fit without being bulky.

#6082 (7" long) **\$39.99** 🇺🇸

#### Eichler Buffalo Leather Armguard

The American bison, or buffalo, is a quality leather that compares to cowhide in strength and elasticity, but offers a unique and appealing grain. Features a laminated stitched edge construction for a sturdy, yet flexible design. Elastic stretch cord and hook attachment system. Stamped with a buffalo skull and Fred's signature.

#6082-1 (8½" long) **\$54.99** 🇺🇸

#### Eichler Cordovan Shooting Tab

The same design Fred has had custom made for himself for the past 20+ years. Made from thin cordovan leather for smooth, quick releases, while the rubber back improves durability. Topped with a leather overlay for increased strength, and stamped with Fred's signature. No spacer for superb feel. Very thin at the finger tips. Size: M, L, or XL in right or left hand.

#5078X Split **\$37.99** 🇺🇸 #5075X 3-Under **\$35.99** 🇺🇸

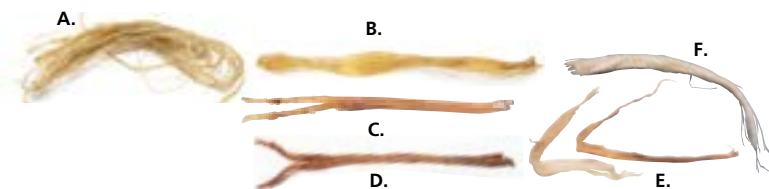

## NATURAL MATERIALS

**Artificial Sinew**

Made from pre-waxed 100% polyester and easy to split into thinner strands.

#4315X Sinew 100# (1/4 lb) **\$14.50**  
 Sinew 75# (1/4 lb) **\$14.50**  
 Sinew 50# (1/4 lb) **\$14.50**

**Natural Sinew**

A) Water Buffalo Backstrap - 1 oz #63384-1 **\$15.99**  
 B) Water Buffalo Leg Tendon - 12" each #63386-1 **\$4.99**  
 C) Deer Leg Sinew - 6-8" each #4311 **\$6.50**  
 D) Moose Leg Sinew each #4213X (small 10-12") **\$10.50** (large 13-15") **\$21.99**  
 E) Deer Back Sinew - 12" each #4354 **\$9.50** F) Processed Sinew #5987 **\$17.99**

**Gut Hafting Material**

For "period" hafting and cordage. Dries amber clear. Approx 20 foot roll.

#4306 **\$11.99**

**Jute Twine**

Great for wraps on primitive bows and other primitive projects. It can also be used as tinder for starting fires.

#53153X (10 feet) **\$2.99** (20 feet) **\$4.99**

**Natural Pine Pitch**

For hafting arrow points, knife blades, and spear points. Can also be used as a waterproofing agent. Approx 1.3 oz.

#4300 **\$12.99**

**Pine Resin Hafting Glue**

Natural materials ideal for binding materials. Replaces or substitutes for traditional pine pitch.

#6973 (Two 0.65 oz Blocks) **\$8.99**

**Natural Horn**

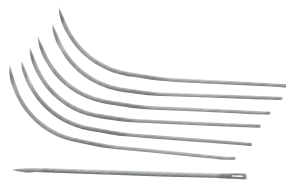

A) Water Buffalo Horn (pair) 28" to 32" #63380 **\$129.99**  
 B) Round Water Buffalo Horn - (1½" to 4") x 3/4" (each) #63383 **\$11.99**  
 C) Black Horn Scale - 3" x 1" x 1/8" (each) #6339-01 **\$9.99**  
 D) Raw Water Buffalo Horn Tips (each) #63381X  
 4-6" **\$9.99** 6-10" **\$19.99** 10-12" **\$23.99**

## LEATHER WORKING TOOLS

**Leather Rotary Punch Tool**

Ideal for creating eyelets, rivets, and notches. Hole sizes of 5/64", 3/32", 1/8", 9/64", 5/32", and 11/64".

#15519 **\$17.99**

**Leather Needles**

Sharp, self cutting needles. No need to pre-punch holes.

#8021 Straight 64 MM (6-pack) **\$5.75**  
 #8020 Curved 80 MM (12-pack) **\$4.75**

**Leathercraft Shears**

Carbon steel blades cut through leather up to 8 oz. Handles are slightly textured.

#15521 **\$19.99**

**Leather Lace**

Handy for craft projects such as lacing quivers, straps for armguards, and more.

#6122 (36" long) **\$3.75**

**Leather Lacing Fid**

Nice, sturdy metal point for gently working with the leather to stretch and enlarge holes for easier lacing.

#15522 **\$16.99**

**Leather Lace Maker**

Create strands of lace in various lengths and widths. Includes a 4" x 6" starter piece of leather.

#15523 **\$18.99**

**Leather Mini-Punch Set**

Includes six round punch tubes (2.0 MM up to 4.8 MM), handle, and wrench.

#15520 **\$17.99**

**Leather Lacing Needle**

Works with 1/8" leather lace. Thread your lace into the end and use to guide it. Solid brass 2¼" long.

#15524 **\$7.99**

## ATLATL KITS

### Traditional Wood Atlatl Throwing Kits

Build your own atlatl thrower. Each kit includes a wooden shaft, spur, sandpaper, and instructions. A) Catatonk Hunter Atlatl allows for "speed loading" without taking your eyes off your target. B) Kanakadea Atlatl "Y" design allows control of the dart without using your fingers. C) Nanticoke Atlatl features a knuckled grip that allows for better control.

#6972X (A) Catatonk Hunter Kit **\$59.99** (B) Kanakades **\$49.99** (C) Nanticoke Kit **\$49.99**

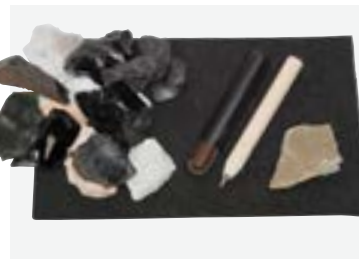

**D. Ash Atlatl Dart** - Made from the finest ash lumber. Measure approx 72" and has a recessed nock end.

Options: Shaft Only or Dart Kit (includes three full length feathers, sinew, bullet nose steel point, and instructions, shown assembled).

#6971X Atlatl Dart - Shaft Only (3-pack) **\$89.99** With Dart Kit (3-pack) **\$109.99** #6965X Point ONLY (each) **\$7.99** (6-pack) **\$27.99**

**E. Bamboo Atlatl Dart Shaft** - Bamboo dried and cut to measure from 69" to 72" long.

#6768-03 Bamboo Dart Shaft (3-pack) **\$84.99**

### Flint Knapping Kit

For percussion and pressure flaking.

Includes 2 lbs of mixed spalls, copper tipped flaker, metal knapping billet, abrading stone, rubber knee pad, and instructions.

#4303-1 Flint Knapping Kit **\$55.99**

#4303-2 Book & Kit Combo **SAVE \$5 \$69.99**  
(Book #4066 see online)

### Obsidian

Knap your own arrowheads. Natural black color, sometimes highlighted with reddish streaks. Arrow point size spalls. Pre-bagged with pieces varying in size from a couple inches to over four inches.

#4309 (1 lb) **\$10.75**

### Primitive Points

A) or B) suitable for hunting or replica arrows. Approx 2" x 1 1/8". C) For crafts or jewelry (not hunting). Color and styles will vary. Sold by the each.

#429901 A) Stone Point **\$34.99**

#429902 B) Obsidian Point **\$29.99**

#4442X C) Replica Point (1 1/4" x 3/4") **\$3.99**

### Stone Knife DIY Kit

Craft your own stone knife. Kit includes a hand-knapped stone blade, a sturdy hardwood handle, hide glue and gut material. Detailed instructions guide you step by step in the building process.

#4305 **\$50.99**

### Primitive Buffalo Horn Arrow Nocks

Rough shaped to be sanded for sizing and finish. Approx 1 1/8" x 5/16". Colors will vary.

#63387 (3-pack) **\$5.99**

### A. Story in Stone Poster

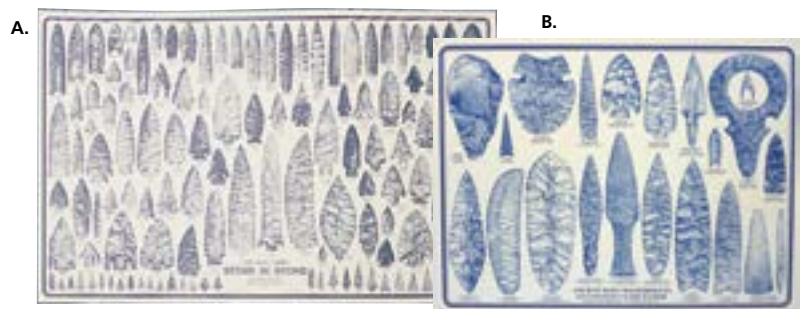

Illustrated by Valerie Waldorf. Full size drawings in brilliant blue ink. Heavy ivory colored stock. 35" x 23".

#3088 **\$14.75**

### B. Ancient Flint Poster

By Valerie Waldorf. Displays flaking from around the world and from many different cultures and time periods. Measures 24" x 18".

#3100 **\$12.75**

## TRADE POINTS

### Stevens Steel Small Game Points

Crafted from .031 banding steel, ideal for creating replica arrows or small game heads. Blade approx 1 1/2" x 3/4".

#6643 (6-pack) **\$5.99**

### Stevens Steel Trade Points

Great for replica arrow building or target shooting. Made from steel. Blade approx 2" x 1 1/8", 125 grains.

#6644 (6-pack) **\$8.25**

### 3Rivers Steel Trade Point Blanks

Create your own trade points. Made from .048" non-hardened spring steel and measure approx 3" x 1", roughly 165 grains.

#6642 (6-pack) **\$9.99**

### NEW Omnivore Crossover Trade Points

Made with modern stainless steel. 1 3/8" x 2 3/8", designed exclusively for hafting onto shafts. 125 grains.

#59194 (3-pack) **\$29.99**

# MUZZLELOADING

## MUZZLELOADER KITS

### 1842 Springfield Musket Percussion Rifle Kit

Craft a true historical .69 caliber muzzleloading rifle, just like the ones used by many soldiers during the American Civil War. Features a 42" rifled barrel, with fixed front sight, and single trigger. Weighs approx 10.6 lbs. Includes easy-to-follow instructions.

#MK-1009P-69 **\$1,199.99**

Finished Kit Example

### St. Louis Hawken .50 Caliber Percussion Rifle Kit

A replica of the famous rifle manufactured by the Hawken Brothers in the 1820s. It was the 'go-to' muzzleloading rifle for plainsmen of the early frontier days. Featuring a hooked breech 28" octagonal barrel with a 1:48" twist and fixed BB sights. Weighs approx 7 lbs. Includes easy-to-follow instructions, quality parts, and hours of fun.

#MK-1002P-50 **\$529.99**

Finished Kit Example

### Frontier .50 Caliber Rifle Kit

Muzzleloaders are an iconic part of American history. Be part of that history by crafting one of your very own. A great build for those wanting a classic look. Featuring a hooked breech 28" octagonal barrel with a 1:48" twist and fixed blade sights. Weighs approx 7 lbs. Includes easy-to-follow instructions, and quality parts.

#MK-1003X Flintlock **\$549.99** Percussion **\$479.99**

Finished Kit Example

### Kentucky .50 Caliber Percussion Rifle Kit

An absolute classic that will shoot great, and be a heirloom piece once you have it built. Featuring a fixed tang 33½" octagonal barrel with a 1:66" twist and fixed blade sights. Weighs approx 7 lbs. Includes easy-to-follow instructions, and quality parts.

#MK-1001P-50 **\$449.99**

Finished Kit Example

### Mountain .50 Caliber Rifle Kit

The classic black powder rifle used by early American explorers and fur trappers. The longer barrel makes this muzzleloader ideal for long distance shooting. Features a 32" octagonal barrel, 1:48" twist, and unfinished hardwood stock. Weighs approx 8 lbs 4 oz. Detailed instructions included.

#MK-1007X Flintlock **\$689.99** Percussion **\$619.99**

Finished Kit Example

### Deerhunter .50 Caliber Percussion Rifle Kit

The shorter barrel makes it a great muzzleloader for the treestand, blind, or spot and stalk hunting. Features a hooked breech 24" octagonal barrel with a 1:48" twist and lite optic sights. Weighs approx 8 lbs.

#MK-1008P-50 **\$439.99**

Finished Kit Example

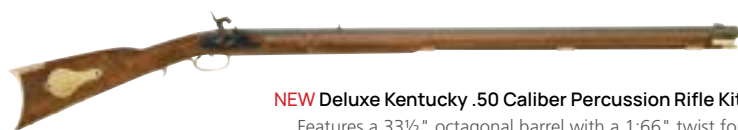

### Crockett .32 Caliber Percussion Rifle Kit

Davy Crockett is as much a part of muzzleloading history as black powder itself. Recreate Crockett's famous "Old Betsy." Features hardwood stock, brass furniture, octagonal barrel, 1 in 48" twist, double set trigger, and fixed/blade sights. Assembled rifle weighs 6 lbs. Overall length is 49"

#MK-1006P-32 **\$599.99**

**CANNOT SHIP INTERNATIONALLY. CHECK LOCAL LAWS BEFORE ORDERING.**

KITS THAT HAVE BEEN ALTERED FROM THEIR ORIGINAL CONDITION CANNOT BE RETURNED. (ONCE YOU START WORKING ON IT, IT'S YOURS)

#### NEW Deluxe Kentucky .50 Caliber Percussion Rifle Kit

Features a 33½" octagonal barrel with a 1:66" twist for patched round balls, a double-set trigger, and fixed blade sights. Weighs approx 7 lbs.

#MK-1001D-50 **\$499.99**

#### NEW 1842 Springfield Musket Smoothbore .69 Caliber Kit

A true-to-history reproduction of the iconic musket used during the American Civil War. As the last smoothbore musket issued by the U.S. military and the first to feature a percussion lock this rifle holds a significant place in American firearms history. Features a 42" smoothbore barrel, single trigger, and overall length of 58".

#MK-1009S-69 **\$1,149.99**

Finished Kit Example

#### Kentucky .50 Caliber Percussion Pistol Kit

A vital piece of equipment for American pioneers and explorers in the early 19<sup>th</sup> century. Featuring a fixed tang 10" octagonal barrel with a 1:20" twist and fixed blade sights. Weighs approx 2 lbs 6 oz. Includes easy-to-follow instructions, quality parts, and hours of fun.

#MK-1005P-50 **\$299.99**

Finished Kit Example

#### Trapper .50 Caliber Pistol Kit

Every pioneer carried a pistol as an essential piece of gear. Featuring a hooked breech 9¾" octagonal barrel with a 1:20" twist and fixed blade sights. Weighs approx 2 lbs 14 oz. Includes easy-to-follow instructions, quality parts, and hours of fun.

#MK-1004X Flintlock **\$469.99** Percussion **\$439.99**

#### Mini .50 Caliber Old Ironsides Cannon Kit

This working miniature cannon is a scale replica of the same artillery used on the USS Constitution, AKA "Old Ironsides." Fully assembled measures 11½" long x 4" high, wheel diameter is 2¼". Weighs approx 4 lbs.

#MK-1010C-50 **\$349.99**

## GUN FINISHES

#### NEW Birchwood Casey Perma Blue® Finishing Kit

Revitalize your firearms with a trusted solution for touch-ups or complete rebuilding. This comprehensive kit has everything required to restore most guns to a professional, uniform finish. Includes 3 oz bottles of gun blue, cleaner-degreaser, and blue & rust remover. Along with applicators, a sponge, service cloth, protection gun wipes, and fine steel wool. Options: Liquid or paste Perma Blue®.
